this volume examines the events of the sinai campaign of 1955 56 the suuez crisis and the sinai campaign were the final stage in a process rather than an autonomous episode

examining benjamin netanyahu s more than a decade long period as israel s prime minister this important book evaluates the domestic politics and foreign policy of israel from 2009 2019 this comprehensive study assesses israel s main political parties highlights the special position in israel of israel s arab russian and religious communities appraises netanyahu s stewardship of israel s economy and analyzes israel s foreign relations the scholars contributing to the volume are leading experts from both israel and the united states and represent a broad spectrum of viewpoints on israeli politics and foreign policy the case studies cover the likud party the non religious opposition parties such as labor meretz and yesh atid the arab parties the religious parties and the russian based yisrael b aliyah party and present analyses of the ups and downs of israel s relations with the united states the american jewish community iran europe the palestinians the arab world russia china india and turkey as well as israel s challenges in dealing with terrorism another highlight of the book is an assessment of netanyahu s leadership of the likud party which seeks to answer the question as to whether netanyahu is a pragmatist interested in a peace deal with the palestinians or an ideologue who wants israel to hold on to the west bank as well as all of jerusalem this volume will be of interest to readers who wish to understand

the dynamics of israel during benjamin netanyahu s time as prime minister and are interested in the history and politics of israel and the middle east

danny danon has been a vocal opponent of disengaging in the gaza strip and west bank and transforming the stalemate two state one state dialogue to include regional partners at times standing in direct opposition to his own party s leadership a well known and frequent speaker in the global arena he is the rising voice for a fresh movement toward nationalism among the generation of israelis currently coming to power here danon shares this vision with the world it is a bold and uncompromising stance in the face of attacks on israel s sovereignty by other middle eastern nations as the united states sends mixed signals of support to further its own goals in the region danon dissects the missteps and wrong turns that israel s politicians have taken in the past by working to appease the united states and not offend their neighbors instead of prioritizing their nation s own viability with electrifying zeal he tackles the challenges israel faces today to undo what he sees as a consequence brought on by years of acquiescence to us policy danon believes us pressure on israel is hurting israel and will do nothing to advance peace danon leads the charge toward a victorious future with an invitation for the united states and the middle east to participate in and not just dictate israel s international relations and policies as opposed to an israel cuckolded with an endless array of caveats toward those who would see it fall no stranger to controversy danon s unabashed insights are a welcome revelation in the current quagmire of middle

east international relations a leading speaker to both jewish groups and christian conservatives the la jewish journal says what danny says is what bibi is actually thinking for danny danon this is only the beginning

first published in 2002 routledge is an imprint of taylor francis an informa company

before 1967 israel had the overwhelming support of world opinion so long as israel s existence was in harmony with politically correct assumptions it was supported or at least accepted by the majority of progressive jews especially in the wake of the holocaust this is no longer the case the jewish divide over israel explains the role played by prominent jews in turning israel into an isolated pariah nation after their catastrophic defeat in 1967 arabs overcame inferiority on the battlefield with superiority in the war of ideas their propaganda stopped trumpeting their desire to eradicate israel instead in a calculated appeal to liberals and radicals they redefined their war of aggression against the jews as a struggle for the liberation of palestinian arabs the tenacity of arabs rejection of israel and their relentless campaign in schools universities churches professional organizations and above all the news media to destroy israel s moral image had the desired impact many jewish liberals became desperate to escape from the shadow of israel s alleged misdeeds and found a way to do so by joining other members of the left in blaming israeli sins for arab violence today jewish liberals rationalize violence against the innocent as resistance to the oppressor excuse arab extremism as the frustration of a wronged party and redefine eliminationist rhetoric and physical

assaults on jews as criticism of israeli policy israel s jewish accusers have played a crucial and disproportionate role in the current upsurge of antisemitism precisely because they speak as jews the essays in this book seek to understand and throw back the assault on israel led by such jewish liberals and radicals as tony judt noam chomsky george steiner daniel boyarin marc ellis israel shahak and many others its writers demonstrate that the foundation of the state of israel far from being the primal sin alleged by its accusers was one of the few redeeming events in a century of blood and shame

