Downloading ebooks safely is crucial to avoid pirated content and protect your devices.

Non-fiction enthusiasts can find biographies, self-help books, historical texts, and more.

There are countless free ebook sites, but a few stand out for their quality and range of offerings.

Ebook sites often come with features that enhance accessibility.

Be aware of the legal considerations when downloading ebooks. Ensure the site has the right to distribute the book and that you're not violating copyright laws.

Many ebook platforms allow you to sync your library across multiple devices, so you can pick up right where you left off, no matter which device you're using.

You can also find books on various skills, from cooking to programming, making these sites great for personal development.

Not all books are available for free, and sometimes the quality of the digital copy can be poor.

Open Library aims to have a webpage for every book ever published. It offers millions of free ebooks, making it a fantastic resource for readers.

Students can access textbooks on a wide range of subjects, helping reduce the financial burden of education.

Despite the benefits, free ebook sites come with challenges and limitations.

In summary, free ebook sites offer an incredible opportunity to access a wide range of books without the financial burden. They are invaluable resources for readers of all ages and interests, providing educational materials, entertainment, and accessibility features. So why not explore these sites and discover the wealth of knowledge they offer?

The diversity of genres available on free ebook sites ensures there's something for everyone.

These sites also enhance accessibility. Whether you're at home, on the go, or halfway around the world, you can access your favorite titles anytime, anywhere, provided you have an internet connection.

You can adjust the font size to suit your reading comfort, making it easier for those with visual impairments.

DRM can restrict how you use the ebooks you download, limiting sharing and transferring between devices.

Improvements in technology will likely make accessing and reading ebooks even more seamless and enjoyable.

From timeless classics to contemporary bestsellers, the fiction section is brimming with options.

Moreover, the variety of choices available is astounding. From classic literature to contemporary novels, academic texts to children's books, free ebook sites cover all genres and interests.

First and foremost, they save you money. Buying books can be expensive, especially if you're an avid reader. Free ebook sites allow you to access a vast array of books without spending a dime.

As educational resources become more digitized, free ebook sites will play an increasingly vital role in learning.

Free ebook sites are invaluable for educational purposes.

For homeschooling parents, free ebook sites provide a wealth of educational materials for different grade levels and subjects.

Parents and teachers can find a plethora of children's books, from picture books to young adult novels.

Google Books allows users to search and preview millions of books from libraries and publishers worldwide. While not all books are available for free, many are.

To make the most out of your ebook reading experience, consider these tips.

Use tools and apps to organize your ebook collection, making it easy to find and access your favorite titles.

Stick to reputable sites to ensure you're not downloading pirated content. Pirated ebooks not only harm authors and publishers but can also pose security risks.

Efforts to expand internet access globally will help more people benefit from free ebook sites.

Sites like Project Gutenberg and Open Library offer numerous academic resources, including textbooks and scholarly articles.

Project Gutenberg is a pioneer in offering free ebooks. With over 60,000 titles, this site provides a wealth of classic literature in the public domain.

Always use antivirus software and keep your devices updated to protect against malware that can be hidden in downloaded files.

Many sites offer audiobooks, which are great for those who prefer listening to reading.

BookBoon specializes in free textbooks and business books, making it an excellent resource for students and professionals.

Accessing and downloading ebooks requires an internet connection, which can be a limitation in areas with poor connectivity.

Whether it's a tablet, an e-reader, or a smartphone, choose a device that offers a comfortable reading experience for you.

ManyBooks offers a large selection of free ebooks in various genres. The site is user-friendly and offers books in multiple formats.

Text-to-speech features can convert written text into audio, providing an alternative way to enjoy books.

The future looks promising for free ebook sites as technology continues to advance.

exploring the origins and development of the syrian identity during the 18th and 19th centuries through the role of christian arab intellectuals and merchants ottomans and american missionaries this volume examines its background stages of evolution and components it shows that the contribution of these christian arabs despite their relatively small number lies in the processes they set in motion being the first to promote territorial concepts along with a secular interpretation of arab culture this syrian identity constitutes an innovative case study in the broader discipline of proto national identity and the study of the development of local identities in middle eastern countries it is also a vital basis for research of 20th century syrian nationalism

