this work is an important contribution to the civil society debate in africa and to the global literature on dissent

the encyclopedia of humor a social history explores the concept of humor in history and modern society in the united states and internationally this work s scope encompasses the humor of children adults and even nonhuman primates throughout the ages from crude jokes and simple slapstick to sophisticated word play and ironic parody and satire as an academic social history it includes the perspectives of a wide range of disciplines including sociology child development social psychology life style history communication and entertainment media readers will develop an understanding of the importance of humor as it has developed globally throughout history and appreciate its effects on child and adult development especially in the areas of health creativity social development and imagination this two volume set is available in both print and electronic formats features benefits the general editor also serves as editor in chief of humor international journal of humor research for the international society for humor studies the book s 335 articles are organized in a to z fashion in two volumes approximately 1 000 pages this work is enhanced by an introduction by the general editor a foreword a list of the articles and contributors and a reader s guide that groups related

entries thematically a chronology of humor a resource guide and a detailed index are included each entry concludes with references further readings and cross references to related entries the index reader s guide themes and cross references between and among related entries combine to provide robust search and browse features in the electronic version this two volume a to z set provides a general non technical resource for students and researchers in such diverse fields as communication and media studies sociology and anthropology social and cognitive psychology history literature and linguistics and popular culture and folklore

this book is about people whose beliefs and affiliations have opposed powerful interests in the present day united states this eclectic group of people and controversial issues from climate change scientists who have been censored by the bush administration to muslims accused of terrorism have one thing in common all of them straddle the limits of what noam chomsky has called permissible debate as defined by dominant political and economic institutions and individuals the central thesis is that restriction of free inquiry is harmful to our culture because it inhibits the search for knowledge johansen presents case studies in the borderlands of free speech in a jeffersonian cast an intellectual framework assuming that open debate even of unpopular ideas is essential to accurate perception of reality this book is about people whose ideological circumstances have found them opposing established beliefs in our times scholars advocating the palestinian cause in a very hostile intellectual environment for example as well as climate scientists defending themselves against the de funding of their laboratories by defenders of fossil fuel interests opponents of creation science under assault for teaching what once was regarded as household variety biology a k a darwinism marxists in a political system dominated by neoconservatives the central thesis that unites this diverse array of controversies is that shutting down free inquiry most notably for points of view deemed unpopular dumbs us all down by restraining the search for knowledge which demands open inquiry we have been told when going to war as in iraq that freedom isn t free the unstated assumption being that our armed forces are fighting and dying to safeguard our civil rights at home and abroad during recent years however freedom to inquire and debate without retribution has been under assault in the united states this assault has been carried out under a distinctly orwellian cast under newspeak titles such as the patriot act parts of which might as well be described more honestly as the restriction of freedom of inquiry act the information gathered here will interest and probably anger anyone who is concerned with protecting robust free inquiry in a nation that takes seriously its freedom to speak out and to define truth through open debate

examining the perishable nature of the history of women s lives

irony humour and the comic play vital yet under appreciated roles in kierkegaard s thought focusing upon the concluding unscientific postscript this book investigates these roles relating irony and humour as forms of the comic to central kierkegaardian themes how does the comic function as a form of indirect communication what roles can irony and humour play in the infamous kierkegaardian leap do certain forms of wisdom

depend upon possessing a sense of humour and is such a sense of humour thus a genuine virtue

seventeen essayists study this enigmatic author's works not in the traditional style in which they were first reviewed but rather through a range of contemporary interpretations that resituate Barnes in the context of literary theory and feminist revisions of modernism paper edition unseen 13 95 annotation copyrighted by book news inc portland or

master book of humorous illustrations is life in america many years ago work was hard life was simple laughter was free story tellers were more numerous then since there weren't any tv's or movie houses people flocked to hear good orators whether given by a preacher a politician or a grandstand speaker at a county fair their waxing eloquence usually included funny stories people liked to laugh they still do our parents and grandparents grew up with this type of humor they'll be glad to see it again i'm only 49 and much of it made me chuckle some of it even makes me laugh out loud enjoy ken alley

