*George William Cox (calling  
himself Sir George William  
Cox.) baljit kaur*

kaiser wilhelm ii 1859 1941  
ruled imperial germany  
from his accession in 1888  
to his enforced abdication  
in 1918 at the end of the  
first world war this book  
based on a wealth of  
previously unpublished  
archival material provides  
the most detailed account  
ever written of the first half  
of his reign following on  
from john röhl s definitive  
and highly acclaimed young  
wilhelm the kaiser s early  
life 1859 1888 1998 the  
volume demonstrates the  
monarch s dynastic  
arrogance and the wounding  
abuse he showered on his  
own people as step by step  
he built up his personal  
power his thirst for glory  
his overweening nationalism  
and militarism and his  
passion for the navy  
provided the impetus for a  
breathtaking long term goal  
the transformation of the  
german reich into the  
foremost power in the  
world urgent warnings from  
all sides both against the  
revival of a semi absolute  
personal monarchy on the

threshold to the twentieth  
century and against the  
challenge his goal of world  
power implied for the  
existing world powers great  
britain france and russia  
were brushed aside by the  
impetuous young ruler with  
his faithful military retinue  
and blindly devoted court  
favourites soon the  
predicted consequences  
constitutional crisis at home  
and diplomatic isolation  
abroad began to make their  
alarming appearance

this book argues for reform  
of the convention that when  
politicians decide on a  
course of action the general  
in supreme command obeys  
without question the entire  
spread out chain of  
command is unified in the  
general who offers the only  
connection between the  
military and politics offering  
the sole connection between  
the military and politics  
only the general can turn  
political directions into  
military command and  
capacitate war thus the  
general has unique  
opportunity to resist  
unconscionable direction to  
launch an unjust war or to  
conduct or expand war

unjustly this book argues for reform so the general has the right in law to refuse direction which is lawful but awful the legal capacity to refuse would mean the general would be expected to act responsibly not merely as the unresisting pawn of politics such reform creating legal opportunity for the supreme command to refuse lawful but unconscionable directives might avert unjust war this book will be of much interest to students of the ethics of war civil military relations and international relations

an overview of history in ancient athens beginning with the ill fated sicilian expedition of 413 b c and ends with the surrender of athens to sparta in 404 b c

on the first day of july 1863 robert e lee s army of northern virginia accidentally crossed swords with george gordon meade s federal army of the potomac they clashed at a tiny pennsylvania crossroads called gettysburg three days later at least 22 000 confederate men and boys were dead wounded or

captured and the yankees held the field when the river of bloodshed finally stopped gettysburg was general lee s worst defeat on an open field of battle in the court martial of robert e lee a discouraged confederate congress summons general lee to richmond in december 1863 to face a board of inquiry on the battle of gettysburg through this speculative board of inquiry the reader is drawn into the true history of the army of northern virginia and the real political personalities and true political intrigue of richmond in 1863 will general lee be relieved of command perhaps sent into retirement borne of catastrophic failure leaving behind forever his beloved army of northern virginia the reader feels his pain and the anguish of a defeated general who wrote four months after gettysburg that my heart and thoughts will always be with this army

previously out of print for three years this classic translation by the late father leslie j walker has

long been acknowledged as the best english language version of this seminal work in political theory