language identity and syrian political activism on social media is an empirical contemporary arabic sociolinguistic investigation informed by theories and notions developed in the fields of arabic linguistics sociolinguistics discourse analysis and linguistic anthropology building on the bakhtinian concept of linguistic hybridity this book conducts a longitudinal analysis of syrian dissidents social media practices between 2009 and 2017 it shows how dissidents have used social media to emerge in the discourse about the syrian conflict and how language has been used symbolically as a tool of social and political engagement in an increasingly complex sociopolitical context this monograph is ideal for students sociolinguists

and researchers interested in arabic language and identity

a comparative study of immigration and ethnicity with an emphasis on the chinese japanese and arabs who have contributed to brazil s diverse mix

by engaging with recent developments in the study of empires this book examines how inhabitants of roman imperial syria reinvented expressions and experiences of greek roman and syrian identification it demonstrates how the organization of greek communities and a peer polity network extending citizenship to ethnic syrians generated new semiotic frameworks for the performance of greekness and syrianness within these syria s inhabitants reoriented and interwove idioms of diverse cultural origins including those from the near east to express greek roman and syrian identifications in innovative and complex ways while exploring a vast array of written and material sources the book thus posits that greekness and syrianness were constantly shifting and transforming categories and it critiques many assumptions that govern how scholars of antiquity often conceive of roman imperial greek identity ethnicity and culture in the roman near east and processes of hybridity or similar concepts

muslim women have been stereotyped by western academia as oppressed and voiceless this volume problematizes this western academic representation muslim women writers from the middle east from out al kouloub al dimerdashiyah 1899 1968 and latifa al zayat 1923 1996 from egypt to current diasporic writers such as tamara chalabi from iraq mohja kahf from syria and even trendy writers such as alexandra chreiteh challenge the received notion of middle eastern women as subjugated and secluded the younger largely muslim women scholars collected in this book present cutting edge theoretical perspectives on these muslim women writers this book includes essays from the conflict ridden countries such as iran iraq palestine syria and the resultant diaspora the strengths of muslim women writers are captured by the scholars included herein the approach is feminist post colonial and disruptive of western stereotypical academic tropes

syria is now one of the most important countries in the world for the documentary film industry since the 1970s syrian cinema masters played a defining role in avant garde filmmaking and political dissent against authoritarianism after the outbreak of violence in 2011 an estimated 500 000 video clips were uploaded making it one of the first youtubed revolutions in history this book is the first history of documentary filmmaking in syria based on extensive media ethnography and in depth interviews with syrian filmmakers in exile the book offers an archival analysis of the documentary work by masters of syrian cinema such as nabil maleh ossama mohammed mohammed malas hala al abdallah hanna ward ali atassi and omar amiralay joshka wessels traces how the works of these filmmakers became iconic for a new generation of filmmakers at the beginning of the 21st century and maps the radical change in the documentary landscape after the revolution of 2011 special attention is paid to the late syrian filmmaker and pro democracy activist basel shehadeh and the video resistance from aleppo and raqqa against the regime of president bashar al assad and the islamic state an essential resource for scholars of syrian studies this book will also be highly relevant to the fields of media conflict research anthropology and political science

over the past decade there has been an unprecedented mobilization of street protests worldwide from the demonstrations that helped bring progressive governments to power in latin america to the arab spring to occupy movements in the united states and europe to democracy protests in china this edited volume investigates the current status nature and dynamics of the new politics that characterizes social movements from around the world that are part of this revolutionary wave spanning case studies from latin america north and south africa the middle east asia europe and north america this volume examines the varied manifestations of the current cycle of protest which emerged from the global south and spread to the north and highlights their interconnections the globalized nature of these social movements analytically converging around sidney tarrow s emphasis on protest cycles political opportunity structures and identity the individual chapters investigate processes such as global framing internationalization diffusion scale shifts externalizations and transnational coalition building to provide an analytic cartography of the current state of social movements as they are simultaneously globalizing while still being embedded in their respective localities looking at new ways of thinking and new forms of challenging power this comprehensive volume will be of great interest to graduates and scholars in the fields of globalization social movements and international politics

