IDAHOSA Stephen Hopgood Thank you very much for reading **Obama Says He Will Renew Push Close Guantanamo**. As you may know, people have look hundreds times for their chosen books like this Obama Says He Will Renew Push Close Guantanamo, but end up in malicious downloads. Rather than enjoying a good book with a cup of tea in the afternoon, instead they juggled with some malicious bugs inside their laptop. Obama Says He Will Renew Push Close Guantanamo is available in our book collection an online access to it is set as public so you can get it instantly. Our books collection saves in multiple countries, allowing you to get the most less latency time to download any of our books like this one. Merely said, the Obama Says He Will Renew Push Close Guantanamo is universally compatible with any devices to read.

Always use antivirus software and keep your devices updated to protect against malware that can be hidden in downloaded files.

The diversity of genres available on free ebook sites ensures there's something for everyone.

Parents and teachers can find a plethora of children's books, from picture books to young adult novels.

These sites also enhance accessibility. Whether you're at home, on the go, or halfway around the world, you can access your favorite titles anytime, anywhere, provided you have an internet connection.

You can adjust the font size to suit your reading comfort, making it easier for those with visual impairments.

Open Library aims to have a webpage for every book ever published. It offers millions of free ebooks, making it a fantastic resource for readers.

Moreover, the variety of choices available is astounding. From classic literature to contemporary novels, academic texts to children's books, free ebook sites cover all genres and interests.

Be aware of the legal considerations when downloading ebooks. Ensure the site has the right to distribute the book and that you're not violating copyright laws.

*Efforts to expand internet access globally will help more people benefit from free ebook sites.*

*Google Books allows users to search and preview millions of books from libraries and publishers worldwide. While not all books are available for free, many are.*

*Stick to reputable sites to ensure you're not downloading pirated content. Pirated ebooks not only harm authors and publishers but can also pose security risks.*

*Project Gutenberg is a pioneer in offering free ebooks. With over 60,000 titles, this site provides a wealth of classic literature in the public domain.*

*Improvements in technology will likely make accessing and reading ebooks even more seamless and enjoyable.*

*Accessing and downloading ebooks requires an internet connection, which can be a limitation in areas with poor connectivity.*

*You can also find books on various skills, from cooking to programming, making these sites great for personal development.*

*ManyBooks offers a large selection of free ebooks in various genres. The site is user-friendly and offers books in multiple formats.*

*Students can access textbooks on a wide range of subjects, helping reduce the financial burden of education.*

*Not all books are available for free, and sometimes the quality of the digital copy can be poor.*

*DRM can restrict how you use the ebooks you download, limiting sharing and transferring between devices.*

*First and foremost, they save you money. Buying books can be expensive, especially if you're an avid reader. Free ebook sites allow you to access a vast array of books without spending a dime.*

*For homeschooling parents, free ebook sites provide a wealth of educational materials for different grade levels and subjects.*

*BookBoon specializes in free textbooks and business books, making it an excellent resource for students and professionals.*

*Many ebook platforms allow you to sync your library across multiple devices, so you can pick up right where you left off, no matter which device you're using.*

*Ebook sites often come with features that enhance accessibility.*

*To make the most out of your ebook reading experience, consider these tips.*

*Many sites offer audiobooks, which are great for those who prefer listening to reading.*

*Sites like Project Gutenberg and Open Library offer numerous academic resources, including textbooks and scholarly articles.*

*From timeless classics to contemporary bestsellers, the fiction section is brimming with options.*

*There are countless free ebook sites, but a few stand out for their quality and range of offerings.*

*Text-to-speech features can convert written text into audio, providing an alternative way to enjoy books.*

*As educational resources become more digitized, free ebook sites will play an increasingly vital role in learning.*

*Non-fiction enthusiasts can find biographies, self-help books, historical texts, and more.*

*Free ebook sites are invaluable for educational purposes.*

*The future looks promising for free ebook sites as technology continues to advance.*

*In summary, free ebook sites offer an incredible opportunity to access a wide range of books without the financial burden. They are invaluable resources for readers of all ages and interests, providing educational materials, entertainment, and accessibility features. So why not explore these sites and discover the wealth of knowledge they offer?*

*Downloading ebooks safely is crucial to avoid pirated content and protect your devices.*

