this compelling and convincing study represents the culmination of the authors several decades of research on the pivotal role played by elites in the success or failure of political regimes revising the classical theory of elites and politics john higley and michael burton distinguish basic types of elites and associated political regimes they canvas political change during the modern historical and contemporary periods to identify circumstances and ways in which the sine qua non of liberal democracy a consensually united elite has formed and persisted the book considers an impressive body of cases examining how consensually united elites have fostered forty five liberal democracies and how disunited or ideologically united elites have thus far prevented liberal democracy in more than one hundred other countries the authors argue that obstacles to the emergence of elites propitious for liberal democracy are more formidable than democratization enthusiasts recognize they assess prospects for the transformation of disunited and

ideologically united elites where they now exist ask whether current challenges to western liberal democracies will undermine their consensually united elites and explore what the rise of the distinctive elite clustered around george w bush may portend for america's liberal democracy the authors powerful and important argument reframes our thinking about liberal democracy and questions optimistic assumptions about the prospects for its spread in the twenty first century

this collection of essays written by an outstanding group of scholars makes a significant contribution to the debate on poverty alleviation in cameroon the country's stalled transition to democratic governance identity and citizenship and the equitable allocation of resources the essays contain a refreshing rigorous and informative analysis of the biya regime opposition politics and provides practical strategies to enhance peaceful co existence and sustainable development in the country

this element offers a way to understand the evolution of authoritarian rule in southeast asia the theoretical framework is based on a set of indicators judged for their known advantages and mimicry of democratic attributes as well as a typology conceptualized as two discreet categories of retrograde and sophisticated authoritarianism working with an original dataset the empirical results reveal vast differences within and across authoritarian regimes in southeast asia but also a discernible shift towards

sophisticated authoritarianism over time the element concludes with a reflection of its contribution and a statement on its generalizability

in a country grappling with political oppression economic collapse and social unrest maria corina machado has emerged as a symbol of hope resilience and unyielding determination in the fight for democracy in venezuela a courageous political leader human rights advocate and staunch defender of freedom machado has dedicated her life to challenging the authoritarian regime that has held her country captive for decades her unwavering commitment to democratic principles combined with her sharp intellect and fearless stance against the maduro government has made her a key figure in venezuela's struggle for a better future in 2024 her tireless efforts for human rights were recognized on a global scale when she was awarded the vřclav havel human rights prize this prestigious award named after the former czech president and dissident who led his country to democracy is a testament to machado's bravery moral conviction and unrelenting pursuit of justice like havel machado embodies the spirit of resistance against authoritarian rule showing the world that the fight for democracy is not just a national issue but a universal struggle today maria corina machado continues to lead venezuela's opposition offering a vision of hope in a country plagued by despair her story is not just one of personal triumph against oppression but a beacon of inspiration for those who continue to believe that democracy is worth fighting for no

matter the cost through her leadership venezuela s people are reminded that they are not alone in their quest for freedom and that with courage and persistence the chains of dictatorship can one day be broken this book chronicles her extraordinary journey the challenges she has faced and her undying belief in a democratic future for venezuela

this book provides an in depth investigation of russian online anti establishment resistances in 2016 2019 grounded in qualitative content analysis of the youtube videos and social media data of opposition activist alexey navalny and his associates the research covers the history of these communications their tactics and the impact on the russian public sphere and peripheral electorates drawing from populism journalism and digital media studies glazunova skilfully shows russia s digital public sphere to be a multi faceted site with its own struggles challenges and unique communication strategies for political survival an important and original work digital activism in russia reflects on the past present and future of such resistances in russia the central role played by digital media and its relevance for the political activists struggling for democracy around the world

dr william g m brandful born on december 04 1952 in cape coast ghana will turn sixty years old on december 04 2012 when he will launch his book personal reflections of a ghanaian foreign service officer whither ghanaian diplomacy the book chronicles dr brandful s experiences as a foreign service officer in a way that those experiences serve to

