Always use antivirus software and keep your devices updated to protect against malware that can be hidden in downloaded files.

Whether it's a tablet, an e-reader, or a smartphone, choose a device that offers a comfortable reading experience for you.

BookBoon specializes in free textbooks and business books, making it an excellent resource for students and professionals.

ManyBooks offers a large selection of free ebooks in various genres. The site is user-friendly and offers books in multiple formats.

You can adjust the font size to suit your reading comfort, making it easier for those with visual impairments.

The diversity of genres available on free ebook sites ensures there's something for everyone.

From timeless classics to contemporary bestsellers, the fiction section is brimming with options.

These sites also enhance accessibility. Whether you're at home, on the go, or halfway around the world, you can access your favorite titles anytime, anywhere, provided you have an internet connection.

Non-fiction enthusiasts can find biographies, self-help books, historical texts, and more.

Project Gutenberg is a pioneer in offering free ebooks. With over 60,000 titles, this site provides a wealth of classic literature in the public domain.

Sites like Project Gutenberg and Open Library offer numerous academic resources, including textbooks and scholarly articles.

Moreover, the variety of choices available is astounding. From classic literature to contemporary novels, academic texts to children's books, free ebook sites cover all genres and interests.

Many ebook platforms allow you to sync your library across multiple devices, so you can pick up right where you left off, no matter which device you're using.

Accessing and downloading ebooks requires an internet connection, which can be a limitation in areas with poor connectivity.

Not all books are available for free, and sometimes the quality of the digital copy can be poor.

You can also find books on various skills, from cooking to programming, making these sites great for personal development.

In summary, free ebook sites offer an incredible opportunity to access a wide range of books without the financial burden. They are invaluable resources for readers of all ages and interests, providing educational materials, entertainment, and accessibility features. So why not explore these sites and discover the wealth of knowledge they offer?

Open Library aims to have a webpage for every book ever published. It offers millions of free ebooks, making it a fantastic resource for readers.

Many sites offer audiobooks, which are great for those who prefer listening to reading.

Ebook sites often come with features that enhance accessibility.

Stick to reputable sites to ensure you're not downloading pirated content. Pirated ebooks not only harm authors and publishers but can also pose security risks.

Use tools and apps to organize your ebook collection, making it easy to find and access your favorite titles.

Students can access textbooks on a wide range of subjects, helping reduce the financial burden of education.

Text-to-speech features can convert written text into audio, providing an alternative way to enjoy books.

For homeschooling parents, free ebook sites provide a wealth of educational materials for different grade levels and subjects.

There are countless free ebook sites, but a few stand out for their quality and range of offerings.

Improvements in technology will likely make accessing and reading ebooks even more seamless and enjoyable.

As educational resources become more digitized, free ebook sites will play an increasingly vital role in learning.

Parents and teachers can find a plethora of children's books, from picture books to young adult novels.

The future looks promising for free ebook sites as technology continues to advance.

DRM can restrict how you use the ebooks you download, limiting sharing and transferring between devices.

Despite the benefits, free ebook sites come with challenges and limitations.

To make the most out of your ebook reading experience, consider these tips.

First and foremost, they save you money. Buying books can be expensive, especially if you're an avid reader. Free ebook sites allow you to access a vast array of books without spending a dime.

Be aware of the legal considerations when downloading ebooks. Ensure the site has the right to distribute the book and that you're not violating copyright laws.

Downloading ebooks safely is crucial to avoid pirated content and protect your devices.

Efforts to expand internet access globally will help more people benefit from free ebook sites.

Free ebook sites are invaluable for educational purposes.

