At english.al-akhbar.com, our objective is simple: to democratize knowledge and encourage a love for literature Arab League And Syrian Crisis. We are convinced that each individual should have entry to Systems Analysis And Planning Elias M Awad eBooks, encompassing various genres, topics, and interests. By providing Arab League And Syrian Crisis and a wide-ranging collection of PDF eBooks, we endeavor to enable readers to discover, discover, and engross themselves in the world of books.

In the world of digital literature, burstiness is not just about diversity but also the joy of discovery. Arab League And Syrian Crisis excels in this performance of discoveries. Regular updates ensure that the content landscape is ever-changing, introducing readers to new authors, genres, and perspectives. The surprising flow of literary treasures mirrors the burstiness that defines human expression.

Gratitude for opting for english.al-akhbar.com as your reliable origin for PDF eBook downloads. Joyful perusal of Systems Analysis

And Design Elias M Awad

In the grand tapestry of digital literature, english.al-akhbar.com stands as a energetic thread that incorporates complexity and burstiness into the reading journey. From the subtle dance of genres to the rapid strokes of the download process, every aspect reflects with the dynamic nature of human expression. It's not just a Systems Analysis And Design Elias M Awad eBook download website; it's a digital oasis where literature thrives, and readers start on a journey filled with enjoyable surprises.

Hello to english.al-akhbar.com, your stop for a extensive range of Arab League And Syrian Crisis PDF eBooks. We are devoted about making the world of literature accessible to everyone, and our platform is designed to provide you with a effortless and enjoyable for title eBook acquiring experience.

english.al-akhbar.com is devoted to upholding legal and ethical standards in the world of digital literature. We emphasize the distribution of Arab League And Syrian Crisis that are either in the public domain, licensed for free distribution, or provided by authors and publishers with the right to share their work. We actively oppose the distribution of copyrighted material without proper authorization.

The download process on Arab League And Syrian Crisis is a symphony of efficiency. The user is greeted with a direct pathway to their chosen eBook. The burstiness in the download speed guarantees that the literary delight is almost instantaneous. This smooth process corresponds with the human desire for swift and uncomplicated access to the treasures held within the digital library.

Quality: Each eBook in our inventory is meticulously vetted to ensure a high standard of quality. We strive for your reading experience to be pleasant and free of formatting issues.

One of the characteristic features of Systems Analysis And Design Elias M Awad is the organization of genres, producing a symphony of reading choices. As you navigate through the Systems Analysis And Design Elias M Awad, you will discover the complication of options – from the systematized complexity of science fiction to the rhythmic simplicity of romance. This assortment ensures that every reader, no matter their literary taste, finds Arab League And Syrian Crisis within the digital shelves.

At the core of english.al-akhbar.com lies a diverse collection that spans genres, meeting the voracious appetite of every reader. From classic novels that have endured the test of time to contemporary page-turners, the library throbs with vitality. The Systems Analysis And Design Elias M Awad of content is apparent, presenting a dynamic array of PDF eBooks that oscillate between

profound narratives and quick literary getaways.

Whether you're a dedicated reader, a learner seeking study materials, or someone venturing into the world of eBooks for the first time, english.al-akhbar.com is here to cater to Systems Analysis And Design Elias M Awad. Follow us on this reading journey, and let the pages of our eBooks to transport you to new realms, concepts, and experiences.

english.al-akhbar.com doesn't just offer Systems Analysis And Design Elias M Awad; it cultivates a community of readers. The platform offers space for users to connect, share their literary journeys, and recommend hidden gems. This interactivity injects a burst of social connection to the reading experience, raising it beyond a solitary pursuit.

Navigating our website is a breeze. We've designed the user interface with you in mind, making sure that you can smoothly discover Systems Analysis And Design Elias M Awad and get Systems Analysis And Design Elias M Awad eBooks. Our search and categorization features are intuitive, making it simple for you to discover Systems Analysis And Design Elias M Awad.

In the wide realm of digital literature, uncovering Systems Analysis And Design Elias M Awad refuge that delivers on both content and user experience is similar to stumbling upon a secret treasure. Step into english.al-akhbar.com, Arab League And Syrian Crisis PDF eBook acquisition haven that invites readers into a realm of literary marvels. In this Arab League And Syrian Crisis assessment, we will explore the intricacies of the platform, examining its features, content variety, user interface, and the overall reading experience it pledges.

