the ethnic pluralism of the holy land is unparalleled elsewhere whatever period of history or even of prehistory one chooses to consider the land due to its geographical position was always home to diverse ethne and cultures

and a capturer of influences from nearby and faraway countries the same pluralism accounts for an unparalleled coexistence of languages and scripts greek and latin hebrew jewish christian and samaritan aramaic each with its own script pre islamic arabic in nabataean and old arabic scripts the occasional syriac palmyrene armenian and georgian inscriptions safaitic and thamudic graffiti in the eastern and southern fringes all are attested in late antique holy land sometimes influencing one another in vocabulary and formulas still greek is the prevailing vehicle of written communication from its first appearance in the region in the fourth century bce to the end of late antiquity in the late eighth or early ninth century and it will draw most of the attention in these pages

several world cities are held in reverence by some or all three monotheistic faiths but no world region has allure to all three on a level matched by galilee in northern israel

the region where jesus came of age galilee is where christianity came into being as a communal faith it is where judaism reinvented itself in rabbinic talmudic form after the destruction of the jerusalem temple and it is where islam established its place in the holy land following epochal military triumphs in the region s center or its outer rims the history of galilee 47 bce to 1260 ce from josephus and jesus to the crusades tells galilee s history from josephus and jesus to the crusades in a multi cultural format and lively narrative voice this first of its kind publication will be a rich source of information and a catalyst of inter faith discussion among readers of varying backgrounds and interests

during the 1948 war israeli fighters and residents alike plundered palestinian homes shops businesses and farms this bitter truth was then suppressed or forgotten over the coming years tens of thousands took part in the pillage of palestinian property stealing the belongings of their former

neighbours the implications of this mass looting go far beyond the personality or moral fibre of those who took part plundering served a political agenda by helping to empty the country of its palestinian residents in this context it was part of the prevailing policy during the war one designed to crush the palestinian economy destroy villages and to confiscate and sometimes destroy crops and harvests remaining in the depopulated zones the participating jewish public became a stakeholder motivated to prevent palestinian residents from returning to the villages and cities they had left these ordinary people were mobilized in the push for the segregation of jews and arabs in the early years of statehood with painstaking original research into primary sources adam raz has brought to light a tragic moment in the history of a conflict that roils the region and the wider world as the details of the nakba are understood and documented redress for palestinian grievances comes closer to reality