Google Books allows users to search and preview millions of books from libraries and publishers worldwide. While not all books are available for free, many are.

american war das buch der stunde ein gewaltiger roman schreibt die renommierteste literaturkritikerin der usa michiko kakutani ein roman

über den nächsten amerikanischen bürgerkrieg und das dramatische schicksal einer familie was wird sein wenn die erschütternde realität der gegenwart drohnenangriffe folter selbstmordattentate und die folgen von umweltkatastrophen mit aller gewalt in die usa zurückkehrt vor diesem hintergrund entfaltet omar el akkad mit großer erzählerischer kraft den dramatischen kampf der jungen sarat chestnut die beschließt mit allen mitteln für das Überleben zu kämpfen american war ist in den usa ein literarisches ereignis das schon jetzt mit cormac mccarthy die straße und philip roth verschwörung gegen amerika verglichen wird

das wichtigste buch der trump Ära the economist ausgezeichnet mit dem ndr kultur sachbuchpreis als bestes sachbuch des jahres demokratien sterben mit einem knall oder mit einem wimmern der knall also das oft gewaltsame ende einer demokratie durch einen putsch einen krieg oder eine revolution ist spektakulärer doch das dahinsiechen einer demokratie das sterben mit einem wimmern ist alltäglicher und gefährlicher

weil die bürger meist erst aufwachen wenn es zu spät ist in ihrem mehrfach preisgekrönten bestseller zeigen die beiden politologen steven levitsky und daniel ziblatt woran wir erkennen dass demokratische institutionen und prozesse ausgehöhlt werden und sie sagen wie wir diese entwicklung stoppen können denn mit gezielter gegenwehr lässt sich die demokratie retten auch vom sterbebett

die männer sangen beinahe feierlich und aus voller kehle und von den benachbarten lagerfeuern stimmten andere soldaten in die refrains der lieder ein doch irgendwann kam der zeitpunkt da die natur ihr recht forderte und allmählich zogen die männer sich in ihre behausungen zurück um vor den morgendlichen anstrengungen zumindest noch zwei oder drei stunden schlaf zu erhaschen ist es nicht ein gnadenakt eines gütigen schicksals das buch des lebens vor uns geschlossen zu halten und uns lediglich seite für seite einblick in unsere gegenwart zu gewähren einige dieser männer deren stimmen am lagerfeuer so vergnügt erschallten sollten noch vor

dem ende der woche kalt und bleich in der endgültigen stille des todes daliegen in den jahrzehnten nach dem ende des amerikanischen bürgerkriegs 1861 1865 findet das bemühen der nation die vergangene tragödie zu begreifen vermehrt niederschlag in der literatur die historiker betreiben ursachenforschung anhand der bedeutenden personen und großen geschichte während die veteranen sicherstellen wollen dass ihre eigene individuelle rolle nicht in vergessenheit gerät beide diese vorgehensweisen sind wichtig und richtig doch zwischen dem kleinsten und dem größten maßstab der geschichtsschreibung existiert eine fülle von fakten und informationen welche dem historiker zu unbedeutend und dem alten soldaten aufgrund großer vertrautheit zu banal erscheinen um in ihren schriften nennenswerten platz auf sie zu verwenden und welche somit gefahr laufen mit dem tode des letzten kriegsteilnehmers in vergessenheit zu geraten john davis billings selbst ein veteran der army of the potomac ist einer der ersten die diese gefahr erkennen

in diesem vorletzten band der homo sacer reihe untersucht der weltweit bekannte und renommierte philosoph giorgio agamben den bürgerkrieg als politisches paradigma zwei zentrale momente der geistesgeschichte stehen dabei im mittelpunkt im ersten teil widmet er sich dem griechischen begriff der stasis der die spaltung der polis in rivalisierende gewalttätige gruppen bezeichnet während er im zweiten teil eine furiose interpretation von hobbes leviathan und dessen berühmtem frontispiz vorlegt und zwar aus theologischer perspektive eine spannende und wichtige diskussion eines begriffs der sich für das politische philosophische und juridische denken als zentral erweist

in den jahren 1861 bis 1865 tobte in amerika der verheerendste krieg der jemals das staatsgebiet der usa heimgesucht hat hunderttausende liessen ihr leben in dem konflikt zwischen nord und südstaaten zwischen unionisten und konföderierten der bekannte amerikanische historiker james mcpherson schildert mit analytischem gespür und

erzählerischem geschick gründe verlauf und auswirkungen jenes bürgerkriegs der den beginn des modernen amerika markiert 1989 wurde mcpherson für sein monumentalwerk für die freiheit sterben mit dem pulitzer preis ausgezeichnet