A crucial aspect that distinguishes english.al-akhbar.com is its devotion to responsible eBook distribution. The platform vigorously adheres to copyright laws, ensuring that every download Systems Analysis And Design Elias M Awad is a legal and ethical endeavor. This commitment adds a layer of ethical intricacy, resonating with the conscientious reader who values the integrity of literary creation.

Variety: We continuously update our library to bring you the latest releases, timeless classics, and hidden gems across genres. There's always an item new to discover.

Community Engagement: We cherish our community of readers. Engage with us on social media, share your favorite reads, and join in a growing community dedicated about literature.

We grasp the thrill of finding something fresh. That is the reason we consistently update our library, making sure you have access to Systems Analysis And Design Elias M Awad, renowned authors, and hidden literary treasures. With each visit, anticipate different possibilities for your perusing Arab League And Syrian Crisis.

the syria idea emerged in the nineteenth century as a concept of national awakening superseding both arab nationalism and separatist currents looking at nationalist movements ideas and individuals this book traces the origin and development of the idea of syrian nationhood from the perspective of some of its leading pioneers providing a highly original comparative insight into the struggle for independence and sovereignty in post 1850 syria it addresses some of the most persistent questions about the development of this nationalism chapters by eminent scholars from within and outside of the region offer a comprehensive study of individual syrian writers and activists caught in a whirlwind of uncertainty competing ideologies foreign interference and political suppression a valuable addition to the present scholarship on nationalism in the middle east this book will be of interest to many professionals as well as to scholars of history middle east studies and political science

written as the decade long syria conflict nears an end this book explores changes in international law brought about by the conflict

a precious book to examine in depth the complex middle eastern situation in all its aspects the russian diplomat maria khodynskaya golenischeva analyses the background and the main causes of the syrian civil war she reviews anti government and pro government groups highlights the importance of us and the role they could play in the future describes the complex directives of moscow diplomacy both within un field of action and on a bilateral and multilateral level the author who perfectly

speaks arabic language and has a deep knowledge of the middle east issue has been based in geneva un base for seven years she has covered the conflict from its beginning often visiting syria and the other countries involved in peace negotiations maria khodynskaya golenischeva used a series of documental sources and enriched her book thanks to her personal experience

focused on the international community s response to the conflict in syria this is a book about the inexorable quest for justice even in the face of seemingly impenetrable obstacles erected by actors intent on ensuring impunity it features a number of creative ideas emerging from states and civil society actors intent on pursuing justice for atrocities in syria

in the era of globalization regionalism aims at a practical compromise between global governance and national aspirations attempts have been made by states in varying degrees to advance cooperation towards mutual benefit in different parts of the world however the very process of regional cooperation in a defined geographical area adopts unique ways and special characters to accommodate the particularities of the region and does not lead to similar consequences when compared with the processes in motion in other areas this volume is the culmination of the brainstorming exercise of a national seminar on asian regionalism in the twenty first century at the department of international relations jadavpur university kolkata the task is to fulfil two main objectives to join the debate on the efficacy of regionalism today and make a meaningful contribution to an understanding of the subject and also to

suggest ways of tiding over the problems faced by the countries in various regions or sub regions of the asian continent in their attempts to advance towards the goal of regional cooperation and integration the essays in this book are envisioned to benefit not only a wide community of scholars involved in teaching and research in general and the students of international relations in particular but would also be of interest to any avid reader who intends to explore the patterns of contemporary world politics please note taylor francis does not sell or distribute the hardback in india pakistan nepal bhutan bangladesh and sri lanka

historical dictionary of the syrian uprising and civil war introduces readers to the events and main players that shaped the conflict in syria since 15 march 2011 as the country entered a new era in its modern history the syrian revolution was part of the arab spring that was launched in tunisia egypt and other countries in the middle east in late 2010 the syrian situation turned into a winter which merits such an all encompassing book that reveals the complex dynamics of the syrian civil war many of the key players places and unfolding events were making headlines for a short period before vanishing from memory but this book records their emergence and influence the book traces the political opposition initially in the form of street level unrest targeting the rule of the al asad family that ruled for over five decades the book provides a picture of the fighting groups and their varying agendas including the islamic state in iraq and syria isis and other extremist groups it depicts a picture of a country whose civil war caused one of the biggest crises in the 21st century it contains a chronology an