how the middle east can achieve political change and social progress the middle east is in upheaval a widening chasm between state and society the failure of governing elites to address citizens genuine grievances massive economic mismanagement all made worse by repeated interventions by western powers why has political change been so difficult to achieve in the great betrayal fawaz gerges argues that the convergence of political authoritarianism meddling by the west and the effects of prolonged regional conflicts have produced political paralysis and economic stagnation the agency of everyday people has been thwarted by an authoritarian status quo that is maintained by a powerful partnership of external and internal forces gerges traces more than a century of consequential events in the region from the end of the ottoman empire and the european carve up of the middle east to the iranian revolution and the arab spring uprisings he shows how the people of the middle east have been systematically denied self determination political representation and effective government gerges finds that the region with its diversity variability and volatility defies abstract grand theories previous accounts that have attributed the middle east s problems to any one cause such as modernism ignore the complexity and specificity of the issues what can we learn from the middle east s vexed history gerges is optimistic declaring that the region s future will be determined not by dictators and their superpower patrons but by a growing population of arab and muslim youth who demand to be treated as citizens and not as subjects

a precious book to examine in depth the complex middle eastern situation in all its aspects the russian diplomat maria khodynskaya golenischeva analyses the background and the main causes of the syrian civil war she reviews anti government and pro government groups highlights the importance of us and the role they could play in the future describes the complex directives of moscow diplomacy both within un field of action and on a bilateral and multilateral level the author who perfectly speaks arabic language and has a deep

knowledge of the middle east issue has been based in geneva un base for seven years she has covered the conflict from its beginning often visiting syria and the other countries involved in peace negotiations maria khodynskaya golenischeva used a series of documental sources and enriched her book thanks to her personal experience

based on unprecedented access to kurdish governed areas of syria including exclusive interviews with administration officials and civilian surveys this book sheds light on the socio political landscape of this minority group and the various political factions vying to speak for them the first english language book to capture the momentous transformations that have occurred since 2011 the authors move beyond idealized images of rojava and the kurdish pyd democratic union party to provide a nuanced assessment of the kurdish autonomous experience and the prospects for self rule in syria the book draws on unparalleled field research as well as analysis of the literature on the evolution of kurdish politics and the syrian war you will understand why the pyd led project in syria split the kurdish political movement and how other representative structures amongst syria s kurds fared emerging clearly are the complex range of views about pre existing current and future governance structures

in 2011 hundreds of thousands of syrians marched peacefully to demand democratic reforms within months repression forced them to take arms and set up their own institutions two years later the inclusive nature of the opposition had collapsed and the pkk and radical jihadist groups rose to prominence in just a few years syria turned into a full scale civil war involving major regional and world powers how has the war affected syrian society how does the fragmentation of syria transform social and sectarian hierarchies how does the war economy work in a country divided between the regime the insurgency the pkk and the islamic state written by authors who have previously worked on the iraqi afghan kurd libyan and congolese armed conflicts it includes extensive interviews and direct observations a unique book which combines rare field experience of the syrian conflict with new theoretical insights on the dynamics of civil wars

the arab spring did not arise out of nowhere it was the physical manifestation of more than a decade of new media diffusion use and experimentation that empowered ordinary people during their everyday lives in this book billie jeanne brownlee offers a refreshing insight into the way new media can facilitate a culture of resistance and dissent in authoritarian states investigating the root causes of the syrian uprising of 2011 new media and revolution shows how acts of online resistance prepared the ground for better organised street mobilisation the book interprets the uprising not as the start of syria s social mobilisation but as a shift from online to offline contestation and from localised and hidden practices of digital dissent to tangible mass street protests brownlee goes beyond the common dichotomy that frames new media as either a deus ex machina or a means of expression to demonstrate that in syria media was a nontraditional institution that enabled resistance to digitally manifest and gestate below within and parallel to formal institutions of power to refute the idea that the population of syria was largely apathetic and apolitical prior to the uprising brownlee explains that social media and technology created camouflaged geographies and spaces where

individuals could protest without being detected challenging the myth of authoritarian stability new media and revolution uncovers the dynamics of grassroots resistance blossoming under the radar of ordinary politics

this book explores the history of syria s borders and boundaries from their creation 1920 until the civil war 2011 and their contestation by the islamic state or the kurdish movement the volume s main objective is to reconsider the artificial character of the syrian territory and to reveal the processes by which its borders were shaped and eventually internalized by the country s main actors based on extensive archival research the book first documents the creation and stabilization of syrian borders before and during the mandates period nineteenth century to 1946 studying ottoman and french territorialization strategies but also emphasizing the key role of the borderlands in this process in turn it investigates the perceptual boundaries resulting from the conflict and how they materialized in space lastly it explores the geographical and political imaginaries of non state actors pyd isis that emerged from the war