do you want to read the communist manifesto if so then keep reading it was a sweet finish after the bitter pills of floggings and bullets with which these same governments just at that time dosed the german working class risings the communist manifesto is perhaps surprisingly a most engaging and accessible work containing even the odd shaft of humour in this translation by samuel moore for the 1888 english edition

this civil war sourcebook organizes the crucial details of the war in an inventive format designed to enhance the reader s knowledge base and big picture understanding of key events and outcomes the war s causes political and economic issues important personalities campaigns and battles are examined nearly 200 reader challenges stimulate reviews of critical

moments with suggested further reading photographs and maps have been carefully selected to supplement the topic being explored

during the 1640s the kingdoms ruled by charles i england and wales scotland and ireland were gripped by a series of civil wars and conflicts which were in part distinct to each kingdom but which also overlapped and inter related leading some british historians to portray them as a single british conflict the british wars by peter gaunt offers a concise history of these wars from the beginning of charles i s travails with the scots to the conclusion of the wars at the battle of worcester and the english conquest of ireland and scotland providing a clear concise and balanced account of events in england and wales scotland and ireland this book explores the relationship between the three kingdoms looks at military political and religious developments in each assesses whether the wars can be seen as a single british conflict or should be viewed as a series of inter related but essentially separate wars

the events of 1989

culminating in tiananmen square highlighted the extent to which democratic ideals had taken root in china baogang he traces and evaluates the political discourse of democracy in contemporary china identifying the three main competing models of democratization that dominate current chinese intellectual trends analyzing the political implications of these models the author considers how the theories may be put into practice in order to develop an appropriately chinese conception of democracy

text and practices provides an essential introduction to the theory and practice of critical discourse analysis using insights from this challenging new method of linguistic analysis the contributors to this text reveal the ways in which language can be used as a means of social control the essays in text and practices demonstrate how critical discourse analysis can be applied to a variety of written and spoken texts deconstruct data from a range of contexts countries and spheres expose hidden patterns of discrimination and inequalities of power texts

and practices which includes specially commissioned papers from a range of distinguished authors provides a state of the art introduction to critical discourse analysis as such it represents an important contribution to this developing field and an essential text for all advanced students of language media and cultural studies

the new amazingly detailed and thorough guide from the author of the complete civil war road trip guide although the civil war was fought across america the most captivating events for history buffs seem to be those that occurred in the relatively small region surrounding the two wartime capitals washington dc and richmond virginia in the civil war road trip a guide to northern virginia maryland and pennsylvania author michael weeks takes you on complete tours of every major military campaign in the region during the first two years of the war from first manassas in 1861 to gettysburg in 1863 weeks has visited every site included here learning their vibrant stories and driving thousands of miles to bring readers the most accurate

information detailed directions and maps for your own road trip along with a blow by blow history of each campaign will guide you to and through some of the war s most critical battlegrounds including fredericksburg antietam and the shenandoah valley travel tips historic lodging places and further sources of information are also included fully up to date and thoroughly researched this guidebook is indispensable for travelers interested in america s history

the idea that war is going out of style has become the conventional wisdom in recent years but in only the dead award winning author bear braumoeller demonstrates that it shouldn't have with a rare combination of historical expertise statistical acumen and accessible prose braumoeller shows that the evidence simply doesn't support the decline of war thesis propounded by scholars like steven pinker he argues that the key to understanding trends in warfare lies not in the spread of humanitarian values but rather in the formation of international orders sets of expectations about behavior

that allow countries to work in concert as they did in the concert of Europe and have done in the postwar western liberal order with a nod toward the American sociologist Charles Tilly who argued that war made the state and the state made war. Braumoeller shows that the same is true of international orders while they reduce conflict within their borders they can also clash violently with one another as the western and communist orders did throughout the cold war. Both highly readable and rigorous, only *The Dead* offers a realistic assessment of humanity's quest to abolish warfare. While pessimists have been too quick to discount the successes of our attempts to reduce international conflict, optimists are prone to put too much faith in human nature. Reality lies somewhere in between while the aspirations of humankind to govern its behavior with reason and justice have had shocking success in moderating the harsh dictates of realpolitik, the institutions that we have created to prevent war are unlikely to achieve anything like total success as evidenced by the multitude of

conflicts in recent decades as the old adage advises us only the dead have seen the end of war.

