leadership and crime siamese twins in africa is a work that examines the festering woes of black africa in the quality of leadership it has had across the board since the departure of european colonizers from its individual countries using nigeria the country with the highest population and the largest economy on the continent as a case study it identifies the respective areas of leadership failure by indigenous leader but not without highlighting the self serving groundwork laid by departing colonizers to safeguard long term strategic interests with zero thought of the future of the indigenes the resultant impact of conflicts dictatorship and self enrichment to the detriment of the vast suffering masses is clearly showcased in this sober matter of fact presentation

iran and all muslim countries are in the news this book offers insights into issues facing america today

this book investigates how uyghur related violent conflict and uyghur ethnic minority identity religion and the xinjiang region more broadly became constituted as a terrorism problem for the chinese state building on securitization theory critical terrorism studies cts and the scholarly definitional debate on terrorism it develops the concept of terroristization as a critical analytical framework for the study of

historical processes of threat construction investigating the violent events reported in xinjiang since the early 1980s the evolving discursive patterns used by the chinese state to make sense of violent incidents and the crackdown policies that the official terrorism discourse has legitimized the book demonstrates how the securitization and later terroristization of xinjiang and the uyghurs is the result of a discursive and political choice of the chinese state the author reveals the contingent and unstable nature of such construction and how it problematizes the inevitability of the rationale behind china s war on terror that has prescribed a brutal crackdown as the most viable approach to governing the tensions that have historically characterized china s rule over the turkic muslim ethnic minorities in xinjiang this book will be of interest to scholars and students of the politics of contemporary china security and ethnic minority issues international relations and security as well as those adopting discursive approaches to the study of security notably those within the critical security and terrorism studies fields

since his election president mahmoud ahmadinejad of iran has reversed the more moderate and pluralistic policies of his predecessor and projected himself onto the public scene with headline grabbing speeches regarding jews and the state of israel open defiance of the un security council on the nuclear issue and an apparent vision of his country becoming the dominant power in the middle east this book documents ahmadenijad s background and rise to power it explains

the current structure of the iranian revolutionary government the competing centers of power and the major players in separate sections it details the terrorist groups funded and armed by iran primarily hezbollah and hamas and it provides a comprehensive picture of iran s apparent aspirations to acquire nuclear weapons as well as the related implications for regional and global security concerns iran s nuclear ambitions are in direct conflict with the wishes of the united states the european union and many of the governments of the middle east leading to consequences that remain uncertain iran is a focus of attention in the most recent war in lebanon expanding its influence as a the major supporter and supplier of hezbollah and iran is cited in the most recent annual u s state department report on terrorism as the country that is the most active sponsor of terrorism

this deeply researched book offers a comprehensive analysis of the domestic politics and international consequences of trump s foreign policy mel gurtov provides detailed case studies of policy toward key countries and regions including china russia north korea europe and the middle east he makes a vigorous argument centered on human interest priorities and values for rejecting a foreign policy of neglect and ineptness when it comes to the major issues of our times climate change china s rise multiple us wars human rights authoritarian leadership and nuclear weapons gurtov argues that trump is a nationalist and illiberal populist whose policy views have been molded chiefly by his business practices leading to an

obsession with winning elevation of ego and loyalty over expertise and preference for threats over diplomacy trump holds to a few simple ideas about the us role in the world too expensive too subject to other countries and institutions and too influenced by globalist concerns such as democracy climate crisis human rights and the rule of law trump will leave a deeply negative mark on the reputation and credibility of the united states and on its policy making process but gurtov concludes that a liberal successor should be able to reverse the worst features of the trump era and restore foreign policy to its true purpose exemplifying america s commitment to humane and democratic governance and cooperative economic relations with allies and economic partners

after a long secret military buildup china launches a swift and deadly attack on taiwan but that s only their first move in a much deadlier game in rick campbell s thrilling empire rising xi ang chenglei chinese president and party secretary has both a problem and a plan the problem is that china s limited supply of oil is threatening to derail its economic growth and prosperity having failed to win access to a greater supply diplomatically he sets his backup plan in motion and what is war but diplomacy by other means the u s pacific fleet is the major military force in the area and when taiwan is invaded the fleet is sent in to repel the invading chinese

forces the u s military expects it to be an easy operation but after a decades long top secret buildup china has military capabilities far greater than the united states is aware of with hidden batteries of long range missiles advanced cyber warfare capabilities and a submarine fleet wielding a secret weapon china is able to overwhelm the american fleet in fact china all but wipes out the u s pacific fleet leaving them free to turn to their real objective invasion and expansion across asia starting with the four main islands of japan while the atlantic fleet surges westward to defend its allies and respond to the destruction of their counterparts it falls to an unlikely alliance of three people to stop this incursion and prevent an all but inevitable global war national security advisor christine o connor has critical information but she s trapped in beijing captain murray wilson commanding officer of the submarine uss michigan must somehow infiltrate the chinese submarine blockade and navy seal jake harrison must lead a strike team into the most hostile of territories with only hours to implement the most daring plan ever

in the late 1970s the united states often seemed to be a superpower in decline battered by crises and setbacks around the globe its post world war ii international leadership appeared to be draining steadily away yet just over a decade later by the early 1990s america s global primacy had been reasserted in dramatic fashion the cold war had ended with washington and its allies triumphant democracy and free markets were spreading like never before the united states was now enjoying its