introduction and an extensive bibliography the dictionary section has more than 200 cross referenced entries on the major events places and actors in the syrian war this book is an excellent resource for students researchers and anyone wanting to know more about the syrian uprising

historical dictionary of syria fourth edition covers the recent events in syria as well as the history that led up to these events the cross referenced dictionary section has over 500 entries on significant persons places and events political parties and institutions literature music and the arts

this book seeks to understand the obligation of the international community to implement the principles of the responsibility to protect r2p with a focus on the humanitarian crisis in syria the volume examines what formal responsibility and actual capability international institutions have to protect and prevent civilians from systematic mass atrocities and presents an analysis of several prominent international organizations ios each chapter focuses on a specific organization and explores their formal responsibilities and how these pertain to the obligations of the r2p existing capabilities and actual abilities to address the challenges of r2p are analysed by looking at these issues before during and after the occurrence of the humanitarian crisis in syria with the un not fully engaged in the syrian conflict the systematic human rights abuses have engendered greater attention on other organizations this volume argues that if the un security council s inactions result in an abdication of responsibilities under the un charter there should not only be a discussion of how the un must alter its approach

but also an examination of whether there are alternative paths for other nations to take in the name of international peace and human security this book will be of much interest to students of humanitarian intervention international organisations middle eastern politics and security studies

constitutionalism human rights and islam after the arab spring offers a comprehensive analysis of the impact that new and draft constitutions and amendments such as those in jordan morocco syria egypt and tunisia have had on the transformative processes that drive constitutionalism in arab countries this book aims to identify and analyze the key issues facing constitutional law and democratic development in islamic states and offers an in depth examination of the relevance of the transformation processes for the development and future of constitutionalism in arab countries using an encompassing and multi faceted approach this book explores underlying trends and currents that have been pivotal to the arab spring while identifying and providing a forward looking view of constitution making in the arab world

this book presents an institutional perspective on realizing the responsibility to protect populations from genocide war crimes ethnic cleansing and crimes against humanity

this book provides innovative thinking from a variety of perspectives on the important human rights human security and national security policy issues of today and how these issues intersect the issue of human security comes into play in nearly every important policy debate in global politics and the

protection of human rights is now recognized as one of the main functions of any legitimate modern state how can the international community best ensure that human rights are protected while simultaneously protecting state security who should intervene in cases of mass gross violations and when are military actions justified this book seeks to address and explore these difficult and pressing questions by presenting the differing views of commentators from various ends of the spectrum human rights human security and state security the intersection consists of three volumes with each focusing primarily on one of the three broad areas while also drawing connections between them a powerful resource for policy makers and practitioners in national governments members of international organizations and scholars the innovative thinking presented will give readers a deepened understanding of the various international issues and help them to formulate effective policies in today s complex international landscape

in 2011 massive protest movements that appeared to come out of nowhere caught the arab world s autocrats by surprise and brought down powerful leaders in tunisia egypt libya and yemen thousands of syrians took to the streets in march 2011 calling for the fall of the regime the popular slogan of arab uprisings but found themselves confronting a determined foe willing to slaughter thousands of citizens and to destroy entire city neighborhoods in order to hold onto power by the middle of 2013 syria was in the midst of a nightmarish civil war marked by more than 80 000 deaths sectarian massacres the flight of one fourth the country s population from their homes the disintegration of government institutions in much of the country

and a rising humanitarian crisis as food medicine and electricity grew short nobody in syria or the outside world appears to be in a position to stop what looked like a fight to the bitter end at whatever cost to the country this third edition of the historical dictionary of syria covers the recent events in syria as well as the history that led up to these events this is done through a chronology an introductory essay and an extensive bibliography the cross referenced dictionary section has over 500 entries on significant persons places and events political parties and institutions literature music and the arts this book is an excellent resource for students researchers and anyone wanting to know more about syria