the sage encyclopedia of political behavior explores the intersection of psychology political science sociology and human behavior this encyclopedia integrates theories research and case studies from a variety of disciplines that inform this established area of study aimed at college and university students this one of a kind book covers voting patterns interactions between groups what makes different types of government systems appealing to different societies and the impact of early childhood development on political beliefs among others topics explored by political psychologists are of great interest in fields beyond either psychology or political science with implications for instance within business and management

focused on the international community s response to the conflict in syria this is a book about the inexorable quest for justice even in the face of seemingly impenetrable obstacles erected by actors intent on ensuring impunity it features a number of creative ideas emerging from states and civil society actors intent on pursuing justice for atrocities in syria

from bureaucracy to bullets uses eight compelling case studies from five continents and spanning the 20th and 21st centuries to explore the concept of extreme domicile or the intentional destruction of home as a result of political violence moving beyond mere description from bureaucracy to bullets identifies common factors that contribute to extreme domicile thereby providing human rights actors with a framework to hold perpetrators accountable for their actions

historical dictionary of syria fourth edition covers the recent events in syria as well as the history that led up to these events the cross referenced dictionary section has over 500 entries on significant persons places and events political parties and institutions literature music and the arts

while the arab revolutions have obviously triggered extensive social and political changes the far reaching consequences of the cultural and discursive changes have yet to be adequately

considered for activists researchers and journalists the revolution was primarily a revolution in language a break with the linguistic oppression and the rigidity of the old regimes this break was accompanied by the emergence of new languages which made it possible to inform tell and translate the ongoing events and transformations this language of the revolution was carried out into the world by competing voices from syria by local and foreign researchers activists and journalists the core of this project is to find the various translations of the language of the syrian revolution 2011 2012 from arabic to english to study and analyze in addition the discursive and non discursive dimensions of the revolution are to be seen as another act of translation including the language of the banners slogans graffiti songs and their representation in english

a wide ranging exploration of the cultural and historical hinterland of syria s powerful shia minority

this book examines arab identity in the contemporary middle east and explains why that identity has been maintained alongside state and religious identities over the last 40 years

to avoid trade bargain erosion countries involved in large scale bilateral or regional trade arrangements must reconcile preserving close economic ties and supply chains with the need to dynamically adjust to new opportunities with other partners using the growing deterioration of the european union turkey customs union as an illustration to a new model of trade agreement restructuring this well researched and deeply insightful book outlines and demonstrates how this trade arrangement can be successfully renegotiated thus providing expert practical guidance in a crucial area of trade law and policy that rarely receives the attention it deserves the book s novel framework features a clearly articulated legal foundation a transactional deployment strategy and a sequential negotiating approach applicable to bilateral and regional trade arrangements whose original terms no longer reflect the changed capabilities and interests of at least one of its parties the authors respond in detail to questions such as when should a country pursue bargain rebalancing how should trade diplomats pursue renegotiation and or new partnerships legally and transactionally given that free trade agreements keep each country s trade sovereignty mostly intact under which circumstances should a country ever consider entering a customs union how may free trade agreements help countries address trade imbalances while enhancing supply chain resilience what are the limits to wto litigation as an effective market barrier opening tool how should trade agreement restructuring be deployed as a path to further trade liberalization in depth attention is paid to identifying and investigating trade arrangements that are ripe for renegotiation and assessing sources of domestic and external support for or against renegotiating such bargains this book s model of international trade agreement restructuring fits well with emerging thinking on greater trade diversification and supply chain resilience the authors provide a clear actionable approach for considering and conducting the renegotiation of trade deals for these reasons this book will be welcomed by trade lawyers supply chain executives economists government officials and academics who are grappling with rising economic frictions in the fault lines of national sovereignty economic interdependence and the limits of current trade arrangements

examining the international dimensions of the syrian conflict this book studies external factors relating to the uprising it explores the involvement of outside powers and the events impact both on regional and international level syria was widely perceived to be essential to the regional power balance hence it was a valued prize to be fought over the book examines the impact of global and regional powers in propelling the conflict in syria looks at the motives and strategies of the key regional and international actors hizbollah palestinians iran qatar saudi arabia us russia eu and analyses the impact of the syrian conflict on key relations between regional states turkey syria turkey iran iraq syria finally several chapters treat the impact on syria of international sanctions and the responsibility to protect doctrine this book follows on to the syrian uprising domestic origins and early trajectory edited by raymond hinnebusch and omar imady 2018 subsequent volumes will examine the later evolution of the conflict taking an innovative and interdisciplinary approach that seeks to capture the full complexity of the phenomenon this book contributes significantly to our understanding of the syrian conflict and will therefore be a valuable resource for anyone studying middle eastern politics