unipolar moment an era in which washington faced no near term rivals for global power and influence and one in which the defining feature of international politics was american dominance how did this remarkable turnaround occur and what role did u s foreign policy play in causing it in this important book hal brands uses recently declassified archival materials to tell the story of american resurgence brands weaves together the key threads of global change and u s policy from the late 1970s through the early 1990s examining the cold war struggle with moscow the rise of a more integrated and globalized world economy the rapid advance of human rights and democracy and the emergence of new global challenges like islamic extremism and international terrorism brands reveals how deep structural changes in the international system interacted with strategies pursued by jimmy carter ronald reagan and george h w bush to usher in an era of reinvigorated and in many ways unprecedented american primacy making the unipolar moment provides an indispensable account of how the post cold war order that we still inhabit came to be

this book first published in 1993 is an analytical review that discusses the changes in the international security policies of the usa and ussr at the end of the cold war as well as the main events that occurred in the area of arms control a distinctive feature of this work is the detailed analysis of competing russian views concerning arms control agreements and russian military reforms

mit diesem buch erhalten sie das e book inklusive jack welch ist die größte lebende managementlegende general electric wurde unter seiner führung eines der erfolgreichsten unternehmen der welt in winning gibt er sein fundiertes wissen weiter handfeste erprobte und garantiert wirksame methoden die ihn bis heute weltweit einflussreich machen welch verrät was zu tun ist um als manager außergewöhnlich erfolgreich zu werden sie werden nie wieder ein anderes managementbuch benötigen warren buffett

in recent decades international courts have increasingly started investigating armed conflicts however the impact of this remains under researched patrick s wegner closes this gap via a comprehensive analysis of the impact of the international criminal court in the darfur and lord s resistance army conflicts he offers a fresh approach to peace and conflict studies while avoiding the current quantitative focus of the literature and polarisation between critics and supporters of applying justice in conflicts this is the first time that the impact of an international criminal court has been analysed in all its facets in two conflicts the consequences of these investigations are much more complex and difficult to predict than most of the existing literature suggests recurrent claims such as the deterrent effect of trials and the danger of blocking negotiations by the issuing of arrest warrants are put to the test here with some surprising results

the best comprehensive account in print dawning of the cold war draws on a vast

amount of cold war scholarship to examine the issues and forces that shaped the east west confrontation in the years after world war ii the most satisfactory narrative history we now have of how the cold war came about in europe john lewis gaddis american historical review

this book brings together for the first time the work of many of the leading scholars in the field of middle east working class history using historical material from nineteenth century syria late ottoman anatolia republican turkey egypt from the late nineteenth century through the sadat period iran before and after the overthrow of the shah and ba thist iraq the authors explore different forms and interpretations of working class identity action and organization as expressed in language culture and behavior in addition they examine different narratives of labor history and the place of workers in their respective national histories included are articles by feroz ahmad assef bayat joel beinin edmund burke iii dipesh chakrabarty eric davis ellis goldberg kristin koptiuch zachary lockman marsha pripstein posusney donald quataert and sherry vatter the book provides not only an introduction to the state of the field in middle east working class history but also demonstrates how that field is being influenced by the new paradigms which are transforming labor history and social history more broadly worldwide it also opens the way for fruitful comparisons among middle eastern countries and between the middle east and other parts of the world

andy park offers personal experience practical advice and inspiring ideas for worship leaders focusing always on the importance of developing a mature spiritual life in god

this book provides the first national study of this intense and challenging struggle which disrupted and refashioned institutions in almost every state it also illuminates the context for one of the most transformative educational movements in american history through a history of black higher education and black student activism before 1965

the last four decades have been shaped by the rise of islamist politics across significant swathes of the globe whether by gun or by ballot box various islamist movements from as far and wide as the malian desert and indonesia s archipelagos have sought to obtain power and govern territories in a bid to revive an islamic ancien regime with the regional privations produced by the war on terror and the political unrest following 2011 s arab uprisings the global march of islamism has only accelerated in the twenty first century building on an established literature on rebel governance the rule is for none but allah examines fifteen cases from around the world to consider the different ways islamists have approached and implemented governance the challenges they have faced and how they have responded to obstacles it brings new detail and insights on a wide range of themes including legitimacy constitutionality and social welfare activism from the rise and fall of egypt s

muslim brotherhood to islamic state s attempts to create its own currency to the dramatic return of the taliban in afghanistan this edited volume from two leading scholars of contemporary terrorism assembles an enviable array of international experts to explore these pressing issues

a finalist for the 2022 edgar award a washington post best nonfiction book of the year a vivid deeply researched account of the tumultuous life of one of the twentieth century s greatest novelists the author of the end of the affair one of the most celebrated british writers of his generation graham greene s own story was as strange and compelling as those he told of pinkie the mobster harry lime or the whisky priest a journalist and mi6 officer greene sought out the inner narratives of war and politics across the world he witnessed the second world war the vietnam war the mau mau rebellion the rise of fidel castro and the guerrilla wars of central america his classic novels including the heart of the matter and the quiet american are only pieces of a career

that reads like a primer on the twentieth century itself the unquiet englishman braids the narratives of greene s extraordinary life it portrays a man who was traumatized as an adolescent and later suffered a mental illness that brought him to the point of suicide on several occasions it tells the story of a restless traveler and unfailing advocate for human rights exploring troubled places around the world a man who struggled to believe in god and yet found himself described as a great catholic writer it reveals a private life in which love almost always ended in ruin alongside a larger story of politicians battlefields and spies above all the unquiet englishman shows us a brilliant novelist mastering his craft a work of wit insight and compassion this new biography of graham greene the first undertaken in a generation responds to the many thousands of pages of letters that have recently come to light and to new memoirs by those who knew him best it deals sensitively with questions of private life sex and mental illness and sheds new light on one of the foremost modern writers