this title is part of uc press s voices revived program which commemorates university of california press s mission to seek out and cultivate the brightest minds and give them voice reach and impact drawing on a backlist dating to 1893 voices revived makes high quality peer reviewed scholarship accessible once again using print on demand technology this title was originally published in 1990

this war report provides detailed information on every armed conflict which took place during 2014 offering an unprecedented overview of the nature range and impact of these conflicts and the legal issues they created in part i the report describes its criteria for the identification and classification of armed conflicts under international law and the legal consequences that flow from this classification it sets out a list of armed conflicts in 2014 categorising each as international non international or a military occupation with estimates of civilian and military casualties in part ii each of these

conflicts are examined in more detail with an overview of the belligerents means and methods of warfare the applicable treaties and rules and any prosecutions for investigations into or robust allegations of war crimes part iii of the report provides detailed thematic analysis of key legal developments which arose in the context of these conflicts allowing for a more in depth reflection on cross cutting questions and controversies the report gives a full and accessible overview of armed conflicts in 2014 it should be the first port of call for everyone working in the field

defending the holy land is the most comprehensive analysis to date of israel s national security and foreign policy from the inception of the state of israel to the present author zeev maoz s unique double perspective as both an expert on the israeli security establishment and esteemed scholar of mideast politics enables him to describe in harrowing detail the tragic recklessness and self made traps that pervade the history of israeli security operations and foreign policy most of the wars in which israel was involved maoz shows were entirely avoidable the result of deliberate israeli aggression flawed decision making and misguided conflict management strategies none with the possible exception of the 1948 war of independence were what israelis call wars of necessity they were all wars of choice or worse folly demonstrating that israel s national security policy rested on the shaky pairing of a trigger happy approach to the use of force with a hesitant and reactive peace diplomacy defending the holy land recounts in minute by minute detail how the ascendancy of israel s security

establishment over its foreign policy apparatus led to unnecessary wars and missed opportunities for peace a scathing and brilliant revisionist history defending the holy land calls for sweeping reform of israel s foreign policy and national security establishments this book will fundamentally transform the way readers think about israel s troubled history zeev maoz is professor of political science at the university of california davis he is the former head of the graduate school of government and policy and of the jaffee center for strategic studies at tel aviv university as well as the former academic director of the m a program at the israeli defense forces national defense college cover photograph israel jerusalem western wall and the dome of the rock courtesy of corbis

despite the bitter conflict that divided jerusalem and damascus a fascinating process of indirect through the united states and tacit understandings emerged with regard to lebanon in the 1970s this derived largely from the israeli deterrence posture which held in check syrian military involvement in lebanon this book first published in 1987 traces the development of the israeli and syrian involvement in lebanon between 1975 and 1985 and of the deterrence dialogue which evolved between them it also places this dialogue within the larger context of the overall israeli syrian deterrence equation war and intervention in lebanon is a fascinating and relevant work of great value to those with an interest in international relations and middle eastern history politics and diplomacy

on the new york times best seller list for 12

weeks august 12 october 28 1990 this is a comprehensive history of israel s security establishment the authors celebrate successes like eichmann s capture but far more interestingly they do not shy away from examining the security services failures the book is riveting because israel s early intelligence feats still resonate in today s world the book makes valuable reading for anyone interested in israel s world wide plans to deal with matters affecting its security wall street journal the authors obviously found enough talkative sources to provide them with the remarkable case histories they describe here even though some of the israeli operatives sound boastful the book is not propaganda or disinformation while it is filled with many examples of how mossad pulled off major coups the authors are at pains to point out that the israelis sometimes goofed the authors flesh out stories that once made headlines with fresh material not all the israeli intelligence triumphs involved violence the israelis managed to outrun the c i a and all of western europe s spy agencies in getting their hands on a copy of nikita s khrushchev s secret speech in 1956 to a special communist party congress in moscow that exposed the horrors of the stalin era the story of the 1960 capture in buenos aires of adolf eichmann the nazi war criminal by mossad and shin bet israel s internal security agency is lovingly re created a high point of israeli intelligence came in 1967 during the six day war when foreknowledge of enemy positions and abilities paved the way for a rapid victory the astonishing rescue in 1976 by army commandos of hijacked passengers from entebbe airport in distant uganda gained