mirror the diplomacy of ghana which then gets examined to see how it may have excelled in the past how it is being confronted currently with challenges to the point of sometimes blunting its efficacy and how it could be re engineered towards greater future achievement the attempt may be ambitious but it is motivated by a passionate sincerity only equaled by the other commitment to also contribute through the book to the creation of institutional memory for the ministry of foreign affairs and regional integration of ghana currently the ambassador of ghana to japan with concurrent accreditation to singapore as non resident high commissioner the author served previously at the ghanaian missions in zambia mali germany and benin between the date of joining the ministry of foreign affairs and regional integration in may 1977 and the specified diplomatic assignments ambassador brandful worked at various positions at the ministry in ghana including chief of protocol and later as supervising director policy planning research and monitoring dr brandful had his secondary education in ghana at mfantsipim school from 1964 to 1971 and pursued his initial university studies at the university of ghana 1971 75 including one year abroad 73 74 at the university of dakar senegal followed by post graduate studies successively at the polytechnic of central london university of nairobi kenya international institute for public administration in paris i i a p the hague academy of international law and the university of paris xi sceaax faculty france from where he obtained a doctorat de troisieme cycle

in international relations in january 1986 dr brandful is married to dinah brandful n e coleman has four daughters and three grandchildren he speaks french as hobbies ambassador brandful plays squash tennis piano and golf

this excellent reference source brings together hard to find information on the constituent units of the russian federation the introduction examines the russian federation as a whole focusing on russian federalism and elections followed by a chronology demographic and economic statistics and a review of the federal government the second section comprises territorial surveys each of which includes a current map this edition includes new surveys covering the recently annexed and disputed territories of crimea and sevastopol as well as updated surveys of each of the other 83 federal subjects the third section comprises a select bibliography of books the fourth section features a series of indexes listing the territories alphabetically by federal okrug and economic area users will also find a gazetteer of selected alternative and historic names a list of the territories abolished created or reconstituted in the post soviet period and an index of more than 100 principal cities detailing the territory in which each is located

the political handbook of the world 2022 2023 provides timely thorough and accurate political information with more in depth coverage of current political controversies than any other reference guide the updated 2022 2023 edition continues to be the most authoritative source for finding

complete facts and analysis on each country's governmental and political makeup Tom Lansford has compiled in one place more than 200 entries on countries and territories throughout the world this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system it also provides names of key ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and agencies and this update will aim to include coverage of current events issues crises and controversies from the course of the last two years

this excellent reference source brings together hard to find information on the constituent units of the Russian Federation the introduction examines the Russian Federation as a whole followed by a chronology demographic and economic statistics and a review of the federal government the second section comprises territorial surveys each of which includes a current map this edition includes surveys covering the annexed and disputed territories of Crimea and Sevastopol as well as updated surveys of each of the other 83 federal subjects the third section comprises a select bibliography of books the fourth section features a series of indexes listing the territories alphabetically by federal okrug and economic area users will also find a gazetteer of selected alternative and historic names a list of the territories abolished created or reconstituted in the post-soviet period and an index of more than 100 principal cities detailing the territory in which each is located

a definitive one-volume guide to all sub-Saharan African countries providing invaluable economic and directory data

over fifty years ago military takeovers in Africa exacerbated unconstitutional political transitions the African Union (AU) founded in 2001 has significantly impacted African law by addressing illegal government changes the AU has created a legal framework including targeted sanctions to ease these transitions despite its poor design and implementation the AU is an important player in advancing democracy however the definition of unconstitutional changes is too narrow and sanctions are often unnecessary the book explores the rise of unconstitutional changes in African governments particularly in Mauritania Guinea Madagascar and Niger which challenge the African Democratic Project it explores the causes reactions and methods of government change including military takeovers presidential extensions and election manipulation the book also examines the limitations of institutional mechanisms and military intervention in Africa since the Cold War offering insights and suggestions for the best way of transition of elected government with popular mandate by African peoples

