a former hedge fund worker takes an ethnographic approach to wall street to

expose who wins who loses and why inequality endures who do you think of when you imagine a hedge fund manager a greedy fraudster a visionary entrepreneur a wolf of wall street these tropes capture the public imagination of a successful hedge fund manager but behind the designer suits helicopter commutes and illicit pursuits are the everyday stories of people who work in the hedge fund industry many of whom don't realize they fall within the 1 percent that drives the divide between the richest and the rest with hedged out sociologist and former hedge fund analyst megan tobias neely gives readers an outsider's insider perspective on wall street and its enduring culture of inequality hedged out dives into the upper echelons of wall street where elite white masculinity is the standard measure for the capacity to manage risk and insecurity facing an unpredictable and risky stock market hedge fund workers protect their interests by working long hours and building tight knit networks with people who look and behave like them using ethnographic vignettes and her own industry experience neely showcases the voices of managers and other workers to illustrate how this industry of politically mobilized elites excludes people on the basis of race class and gender neely shows how this system of elite power and privilege not only sustains itself but builds over time as the beneficiaries concentrate their resources hedged out explains why the hedge fund industry generates extreme wealth why mostly white men benefit and why reforming wall street will create a more equal society

this is a major study of french foreign and security policy in the era of the great war peter jackson examines the interplay between contending conceptions of security based on traditional practices of power politics and the new internationalist doctrines that emerged in the late nineteenth century

special edition of the federal register containing a codification of documents of general applicability and future effect with ancillaries

the new deal placed security at the center of american political and economic life by establishing an explicit partnership between the state economy and citizens in america unlike anywhere else in the world most people depend overwhelmingly on private health insurance and employee benefits the astounding rise of this phenomenon from before world war ii however has been largely overlooked in this powerful history of the american reliance on employment based benefits jennifer klein examines the interwoven politics of social provision and labor relations from the 1910s to the 1960s through a narrative that connects the commercial life insurance industry the politics of social security organized labor's quest for economic security and the evolution of modern health insurance she shows how the firm centered welfare system emerged moreover the imperatives of industrial relations klein argues shaped public and private social security looking closely at unions and communities klein uncovers the wide range of alternative community based health plans that had begun to germinate in the 1930s and 1940s but that eventually succumbed to commercial health insurance and pensions she also illuminates the contests to define security job security health security and old age security following world war ii for all these rights traces the fate of the new deal emphasis on social entitlement as the private sector competed with and emulated roosevelt's social security program through the story of struggles over health security and

old age security social rights and the welfare state it traces the fate of new deal liberalism as a set of ideas about the state security and labor rights in the 1950s the 1960s and beyond

this raw provocative book of essays adapted from the blog shiningseausa pulls back the curtain on the trump presidency providing a panoramic view of his turbulent time in office the legal implications of his actions and the inactions of those surrounding him enabling him or standing by the book includes memoir about life in new york city legal analyses of major political developments since donald trump emerged deep dives into what went wrong in the mueller investigation trump s mishandling of the covid pandemic and the threat to american democracy from trump the republican party he has captured and the conservative supreme court not to yield exposes the corruption and incompetence that dominated trump s presidency his denial of his 2020 election loss the january 6 attack on the capitol and trump s attempt to return to power all observed through a legal lens that spotlights blatant disregard for the law of the land and our democratic system

a collected set of congressional documents of the 11th to the 55th congress messages of the presidents of the united states and correspondence of the state dept many of these pamphlets have been catalogued separately under their respective headings

reprint of the original first published in 1867

this title was first published in 2001 kosovo from crisis to crisis deals with the main features of the most recent crisis leading up to operation allied force it provides an excellent analysis of all major aspects of nato s intervention and it discusses the current problems with the implementation of the settlement until recently kosovo was a rather unknown territory in a far away corner of europe the serbian albanian armed conflict nato s intervention and the following struggle by the international community to rebuild this area has turned kosovo into terra cognita for diplomats politicians the military aid workers and the public essential reading for political scientists with special interest in ethnic and conflict studies