*Use tools and apps to organize your ebook collection, making it easy to find and access your favorite titles.*

*Despite the benefits, free ebook sites come with challenges and limitations.*

*Whether it's a tablet, an e-reader, or a smartphone, choose a device that offers a comfortable reading experience for you.*

## **FAQs About Obama Says He Will Renew Push Close Guantanamo Books**

- 1. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone.*
- 2. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.*
- 3. Where to download Obama Says He Will Renew Push Close Guantanamo online for free? Are you looking for Obama Says He Will Renew Push Close Guantanamo PDF? This is definitely going to save you time and cash in something you should think about.*
- 4. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.*
- 5. Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice.*
- 6. How do I know which eBook platform is the best for me?*
- 7. Obama Says He Will Renew Push Close Guantanamo is one of the best book in our library for free trial. We provide copy of Obama Says He Will Renew Push Close Guantanamo in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Obama Says He Will Renew Push Close Guantanamo.*
- 8. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.*

*the u s detention center at guant[?] namo  
bay has become the symbol of an  
unprecedented detention system of global  
reach and immense power since the 9 11  
attacks the news has on an almost daily  
basis headlined stories of prisoners held  
indefinitely at guant[?] namo without  
charge or trial many of whom have been  
interrogated in violation of restrictions on  
torture and other abuse these individuals  
once labeled enemy combatants to  
eliminate legal restrictions on their  
treatment have in numerous instances  
been subject to lawless renditions between  
prisons around the world the lines  
between law enforcement and military  
action crime and war and the executive*

*legislative and judicial branches of power  
have become dangerously blurred and it is  
time to unpack the evolution and  
trajectory of these detentions to devise  
policies that restore the rule of law and  
due process obama s guant[?] namo stories  
from an enduring prison describes  
president obama s failure to close america  
s enduring offshore detention center as he  
had promised to do within his first year  
in office and the costs of that failure for  
those imprisoned there like its predecessor  
guant[?] namo lawyers inside a prison  
outside the law obama s guant[?] namo  
consists of accounts from lawyers who  
have not only represented detainees but  
also served as their main connection to  
the outside world their stories provide us  
with an accessible explanation of the forces  
at work in the detentions and place  
detainees stories in the larger context of  
america s submission to fearmongering  
these stories demonstrate all that is wrong  
with the prison and the importance of  
maintaining a commitment to human  
rights even in times of insecurity*

*as a presidential candidate barack obama  
criticized the george w bush  
administration for its unrestrained actions  
in matters of national security in secret  
justice department memos president bush s  
officials had claimed for the executive  
branch total authority to use military  
force in response to threats of terrorism  
they set aside laws made by congress even  
criminal laws prohibiting torture and  
warrantless surveillance candidate obama  
promised to restore the rule of law and  
make a clean break with the bush  
approach president obama has not done so  
why in a thorough comparison of the bush  
and obama administrations national  
security policies chris edelson demonstrates  
that president obama and his officials have  
used softer rhetoric and toned down legal  
arguments but in key areas military  
action surveillance and state secrets they  
have simply found new ways to assert*

power without meaningful constitutional or statutory constraints edelson contends that this legacy of the two immediately post 9 11 presidencies raises crucial questions for future presidents congress the courts and american citizens where is the political will to restore a balance of powers among branches of government and adherence to the rule of law what are the limits of authority regarding presidential national security power have national security concerns created a permanent shift to unconstrained presidential power

thoroughly updated and featuring 75 new entries this monumental four volume work illuminates past and present events associated with civil rights and civil liberties in the united states this revised and expanded four volume encyclopedia is unequalled for both the depth and breadth of its coverage some 650 entries address the full range of civil rights and liberties in america from the colonial era to the present in addition to many updates of material from the first edition the work offers 75 new entries about recent issues and events among them dozens of topics that are the subject of close scrutiny and heated debate in america today there is coverage of controversial issues such as voter id laws the use of drones transgender issues immigration human rights and government surveillance there is also expanded coverage of women s rights gay rights gay marriage and native american rights entries are enhanced by 42 primary documents that have shaped modern understanding of the extent and limitations of civil liberties in the united states including landmark statutes speeches essays court decisions and founding documents of influential civil rights organizations designed as an up to date reference for students scholars and others interested in the expansive array of topics covered the work will broaden readers understanding of and appreciation for the