Zambia Doing Business in Zambia for Everyone guide practical information and contacts

launched in 1992 Regional Outlook is an annual publication of the Institute of Southeast Asian Studies published every January designed for the busy executive professional

diplomat journalist or interested observer Regional Outlook aims to provide a succinct analysis of current political and economic trends shaping the region and the outlook for the prospective two years this forward-looking book contains focused political commentaries and economic forecasts on all ten countries in Southeast Asia as well as a select number of topical pieces of significance to the region

although the phenomenon of authoritarian elections has been a focal point for the literature on authoritarian institutions for more than a decade our understanding of the effect of authoritarian elections is still limited combining evidence from cross-national studies with studies on selected cases relying on recent field work this book suggests a solution to the paradox of authoritarian elections rather than focusing on authoritarian elections as a uniform phenomenon it focuses on the differing conditions under which authoritarian elections occur it demonstrates that the capacities available to authoritarian rulers shape the effect of elections and high levels of state capacity and control over the economy increase the probability that authoritarian multi-party elections will stabilize the regime where these capacities are limited the regime is more likely to succumb in the face of elections the findings imply that although multi-party competition and state strength may be important prerequisites for democracy they can under some circumstances obstruct democratization by preventing the demise of dictatorships this text will be of key interest to scholars students and practitioners of democratization and to

those who study autocracy and electoral authoritarianism as well as comparative politics more broadly

a one volume library of essential and comprehensive data on all the countries of sub saharan africa including essays on regional issues statistical surveys and directories of invaluable contact names and addresses

this volume covers the middle time period of the syrian uprising roughly from 2012 when syria s peaceful protest began to mutate into a violent insurgency and civil war until roughly 2018 when the conflict took on features of a frozen conflict the middle period was important as one of key junctures or turning points when the struggle could have reached rather different outcomes non violent protest failed to drive democratization and turned into violent insurrection but revolution from below also failed as did regime counter insurgency leaving protracted civil war the default outcome second the consequences of civil war became evident with six themes failing statehood coexisted with regime resilience rebel governance emerged as a viable challenge to the regime social forces were sharply polarized external actors exacerbated internal divisions a predatory war economy emerged and intense violence led to massive displacement of the population taking an innovative and interdisciplinary approach that seeks to capture the full complexity of the phenomenon this book contributes significantly to our understanding of the syrian conflict therefore it will be of interest to academics students journalists and policy makers

interested in the syrian civil war

presents country reports on human rights practices which are presented annually by the u s department of state to the u s congress explains that the reports cover individual civil political and worker rights

zambia investment and business guide volume 2 business investment opportunities and incentives

the year 1989 90 saw the fall of the berlin wall the collapse of the soviet empire the end of the cold war and of the bipolar world order for the churches and christians in eastern europe the date was a dramatic turning point it brought the end of the communist oppression freedom of religion and new opportunities for engagement in the public sphere to what extent were these events a turning point for christianity in africa asia and latin america as well this was the central question discussed at the 4th international munich freising conference in february 2008 by participants from four continents and various fields of professional expertise not only the berlin wall came down but also the walls of apartheid in south africa and many nation state barriers around the globe these changes confronted churches throughout the world with new challenges das jahr 1989 90 sah den fall der berliner mauer den kollaps des sowjetimperiums das ende des kalten krieges und die auflosung der bipolaren weltordnung fur die kirchen und christen in ostmittel und osteuropa markiert dieses datum

eine einschneidende zatur es brachte das ende kommunistischer unterdruckung religionsfreiheit und neue wirkungsmoglichkeiten im offentlichten raum inwieweit stellt das datum einen wendepunkt auch fur das christentum in afrika asien und lateinamerika dar dies war die leitfrage der 4 internationalen munchen freising konferenz im februar 2008 sie wurde von teilnehmern aus vier kontinenten und unterschiedlichen disziplinen intensiv diskutiert nicht nur die berliner mauer fiel sondern auch die mauern der apartheid in sudafrica sowie blockgrenzen und nationalstaatliche barrieren rund um den globus dies stellte die kirchen weltweit vor neue herausforderungen

the special issue revisits levitsky and way s seminal study on competitive authoritarianism 2010 the contributions by north american european and african scholars deepen our understanding of the emergence trajectories and outcomes of hybrid regimes across the african continent