added respect for israel in the western world against the triumphs the authors balance these failures mossad s misjudgments in lebanon shin bet s killings of arab terrorists in captivity and the involvement of israel in the disarray of irangate in addition double agents were used in britain and caught there an american jonathan pollard was encouraged to spy and sell military secrets to israel and faulty intelligence resulted in misleading the government over the future of the occupied territories just as a palestinian uprising was beginning a highly revealing book new york times everything you wanted to know about israel s spies and secret services but were afraid to discover this comprehensive history and analysis of the israeli intelligence community offers many original insights into the secret psyche of the jewish state the book presents new information on some of israel s greatest intelligence coups and failures kirkus basing their work on interviews with former operatives and on declassified documents cbs news correspondent raviv and israeli journalist melman here produced a revealing critical history of the rise and decline of israel s vaunted security and intelligence arm publishers weekly a detailed history of israel s intelligence agencies washington post every spy a prince is by far the best book ever published on israel s intelligence community filled with new and fascinating information skillfully and intelligently written and above all bold and judicious in its assessments of the triumphs and failures of one of the most remarkable espionage organizations in the world san francisco chronicle a highly readable well organized portrait of the main israeli intelligence services every spy a prince

is a valuable balanced addition to the mushrooming literature about the world s second oldest profession newyorker

the development of israel s nuclear capacity controversy within the military elite implications for arab israeli relations and arms control in the region

4 live 9 10 10 the ransom of red chief 14 the mountains i call home 18 sora turning written words into on screen worlds sora 20 delicious ice cream 23 1 24 beat the heat staying cool without air conditioning 28 malala the girl who would not be silenced 32 tetris the game that conquered the world 36 the island of dreams 39 40 tiny fish big danger 45 translation practice 48 2 49 looking ahead to the olympic games 52 flight risk the threat of bird strikes 56 the legends of sanxiantai 58 melanin nature s sunscreen 62 64 65 72 77

on october 6 1973 israel s northern command was surprised by the thunder of cannon fire and the sight of dense black smoke a syrian force of 1 400 tanks supported by artillery and air power had attacked from the north while the egyptian military invaded the sinai peninsula in the south although israel ultimately prevailed the yom kippur war or ramadan war as it is known in arab countries shattered the illusion of israeli invincibility inside israel s command offers a definitive history of the northern

theater of this key conflict led by israel's foremost scholar of the war dani asher the contributors major general yitzhak hofi major general uri simchoni brigadier general avraham bar david and colonel hagai mann all held key positions during the fighting together they offer fresh insight into the pivotal battles that changed the course of the war as well as the disastrous effects of a flawed postwar evaluation that adversely affected the careers of several high ranking intelligence officials and the course of defense strategic planning thereafter featuring rare lists of the official citations of soldiers who were decorated for their performance in combat this seminal study contributes significantly to our understanding a troubled region back cover

from 1949 to 2000 moshe dayan yitzhak rabin ariel sharon and ehud barak conducted israel's successful and unsuccessful talks with its arab neighbors from the armistice negotiations to kissinger's shuttle diplomacy to camp david i and the egyptian israeli peace treaty and finally to the oslo peace process the four successful generals who became politicians are covered in four separate biographies which discuss the early life and military career of each subject and his subsequent political career two other military politicians yigal allon and ezer weizman are covered within these four biographies an overview of the phenomenon of military politicians in israel is given and an appendix compares it with similar experiences in south africa and the united states

the congressional record is the official record of the proceedings and debates of the united

states congress it is published daily when congress is in session the congressional record began publication in 1873 debates for sessions prior to 1873 are recorded in the debates and proceedings in the congress of the united states 1789 1824 the register of debates in congress 1824 1837 and the congressional globe 1833 1873