what were the unifying principles or strategies that governed the protest movements that swept the middle east and north africa in the spring of 2011 who were the protestors and how did the different authoritarian regimes respond to them how did regional and international institutions react to a region in turmoil the arab spring and arab thaw unfinished revolutions and the quest for democracy addresses these questions by examining a range of successful and unsuccessful protest strategies and counter revolutionary tactics employed by protestors and autocratic regimes contributors explore the reactions of the usa eu and arab league to events in the region and provide insight as to the gendered dimensions of the struggle along with the ethnic and tribal divisions that continue to impact the post revolt period by addressing these critical queries the book demonstrate how the arab spring has evolved into a protracted arab thaw that continues to profoundly affect regional and international politics

uses original evidence and first hand interviews to demonstrate how ceasefires serve as tools for wartime order and statebuilding

the routledge handbook of international human rights law provides the definitive global survey of the discipline of international human rights law each chapter is written by a leading expert and provides a contemporary overview of a significant area within the field as well as covering topics integral to the theory and practice of international human rights law the volume offers a broader perspective though examinations of the ways in which human rights law interacts with other legal regimes and other international institutions and by addressing the current and future challenges facing human rights providing up to date and authoritative articles covering key aspects of international human rights law this book work is an essential work of reference for scholars practitioners and students alike chapter 35 of this book is freely available as a downloadable open access pdf under a creative commons attribution non commercial no derivatives 3 0 license [routledgehandbooks.com doi 10 4324 9780203481417 ch35](http://routledgehandbooks.com/doi/10.4324/9780203481417.ch35)

the first of a new series the contemporary archive of the islamic world this title draws on the resources of world of information a british publisher that since 1975 has published analyses of the politics and economics of all the middle east countries for decades syria lay at the heart of middle eastern affairs under assad rulers and sharing a border with israel syria s fortunes have been complex strategic alliances were formed and fell apart domestic rebellions were quelled often violently since

2011 syria has been in the world s headlines every day riven by a civil war that has risked bringing the world s major powers into open conflict the caiw provides an essential background to a complex international problem

this book explores through the lens of the conflict in syria why international law and the united nations have failed to halt conflict and massive human rights violations in many places around the world which has allowed tens of millions of people to be killed and hundreds of millions more to be harmed the work presents a critical socio legal analysis of the failures of international law and the united nations un to deal with mass atrocities and conflict it argues that international law in the way it is set up and operates falls short in dealing with these issues in many respects the argument is that international law is state centred rather than victim friendly is to some extent outdated is vague and often difficult to understand and therefore at times hard to apply while various accountability processes have come to the fore recently processes do not exist to assist individual victims while the conflict occurs or the abuses are being perpetrated the book focuses on the problems of international law and the un and in the context of the many enforced disappearances and arbitrary detentions in syria why nothing has been done to deal with a rogue state that has regularly violated international law it examines why the responsibility to protect r2p has not been applied and why it ought to be used generally and in syria it uses the syrian context to evaluate the weaknesses of the system and why reform is needed it examines the un institutional mechanisms the role they play and why a civilian protection system is needed it examines what

mechanism ought to be set up to deal with the possible one million people who have been disappeared and detained in syria the book will be a valuable resource for students academics and policy makers working in the areas of public international law international human rights law political science and peace and security studies

the suffering of syrian civilians caught between the government s barrel bombs and chemical weapons and religious fanatics beheadings and mass killings shocked the world yet despite international law and political commitments proclaiming a responsibility to protect civilians from mass atrocities world actors stood aside as syria burned again and again neighboring states global powers and the united nations opted for half measures or made counterproductive choices that caused even more harm alex j bellamy provides a forensic account of the world s failure to protect syrian civilians from mass atrocities drawing on interviews with key players documents from the united nations and other international organizations and sources from the middle east and beyond he traces the missteps of the international response to syria s civil war bellamy systematically examines the various peace processes and the reasons they failed highlighting potential alternative paths he details how and why key actors prioritized their own national interest geopolitical standing regional stability local rivalries counterterrorism goals or domestic politics rather than the welfare of syrians some governments settled on unrealistic strategies founded on misguided assumptions while others pursued naked ambition the united nations descended into irrelevance and even complicity shedding new light on the decisions that led to a vast