modern poetry at least according to the current consensus is difficult and often depressing but as humor in modern american poetry shows modern poetry is full of humorous moments from comic verse published in popular magazines to the absurd juxtapositions of the cantos the essays in this collection show that humor is as essential to the serious work of William Carlos Williams as it is to the light verse of Phyllis McGinley for the writers in this volume the point of humor is not to provide comic relief a brief counterpoint to the poem's more serious themes humor is central to the poem's projects these poets use humor to claim their own poetic authority to re-define literary tradition to show what audience they are writing for to make political attacks and perhaps most surprisingly to promote sympathy among their readers the essays in this book include single author studies discussions of literary circles and theories of form taken together they help to begin a new conversation about modernist poetry one that treats its lighthearted moments not as decorative but as substantive humor defines groups and marks social boundaries but it also leads us to transgress those boundaries it forges ties between the writer and the reader blurs the line between public and private and becomes a spur to self-awareness

we cannot really love anybody with whom we never laugh and this is true of our relationship with god thomas aquinas spoke of the sin of having too little laughter as well as the danger of having too much while martin luther said if you're not allowed to laugh in heaven i don't want to go there having a sense of humour is essential for maturity in faith and holiness but sadly the role that laughter plays in life and spirituality have often been neglected laughter and the grace of god restores laughter to its central place in christian spirituality and theology by examining its role in scripture and highlighting its presence in unexpected places including the story of abraham and the formation of the covenant and the tragedy of job laughter can be found in the incarnation the resurrection and even the crucifixion jesus is himself the great laugh maker and it is nothing less than

a participation in the life and love of god

in this collection of prose writings one of america s foremost poets and feminist theorists reflects upon themes that have shaped her life and work at issue are the politics of language the uses of scholarship and the topics of racism history and motherhood among others called forth by rich as part of the effort to define a female consciousness which is political aesthetic and erotic and which refuses to be included or contained in the culture of passivity

this book occurs at the intersection of philosophy critical theory psychoanalysis and the visual arts each chapter looks at art produced in various traumatogenic cultures detention centres post holocaust film autobiography and many more other chapters look at the juarez femicides the production of collective memory of makeshift memorials acts of forgiveness and contemporary forms of trauma the book proposes new ways of thinking trauma foregrounding the possibility of healing and the task that the critical humanities has to play in this healing where is its place in an increasingly terror haunted world where personal and collective trauma is as much of an everyday occurrence as it is incomprehensible what has become known as the classical model of trauma has foregrounded the unrepresentability of the traumatic event new revisionist approaches seek to move beyond an aporetic understanding of trauma investigating both intersubjective and intrasubjective psychic processes of healing traumatic memory is not always verbal and iconic forms of communication are part of the arts of healing

very few studies have examined the worldview of the anishinaabeg from within the culture itself and none have explored the anishinaabe worldview in relation to their efforts to maintain their culture in the present day world this book fills that gap focusing mainly on the minnesota anishinaabeg lawrence gross explores how their worldview works to create a holistic way of living however as gross also argues the anishinaabeg saw the end of their world early in the 20th century and experienced what he calls postapocalypse stress syndrome as such the book further explores how the values engendered by the worldview of the anishinaabeg are finding expression in the modern world as they seek to rebuild their society

research elucidating the developmental processes in black children and youths schooling and educative experiences is increasing e g carter andrews et al 2019 daneshzadeh sirrakos 2018 jackson howard 2014 neal jackson 2018 yet the notion of freedom dreaming in relation to black children and youth has received less attention within the fields of education and psychology we draw from u s historian professor robin d g kelley s concept of freedom dreaming to illuminate not only what we are fighting against in the education of black youth e g racial bias and discrimination unfair disciplinary practices and criminalization and black youths overrepresentation in special education and underrepresentation in gifted and talented programs but also what we are fighting for liberatory educational praxis that build on black youths individual and cultural strengths in the

current call freedom dreaming refers to 1 actively uplifting the complex lives and stories of black children and youth in educational settings 2 elevating black children and youths intersectional experiences related to ability gender identity sexuality age and socio economic class and 3 highlighting the innovative work of scholars who understand and value community power in efforts to advance educational change we draw on dr bettina love s 2019 call for educational freedom wherein she states the practice of abolitionist teaching is rooted in the internal desire we all have for freedom joy restorative justice restoring humanity not just rules and to matter to ourselves our community our family and our country with the profound understanding that we must demand the impossible by refusing injustice and the disposability of dark children p 7

