despite the increasing volume of scholarship that shows children as political actors prior to this book a cohesive framework was lacking that would more fully examine and express children's relationship with political power rather than simply hitching children's resistance to standard theories of resistance heidi morrison seeks to meet

children on their own terms through the case study of palestinian children contributors theorize children's resistance as an embodied experience called lived resistance a critical aspect of the study of lived resistance is not just documenting what children do but specifically how scholars approach the topic of children's resistance with lived resistance against the war on palestinian children the authors account for the vessel i e the body in flesh and mind through which such resistance generates and operates the diverse group of chapter authors examine palestinian children's art and media imprisonment parenting experiences bereavement neoliberalism refugee camps and protest movements as aspects of their collective and individual political power through these outlets the book shows consistencies and contends that these children's relationship to political power operates from an inclusive

model of citizenship and is social justice oriented symbolically oriented and contingently based

you've got to learn when to throw your punches when they least expect it there's no use flailing in the dark this is where battles are waged and wars won saeed is a bookseller in nablus his father khalil is a property developer they're just an ordinary family quietly building a new palestine until one day saeed is arrested and thrown into gaol ashis future disappears saeed finds that the answer to his problems may lie in the past and in the secrets his father has kept from him since the israeli occupation in 1967 palestine has become a nation of prisons up to 40% of the male population have been detained under military orders virtually every family has seen at least one relative put behind bars and entire generations have grown up facing

the prospect of the cell with the release of political prisoners a key part of the current peace process the keepers of infinite space explores the dynamics of the israeli prison system to reveal its fraught legacy for israelis and palestinians alike

this book offers an evaluation of female suicide bombers through postcolonial third world feminist and human rights framework drawing on case studies from conflicts in palestine sri lanka and chechnya among others women suicide bombers explores why cultural media and political reports from various geographies present different information about and portraits of the same women suicide bombers the majority of western media and sovereign states engaged in wars against groups deploying bombings tend to focus on women bombers abnormal mental

conditions their physicality for example their painted fingernails or their beautiful eyes their sexualities and the various ways in which they have been victimized by their backward third world cultures especially by islam in contrast propaganda produced by rebel groups deploying women bombers cultures supporting those campaigns and governments of those nations at war with sovereign states and western nations tend to project women bombers as mythical heroes in ways that supersedes the martyrdom operations of male bombers many of the books published on this phenomenon have revealed interesting ways to read women bombers subjectivities but do not explore the phenomenon of women bombers both inside and outside of their militant activities or against the patriarchal orientalist and western feminist cultural and theoretical frameworks that label female bombers primarily as victims of

backward cultures in contrast this book offers a corrective lens to the existing discourse and encourages a more balanced evaluation of women bombers in contemporary conflict this book will be of interest to students of terrorism gender studies and security studies in general

in this book hedi viterbo radically challenges our picture of law human rights and childhood both in and beyond the israel palestine context he reveals how israel rather than disregarding international law and children s rights has used them to hone and legitimize its violence against palestinians he exposes the human rights community s complicity in this situation due to its problematic assumptions about childhood its uncritical embrace of international law and its recurring emulation of israel s security discourse he examines how and to what effect

both the state and its critics manufacture shape and weaponize the categories child and adult bridging disciplinary divides viterbo analyzes hundreds of previously unexamined sources many of which are not publicly available bold sophisticated and informative problematizing law rights and childhood in israel palestine provides unique insights into the ever tightening relationship between law children s rights and state violence at both the local and global levels