transitional justice and diaspora studies are interdisciplinary and expanding fields of study finding the right combination of mechanisms to forward transitional justice in post conflict societies is an ongoing challenge for states and affected populations diasporas as non state actors with increased agency in homelands host lands and other global locations engage with their past from a distance but their actions are little understood diaspora mobilizations for transitional justice develops a novel framework to demonstrate how diasporas connect with local actors in transitional justice processes through a variety of mechanisms and their underlying analytical rationales emotional cognitive symbolic value based strategic and networks based mechanisms featured here are thin sympathetic response and chosen trauma fear and hope contact and framing cooperation and coalition building brokerage patronage and connective action among others the contributors discuss the role of diasporas in truth commissions memorialization recognition of genocides and other human rights atrocities as well as their abilities to affect transitional justice from afar by holding particular attitudes or upon return temporarily or for good this book sheds light on how diasporas contextual embeddedness shapes their mobilization strategies and features empirical evidence from europe united states and canada as well as from conflict and postconflict polities in the balkans middle east eurasia and latin america it was originally published as a special issue of ethnic and racial studies

based on empirical and theoretical investigation and original insight into how a local protest movement developed into a revolution that changed a regime this book shows us how we can understand political revolutions azmi bishara critically explores the gradual democratic reform and peaceful transfer of power in the context of tunisia he grapples with the specific make up of tunisia as a modern state and its republican political heritage and investigates how this determined the development and survival of the revolution and the democratic transition in its aftermath for bishara the political culture and attitudes of the elites and their readiness to compromise in addition to an army without political ambitions were aspects that proved crucial for the relative success of the tunisian experience but he distinguishes

between protest movements and mass movements that aim at regime change and discerns the social and political conditions required for the transition from the former to the latter bishara shows that the specific factors that correspond to mass movements and regime change are relative deprivation awareness of injustice dignity and indignation he concludes based on meticulous documentation of the events in tunisia and theoretical investigation that while revolutions are unpredictable with no single theory able to explain them all revolutions across different historical and conceptual contexts be seen as popular uprisings that aim at regime change the book is the first of a trilogy the understanding revolutions series by bishara seeking to provide a rich comprehensive and lucid assessment of the revolutions in three states tunisia syria and egypt

leading scholars of middle east politics and international relations present comprehensive coverage of the international politics of the middle east a region at the forefront of international attention

the role of intelligence in colonialism and decolonization is a rapidly expanding field of study the premise of the secret anglo french war in the middle east is that intelligence statecraft is the missing dimension in the established historiography of the middle east during and after world war ii arguing that intelligence especially covert political action and clandestine diplomacy played a key role in britain s middle east policy this book examines new archival sources in order to demonstrate that despite world war ii and the cold war the traditional rivalry between britain and france in the middle east continued unabated assuming the form of a little known secret war this shadow war strongly influenced decolonization of the region as each power sought to undermine the other britain exploited france s defeat to evict it from its mandated territories in syria and lebanon and incorporate them in its own sphere of influence whilst france s successful use of intelligence enabled it to undermine britain s position in palestine egypt saudi arabia and iraq shedding new light on the clandestine franco zionist collaboration against britain in the middle east and the role of the british secret services in the 1948 arab jewish war in palestine this book which presents close to 400 secret syrian and british documents obtained by the french intelligence is essential reading for scholars with an interest in the political history of the region inter arab and international relations and intelligence studies

alternative forms of government and statehood exist in the middle east and north african regions the chapters in this volume demonstrate this and explore the notion of power from a non statist perspective highlighting the limits of states and their governance using empirical evidence from syria libya lebanon tunisia iraq yemen and mali the authors explore non standard cases where power may be retained by a state but must be shared with a number of local actors resulting in limited statehood and hybrid governance which leads to competition and sharing of symbolic and political power within a state this book is intended to prompt a critical reflection on the meaning of governance it will illuminate informal structures which deserve attention when studying governance and power dynamics within a state or a region this book was originally published as a special issue of small wars insurgencies