humor in the gospels is the most comprehensive resource on gospel humor to date terri bednarz reviews and critiques a 150 years of biblical scholarship on the subject from little known journal articles and out of print books to the most well respected classical works of today she covers a range of scholarly discussions on the various forms and functions of gospel humor from frivolity to witty allusions to satirical barbs she examines the barriers of associating humor with the gospel depictions of jesus the difficulties of identifying humor in ancient biblical texts and the advances of literary contextual and rhetorical approaches to recognizing gospel humor this important work includes an extensive bibliography for further study of gospel humor in particular and biblical humor in general

winner of the 2011 ursula gielen global psychology book award this award is presented by apa division 52 to the authors or editors of a book that makes the greatest contribution to psychology as an international discipline and profession this international volume offers new perspectives on social and psychological aspects of depression the twenty one contributors hailing from thirteen countries represent contexts with very different histories political and economic structures and gender role disparities authors rely on silencing the self theory which details the negative psychological effects that result when individuals silence themselves in close relationships and the importance of social context in precipitating depression specific patterns of thought on how to achieve closeness in relationships self silencing schema are known to predict depression this book breaks new ground by demonstrating that the link between depressive symptoms and self silencing occurs across a range of cultures silencing the self across cultures explains why women s depression is more widespread than men s and why the treatment of depression lies in understanding that a person s individual psychology is inextricably related to the social world and close relationships several chapters describe the transformative possibilities of community driven movements for disadvantaged women that support healing through a recovery of voice as well as the need to counter violations of human rights as a means of reducing women s risk of depression bringing the work of these researchers together in one collection furthers international dialogue about critical social factors that affect the rising rates of depression around the globe

this volume offers new perspectives on the ways in which migrants use storytelling practices and kinship formations in order to navigate and modify spaces of sovereignty and thus to re write narratives portraying them as helpless and passive victims it provides one of the first

investigations that assembles multidisciplinary contributions to look beyond individual acts of migrant agency and toward the entanglements of individual and collective agency formations of kinship structures and feelings expressions and representations of community and multiple belonging s the contributions explore the interplay between agency kinship and migration from various fields including sociology psychology philosophy border studies gender and queer studies postcolonial studies ecocriticism film and media studies and literary and cultural studies with a special focus on interdisciplinary narrative theory they address real and imagined assertions of migrant agency and kinship formations draw on empirical research interviews and accounts of lived experiences and analyze the role of narrative media and technologies in artistic literary and cinematic representations of migrant agency and kinship

lea espinoza garrido is a researcher and lecturer in the field of american studies at the university of wuppertal germany where she is also co chair of the narrative research group of the center for narrative research carolin gebauer is a postdoctoral researcher and lecturer in british literature and culture at the university of wuppertal germany and a board member of wuppertal s center for narrative research julia wewior is a researcher and lecturer in the field of american studies at the university of wuppertal germany where she is a board member of the center for narrative research

one of only three films to date to win academy awards in all five major categories the silence of the lambs marked a sea change in horror films when it debuted shifting the genre from teen slasher fare of the 1970s to the sophisticated psychological horror that characterizes acclaimed films today praised by some as the first true feminist thriller it has drawn criticism from others for perpetuating narratives of crimes against women and demonizing its queer character regardless of the controversy this film is a perennial favorite and even made it into afi s list of top 100 movies of all time in the silence of the lambs critical essays on a cannibal clarice and a nice chianti editor cynthia j miller compiles fifteen essays contributed by authors from a wide range of disciplines which are divided into three sections each approaching the film from a different vantage point situating the silence looks at the film in its cultural and historical context as an adaptation popular culture icon and as an element in genre and character history dissecting evil takes a closer look at portrayals of evil in the film in both hannibal lecter and buffalo bill and minds hearts and body parts offers critical explorations of gender patriarchy class orientalism and humor as lenses for continued contemporary analysis of this classic film written accessibly this collection of essays also introduces readers to forensics semantics and the psychology of serial killers the silence of the lambs critical essays on a cannibal clarice and a nice chianti will be of interest to scholars and fans of horror thriller and crime drama films as well as those interested in film history and the legacy of hannibal the cannibal in popular culture

mental illness affects millions of americans often those afflicted will develop substance abuse problems or will die from suicide surely there must be something the church can do to help timothy mulder explores how to effectively minister to those with mental illness in suffering in silence he considers questions such as how can you recognize someone who may potentially be struggling with mental illness why are those who suffer from