people and events that secured civil rights guarantees and concepts in this country at the same time it will help readers better grasp the reasoning behind and ramifications of 21st century developments like changing applications of miranda rights and government access to private internet data maintaining an impartial stance throughout the entries objectively explain the varied perspectives on these hot button issues allowing readers to draw their own conclusions

on june 28 2004 the us supreme court broke with a long standing tradition of deference to the executive in wartime national security cases and became an important actor in an armed conflict by declining to rubber stamp the executive branch s actions the judiciary would henceforth play a major role in shaping national security policies in the war on terror after the september 11 2001 terrorist attacks lawyers lawsuits and court decisions have repeatedly altered the landscape in the policy areas of detention and military commissions in courts at war gregory burnep explores how after 9 11 lawyers and judges became deeply involved in an armed conflict with important consequences for presidential authority the separation of powers and the treatment of individuals suspected of posing a threat to the united states courts at war goes beyond the post 9 11 armed conflict it analyzes the changes in the position of courts vis a vis the other branches of government courts in conflict with the executive the legislature or both even courts in conflict with other courts the consequences included increased checks on presidential authority and greater levels of due process for suspected belligerents held in us custody but burnep also shows that there are unintended consequences that accompany these developments burnep innovatively applies an interbranch perspective to persuasively argue that litigation and judicial

involvement have important implications for changing patterns of policy development in a wide range of national security policy areas including surveillance interrogation targeted killings and president trump s travel ban

the arab world is a region that has been vastly misunderstood in the west arab voices asks the questions collects the answers and shares the results that will help us see arabs clearly the book will bring into stark relief the myths assumptions and biases that hold us back from understanding this important people here james zogby debuts a brand new comprehensive poll bringing numbers to life so that we can base policy and perception on the real world rather than on a conjured reality based on a new poll run by zogby international exclusively for this book some of the surprising results revealed include despite the frustration with the peace process and the number of wars of the past few years 74 of arabs still support a two state solution to the palestinian israeli conflict and over one third of lebanese saudis and jordanians think that their governments should do more to advance peace despite wars in and around their region and the worldwide economic crisis when asked are you better off than you were 4 years ago 42 of those polled say they are better off 19 worse off arabs like american people 59 favorable rating values 52 and products 69 giving them all high ratings and canada gets high favorability ratings everywhere an overall rating of 55 favorable and 32 unfavorable however arabs overwhelmingly rate american society more violent and war like 77 or less respectful of the rights of others 78 than their own society why because of the iraq war and continuing fallout from abu ghraib guantanamo and the treatment of arab and muslim immigrants and visitors to the united states what type of tv show do saudis and egyptians prefer to watch the answer is

movies which draws over 50 of the first and second choice votes in morocco the top rated shows are soap operas and music and entertainment programs drawing almost two thirds of the first and second choice votes religious programs are near the bottom of the list of viewer preferences garnering less than 10 of votes in all three countries

law s wars is the first comprehensive account of efforts to resist and correct rule of law violations in the us war on terror

pulitzer prize winning journalist charlie savage s penetrating investigation of the obama presidency and the national security state barack obama campaigned on changing george w bush s global war on terror but ended up entrenching extraordinary executive powers from warrantless surveillance and indefinite detention to military commissions and targeted killings then obama found himself bequeathing those authorities to donald trump how did the united states get here in power wars charlie savage reveals high level national security legal and policy deliberations in a way no one has done before he tells inside stories of how obama came to order the drone killing of an american citizen preside over an unprecedented crackdown on leaks and keep a then secret program that logged every american s phone calls encompassing the first comprehensive history of nsa surveillance over the past forty years as well as new information about the osama bin laden raid power wars equips readers to understand the legacy of bush s and obama s post 9 11 presidencies in the trump era

detention operations are vital to u s military doctrine and crucial to the success of combat and recovery missions this book shows that the image of abuse from abu ghraib were but one small harmful element in an overwhelmingly successful