live by the sword portrays israel's struggle for existence in the holy land since becoming an independent jewish state in 1948 lieutenant colonel james rothrock draws on his military experience travels in the middle east and academic background to present an authentic picture of the jewish people's quest for a home in palestine their fight for survival against multiple arab invasions the hundreds of indiscriminate terrorist attacks and the ominous threats to their very existence today colonel rothrock identifies the immediate threat to israel's survival as the alliance of terror which consists of iran and syria and their terrorist surrogates hamas and hezbollah these purveyors of terror all have the common goal of destroying israel however rothrock warns that the greatest danger to israel's existence is iran's quest for nuclear weapons coupled with the threats by iran's leaders to annihilate israel he makes a convincing argument that iran's nuclear ambitions are propelling the region toward a cataclysmic conflagration that could involve israel iran arab states and even major world powers colonel rothrock is steadfast in his belief that the united states must stand resolutely with israel and take action to forestall military or political events that could lead to the destruction of our only true ally in the middle east

this exhaustive work offers readers at multiple levels key insights into the military political social cultural and religious origins of the arab israeli conflict the encyclopedia of the arab israeli conflict a political social and military history is the first comprehensive general reference encompassing all aspects of the contentious arab israeli relationship from biblical times to the present with an emphasis on the era beginning with world war i the encyclopedia of the arab israeli conflict goes beyond simply recapping military engagements in four volumes with more than 750 alphabetically organized entries plus a separate documents volume it provides a wide ranging introduction to the distinct yet inextricably linked arab and israeli worlds and worldviews exploring all aspects of the conflict the objective analysis will help readers understand the dramatic events that have impacted the entire world from the founding of modern israel to the building of the suez canal from the six day war to the camp david accords from the assassinations of anwar sadat and yitzhak rabin to the rise and fall of yasser arafat the 2006 palestinian elections and the israeli hezbollah war in lebanon

the yom kippur war was a watershed moment in israeli society and a national trauma whose wounds have yet to heal some four decades later in the years following the war many studies addressed the internal and international political background prior to the war attempting to determine causes and steps by political players and parties in israel egypt and the united states but to date there has been no comprehensive study based on archival materials and other primary sources

classified documents from that period have recently become available and it is now possible to examine in depth a crucial period in middle east history generally and israeli history in particular the authors provide a penetrating and insightful viewpoint on the question that lies at the heart of the israeli polity and military was an opportunity missed to prevent the outbreak of the yom kippur war the book provides surprising answers to long standing issues how did national security adviser henry kissinger succeed in torpedoing the efforts of the state department to bring about an interim agreement between israel and egypt in 1971 would that agreement have allowed israel to hold on to most of the sinai peninsula for many years and at the same time avert the outbreak of the war did golda meir reject any diplomatic initiative that came up for discussion in the years preceding the war was the white house s middle east policy throughout 1973 a catalyst for war breaking out

the middle east conflict be it between the state of israel and arab states or between jews and palestinians is a staple of international news utilizing both theoretical approaches and empirical evidence hemda ben yehuda and shmuel sandler argue that despite the recent upswing in violence particularly over the palestinian issue conflict has gradually been giving way since the 1970s to a more orderly regime of conflict management by integrating ethnonational theoretical literature into their analysis the authors move beyond the current international relations debate over the relative merits of realist neo realist approaches versus neo liberal institutional

approaches ethnic state disputes are the primary source for failing to terminate the arab israeli conflict

this book offers an in depth discussion of the israeli iranian conflict and its implications for the united states and arab states the main topic is israel s approach to handling iran and its partners given iran s ambitions including its plan to produce nuclear weapons the author explains the complexity of the iranian israeli arab triangle while offering suggestions on how the united states can assist israel in this matter the volume also contributes a unique point of view on events and military factors

in the battle for the streets of mosul in iraq drones in the hands of isis terrorists made life hell for the iraq army and civilians today defense companies are racing to develop the lasers microwave weapons and technology necessary for confronting the next drone threat seth j frantzman takes the reader from the midnight exercises with israel s elite drone warriors to the cia headquarters where new drone technology was once adopted in the 1990s to hunt osama bin laden this rapidly expanding technology could be used to target nuclear power plants and pose a threat to civilian airports in the middle east the us used a drone to kill iranian arch terrorist qasem soleimani a key iranian commander drones are transforming the battlefield from syria to libya and yemen for militaries and security agencies the main users of expensive drones the uav market is expanding as well there were more than 20 000 military drones in use by 2020 once the province of only a few militaries drones now being built in turkey china russia and smaller