mental illness so often misunderstood why are churches well positioned to help people struggling with mental illness how can you best minister to those with mental illness join the author as he explores how to better understand mental illness so you may better minister to those who suffer from it

there are thousands of books that represent the holocaust but can and should the act of reading these works convey the events of genocide to those who did not experience it in textual silence literary scholar jessica lang asserts that language itself is a barrier between the author and the reader in holocaust texts and that this barrier is not a lack of substance but a defining characteristic of the genre holocaust texts which encompass works as diverse as memoirs novels poems and diaries are traditionally characterized by silences the authors place throughout the text both deliberately and unconsciously while a reader may have the desire and will to comprehend the holocaust the presence of textual silence is a force that removes the experience of genocide from the reader's analysis and imaginative recourse lang defines silences as omissions that take many forms including the use of italics and quotation marks ellipses and blank pages in poetry and the presence of unreliable narrators in fiction while this limits the reader's ability to read in any conventional sense these silences are not flaws they are instead a critical presence that forces readers to acknowledge how words and meaning can diverge in the face of events as unimaginable as those of the holocaust

this supportive guide offers practical strategies for those coping with the loss of a loved one to suicide the content weaves together gentle journaling exercises heartfelt personal stories and guidance from mental health professionals making it an approachable resource during the darkest times readers will discover step by step methods to handle overwhelming guilt manage unexpected emotional triggers and build long term resilience by blending real life narratives with clear compassionate insights this book provides a meaningful path for healing topics include recognizing hidden grief responses reframing internal dialogue and establishing a daily self care routine each chapter emphasizes the importance of community support both offline and online to show that hope and understanding can be found even in moments of deep sorrow filled with practical coping tools and insights grounded in research this book empowers survivors to find a renewed sense of purpose honor the memory of the person lost and rebuild a life of resilience

to get the resources and respect they need nurses have long had to be advocates for themselves and their profession not just for their patients for a decade from silence to voice has provided nurses with the tools they need to explain the breath and complexity of nursing work bernice buresh and suzanne gordon have helped nurses around the world speak up and convey to the public that nursing is more than dedication and caring it demands specialized knowledge expertise across a range of medical technologies and decision making about life and death issues nurses and nursing organizations they write must go out and tell the public what nurses really do so that patients can actually get the benefit of their expert care the comprehensively revised and updated third edition of from silence to voice will help nurses construct messages using a range of

traditional and new social media that accurately describe the true nature of their work because nurses are busy the communication techniques in this book are designed to integrate naturally into nurses everyday lives and to complement nurses work with patients and families

revolution not reform is required to release the power of teaching virtually all teachers possess tremendous power which can be released given the proper exposure we can't get to that point by tinkering with a broken system we must change our intellectual structures definitions and assumptions then we can release teacher power hilliard 1997 this book was written during a time of growing upheaval and disagreement about how america should educate its students particularly those who are poor diverse and failing school dominant educational research newspapers and popular movies such as waiting for superman continually fuel public debates about whether our 21st century schools provide justice for all decrease the achievement gap and leave no child behind however even though one of teachers greatest concerns and why many leave the profession classroom discipline is rarely brought to the forefront of discussion as a result public discourse does not get into what actually happens during disciplinary moments that ultimately leads to the disproportional tracking of particular students into exclusionary school disciplinary consequences which funnels an underclass of students into the school to prison pipeline this book is a scholarly study presented here as a readable story and practical guide for walking teachers administrators and teacher education programs through the process of transforming traditional ways of thinking about classroom discipline and teaching in order to create student centered creative non punitive classrooms that authentically engage the most alienated and oppressed students in our schools and society

this is the first ever book length collection of articles on the subject of prosody and humor the chapters are written by the recognized leaders in the field and present the cutting edge of the research in this new interdisciplinary field of study the book covers a broad range of languages using several theoretical approaches ranging from cognitive semantic theories to discourse analysis and anthropology all the contributions are anchored in instrumental empirical data analysis the topics covered range from humor in conversation to sitcom scripts from riddles to intonation jokes from irony in a laboratory setting to irony occurring in conversation from friends conversations in france to business meetings in rural brazil the unifying theme is the search for markers of the humorous or ironical intentions of the speakers or of the genre of interaction originally published in pragmatics cognition 19 2 2011 and 19 3 2011