detention mission in iraq it focuses on the subsequent developments and successes explaining the standard rule of law approach taken by the u s military and examining the work in iraq of such leaders as major general john d gardner and major general douglas m stone overall the text moves away from the abu ghraib scandal to illuminate a largely unknown successful development in the u s detention operations following the abu ghraib scandal of 2003 2004 the u s department of defense scrambled to recover its reputation and that of its troops as the bush administration sought to redefine torture military judge advocates consistently challenged such moves arguing in favor of the geneva conventions humanitarian practices by 2006 department of defense policy stipulated full respect for and use of the geneva conventions this development was indeed a victory for american support for rule of law in iraq as well as an affirmation of standard practices in the detention command task force 134 pressures of war however continued to present their own challenges

focusing on three hunger strikes occurring on university campuses in california in the 1990s ralph armbruster sandoval examines people s willingness to make the extreme sacrifice and give their lives in order to create a more just society

an indispensable reference on concentration camps death camps prisoner of war camps and military prisons offering broad historical coverage as well as detailed analysis of the nature of captivity in modern conflict this comprehensive reference work examines internment forced labor and extermination during times of war and genocide with a focus on the 20th and 21st centuries and particular attention paid to world war ii and recent conflicts in the middle east it explores internment as it

has been used as a weapon and led to crimes against humanity and is ideal for students of global studies history and political science as well as politically and socially aware general readers in addition to entries on such notorious camps as abu ghraib andersonville auschwitz and the hanoi hilton the encyclopedia includes profiles of key perpetrators of camp and prison atrocities and more than a dozen curated and contextualized primary source documents that further illuminate the subject primary sources include united nations documents outlining the treatment of prisoners of war government reports of infamous camp and prison atrocities and oral histories from survivors of these notorious facilities

this book assesses the foreign policy legacy of the obama administration through the lens of national security and leadership timely accessible chapters authored by leading scholars of presidential and international politics cover white house cabinet relations congress and war powers challenges including the iran nuclear deal isis and the closing of guantanamo bay drone strikes the new cold war with russia and the ways in which the obama foreign policy legacy shaped the 2016 presidential election in particular the book explores the philosophical basis of counter terrorism strategy in the obama administration and traces how precepts differed from the administration of george w bush more generally the book contributes to an understanding of the distinctive interplay between the formal constitutional powers of the president and the use of informal executive powers in the quest for peace and security finally the book surveys the challenges that donald j trump faces in the transition to the new presidential administration

divulge s the details of top level deliberations details that were almost certainly known only to the

administration's inner circle the wall street journal when he was elected in 2008 barack obama had vowed to close Guantanamo put an end to coercive interrogation and military tribunals and restore american principles of justice yet by the end of his first term he had backtracked on each of these promises ramping up the secret war of drone strikes and covert operations behind the scenes wrenching debates between hawks and doves those who would kill versus those who would capture repeatedly tested the very core of the president's identity leading many to wonder whether he was at heart an idealist or a ruthless pragmatist digging deep into this period of recent history investigative reporter daniel klaidman spoke to dozens of sources to piece together a riveting washington story packed with revelations as the president's inner circle debated secret programs new legal frontiers and the disjuncture between principles and down and dirty politics obama vacillated sometimes lashed out and spoke in lofty tones while approving a mounting toll of assassinations and kinetic war operations klaidman's fly on the wall reporting reveals who had his ear how key national security decisions are really made and whether or not president obama lived up to the promise of candidate obama fascinating lays bare the human dimension of the wrenching national security decisions that have to be made tina brown npr an important book steve coll the new yorker

a probing work of narrative history that reveals the hidden story of immigrant detention in the united states deepening urgent national conversations around migration in 2018 many americans watched in horror as children were torn from their parents at the us mexico border under trump's family separation policy but as historian ana raquel minian reveals in in the shadow of liberty this was only the latest chapter in a saga tracing back to

the 1800s one in which immigrants to the united states have been held without recourse to their constitutional rights braiding together the vivid stories of four migrants seeking to escape the turmoil of their homelands for the promise of america in the shadow of liberty gives this history a human face telling the dramatic story of a central american asylum seeker a cuban exile a european war bride and a chinese refugee as we travel alongside these indelible characters in the shadow of liberty explores how sites of rightlessness have evolved and what their existence has meant for our body politic though these black sites exist out of view for the average american their reach extends into all of our lives the explosive growth of the for profit prison industry traces its origins to the immigrant detention system as does the emergence of guantanamo and the gradual unraveling of the right to bail and the presumption of innocence through these narratives we see how the changing political climate surrounding immigration has played out in individual lives and at what cost but as these stories demonstrate it doesn't have to be like this and a better way might be possible