countries like taiwan may be joining the military drone market it s big business too 100 billion will be spent over the next decade on drones militaries may soon be spending more on drones than tanks much as navies transitioned away from giant vulnerable battleships to more agile ships the future wars will be fought with drones and won by whoever has the most sophisticated technology

the experiment at philadelphia did einstein discover god if god created all things then who created god what was and happened before the big bang the philadelphia experiment was einsteins experiment in which he had not only discovered in 1943 the way to make things invisible and transport them at great speeds but also positively proven scientifically physically and spiritually that the almighty god exists he had literally discovered god that question is there a god thats been going through peoples minds for so long was discussed on the street corner talked about on the porch on a hot summers night and is now a proven fact yes there is a god did einstein in the philadelphia experiment make contact with ufo beings who gave him advance knowledge of all things which einstein later destroyed fearing what the world would do with that knowledge are the first fourteen chapters of this book about the advance knowledge einstein received does it reveal the deepest darkest secrets of god and satan and how the universe works does it answer these questions many have asked since the beginning of the world which is known as the mystery of god why am i here whats the true meaning of life how was everything created who are god and the devil if god created all

who created god if he is the first in creation where and how did he come into existence why does god allow evil in the world why do good things happen to bad people and bad things to good people why if we all came from adam and eve who were jewish are there gentiles are gentiles children of devils is that why the jews are gods chosen race why in the garden of eden was the knowledge of good on the tree forbidden how old is the earth why is god known as the trinity why have religions down through the ages done such evil what when and how did the big bang start what happened to satan who is he really and what did he do in the past what are his beliefs and ways what is he and god literally made of what is the meaning of the great pyramids and the sphinx is there scientific proof that god exists read this whole book for the answers to all these tough questions and be sure to read the introduction first before reading the rest of this book it will help you better understand this whole book

originally published in 1994 yair evron opens the book with an account of the development of israel's nuclear doctrine and the internal disagreements within the israeli political and strategic elite over how nuclear policy should be conducted there follows an analysis of the reactions from arab states and of how with the exception of iraq they have so far refrained from developing their own nuclear weapons

israel's military doctrine was aimed at defeating powerful arab militaries mostly those of egypt syria and jordan in the years 1948 1982 israel and arab states had a series of wars i.e. high intensity wars israel since

1948 also dealt with guerrilla and terror attacks since 1982 and mostly in the last 15 years israel faced hybrid forces hamas and hezbollah those groups are a mix between a conventional military and a guerrilla group israel fought against hezbollah in lebanon in 2006 and against hamas in the gaza strip mostly in two wars in 2008 2009 and in 2014 this book begins with explaining israel's national security policy then it focuses on how the idf israel defense forces had to adjust its doctrine and build up to confront hybrid forces by examining israel's air and the ground corps and major issues such as offense and defense infrastructure and manpower the idf can inflict heavy casualties and damages to a hybrid foe yet destroying the latter is a tall order because hezbollah and hamas are too elusive they hide inside populated areas etc however compared with past wars against arab states there is much less danger to israel let alone to its survival since even a coalition between hezbollah hamas and other groups can't defeat the idf furthermore since fighting a hybrid force is less demanding than running a high intensity war against an arab state then israel does not rely that much on the united states in receiving weapon systems ammunition and spare parts

russia's forceful re entry into the middle eastern arena and the accentuated continuity of soviet policy and methods of the 1960s and 70s highlight the topicality of this groundbreaking study which confirms the ussr's role in shaping middle eastern and global history this book covers the peak of the ussr's direct military involvement in the egyptian israeli conflict the head on clash between us armed israeli forces and some