110th congress 2nd session jacket 41 228pdf or 41 228 pdf the promotion of human rights is an essential piece of our foreign policy this effort will be a global one that reaches beyond government alone the reports in this volume will be used as a resource for shaping policy conducting diplomacy and arranging assistance training and other

resource allocations the reports will also serve as a basis for the u s government s cooperation with private groups to promote the observance of internationally recognized human rights the country reports on human rights practices cover internationally recognized civil political and worker rights as set forth in the universal declaration of human rights these rights include freedom from torture or other cruel inhuman or degrading treatment or punishment from prolonged detention without charges from disappearance or clandestine detention and from other flagrant violations of the right to life liberty and the security of the person in broken promises promised land delve into the heart of the israeli palestinian conflict through the poignant lens of the palestinian narrative this compelling account unravels the complexities of the longstanding struggle offering a

gripping portrayal of historical events and their reverberations in the present from the historically significant nakba to the recent events unfolding in the gaza strip this book presents a powerful exploration of the challenges faced by the palestinian people gain insight into the human stories the resilient spirit and the untold experiences that lie at the core of this enduring conflict with a focus on recent events in the gaza strip the book provides a timely and thought provoking analysis shedding light on the impact of broken promises and the quest for justice it invites readers to question reflect and engage with the multifaceted layers of a conflict that continues to shape the lives of those living in the promised land broken promises promised land is a testament to the strength of the human spirit amidst adversity urging readers to confront the complexities of the israeli palestinian conflict

through the eyes of those who have endured its impact this book is a call for empathy understanding and a renewed commitment to seeking a just and lasting resolution in the region

in this scathing analysis of israel palestine coverage in the us media howard friel and richard falk reveal the persistent ways the new york times has ignored principles of international law in order to shield its readers from israel s lawlessness while the times publishes dozens of front page stories and extensive commentary on the killings of israelis it publishes very few such stories on the killings of palestinians and mostly ignores the extensive documentation of massive violations of palestinian human rights by the government of israel furthermore the times regularly ignores or under reports a multitude of critical

legal issues pertaining to israel s policies including israel s expropriation and settlement of palestinian land the two tier system of laws based on national origin evocative of south africa s apartheid regime the demolition of palestinian homes and use of deadly force against palestinians these journalistic practices have not only shielded the extent of israel s transgressions from the american electorate which is israel s main source of financial and military support it has severely diminished our understanding of the middle east and of us foreign policy in general

a memoir that combines political and economic commentary with personal and national history mohammad tarbush was born in british mandate palestine as an infant he and his family were forced to evacuate

their village together with its entire population after the zionist victory that led to the establishment of the state of israel then as landless refugees in the west bank the family sank into poverty when as a teenager tarbush left home one day under the pretext of visiting relatives in jordan he in fact set off on a year long hitchhiking journey to europe where he would eventually become a highly successful international banker and a key behind the scenes promoter of the palestinian cause in my palestine mohammad tarbush combines poignant personal memoir with incisive political and economic commentary on the tumultuous events that shaped the history of israel palestine and the modern middle east

palestine and middle east studies and arabic literature the most comprehensive account of israeli history yet published efraim karsh the sunday telegraph fleeing persecution in europe thousands of jewish immigrants settled in palestine after world war ii renowned historian martin gilbert crafts a riveting account of israel s turbulent history from the birth of the zionist movement under theodor herzl to the unexpected declaration of its statehood in 1948 and through the many wars conflicts treaties negotiations and events that have shaped its past six decades including the six day war the intifada suez and the yom kippur war drawing on a wealth of first hand source materials eyewitness accounts and his own personal and intimate knowledge of the country gilbert weaves a complex narrative that s both gripping and informative and

probes both the ideals and realities of modern statehood martin gilbert has left us in his debt not only for a superlative history of israel but also for a restatement of the classic vision of zion in which a middle east without guns is not a bedtime story but an imperative long overdue this is the vision for which yitzhak rabin gave his life this book is tribute to his memory jonathan sacks the times london this book examines the portrayal of the palestinian israeli conflict by looking at the language used in its reporting and how this can in turn influence public opinion the book explores how language use helps frame an event to elicit a particular interpretation from the reader and how this can be manipulated to introduce bias sirhan begins the book by examining the history of the conflict and the many