as the u.s. government continues the battle against terrorism congress representatives of the people must develop long term policies that provide for national security and protect the civil liberties of the american people much of the conversation surrounding the war on terror focuses on presidential power and responses to the president's exercising that power often overlooked or downplayed is the role of congress in directing the outcome of the war this book illustrates how congress in conjunction with the president and the judiciary has played a key role in laying the foundation for many post 9/11 policies in areas such as surveillance and detention instead of arguing that congress is incapable of making successful counterterrorism policy congress and the

war on terror objectively examines what congress has done in the past to suggest what action may be needed in the future covering controversial topics including torture interrogation drones and military tribunals it shows that only understanding previous decisions will enable americans to determine what role congress should play as the united states fights terror

president obama's first term in office was subject to intense criticism not only did many feel that he had failed to live up to his leadership potential but that he had actually continued the foreign policy framework of the george w bush era he was supposed to have abandoned this edited volume examines whether these issues of continuity have been equally as prevalent during the president's second term as his first is obama still acting within the foreign policy shadow of bush or has he been able to establish his own approach towards international affairs distinct from his predecessor within this context the volume also addresses the idea of legacy and whether obama has succeeded in establishing his own distinct foreign policy doctrine in addressing these questions the chapters explore continuity and change from a range of perspectives in international relations and foreign policy analysis which are broadly representative of a spectrum of theoretical positions with contributions from a range of us foreign policy experts this book will be of great interest to students and scholars of us foreign policy foreign policy analysis and american politics

politiguide 2016 offers the reader a simple unbiased and to the point discussion of the 2016 election in a short and succinct style politiguide 2016 provides a clear understanding of the general stances that democrats and republicans take on issues such as the economy abortion global warming healthcare and more with so much misinformation misperception and

general discussion surrounding a presidential election politiguide 2016 serves to empower voters and enable them to join the political discussion in addition readers of politiguide 2016 will walk away with the ability to understand the less talked about issues like marijuana and race relations while also feeling more comfortable about topics like how to register to vote and what to expect on voting day

guant<sup>2</sup> namo sits at the center of two of the most vexing issues of us policy of the past century relations with cuba and the global war on terror it is a contested extralegal space in a new no man s land esther whitfield explores a multilingual archive of materials produced both at the us naval base and in neighboring cuban communities and proposes an understanding of guant<sup>2</sup> namo as a coherent borderland region where experiences of isolation are opportunities to find common ground she analyzes poetry art memoirs and documentary films produced on both sides of the border authors and artists include prisoners guards linguists chaplains lawyers and journalists as well as cuban artists and dissidents their work reveals surprising similarities limited access to power and self representation mobility restricted by geography if not captivity and immersion in political languages that have ascribed them rigid roles read together the work of these disparate communities traces networks that extend among individuals in the guant<sup>2</sup> namo region inward to cuba and outward to the caribbean the americas europe and the middle east

in this bold book a naomi paik grapples with the history of u s prison camps that have confined people outside the boundaries of legal and civil rights removed from the social and political communities that would guarantee fundamental legal protections these

detainees are effectively rightless stripped of the right even to have rights rightless people thus expose an essential paradox while the united states purports to champion inalienable rights at home and internationally it has built its global power in part by creating a regime of imprisonment that places certain populations perceived as threats beyond rights the united states status as the guardian of rights coincides with indeed depends on its creation of rightlessness yet rightless people are not silent drawing from an expansive testimonial archive of legal proceedings truth commission records poetry and experimental video paik shows how rightless people use their imprisonment to protest u s state violence she examines demands for redress by japanese americans interned during world war ii testimonies of hiv positive haitian refugees detained at guant<sup>2</sup> namo in the early 1990s and appeals by guant<sup>2</sup> namo s enemy combatants from the war on terror in doing so she reveals a powerful ongoing contest over the nature and meaning of the law over civil liberties and global human rights and over the power of the state in people s lives