exploring narratives produced by different groups of mena and ssa migrants or refugees this book focuses on the spatial and temporal aspects of their experiences in doing so the authors examine a wide range of accounts of journeys to host countries and memories or recreations of home the spaces that migrants occupy or not in their new country the spaces and times they share with local populations and different conceptions of space and time across generations are also investigated as are how feelings surrounding space and time are manifested within these different narratives and their affective discursive practices taking both a traditional linear view of migration as well as a multilinear multimodal approach the book presents an in depth investigation into the ways in which people inhabit multiple real and digital spaces

when the syrian regime used sarin and other chemical weapons against dissidents in august 2013 an estimated 1729 people were killed including 400 children president barack obama warned that the use of chemical weapons would constitute a red line but he refused to take military action trump s approach has been even more disengaged and lacking in clarity frontline syria highlights america s failure to prevent conflict escalation in syria based on interviews with us officials involved in syria policy as well as un personnel the book draws conclusions about america s role in world affairs and its potential to prevent deadly conflict it also highlights the role of front line states in syria and other countries who engaged in the syrian conflict to advance their national interests covering key turning points in the syrian civil war including the impact of recent decisions by the trump administration frontline syria critically evaluates america s global power and provides a diplomatic and military history of the conflict based on this analysis the book offers policy recommendations and makes a case for america s future role addressing peace and conflict

while arabs now attract considerable attention from media the state and sociological studies their history in canada remains little known identifying as arab in canada begins to rectify this invisibilization by exploring the migration from machrek the middle east to canada from the late 19th century through the 1970s houda asal breathes life into this migratory history and the people who made the journey and examines the public collective existence they created in canada in order to understand both the identity arabs have constructed for themselves here and the identity that has been constructed for them by the canadian state using archival research media analysis laws and statistics and a series of interviews asal offers a thorough examination of the institutions these migrants and their descendants built and the various ways they expressed their identity and organized their religious social and political lives identifying as arab in canada offers an impressively researched but accessibly written much needed glimpse into the long history of the arab population in canada

for states in the middle east north africa and south asia the arab spring has had different implications and consequences stemming from the politics of identity and the historical and political processes that have shaped development this book focuses on how these factors interact with globalization and affect state formation

this book provides detailed coverage of all the key conflict related developments since the arab spring a seminal event that began in december 2010 and continues to have major

influence on events in the middle east north africa and beyond this important reference offers readers a thorough understanding of the nature of the various conflicts that have erupted in the middle east and north africa following the arab spring clear and concise explanations of important concepts related to islam ideology and ethnicity and the economic social and cultural forces propelling conflict and revolution in the region will enable readers to gain insight into key developments there biographical and organizational profiles combined with succinct overviews of each country provide a strong research foundation for students the book offers detailed descriptions of the minority groups that have suffered violence from both the countries and the societies around them sometimes generating refugee flows that engage neighboring states in security issues it also discusses the role of women in the region during these turbulent times primary source documents and a chronology highlight political struggles to reach durable agreements and develop institutions to meet basic human needs in the modern middle east

focusing on apocalyptic manifestations found in isis propoganda this book situates the group s agenda in the broader framework of contemporary muslim thought and explains key topics in millennial thinking within the spiritual context of modern islamic apocalypticism based on the group s primary sources as well as medieval muslim apocalyptic literature and its modern interpretations the book analyses the ways isis presents its message concerning the last days as a meaningful inventive and frightening expression of collectively shared expectations relating to the supposedly approaching the end times

this addition to the elements of international law series provides an introduction to the framework and dilemmas of the international law of occupation

moss presents a new theoretical framework for explaining when anti authoritarian diaspora movements emerge and become transnational agents of change

politics is intuitively about relationships but until recently the network perspective has not been a dominant part of the methodological paradigm that political scientists use to study politics this volume is a foundational statement about networks in the study of politics

in this book the author outlines three independent bases for the existence of legal limits to the veto by un security council permanent members while atrocity crimes are occurring the provisions of the un charter creating the veto cannot override the un s purposes and principles nor jus cogens peremptory norms of international law there are also positive obligations imposed by the geneva and genocide conventions in situations of war crimes and genocide conventions to which all permanent members are parties the author demonstrates how vetoes and veto threats have blocked the security council from pursuing measures that could have prevented or alleviated atrocity crimes genocide crimes against humanity war crimes in places such as myanmar darfur syria and elsewhere as the practice continues despite regular condemnation by other un member states and repeated voluntary veto restraint initiatives the book explores how the legality of this practice could be challenged