for over a century through wars prohibition the automobile the airplane and final exams college students have always found something to laugh about and quite naturally most of the nonsense deals with the standard fare of liquor sex professors and academic pursuits in this collection of 100 years of college humor you will find the best and sometimes the worst of over 95 college magazines the material is arranged by decade and designed to resemble the look in type and layout of any college magazine which came out during those years this survey course in college humor traces campus wit from the early years through the wild twenties the depressed thirties the confused forties the who cares fifties and the critical

sixties hundreds of writers poets artists and thieves many of them anonymous are represented in this volume those who admitted authorship can be found in the index

winner of the 2006 critics choice award presented by the american educational studies association resting on the belief that educators must be at the center of informing education policy the contributors to this revised edition of the classic text raise tough questions that will both haunt and invigorate pre and in service educators as well as veteran teachers they explore the policies and practices of structuring exclusions they listen hard to youth living at the margins of race class ethnicity and gender and they wrestle with fundamental inequalities of space in order to educate for change written from the perspective of researchers policy analysts teachers and youth workers the book reveals a shared belief in education that could be and a shared concern about schools that currently reproduce class race and gender relations and privilege

liza long the author of *i am adam lanza's mother* as seen in the hbo documentary *a dangerous son* speaks out about mental illness like most of the nation liza long spent december 14 2012 mourning the victims of the newtown shooting as the mother of a child with a mental illness however she also wondered what if my son does that someday the emotional response she posted on her blog went viral putting long at the center of a passionate controversy now she takes the next step powerful and shocking the price of silence looks at how society stigmatizes mental illness including in children and the devastating societal cost in the wake of repeated acts of mass violence long points the way forward

librarians around the country are currently on a battleground defending their right to purchase and circulate books dealing with issues of race and systemic racism despite this work the library community has often overlooked even ignored its own history of white supremacy and deliberate inaction on the part of white librarians and library leadership author wayne a wiegand takes a crucial step to amend this historical record in *silence or indifference racism and jim crow segregated public school libraries* analyzes and critiques the world of professional librarianship between 1954 and 1974 wiegand begins by identifying racism in the practice and customs of public school libraries in the years leading up to the *brown v board of education* decision this culture permeated the next two decades as subsequent supreme court decisions led to feeble and mostly unsuccessful attempts to integrate jim crow public schools and their libraries during this same period the profession was honing its national image as a defender of intellectual freedom a proponent of the freedom to read and an opponent of censorship still the community did not take any unified action to support brown or to visibly oppose racial segregation as black school librarians and their black patrons suffered through the humiliations and hostility of the jim crow educational establishment the american library community remained largely ambivalent and silent the book brings to light a distressing history that continues to impact the library community its students and its patrons currently available school library literature skews the historical perspective that informs the present in *silence or indifference* is the first attempt to establish historical accountability for the systemic racism contemporary school librarianship inherited in the twenty first century

public silence in policymaking can be deafening when advocates for a disadvantaged group decline to speak up not only are their concerns not recorded or acted upon but also the collective strength of the unspoken argument is lessened a situation that undermines the workings of deliberative democracy by reflecting only the concerns of more powerful interests but why do so many advocates remain silent on key issues they care about and how does that silence contribute to narrowly defined policies what can individuals and organizations do to amplify their privately expressed concerns for policy change in healthy voices unhealthy silence colleen m grogan and michael k gusmano address these questions through the lens of state level health care advocacy for the poor they examine how representatives for the poor participate in an advisory board process by tying together existing studies extensive interviews with key players and an in depth first hand look at the connecticut medicaid advisory board s deliberations during the managed care debate drawing on the concepts of deliberative democracy agenda setting and nonprofit advocacy grogan and gusmano reveal the reasons behind advocates often unexpected silence on major issues assess how capable nonprofits are at affecting policy debates and provide prescriptive advice for creating a participatory process that adequately addresses the health care concerns of the poor and dispossessed though exploring specifically state level health care advocacy for the poor the lessons grogan and gusmano offer here are transferable across issue areas and levels of government public policy scholars advocacy organizations government workers and students of government administration will be well served by this significant study

