ignatius polycarp s letter to the philippians and the martyrdom of paul he also examines portraits of the departing paul in 1 and 2 corinthians philippians and 2 timothy arguing that paul s death did not primarily present an existential challenge but a pastoral one although touching upon several areas of recent scholarly interest alexander n kirk sets forth a new research question and fresh interpretations of early christian and pauline texts

Michel Haar argues that Heidegger went too far in transferring all traditional properties of man to being Haar examines what is left after this displacement not only of human identity but perhaps more importantly of nature life embodiment of the flesh of human existence this sensitive yet critical reading of Heidegger raises such issues in relation to questions of language technology human freedom and history in doing so it provides a compelling argument for the need to rethink what it means to be human

edited by David Platt Daniel I Akin and Tony Merida this new commentary series projected to be 48 volumes takes a Christ centered approach to expositing each book of the Bible rather than a verse by verse approach the authors have crafted chapters that explain and apply key passages in their assigned Bible books readers will learn to see Christ in all aspects of Scripture and they will be encouraged by the devotional nature of each exposition projected contributors to the series include notable authors such as Russell D Moore Al Mohler Matt Chandler

Mark Dever and others

back cover Jonathon Lookadoo studies the high priestly and temple metaphors in Ignatius s letters and shows how Ignatius depicts Jesus and the church he shows that Jesus functions as an intermediary between God the Father and the churches which should be unified as God s temple

since its first publication in 2000 baptism and the baptists has become the definitive work on the subject it examines the theology and practice of believers baptism among twentieth century baptists associated with the Baptist Union of Great Britain and identifies the major influences which have led to its development in the nineteenth and early twentieth century the majority of baptists concentrated predominantly on the mode and subjects of baptism immersion and believers understanding the rite merely as an ordinance the believer s personal profession of faith in Christ however in continuity with a tradition of baptists going back as far as the first baptists in the second and third decades of the seventeenth century there were also a significant number of ministers and scholars who saw the inadequacy of this view of baptism both biblically and theologically this sacramental view developed and grew throughout the twentieth century and influenced a resurgence of baptismal sacramentalism in the early twenty first century among baptists not just in Britain but also in North America Europe and further afield

dedicated to the advancement and understanding of those principles and practices military and political which serve the vital security interests of the united states

dominating the windy city for decades the chicago democratic machine has become a fixture in american political history under mayor richard j daley it acquired almost mythical perhaps notorious status yet its origins have remained murky some say it began as a shady enterprise during the ethnic upheaval of the late 1920s based upon new research this book offers a fresh perspective formed through factional warfare and consolidated with methods borrowed from the business world the machine grew out of the unfettered capitalism of the late 19th century its principal founder and first boss roger c sullivan represented a generation of businessmen politicians who emerged in the 1880s sullivan and his allies created an informal public power structure that while serving their own interests also made government more functional the machine is a product of america s gilded age and the progressive era and offers a lesson in the advantages and limitations of representative government

the eu s pluralistic nonhierarchical system of multilevel governance lacks clear structures of both government and opposition according to the eu treaties the presidency of the european commission is thus not explicitly expected to exercise political leadership however the position cannot effectively be exercised without any demonstration of such leadership due to

its many leadership functions examining this curious mix of strong political demands weak institutional powers and need for political leadership this book systematically analyses the political leadership performance of the presidents of the european commission throughout the process of european integration the basic argument is that commission presidents matter not only in the process of european integration but that their impact varies according to how the different incumbents deal with the institutional structure and the situational circumstances and thus their available strategic choices the primary research question is thus what makes political leadership in european governance successful and to what extent and why do commission presidents differ in their leadership performance in addressing this question this book departs from existing research on eu leadership which has to date often analysed either the eu s institutional structure and its potential for leadership or mainly focused on only the most recent incumbents in case study analyses focusing on the multiterm european commission presidents walter hallstein jacques delors and josé manuel barroso this book conceptualizes their political leadership as a performance and thus systematically analyzes their agenda setting mediative institutional and public outreach performance over the entire course of their presidential terms

at the heart of jesus call to us is the call to love others but this can be so difficult for one thing others are not always very

lovable for another loving others sometimes gets in the way of our own self interests but if we want to follow Jesus love needs to be our lifestyle and the way we treat others really does matter it's not all sacrifice and pain though to be in loving relationship with others is to be truly alive and it's the source of our greatest joy this study will help you love others the way Jesus desires you'll learn how to study the Bible as you examine and discuss topics such as loving others loving our families fellowship with others getting along with others opposition from others sharing our faith with others serving others each chapter has three main sections group study materials for a sixty to ninety minute small group Bible study study resources notes and comments for use in both group and personal study personal study a series of reflection questions for use by group members on their own during the week extra help is available at the end of the book in the sections the art of leadership tips on how to lead a small group and small group leader's guide notes on each session the goal of pilgrimage guides is to understand what it means for us to meet and know Jesus through an examination of the spiritual disciplines of Bible study prayer and worship we experience what it means to be a spiritual pilgrim walking in a new way with God and we look at how this new way changes the way we view others and live our lives in Christ pilgrimage guides learning to love God learning to love ourselves learning to love others