20 000 soviet servicemen with state of the art weaponry turned the middle east into the hottest front of the cold war the soviet success in this war of attrition paved the way for their planning and support of egypt s cross canal offensive in the 1973 yom kippur war ginor and remez challenge a series of long accepted notions as to the scope timeline and character of the soviet intervention and overturn the conventional view that détente with the us induced moscow to restrain that a us moscow détente led to a curtailment of egyptian ambitions to recapture of the land it lost to israel in 1967 between this analytical rethink and the introduction of an entirely new genre of sources memoirs and other publications by soviet veterans themselves the soviet israeli war paves the way for scholars to revisit this pivotal moment in world history

john f kennedy entered the white house hoping to make america and the world a better and safer place in which to live through diplomacy he wanted to achieve a settlement of the east west tensions and to bring about a peaceful resolution to such issues as the israeli arab conflict although his provision of defensive hawk anti aircraft missiles in response to russian french and british arms sales to the arabs made him the first president to supply arms to israel kennedy feared both exacerbation of the arms race and the proliferation of nuclear weapons while he remained an honest and loyal friend to israel he also attempted to further america s relationship with the arab states and to encourage a settlement of the arab refugee issue kennedy was an independent thinker who learned how to rely upon his own best judgment and intelligence

rather than upon his father or officials like dean rusk or allen dulles kennedy ultimately agreed to regular consultations between israeli and american military personnel but he would not agree to a dual alliance nor would he allow america to become israel s main source of military equipment the author contends that it was this precarious and uncertain diplomatic and military situation that encouraged israel to develop its own defense industries and to investigate the possibilities of producing its own nuclear weapons systems

dramatic conclusion to the david shirazi series another new york times bestseller more than 200 000 sold damascus countdown is fantastic rosenberg always keeps me riveted rush limbaugh radio host all eyes are on the middle east israel has successfully launched a first strike on iran taking out all of their nuclear sites and six of their nuclear warheads and causing the twelfth imam to order a full scale retaliation u s president william jackson threatens to support a u n security council resolution condemning the jewish state for unprovoked and unwarranted acts of aggression meanwhile cia operative david shirazi has infiltrated the iranian regime and intercepted information indicating that two iranian nuclear warheads survived the attack and have been moved to a secure and undisclosed location in danger not only from the ongoing missile strikes on iran but also from the increasingly hostile and suspicious governments of multiple countries david and his team are in a race against time to find the remaining nuclear warheads before disaster strikes

this book is the most current and comprehensive book on the hunter yet published it provides up to date details of the serials and histories of each individual hunter aircraft operated by the raf rn and the 20 foreign air forces to present civilian ownership over the 56 years since its introduction it runs from the early prototypes right through to the two latest hunters with the uk military zz190 and zz191 and of course who could forget miss demeanour the book was written as an essential reference for the enthusiast aviation historian and modeler many unpublished and some very rare photos are included with details gathered from many original worldwide sources that span the entire life of the hunter with 640 pages containing over 400 photos and diagrams for the modeler there is every plastic resin or die cast model produced walk round and detail photos a comprehensive bibliography of books magazines websites and dvd s there are copies of the original specification and contract documents

in june 1967 israel which seemed on the verge of being annihilated by its arab neighbors took six days to redraw the middle eastern strategic map in one of the most dramatic reversals of fortune in modern times the success was over a decade in the making following the suez crisis with the israeli forces being radically changed to create an army and air force upon which the country would rely when it became obvious the international community would take no action to implement guarantees made after the events of 1956 the israeli forces were honed in low level clashes during the 1960s notably the water wars which the israelis did so much to provoke by contrast the arab

forces became complacent largely due to supplies of arms from the warsaw pact states with proper training this complacency could have been turned into military effectiveness but the arab forces were plagued by internal rivalries and high commands too often depending upon politically reliable officers rather than those who were militarily effective the egyptian forces were further undermined by their commitment to the debilitating yemen civil war which meant they were in no condition to confront israel syria and jordan whose forces could not fight the israelis alone complained loudly about president nasser s lack of action against israel nasser s decision in early 1967 to regain the prestige he had lost since the heady days of the suez crisis with a demonstration in the sinai peninsula was interpreted by the israelis as preparations for an invasion nasser did nothing to persuade them otherwise and when it was clear the international community would do nothing the israelis decided to strike egypt and in turn syria and jordan the israeli campaign was heralded by a massive surprise air attack first on the egyptians and then on the other neighboring states and ground offensives then followed in succession volume 1 of the june 1967 arab israeli six day war provides an in depth background to the long running confrontation between arab and jew in the middle east a detailed overview of the rival air forces that would become embroiled in the conflict and an account of the opening israeli air strikes against egyptian targets this volume is illustrated throughout with original photographs and includes specially commissioned full color aircraft profiles