calamity syria betrayed also draws out lessons for more effective responses to future civil conflicts

this open access book introduces adaptive mediation as an alternative approach that enables mediators to go beyond liberal peace mediation or other determined design models of mediation in the context of contemporary conflict resolution and peace making initiatives adaptive mediation is grounded in complexity theory and is specifically designed to cope with highly dynamic conflict situations characterized by uncertainty and a lack of predictability it is also a facilitated mediation process whereby the content of agreements emerges from the parties to the conflict themselves informed by the context within which the conflict is situated this book presents the core principles and practices of adaptive mediation in conjunction with empirical evidence from four diverse case studies colombia mozambique the philippines and syria with a view to generate recommendations for how mediators can apply adaptive mediation approaches to resolve and transform contemporary and future armed conflicts

the idea of non alignment and peaceful coexistence was not new when yugoslavia hosted the belgrade summit of the non aligned in september 1961 freedom activists from the colonies in asia africa and south america had been discussing such issues for decades already but this long lasting context is usually forgotten in political and historical assessments of the non aligned movement this book puts the non aligned movement into its wider historical context and sheds light on the long term connections and entanglements of the afro asian

world it assembles scholars from differing fields of research such as asian studies eastern european and southeast european history cold war studies middle eastern studies and international relations in doing so this volume looks back to the ideological beginnings of the concept of peaceful coexistence at the time of the anticolonial movements and at the multi faceted challenges of foreign policy the former freedom fighters faced when they established their own decolonized states it analyses the crucial role yugoslav president tito played in his determination to keep his country out of the blocs and finally examines the main achievement of the non aligned movement to give subordinate states of formerly subaltern peoples a voice in the international system an innovative look at the non aligned movement with a strong historical component the book will be of great interest to academics working in the field of international affairs international history of the 20th century the cold war race relations as well as scholars interested in asian african and eastern european history

in august 2016 hitesh chaudhari saw devastating visuals of the syrian civil war on cnn pictures of an injured child omran daqneesh who was saved from a building which was bombarded in aleppo had stunned the entire world this made hitesh go on a quest for the real explanation for this brutal fight the crisis of today had its roots in the past the book attempts to discover how the present issue is linked to the past in search of syria talks about avaricious foreign interventions fierce power struggles hastily executed coups violent religious conflicts nationalistic fights and the murder of humanity which occurred in syria over a hundred years the book endeavours to delve deep

into the historical backdrop of syria beginning from the ottoman empire then it proceeds to cover the country s history from the french mandate to the ongoing syrian civil war he addresses the root causes of major events which took place in syria

a year that shook a region and the world how it happened and what it means spontaneous unforeseen and contagious the uprisings of the arab spring took everyone participants included by surprise like revolutions in other times and places they seemed impossible beforehand and inevitable afterwards in mid december 2010 the desperate act of a young tunisian barely featured on the global news agenda but it set off a chain reaction of extraordinary events that would unseat dictators reshape the political landscape of north africa and the middle east and affect the lives of millions of people the guardian has been running often breathlessly to follow the story and to explain it ever since this is a tale of many chapters told by the journalists bloggers and citizens who have lived through this incredible time

this book investigates the geopolitics and strategic dimensions of us american foreign policy during george w bush s and barack obama s presidential terms based on a vast amount of empirical and historical sources the author offers deep insights into the recent political developments arabellions along the axis of northern africa the middle east and central asia situating them in the context of the global geopolitical and geo economical great game either latent or overt between usa nato and russia the author also analyses the influence of the us on these historical and political processes in the last two decades

highlights the agency of un mediators in conflicts like syria and clarifies the challenges and responsibilities of their roles

a timely thought provoking and innovative reappraisal of the core actors on the international stage states

in recent decades saudi arabia has committed itself to playing the part of mediator in intra national and international conflicts in the greater middle east region examples include the two saudi introduced arab peace initiatives of 1982 and 2002 mediation attempts between algeria and morocco in the west sahara conflict iraq and syria during the iran iraq war and iran and iraq towards the end of their military conflict saudi arabian foreign relations provides a new insight to current studies on saudi foreign policy and mediation in international relations the book offers a detailed analysis of saudi arabia s intermediary role in the intra state conflicts in yemen lebanon and the palestinian territories and the successes and limitations of each additionally it provides an updated examination of saudi arabia s role towards resolution of the larger arab israeli conflict saudi arabian foreign relations contributes to a far deeper understanding of saudi foreign policy and therefore will be of great interest to students and scholars of middle east politics and international relations