The Constitution in 2020 is a powerful blueprint for implementing a more progressive vision of constitutional law in the years ahead. Edited by two of America's leading constitutional scholars, the book provides a new framework for addressing the most important constitutional issues of the future in clear, accessible language featuring some of America's finest legal minds: Cass Sunstein, Bruce Ackerman, Robert Post, Harold Koh, Larry Kramer, Noah Feldman, Pam Karlan, William Eskridge, Mark Tushnet, Yochai Benkler, and Richard Ford. Among others, the book tackles a wide range of issues including the challenge of new technologies, presidential power, international human rights, religious liberty, freedom of speech, voting, reproductive rights, and economic rights. *The Constitution in 2020* calls on liberals to articulate their constitutional vision in a way that can command the confidence of ordinary Americans.

the 1917 October Revolution

and the revolutionary Mexican Constitution shook the foundations of international law. This collection revisits their legacies.

The human rights and humanitarian landscape of the modern era has been littered with acts that have shocked the moral conscience of mankind and there has been wide variation in whether, how, and to what degree states respond to mass atrocity crimes. Even when they share similar characteristics, in many cases concerned states responded either through moral suasion, gentle or coercive diplomacy, or other non-forcible measures to prevent or halt the indiscriminate human rights violations that were occurring in other states simply turned away and left the vulnerable to their fate. And still, yet in other cases, states responded robustly using military force to stop the atrocities and save lives. This book seeks to examine the effects of strategic framing in U.S. and UN policy arenas to draw conclusions regarding whether and how the human rights and humanitarian norms embedded within such frames resonated with

decision makers and in turn how they shaped variation in levels of political will concerning humanitarian intervention in three cases that today would qualify as responsibility to protect r2p cases somalia rwanda and sierra leone labonte concludes that in order for humanitarian interventions to stand a higher likelihood of being effective states advocating in support of such actions must find a way to persuade policymakers by appealing to both the logic of consequences which rely on material and pragmatic considerations and logic of appropriateness which rely on normatively appropriate considerations and strategic framing may be one path to achieve this outcome offering a detailed and examination of three key cases and providing some an original and important contribution to the field this work will be of great interest to students and scholars alike

this major new handbook provides a cutting edge and transdisciplinary overview of the main issues debates state of the art methods and key concepts in peace and conflict studies today the handbook of peace and conflict studies will be

essential reading for students of peace studies conflict studies and conflict resolution it will also be of interest and use to practitioners in conflict resolution and ngos as well as policy makers and diplomats

economics and u s history are intimately interconnected on a fundamental level understanding the past helps your students understand our economic system and the keys to economic growth

during the first world war conflicts between the people s sacrifices and their political participation led to crises of parliamentary legitimacy this volume compares british german swedish and finnish debates on revolution rule by the people democracy and parliamentarism and their transnational links the british reform although more about winning the war than advancing democracy restored parliamentary legitimacy unlike in germany where allied demands for democratisation made reform appear treasonous and fostered native german solutions sweden only adopted western political models after major confrontations but reforms

saw it embark on its path to social democracy in finland competing russian revolutionary discourses and german and swedish inspired appeals to legality brought about the deterioration of parliamentary legitimacy and a civil war only a republican compromise imposed by the entente following a royalist initiative in 1918 led to the construction of a viable polity

after twelve years in spain jason webster had developed a deep love for his adopted homeland his life there seemed complete but when he and his spanish wife moved into an idyllic old farmhouse in the mountains north of valencia by chance he found an unmarked mass grave from the spanish civil war on his doorstep spurred to investigate the history of the civil war a topic many of his spanish friends still seemed to treat as taboo he began to uncover a darker side to the country witness to a brutal fist fight sponsored by remnants of franco s falangists arrested and threatened by the police in the former hq of the spanish foreign legion sheltered by a beautiful transvestite shunned by locals haunted by ghosts and finally robbed of his identity webster

encountered a legacy of cruelty and violence that seems to linger on seventy years after the bloody events of that war as in Webster's previous books *Duende* and *Andalus* *Guerra* reveals the essence of modern Spain which few outsiders ever manage to see fascinating true stories from the civil war vividly retold as he travels around the country yet the more Webster unveils of the passions that set one countryman against another the more he is led to wonder could the dark primitive currents that ripped the country apart in the 1930s still be stirring under the sophisticated worldly surface of today's Spain