political parties in the developing world often face serious electoral crises from one election to the next parties can be decisively voted out of national office what happens to a party that experiences this kind of voter rejection the literature suggests it will disappear leaving the party system vulnerable to the inexperience of new political actors the fates of political parties offers a more nuanced perspective focusing on a number of individual latin american countries as well as the region as a whole it identifies considerable variation regarding how parties survive and even revive after

an electoral crisis the book revitalizes the study of parties as complex entities that rely on a potentially diverse set of resources to remain active in politics it demonstrates that parties can be remarkably enduring institutions surviving and reviving parties represent instances of institutional stability where they endure those parties can sustain competition and strengthen the democratic regime

this text provides a thorough examination of the history of myanmar from neolithic times to the present myanmar has experienced a seemingly endless series of conquerors dating from prehistoric times through the reign of kublai khan s mongol forces beginning in the late 1200s all the way through the modern era when it was subject to both british colonial control and invasion by the japanese during world war ii the history of myanmar provides a detailed historical overview of the key people places and events in this often overlooked country s past and present it examines the history of myanmar from neolithic times to all of its ruling dynasties to the modern era in a chronological manner providing a contextual framework for the further exploration of its complex history this text pays special attention to the unique circumstances that led to the formation of the modern nation of myanmar

the philippines makes an interesting case for examining direct and collective acts of contention against the neoliberal project of economic globalization crippled by foreign debt indiscriminate liberalization of trade falling stock markets

and perpetual corruption the philippines is also a democratic polity and one of the few countries in asia with a vibrant and dynamic civil society sector this collection has chapters on the freedom from debt coalition s campaign on debt relief the stop the new round coalition s advocacy to change international trade rules and barriers the global taxation initiative as embodied in tobin tax advocacy in the country the transparency and accountability network s anti corruption effort and the philippine fair trade forum s enterprise on fair trade localizing and transnationalizing contentious politics is the first work of its kind to focus on five global civil society movements in the philippines and their responses to the inequities of neoliberal globalization northern scholars have acknowledged the persistent absence of the south in research on activism around global issues and this book can help fill this gap using political process theory as a framework the book traces the emergence development and diffusion of these social movements in the philippines globalization is taken as the environment in which they operate to highlight the role of increased interdependence and internationalization and the predominance of a particular ideology in the dynamics of contention

political handbook of the world annually provides up to date political information on all the world s countries in a balanced accurate and comprehensive manner a singular and authoritative reference work for nearly 70 years each new volume builds on the research and scholarship of previous editions offering rare insight into stories making headlines

judiciously outlining contemporary conflicts and analysing current foreign policy within the informed context of past events and decisions it is considered to be the single volume reference work of choice for libraries diplomats academic faculties international corporations and others needing accurate timely information

authoritarianism research has evolved into one of the fastest growing research fields in comparative politics the newly awakened interest in autocratic regimes goes hand in hand with a lack of systematic research on the results of the political and substantive policy performance of variants of autocratic regimes the contributions in this second volume of comparing autocracies are united by the assumption that the performance of political regimes and their persistence are related furthermore autocratic institutions and the specific configurations of elite actors within authoritarian regime coalitions induce dictators to undertake certain policies and that different authoritarian institutions are therefore an important piece of the puzzle of government performance in dictatorships based on these two prepositions the contributions explore the differences between autocracies and democracies as well as between different forms of non democratic regimes in regard to their outcome performance in selected policy fields how political institutions affect autocratic performance and persistence whether policy performance matter for the persistence of authoritarian rule and what happens to dictators once autocratic regimes fall this book is an amalgam of articles from the journals

democratization contemporary politics and politische
vierteljahresschrift

the best country by country assessment of human rights in
this signature yearly report human rights watch will
document and address human rights abuses in more than 100
countries plus a keynote essay by executive director tirana
hassan