this study demonstrates that syria s role in the middle east has been since 1974 an unabated terrorist war against all attempts to resolve peacefully the arab israeli conflict marius deeb provides evidence that syria s role in lebanon since 1975 has been to perpetuate the conflict among the various lebanese

communities in order to keep its domination of Lebanon

This book explains China's inconsistent response to intervention at the UN Security Council. It draws upon new data and concludes with new perspectives on the malleability of China's core interests, insights about the application of status for cooperation, and the implications of the status dilemma for rising powers.

This book critically explores the practices of peacebuilding and the politics of the communities experiencing intervention. The contributions to this volume have a dual focus: first, they analyse the practices of Western intervention and peacebuilding and the prejudices and politics that drive them; second, they explore how communities experience and deal with this intervention, as well as an understanding of how their political and economic priorities can often diverge markedly from those of the intervener. This is achieved through theoretical and thematic chapters and an extensive number of in-depth empirical case studies, utilising a variety of conceptual frameworks and disciplines. The book seeks to understand why something so normatively desirable—the pursuit of and building of peace—has turned out so badly, from Cambodia to Afghanistan, Iraq to Mali. Interventions in the pursuit of peace have not achieved the results desired by the interveners, but rather they have created further instability and violence. The contributors to this book explore why. This book will be of much interest to students, academics, and practitioners of peacebuilding, peacekeeping, international intervention, statebuilding, security studies, and in general.

The increasingly transnational nature of terrorist activities compels the international community to strengthen the legal framework in which counterterrorism activities should occur at every level, including that of intergovernmental organizations. This unique, timely, and carefully researched monograph examines one such important yet generally under-researched and poorly understood intergovernmental organization: the Organization of Islamic Cooperation (OIC). Formerly the Organization of the Islamic Conference, in particular, it analyses in depth its institutional counterterrorism law-making practice and the relationship between resultant OIC law and comparable UN norms in furtherance of a global counterterrorism strategy. Goals furthermore, it explores two common misassumptions regarding the OIC: namely, whether its internal institutional weaknesses mean that its law-making practice is inconsequential at the intergovernmental level, and whether its self-declared Islamic objectives and nature are irrelevant to its institutional practice or are instead reflected within OIC law, where significant normative tensions are discerned between OIC law and UN law. The monograph explores not only whether these may be explicable at least in part by the OIC's Islamic nature and objectives, but also whether their corresponding institutional legal orders are conflicting or cooperative in nature, and the resultant implications of these findings for international counterterrorism law and policy-making. This monograph is expected to appeal especially to national and intergovernmental counterterrorism practitioners and policy-makers, as well as to scholars concerned with the interaction between international and Islamic law norms. From the foreword by Professor Ben Saul, the University of Sydney: Dr Samuel's book must be commended as

an original and insightful contribution to international legal scholarship on the oic islamic law international law and counter terrorism it fills significant gaps in legal knowledge about the vast investment of international and regional effort that has gone into the global counter terrorism enterprise over many decades and which accelerated markedly after 9 11 the scope of the book is ambitious its subject matter is complex and its sources are many and diverse dr samuel has deployed an appropriate theoretical and empirical methodology harnessed an intricate knowledge of the field and brought a balanced judgement to bear to bring these issues to life

this book investigates rival narratives about the conflict in syria from 2011 onwards it examines the starkly different narratives about the syrian conflict told by mainly western mainstream and alternative media and contrasts these narratives with the equally polarized but more nuanced narratives of mainly western scholars and long form journalists differences of narrative concerning the conflict include what is deemed relevant context in trying to explain the war whether the war is best seen as a civil conflict or as a proxy war fought among external powers the degree of emphasis given to the alleged crimes of the syrian regime as opposed to the alleged violence of salafist militia the accuracy of the origin story of the conflict in daraa the extent to which the initial protestors were secular campaigners calling for democracy or whether they were muslim extremists seeking a sectarian society governed by sharia law several case studies of propaganda institutions are examined here including the journalism of marie colvin the role of government funded ngos the controversies surrounding each of three major instances of