since it was first published in 2006 this

concise overview of the making of the contemporary middle east has become essential reading for students and general readers who want to gain a better understanding of this diverse region writing for a wide audience mehran kamrava takes us from fall of the ottoman empire to today exploring along the way such central issues as the dynamics of economic development authoritarian endurance and the israel palestinian conflict for this new thoroughly revised edition he has brought the book fully up to date by incorporating events and issues of the past few years the modern middle east now includes information about the june 2009 iranian presidential elections and their aftermath changes precipitated so far by the obama administration israel s attack on gaza in 2008 the effects of globalization on economic development and more

this book looks at the way primarily external actors influenced and were influenced by the revolutionary chaos that erupted in the arab middle east in 2011 the arab revolutions radically altered the middle east dynamic and particularly the strategic standing of key actors both locally and globally the winners are leaders with strategic understanding of the region and a scheme for exploiting the chaos putin netanyahu and iran s qasem soleimani along with strikingly the very institution of arab monarchy the losers are the arab autocrats who were deposed in egypt libya and yemen the palestinians seemingly bypassed by the dynamic of arab revolution are also losers so are the american presidents bush 43 and obama whose disastrous strategic decision making catalyzed arab state fragmentation and opened the gates of the levant to iran s drive

for regional hegemony western democratic society suffered too from waves of islamist terrorism and the effects of muslim migration generated at least in part by arab chaos only in the case of two leaders was the jury still out by 2019 the effects of the high risk policies of saudi arabia s crown prince mohamed bin salman and the strategically incoherent policies of us president trump remain to be seen winners and losers in the arab spring takes a global look at a massive regional upheaval that is far from over it is an essential read for everybody interested in the arab revolutions middle east and international strategic affairs

the history of confessed lies from israel s secret service and its impact on the continued cover up of prime minister rabin s murder here we are blaming yigal amir but it is not that simple it s much deeper and more complicated dalia rabin filosof olam ha isha women s world november 1999 there is nothing sacred not in the verdict nor in the findings of investigation committees tom segev ha aretz october 1999

a fascinating insight into the dogfights that took place during the six day war complete with first hand accounts and fully illustrated throughout although the opposing forces of the six day war were both flying comparable third generation mach 2 jet fighters the pilots were trained to different standards and were expected to utilize different tactics using up to date research first hand accounts and specially commissioned artwork shlomo aloni tells the dramatic story of the dogfights in the skies over the middle east

in today s world we can point to many

international disputes and interstate conflicts fueled by past events historical resentments or memories of past suffering or fame are often used to justify political economic and even territorial demands inter state disputes and historical conflicts should be understood as evidence of political and social tensions related to active serious differences in the assessment of the common past the book explains the role of such conflicts in international relations and suggests ways of classifying them it presents examples of the internationally relevant instrumentalisation of history from different regions of the world and outlines ways of overcoming them

this in depth study of u s involvement in the modern middle east carefully weighs the interplay of domestic cultural religious diplomatic international and military events in one of the world s most troubled regions the monumental five volume the encyclopedia of middle east wars the united states in the

persian gulf afghanistan and iraq conflicts is a must have resource for anyone seeking to comprehend u s actions in this volatile region under the expert editorship of spencer c tucker the encyclopedia traces 20th and 21st century u s involvement in the middle east and south central asia concentrating on the last three decades beginning with the 1980 1988 iran iraq war it covers the 1979 1989 soviet occupation of afghanistan the 1991 persian gulf war allied punitive actions against iraq during the 1990s the afghanistan war the iraq war and the global war on terror many smaller military actions against iran iraq libya afghanistan and other regimes that have been involved in international terrorism are also included diplomacy religion as it pertains to middle east conflict and social cultural developments are other key subjects of analysis as is the interplay of politics with military policy in the united states and other nations involved in the region