persistent myths that surround it she analyses how five events in the conflict two in which the palestinians are victims two in which the israelis are victims and operation cast lead are reported in five british newspapers the daily mail the guardian the independent the daily telegraph and the times by looking at these events across a range of newspapers the book investigates differences in the way that the media report each side before exploring what factors motivate these differences including issues of bias censorship lobbying and propaganda

the routledge atlas of the arab israeli conflict traces not only the tangled and bitter history of the arab jewish struggle from the early 20th century to the present it also illustrates the move towards finding peace and the efforts to bring the horrors of the fighting to an end through

negotiation and proposals for agreed boundaries through 167 maps the complete history of the conflict is revealed including the prelude and background to the conflict from the siting of the palestinian jews before the arab conquest to the attitude of britain to the arabs between 1917 and the present the jewish national home from the zionist plan for palestine in 1919 to the state of the arab world from 1945 to 1962 the intensification of the conflict from the arab response to the un partition plan of 1947 to the first steps towards the independence of israel in 1948 the state of israel from the israeli war of independence and the six day war to the horrific war of yom kippur and the intifada the moves to find peace from camp david to the escalating troubles of the present day including the geneva peace plan and the construction of the security fence with a new index and accompanied by powerful and compelling quotations

this clear illuminative and highly informative new edition from martin gilbert is an absolute must for all students of history

in a context of rapid growth an increasing proportion of minorities and indigenous peoples are now living in urban areas but while they offer the possibility of greater freedoms improved livelihoods and more equitable opportunities cities often magnify existing patterns of discrimination and insecurity this year s edition of state of the world s minorities and indigenous peoples explores the many challenges communities face in urban areas from segregation and lack of services to targeted violence and exclusion nevertheless the volume also includes numerous cases of minorities and indigenous peoples achieving better social and political outcomes for themselves in cities

as well as examples of the substantial benefits their inclusion can bring to the entire urban population

the 22nd annual world report summarizes human rights conditions in more than ninety countries and territories worldwide reflecting extensive investigative work undertaken in 2011 by human rights watch staff usually in close partnership with domestic human rights activists world report 2012 gives particular focus on the roles positive or negative played in each country by key domestic and international figures and includes contributions from joseph saunders danielle haas and iain levine and an introduction by human rights watch director kenneth roth assessing the year s most pressing human rights issue

canada as a settler colony on the question of palestine

explores canada palestine relations through a settler colonial lens the authors argue that there are direct parallels between canada s settler colonial project and its support for the israeli settler colonial dispossession of palestinians chapters reflect on community politics and activism migration orientalism and critical race theory among its unique contributions the volume provides a fresh look at canada s foreign policy as informed and shaped by its own history of settler colonialism the collection also illuminates the breadth and depth of palestinian life in canada throughout the chapters are connected by common themes of settler colonial destruction dispossession segregation and otherness as well as accounts of people challenging those processes in search of a better and fairer world the book will be of interest to scholars in indigenous studies international

this book exposes the role of children in war describing where why and how children are deployed the attempts made by international organizations to protect children and the underlying political and cultural issues that make this such a thorny issue in conflict torn countries such as myanmar and uganda the use of child soldiers in military and paramilitary operations continues to occur despite widespread condemnation and the efforts of organizations such as the coalition to stop the use of child soldiers this

book will allow readers to grasp the impact of this issue for both individuals and nations worldwide child soldiers a reference handbook traces the evolution of child soldiers from approximately 1940 onwards covering important historical to modern conflicts the subject is discussed from a global perspective with particular attention given to areas where the use of child soldiers is most prevalent the book covers the complex underlying reasons for the continued use of child soldiers in the modern world examines the political and psychological consequences of using children both male and female in military and paramilitary organizations and describes how this subject has been addressed by international law and various human rights organizations