alleged regime use of chemical weapons and the politicization of the organization for the prohibition of chemical weapons opcw this book will be of much interest to students of media and communication studies propaganda studies middle eastern politics and international relations in general

this book uses a study of syria under the french mandate to show what historical developments led people to start describing themselves and others as minorities

this volume examines the impact of clandestine and overt political organizations in syria lebanon palestine and iraq after world war i it analyzes amir faysal s short lived state in post war syria relations between syrians iraqis and palestinians and nationalist activity within iraq

this edited volume critically examines the responsibility to protect r2p as a guiding norm in international politics after nato s intervention in libya against the backdrop of civil wars in syria and yemen and because of the cynical support for r2p by states such as saudi arabia this norm is the subject of heavy criticism it seems that the r2p is just political rhetoric an instrument exploited by the powerful states hence the r2p is being challenged at the same time however institutional settings normative discourses and contestation practices are making it more robust new understandings of responsibility and the politics of protection are creating new normative spaces patterns of legitimacy and norm entrepreneurs thereby reinforcing the r2p this book s goals are to discuss the r2p s roots institutional framework and evolution to reveal its

shortcomings and pitfalls and to explore how it is exploited by certain states further it elaborates on the r2p s strength as a norm accordingly the contributions presented here discuss various ways in which the r2p is being challenged or confirmed or both at once as the authors demonstrate these developments concern not only diplomatic communication and political practices within international institutions but also to normative discourses furthermore the book includes chapters that reevaluate the r2p from a normative standpoint e g by proposing cosmopolitan standards as a guide for states external behavior other contributors reassess the historical evidence from u n negotiations on the r2p principle and the productive or restrictive role of institutions discussing new issues relating to the r2p such as global and regional power shifts or foreign policy as well as the phenomenon of authoritarian interventionism under the r2p umbrella this book will appeal to all ir scholars and students interested in humanitarianism norms and power by analyzing the status quo of the r2p it enriches and broadens the debate on what the r2p currently is and what it ought to be

examining the international dimensions of the syrian conflict this book studies external factors relating to the uprising it explores the involvement of outside powers and the events impact both on regional and international level syria was widely perceived to be essential to the regional power balance hence it was a valued prize to be fought over the book examines the impact of global and regional powers in propelling the conflict in syria looks at the motives and strategies of the key regional and international actors hizbollah palestinians iran qatar saudi arabia us russia eu and analyses the impact of the syrian

conflict on key relations between regional states turkey syria turkey iran iraq syria finally several chapters treat the impact on syria of international sanctions and the responsibility to protect doctrine this book follows on to the syrian uprising domestic origins and early trajectory edited by raymond hinnebusch and omar imady 2018 subsequent volumes will examine the later evolution of the conflict taking an innovative and interdisciplinary approach that seeks to capture the full complexity of the phenomenon this book contributes significantly to our understanding of the syrian conflict and will therefore be a valuable resource for anyone studying middle eastern politics

this book offers a novel and contemporary examination of the responsibility to protect r2p doctrine from an international legal perspective and analyses how the doctrine was applied within the libyan and syrian conflicts as two recent and highly significant r2p cases the book dissects each of r2p s three component pillars to examine their international legal underpinnings drawing upon diverse legal frameworks including the laws of the un laws of international organisations human rights law humanitarian law criminal law environmental law and laws of state responsibility to extract conclusions regarding existing and emerging host and third state obligations to prevent and react to mass atrocity crimes it uses this legal grounding to critically examine specific aspects of the libyan and syrian r2p cases engaging with some of the more traditional debates surrounding r2p s application most notably those that pertain to the use of force or lack thereof but also exploring some of the less researched non military methods that were or could have

been employed by states and international organisations to uphold the doctrine such an analysis captures the diversity in the means and actors through which r2p can be implemented and allows for the extraction of more nuanced conclusions

regarding the doctrine s strengths and limitations gaps in enforceability levels of state support and future trajectory the book will be of interest to scholars and students in the field of international law and human rights law
