people are my landscape isiah berlin liked to say and nowhere is the truth of this observation more evident than in his letters he is a fascinated watcher of human beings in all their variety and revels in describing them to his many correspondents his letters combine ironic social comedy and a passionate concern for individual freedom his interpretation of political events historical and contemporary and his views on how life should be lived are always grounded in the

personal and his fiercest condemnation is reserved for purveyors of grand abstract theories that ignore what people are really like this second volume of berlin s letters takes up the story when after war service in the united states he returns to life as an oxford don against the background of post war austerity the letters chart years of academic frustration and self doubt the intellectual explosion when he moves from philosophy to the history of ideas his growing national fame as broadcaster and lecturer the publication of some of his best known works his election to a professorship and his reaction to knighthood these are the years too of momentous developments in his private life the bachelor don s loss of sexual innocence the emotional turmoil of his father s death his courtship of a married woman and transformation into husband and stepfather above all these revealing letters vividly display berlin s effervescent personality often infuriating but always irresistible

prosecuting the powerful isn t just compelling and very moving it has all the force of a well crafted thriller i literally couldn t stop reading it john simpson bbc world affairs editor a compelling account of a revolutionary moment in history philippe sands the spectator powerful timely and moving baroness helena kennedy kc a tour de force lindsey hilsum international editor channel 4 news guardian book of the day could we ever see vladimir putin in the dock for his crimes what about a western ally like benjamin netanyahu putting a country s leader on trial once seemed unimaginable but as steve crawshaw describes in prosecuting the powerful a blend of powerful eyewitness reporting and gripping history the possibilities of justice have been transformed crawshaw includes recent stories from the front lines of justice in ukraine israel palestine and at the hague as well as his earlier encounters with war criminals like slobodan milošević he tells the stories of those who have demanded protection for civilians and accountability for war criminals from the swiss businessman who is the reason why we have the geneva conventions today and the prosecutors at nuremberg to the syrian police photographer who helped put one of bashar al assad s torturers behind bars he also follows the extraordinary unfolding story of two of the world s most powerful and well connected leaders currently under indictment at the international criminal court in the hague from gaza to bucha and beyond survivors seek justice for the crimes committed against them but for that to happen governments must finally abandon their double standards and have the courage to support prosecutions of those who commit atrocities whether opponents or allies for all the current darkness this is a historic opportunity the scales of justice can and must be balanced now is the moment