Handbook of War Studies III is a follow up to *Handbook of War Studies I* (1993) and *II* (2000) this new volume collects original work from leading international relations scholars on domestic strife ethnic conflict genocide and other timely topics special attention is given to civil war which has become one of the dominant forms if not the dominant form of conflict in the world today contributors Bruce Bueno de Mesquita New York University and Hoover Institution Stanford University

Nils Petter Gleditsch international peace research institute Oslo Prio and Norwegian University of Science and Technology NTNU Trondheim Håvard Hegre University of Oslo and International Peace Research Institute Oslo Prio Erin K Jenne Central European University Budapest Mark Irving Lichbach University of Maryland Roy Licklider Rutgers University New Brunswick T David Mason University of North Texas Rose Mcdermott Cornell University Stephen Saideman McGill University Håvard Strand International Peace Research Institute Oslo Prio Monica Duffy Toft Harvard University Manus I Midlarsky is the Moses and Annuta Back professor of international peace and conflict resolution at Rutgers University New Brunswick he is the founding past president of the conflict processes section of the American Political Science Association and a past vice president of the International Studies Association

after the creation of Pakistan in 1947 Sufi shrines became highly contested considered deviant and un-Islamic they soon fell under government control as part of a state led strategy to create an official

more unified Islamic identity this book the first to address the political history of Sufi shrines in Pakistan explores the various ways in which the postcolonial state went about controlling their activities of key significance Umber Bin Ibad shows was the West Pakistan Waqf Properties Ordinance a governmental decree issued in 1959 formed when General Ayub Khan assumed the role of chief martial law administrator this allowed the state to take over shrines as waqf property according to Islamic law a waqf or charitable endowment had to be used for charitable or religious purposes and the state created a separate Auqaf department to control the finances and activities of all the shrines which were now under a state sponsored waqf system focusing on the Punjab famous for its large number of shrines the book is based on extensive primary research including newspapers archival sources interviews court records and the official reports of the Auqaf department at a time when Sufi shrines are being increasingly targeted by Islamist extremists who view Sufism as heretical this book sheds light on the shrines contentious historical

relationship with the state an original contribution to south asian studies the book will also be relevant to scholars of colonial and post colonial history and sufism studies

the historical importance and archaeological potential of deliberately discarded watercraft has not been a major feature of maritime archaeological enquiry while research on the topic has appeared since the 1970s as books chapters and articles most examples have been limited in focus and distribution and in most cases disseminated as unpublished archaeological reports i e the gray literature so too has there been a lack of a single source representing the diversity of geographical historic thematic and theoretical contexts that ships graveyard sites and deliberately abandoned vessels represent in contrast with much of the theoretical or case specific literature on the theme of watercraft discard this volume communicates to the reader the common heritage and global themes that ships graveyard sites represent it serves as a blueprint to illustrate how the remains of abandoned vessels in ships graveyards are sites of

considerable research value moreover the case studies in this volume assist researchers in understanding the evolution of maritime technologies economies and societies this volume is intended to expose research potential create discussion and reinforce the significance of a prevalent cultural resource that is often overlooked

english catholic voices once disregarded as merely confessional are now acknowledged to provide important perspectives on elizabethan society based on extensive archival research this book builds on previous studies for the first thorough investigation of the jesuit mission to england during a critical period between the unsuccessful armadas of 1588 and 1597 a period during which the mission was threatened as much by internal catholic conflict as it was by the crown to address properly events in england the study fully engages with the situation in ireland scotland and the continent so as to contextualize the ambitions methods and effects of the jesuit mission for england felt threatened not only by the military might of spain but also by any

