this volume aims to bring the state back into terrorism studies and fill the notable gap that currently exists in our understanding of the ways in which states employ terrorism as a political strategy of internal governance or foreign policy within this broader context the volume has a number of specific aims first it aims to make the argument that state terrorism is a valid and analytically useful concept which can do much to illuminate our understanding of state repression and governance and illustrate the varieties of actors modalities aims forms and outcomes of this form of contemporary political violence secondly by discussing a rich and diverse set of empirical case studies of contemporary state terrorism this volume explores and tests theoretical notions generates new questions and provides a resource for further research thirdly it contributes to a critical normative approach to the study of terrorism more broadly and challenges dominant approaches and perspectives which assume that states particularly western states are primarily victims and not perpetrators of terrorism given the scarceness of current and past research on state terrorism this volume will make a genuine contribution to the wider field particularly in terms of ongoing

efforts to generate more critical approaches to the study of political terrorism this book will be of much interest to students of critical terrorism studies critical security studies terrorism and political violence and political theory in general richard jackson is reader in international politics at the university of wales aberystwyth he is the founding editor of the routledge journal critical studies on terrorism and the convenor of the bisa critical studies on terrorism working group cstwg eamon murphy is professor of history and international relations at curtin university of technology in western australia scott poynting is professor in sociology at manchester metropolitan university

this book constitutes a major and comprehensive reevaluation of british defence policy in the early 1930s the author traces the evolution of british opinion toward rearmament from opposition to approval between 1931 and 1935 and assesses the impact of this opinion on the formation of the government's defence policy he places public opinion among the many factors which determined the extent and timing of british rearmament during this period and concludes that the leaders of those governments were not guilty men who let political considerations overrule their responsibility for national security but rather prudent men who decided on rearmament before it was publicly acceptable documented from such sources as newspaper editorials cabinet papers speeches of members of parliament and results of by elections the book will be of interest to historians students of

policy decisions and public opinion and persons interested in the events leading to world war ii

first published in 1999 includes six maps

total war was the core concept around which military thought revolved during the interwar period total war was also a multifaceted confusing concept that affected both civilian and military life how did small states conceive of their place in such a destructive war did they close their eyes relying on international law to protect them or did they seek creative solutions this book examines how dutch officers in the shadow of three great powers considered their military future analysing the impact of european military ideas on a small state this approach offers a new perspective on interwar dealing with assumptions about a new world war

examines the ways in which the westminster system has influenced the shaping of responsible government and democracy across asia australasia and the pacific it also examines the ways the westminster system has been adapted in these different countries in the light of local practices and traditions

ronald aminzade provides an original analysis of how the development of early industrial capitalism transformed the political landscape in mid nineteenth century france and gave rise to the revolutionary political upheavals of 1848 and 1871 in a

detailed local case study of the city of toulouse the author carefully documents how the developing solidarities and antagonisms of social class were reflected in the changing character of working class associations cultural institutions collective actions and political ideologies aminzade employs a coherent and sophisticated marxist class analysis to systematically explore a wide variety of important issues ranging from the changing organization of the industrial workplace to the decline

of patronage politics and the central role of artisans in revolutionary working class politics his study of the role of the republican party in forging the changing political class alliances of the period and his analysis of the contradictory character of working class political incorporation and repression are provocative and incisive the book concludes with a theoretical interpretation of the concept of hegemony exploring the role of ideologies political parties and the state in the development of hegemonic forms of class domination