the volume offers new insights into the intricate theme of silence in greek literature especially drama even though the topic has received respectable attention in recent years it still lends itself to further inquiry which embraces silence s very essence and boundaries its applications and effects in particular texts or genres and some of its technical features and qualities the particular topics discussed extend to all these three areas of inquiry by looking into silence s possible role in the performance of epic and lyric its impact on the workings of praise poetry its distinct deployments in our five complete ancient novels aristophanic comic and otherwise silences the vocabulary of the unspeakable in tragedy the connections of tragic silence to power authority resistance and motivation female tragic silences and their transcendence against the background of male oppression or domination famous tragic silences as expressions of the ritualized isolation of the individual from both human and divine society the emerging insights are valuable for the broader interpretation of the relevant texts as well as for the fuller understanding of central values and practices of the society that created them

humour and religion highlights the importance and functioning of humour in different world religions exploring the major religious cultures the book looks at more constructive aspects to the relation between humour and religion with humour seen as a pathway to spiritual wisdom exploring how religions contain implicit references to the finitude and relativity of the human condition and why humour and spirituality fit well together contributors discuss what the meaning of humour in different religions is did it evolve historically how does it function how is humour

related to the realization of spiritual goals looking at religions from an external perspective the contributors then analyze the way religion interacts with humour in society how does a religion respond to sarcasm and irony are there limits to mockery and making fun of believers does humour have a pacifying effect when societal tensions run high or does it intensify the sensitivities this volume will provide essays of value to scholars in the various religions and literatures covered

this book fills a significant gap in the field by addressing the topic of absence in discourse it presents a range of proposals as to how we can identify and analyse what is absent and promotes the empirical study of absence and silence in discourse the authors argue that these phenomena should hold a more central position in the field of discourse and discuss these two topics at length in this innovative edited collection it will appeal to students and scholars interested in discourse analysis and critical discourse analysis

digital humour in the covid 19 pandemic perspectives from the global south offers a groundbreaking intervention on how digital media were used from below by ordinary citizens to negotiate the global pandemic humorously this book considers the role played by digital media during the pandemic and indeed in the socio political life of the global south as indispensable and revolutionary to human communication in many societies humour not only signifies laughter and frivolity but acts as an important echo that accompanies critiques questions disrupts agitates and comments on societal affairs and the human condition this book analyses citizens use of social media and humour to mediate the pandemic in a diverse range of countries including brazil india kenya nigeria south africa and zimbabwe the book will appeal to academics and students of media and communication studies political studies rhetoric and to policy makers

the distinctive prophetic quality of thomas merton s spirituality shaped by figures ranging from the hebrew prophets to thich nhat hanh emerges from this fresh examination of the works merton read responded to and celebrated in his own writing in the school of prophets examines the final decade of merton s life mainly through the lens of his journals and letters and helps to fill a gap in contemporary merton studies william blake and various latin american poets novelists boris pasternak albert camus and william faulkner existentialists søren kierkegaard and gabriel marcel monks of the egyptian desert and bernard of clairvaux number among those who helped shape merton s prophetic consciousness leading him to reexamine what it means to be both a human being and a contemplative monk of the twentieth century

choice 2015 outstanding academic title what do women academics classify as challenging inequitable or hostile work environments and experiences how do these vary by women s race ethnicity rank sexual orientation or other social locations how do academic cultures and organizational structures work independently and in tandem to foster or challenge such work climates what actions can institutions and individuals independently and collectively take toward equity in the academy despite tremendous progress toward gender equality and equity in

institutions of higher education deep patterns of discrimination against women in the academy persist from the chilly climate to the old boys club women academics must navigate structures and cultures that continue to marginalize penalize and undermine their success this book is a tool kit for advancing greater gender equality and equity in higher education it presents the latest research on issues of concern to them and to anyone interested in a more equitable academy it documents the challenging sometimes hostile experiences of women academics through feminist analysis of qualitative and quantitative data including narratives from women of different races and ethnicities across disciplines ranks and university types the contributors research draws upon the experiences of women academics including those with under examined identities such as lesbian feminist married or unmarried and contingent faculty and it offers new perspectives on persistent issues such as family policies pay and promotion inequalities and disproportionate service burdens the editors provide case studies of women who have encountered antagonistic workplaces and offer action steps best practices and more than 100 online resources for individuals navigating similar situations beyond women in academe this book is for their allies and for administrators interested in changing the climates cultures and policies that allow gender inequality to exist on their campuses and to researchers scholars investigating these phenomena it aims to disrupt complacency amongst those who claim that things are better or good enough and to provide readers with strategies and resources to counter barriers created by culture climate or institutional structures