this rich and magisterial work traces palestine s millennia

old heritage uncovering cultures and societies of astounding depth and complexity that stretch back to the very beginnings of recorded history starting with the earliest references in egyptian and assyrian texts nur masalha explores how palestine and its palestinian identity have evolved over thousands of years from the bronze age to the present day drawing on a rich body of sources and the latest archaeological evidence masalha shows how palestine s multicultural past has been distorted and mythologised by biblical lore and the israel palestinian conflict in the process masalha reveals that the concept of palestine contrary to accepted belief is not a modern invention or one constructed in opposition to israel but rooted firmly in ancient past palestine represents the authoritative account of the country s history

internet technology has arguably changed the rules by which individuals social movements and institutions compete for political and cultural influence in technologically advanced societies the author considers this reality through reference to the concept of hegemony looking to the ways in which diverse actors in american civil society compete with one another while simultaneously challenging dominant sources of authority the arab israeli conflict is drawn upon as a boundary object holding direct interest to a wide range of state aligned lobbies broadly based social movements and marginalized extremist groups each of which hopes to affect the course of u s mid east policy while various dimensions of internet use and activism are explored stephen marmura directs particular attention to the importance and limitations of the world wide as a mass medium examining phenomena

ranging from mainstream news dissemination to the propaganda warfare visible online amongst racist religious fundamentalist and ultra nationalist organizations he argues the net s greatest advantages are ultimately accrued by those most vested in the political status quo marmura argues further that widespread use of the is likely contributing to processes of social fragmentation even as it reinforces ideological discourses favorable to state power the armed conflict survey provides in depth analysis of the political military and humanitarian dimensions of all major armed conflicts as well as data on fatalities refugees and internally displaced persons compiled by the iiss publisher of the military balance it is the standard reference work on contemporary conflict the book assesses key developments in 36 conflicts including those in iraq syria afghanistan

south sudan israel palestine southern thailand colombia and ukraine the armed conflict survey also features chapters on un peacekeeping sexual violence the islamic state s shifting narrative governance by armed groups and rebel to party transitions the israeli palestinian conflict is more than a local or regional dispute its ongoing and escalating nature increases the risk that the violence will spill over its present borders and contribute to both extremism and terrorism while the intifada from 1987 to 1993 was largely a popular uprising and a political struggle the recent clash is a war with a steady escalation between conventional and unconventional forces it is in the interest of all major powers the international community and the united nations to press both sides to accept a realistic peace plan noted

middle east expert anthony cordesman details this continuing struggle by explaining the issues at stake for each side the various combatants both directly and indirectly engaged as well as the course of the war in its various incarnations the situation on the ground is complex and the quest for peace is ever more uncertain if the intifada was a struggle for recognition that a peace had to be reached that was just for both sides the israeli palestinian war has polarized both sides away from peace convincing them of the justice of their own cause and tactics and the fundamental injustice of the other side s tactics and goals each side has used human rights international law and civilian casualties as political weapons the history of a near century of conflict is used to justify war rather than a search for peace

jordan currently hosts the second largest percentage of registered refugees in the world three million out of its eleven million inhabitants its experience in hosting migrants and refugees precedes its independence in 1946 with the arrival of circassians chechens and armenians from the late 19th century jordan thus constitutes a unique observatory for reception policies and long term settlement of different migrant groups based on original empirical and archival material this volume focuses on migrations caused by conflicts wars and crises underscoring their articulation with longstanding human mobility it sheds light on the cumulative and processual dimensions of jordan s reception policies and migrants settlement strategies it identifies the multiple actors involved in the management of migrants and conversely the latter s contribution to the jordanian social economic political and

urban fabric the first part of the volume examines the policies adopted by the jordanian authorities and international organizations to regulate access to basic services and to the labour market and explores the economic and political factors underlying them the second part analyzes the effects of jordan s policies on the territorial distribution and settlement of migrants how have these policies combined with the adaptation strategies of migrants contributed to shaping new urban spaces the third part focuses on capacity of the migrants to activate establish re build and intersect different kinds of solidarity networks within the context of protracted displacement this text contains convenient ready to go booktalks for contemporary fiction and nonfiction books set in every continent around the globe useful for librarians and other