this psychological study dissects the characteristics of 20
world leaders both men and women profiling the factors that
formed their personalities and revealing how certain traits
have shaped their political decisions many wonder what it
takes to be a leader is it a natural or learned set of skills this
book examines the personalities of a selected group of
political leaders analyzes the forces that formed their nature
most notably their leadership tendencies and then
demonstrates how character has shaped important political
decisions made during their regime the authors profile 20
different leaders from across five continents deriving shared
personality traits and defining specific leadership styles
based on characteristics and circumstances the work begins
by introducing the field of political psychology and
explaining the theoretical framework used in studying the
leadership personalities covered in the book an analysis of
leadership across the world considers several types of
regimes authoritarian leaders in non democratic and
democratic societies authoritarian mixed types flexible and
pragmatic types and those who combine flexibility with

delegation the text concludes by comparing leaders across
time and location discussing interaction between specific
heads of state leaders profiled include nelson mandela kofi
annan saddam hussein vclav havel angela merkel and
emperor hirohito among others

with more in depth coverage of current political
controversies than any other reference guide political
handbook of the world 2012 is the most authoritative source
for finding complete facts and analysis on each country s
governmental and political makeup

the political handbook of the world by tom lansford provides
timely thorough and accurate political information with more
in depth coverage of current political controversies than any
other reference guide the updated 2020 2021 edition will
continue to be the most authoritative source for finding
complete facts and analysis on each country s governmental
and political makeup compiling in one place more than 200
entries on countries and territories throughout the world this
volume is renowned for its extensive coverage of all major
and minor political parties and groups in each political
system the political handbook of the world 2020 2021 also
provides names of key ambassadors and international
memberships of each country plus detailed profiles of more
than 30 intergovernmental organizations and un agencies and
this update will aim to include coverage of current events
issues crises and controversies from the course of the last
two years

based on extensive archival research and fieldwork and the
culmination of more than two decades of study the three
yugoslavia is a major contribution to an understanding of
yugoslavia and its successor states

written during and after the persian gulf war this anthology
includes original research and in depth analysis of u s foreign
policy and its domestic repercussions the contributors look at
the war abroad and at home addressing race gender geo
politics ecology economics and the movement for peace and
justice

freedom in the world the freedom house flagship survey
whose findings have been published annually since 1972 is
the standard setting comparative assessment of global
political rights and civil liberties the survey ratings and
narrative reports on 195 countries and fourteen territories are
used by policymakers the media international corporations
civic activists and human rights defenders to monitor trends
in democracy and track improvements and setbacks in
freedom worldwide the freedom in the world political rights
and civil liberties ratings are determined through a multi
layered process of research and evaluation by a team of
regional analysts and eminent scholars the analysts used a
broad range of sources of information including foreign and
domestic news reports academic studies nongovernmental
organizations think tanks individual professional contacts
and visits to the region in conducting their research the
methodology of the survey is derived in large measure from

the universal declaration of human rights and these standards are applied to all countries and territories irrespective of geographical location ethnic or religious composition or level of economic development

today the most dangerous place on earth is arguably the taiwan strait where a war between the united states and china could erupt out of miscalculation misunderstanding or accident how and to what degree taiwan pursues its own national identity will have profound ramifications in its relationship with china as well as in relations between china and the united states events late in 2004 demonstrated the volatility of the situation as taiwan s legislative elections

unexpectedly preserved a slim majority for supporters of closer relations with china beijing nevertheless threatened to pass an anti secession law apt to revitalize pro independence forces in taiwan and make war more likely taking change as a central theme these essays by prominent scholars and practitioners in the arena of u s taiwan chinese relations combine historical context with timely analysis of an accelerating crisis the book clarifies historical developments examines myths about past and present policies and assesses issues facing contemporary policymakers moving beyond simplistic explanations that dominate discussion about the u s taiwan china relationship dangerous strait challenges common wisdom and approaches the political economic and strategic aspects of the cross strait situation anew the result is

a collection that provides fresh and much needed insights into a complex problem and examines the ways in which catastrophe can be avoided the essays examine a variety of issues including the movement for independence and its place in taiwanese domestic politics the underlying weaknesses of democracy in taiwan and the significance of china and taiwan s economic interdependence in the security arena contributors provide incisive critiques of taiwan s incomplete military modernization strains in u s taiwan relations and their differing interpretations of china s intentions and the misguided inclination among some u s policymakers to abandon washington s traditional policy of strategic ambiguity