assistance king philip ii might provide to catholics earls and a vindictive james vi in scotland powerful nobles in ireland and english catholics at home and abroad however it is the particular role of the jesuits that occupies central place in the narrative highlighting the way in which the society of jesus typified all that elizabethan england feared about the church of rome through an exhaustive study of the many facets of the jesuit mission to england between 1589 and 1597 this book provides a fascinating insight not only into catholic efforts to bring england back into the roman church but also the simmering tensions and disagreements on how this should be achieved as well as debates concerning the very nature and structure of english catholicism a second volume the society of jesus in ireland scotland and england 1598 1606 will continue the story through to the early years of james vi i s reign

paul collier s contributions to development economics and in regard to africa in particular have marked him out as one of the most influential commentators of recent times his research has centred upon the causes and

consequences of civil war the effects of aid and the problems of democracy in low income and natural resource rich societies his work has also enjoyed substantial policy impact having seen him sit as a senior adviser to tony blair s commission on africa and addressed the general assembly of the united nations this collection of collier s major writings with assistance from anke hoeffler and jan gunning and accompanied by a new introduction provide the definitive account of a wide range of macroeconomic microeconomic and political economy topics concerned with africa within macroeconomics there is a focus on external shocks exchange rate and trade policies whilst microeconomic topics focus upon labour and financial markets as well as rural development collier s book the bottom billion had become a landmark book and this summation of the research underpinning it will be a superb guide for all those concerned with african development

this book evaluates the global status and prospects of democracy with an emphasis

on the quality of democratic institutions and the effectiveness of governance as key conditions for stable democracy bringing together a wide range of the author s work over the past three decades it advances a framework for assessing the quality of democracy and it analyzes alternative measures of democracy drawing on the most recent data from freedom house it assesses the global state of democracy and freedom as of the beginning of 2015 and it explains why the world has been experiencing a mild but now deepening recession of democracy and freedom since 2005 a major theme of the book across the three decades of the author s work is the relationship between democratic quality and stability democracies break down diamond argues not so much because of economic factors but because of corrupt inept governance that violates individual rights and the rule of law the best way to secure democracy is to ensure that democracy is accountable transparent genuinely competitive respectful of individual rights inclusive of diverse forms and sources of participation and responsive to the needs and aspirations of ordinary

citizens viable democracy requires not only a state that can mobilize power to achieve collective goals but also one that can restrain and punish the abuse of power a particularly steep challenge for poor countries and those with natural resource wealth the book examines these themes both in broad comparative perspective and with a deeper analysis of historical trends and future prospects in africa and asia concluding with lessons for sustaining and reforming policies to promote democracy internationally this book is essential reading for students and scholars interested in democracy as well as politics and international relations more generally

the culminating volume in richard rhodes s monumental and prizewinning history of nuclear weapons offering the first comprehensive narrative of the challenges faced in a post cold war age the past twenty years have transformed our relationship with nuclear weapons drastically with extraordinary depth of knowledge and understanding rhodes makes clear how the five original nuclear powers russia great britain france china and

especially the united states have struggled with new realities he shows us how the stage was set for a second tragic war when iraq secretly destroyed its nuclear infrastructure and reveals the real reasons george w bush chose to fight a second war in iraq we see how the efforts of u s weapons labs laid the groundwork for nuclear consolidation in the former soviet union how and why south africa secretly built and then destroyed a small nuclear arsenal and how jimmy carter s private diplomacy prevented another korean war we also see how the present day represents a nuclear turning point and what hope exists for our future rhodes assesses the emerging threat of nuclear terrorism and offers advice on how our complicated relationships with north korea and south asia should evolve finally he imagines what a post nuclear world might look like suggesting what might make it possible powerful and persuasive the twilight of the bombs is an essential work of contemporary history

shaped by often very dramatic events international security and the international system have changed

significantly in recent years the conclusion of the cold war the emergence of new political systems the growth of significant threats such as terrorism and the development of new security doctrines have driven global transformation these volumes provide detailed information on countries from every geographic region and continent on the globe evaluating their relationship with the united states and measuring the potential security threats posed by each the contributors consider factors such as geography and history the political systems of each state their human rights records the ability to maintain law and order and provide security within their own borders the impact of current administrations rulers or regimes on a nation s foreign policy and the regional factors that often dictate local politics in order to make their assessments all of the entries in this set follow a standardized outline and present a concise but detailed assessment of each country each entry begins with a discussion of geography through which the contributors identify the state s natural resources environmental issues and the

extent of its territorial jurisdiction the focus then shifts to social and political organizations populations are broken down by not only numbers but by ethnic and religious affiliations access to health care education housing and income all of those aspects are often a reflection of the system of government in place like the united states those governments are comprised of different parties or leaders with various interests the contributors assess those entities and interests within each country they measure the ways in which factors of religion nationalism and globalism impact and shape not only domestic policies but also foreign policy and ultimately the country s relationship to the united states other areas such as military organizations and activities records on human rights and justice recognition of and adherence to international conventions and national attitudes towards security are also considered every entry also includes an assessment of current and potential security issues and an analysis of current terrorist threats that may already be in place or that are beginning to develop in various nations each entry

concludes with a summary of current relationships with the united states those relationships are defined by the indentification and brief analysis of formal trade aid or military treaties in place between the united states and other nations the general attitude of a nation s citizenry and its government towards the u s and finally indentifying any social and cultural links between nations and the u s migration patterns language economies finally possible changes and trends that will impact security issues are identified by the contributors taken in their entirety these encyclopedias contain a wealth of information in a concise format that will serve as a valuable reference guide not only for specialists but general readers as well

thomas dixon is perhaps best known as the author of the best selling early twentieth century klan trilogy that included the novel the clansman 1905 which provided the core narrative for d w griffith s groundbreaking and still controversial film the birth of a nation 1915 in his twenty eighth and last novel the flaming sword 1939 dixon takes to task his long

standing black critics especially w e b dubois by attacking what he considered to be a vast conspiracy by blacks and communists to destroy america a new introduction and detailed notes by john david smith offer a valuable historical and critical perspective on this important and divisive classic of american literature thomas dixon 1864 1946 was born in shelby north carolina he is the author of the clansman and the sins of the father

now available in a single abridged paperback ian kershaw s hitler is the definitive biography of the nazi leader ian kershaw s two volume biography hitler 1889 1936 hubris and hitler 1936 1945 nemesis was greeted with universal acclaim as the essential work on one of the most malign figures in history from his earliest origins to the final days of the second world war now this landmark historical work is available in one single abridged edition tracing the story of how a bitter failed art student from an obscure corner of austria rose to unparalleled power destroying the lives of millions and bringing the world to the brink of armageddon supersedes all

previous accounts it is the sort of masterly biography that only a first rate historian can write david cannadine observer the hitler biography for the twenty first century richard evans sunday telegraph i cannot imagine a better biography of this great tyrant emerging for a long while jeremy paxman magisterial anyone who wishes to understand the third reich must read kershaw for no one has done more to lay bare hitler s morbid psyche niall ferguson sunday telegraph

debunks the simplistic narratives of youth driven social media revolutions in the arab spring taking to the streets critically examines the conventional wisdom that the 2011 arab spring uprisings happened spontaneously and were directed by tech savvy young revolutionaries pairing first hand observations from activists with the critical perspectives of scholars the book illuminates the concept of activism as an ongoing process rather than a sudden burst of defiance the contributors examine case studies from uprisings in tunisia egypt libya yemen syria bahrain morocco jordan kuwait and saudi arabia

evaluating the various manifestations of political activism within the context of each country's distinct sociopolitical landscape the chapters include a country specific timeline of the first year following the uprisings and conclude with lessons learned first hand observations include those of libyan activist rihab elhaj who reflects on how the revolution gave birth to libyan civil society as well as

syrian writer and human rights activist khawla dunia who discusses how syrians have tried to remain steadfast in their commitment to nonviolent resistance a foreword by prince hicham ben abdallah el alaoui third in succession to the moroccan throne and consulting professor at stanford university's center on democracy development and the rule of law cddrl

provides a historical overview of activism in the middle east and north africa a postscript from cddrl director larry diamond distinguishes the study of activism from that of democratization taking to the streets will be used in courses on middle east politics and will be relevant to scholars and the general public interested in democratization political change and activism