updated for obama s last year in office the liberal syndicated radio and television host bill press reflects on how the obama administration has failed and disillusioned the american left the bestselling liberal syndicated radio and television host bill press turns a critical eye on barack obama and assesses why his performance as president on issues liberals care deeply about has failed the american left press argues efficiently that obama may have drawn the wrong lessons from the enthusiastic crowds that swarmed around him on the campaign trail in 2008 instead of seeing the potential and desire for a stronger progressivism obama tried to rise above and unite the parties the tragedy of the obama presidency is that by trying to be the first post partisan president he

ended up being one of the weakest on issues as far ranging as gun safety to health care to foreign policy obama has let voters down by simply not doing enough or taking the wrong actions as press describes it liberals began the obama presidency with high hopes and they now near its end with deep disappointment and a sense of buyer s remorse

this book will also help to dissect what the future might hold for hillary whether she chooses to run for office again or decides to remain a private citizen and devote her time to lecturing teaching and philanthropy

searching for truth in the transitional justice movement examines calls for a truth commission to redress the brutal war during the breakup of the former yugoslavia the decades long armed conflict in colombia and us detention policies in the war on terror in so doing it argues that transitional justice is an idea around which a loosely structured movement emerged and professionalized making truth commissions a standard response to mass violence by exploring how this movement developed as well as efforts to make truth commissions in the balkans colombia and the us this book explains different processes through which political actors translate new legal ideas such as transitional justice into political action further it reveals how the malleability of transitional justice and truth commissions is both an asset and a liability for those hoping to ensure accountability improve survivor well being and prevent future violence

throughout their time in office american presidents are often forced to choose between leading the nation and leading their party in an earlier time when the major parties were less polarized this leadership dilemma while challenging was not nearly as vexing as it is today

american presidents now find themselves with little room to maneuver compelled to serve the constitution on the one hand and yet caught within bitter partisan disputes and large numbers of unaffiliated voters on the other the contributors to this volume investigate how recent presidents have navigated these increasingly rocky political waters focusing on campaign strategy presidential rhetoric relations with congress domestic and foreign policy the presidential leadership dilemma presents a wide ranging detailed and fascinating study of how contemporary presidents face the challenge at the heart of every presidency

the book outlines various significant policies and actions taken by the trump administration across multiple domains including trade energy foreign policy defense and veterans affairs in trade the administration achieved notable victories such as winning a wto dispute against indonesia regarding agricultural export restrictions and facilitating american exports of pork and beef to key markets like argentina and china financial support programs for farmers were also implemented to mitigate trade impacts in the energy sector the trump administration focused on deregulation and expansion exemplified by the presidential memoranda supporting the keystone xl and dakota access pipelines the administration oversaw a surge in coal exports and a significant increase in u s oil production positioning the country as the largest crude oil producer globally key shifts included rescinding the clean power plan in favor of the affordable clean energy rule and withdrawing from the paris climate agreement foreign policy initiatives included relocating the u s embassy in israel to jerusalem withdrawing from the iran nuclear deal and imposing sanctions on iran and venezuela the administration engaged in historic diplomatic efforts with north

korea including a summit between president trump and kim jong un which aimed at denuclearization additionally responses to syria s chemical weapons use involved targeted airstrikes in defense the administration increased military funding implemented a new nuclear posture review and established america s first comprehensive cyber strategy in 15 years the administration also focused on nato spending pushing member countries to increase their defense budgets finally in veterans affairs significant reforms were introduced including enhancements in veteran care through the va accountability act and expansion of telehealth services the administration worked on modernizing the va s infrastructure and improving access to mental health treatment while increasing transparency and accountability within the department overall these actions reflect a comprehensive approach by the trump administration aimed at reshaping american policies across various sectors during its first four years

the 2014 midterm election was one of the most significant in recent memory with a decisive turning of the tables in favor of republicans with a now republican controlled senate and house at odds with a democratic president with only two years left in office the fault lines within and between both parties have never been more tenuous in this book prominent elections scholar and political commentator larry j sabato brings together respected journalists and experts from across the political spectrum to examine every facet of the midterm election results and the implications for the 2016 election cycle in frank accessible prose each author offers insight that goes beyond the headlines to analyze what the midterm results mean and what is at stake in the coming presidential race contributions by alan i abramowitz mark blumenthal jamelle bouie rhodes cook robert costa ariel edwards levy james hobmann jill

lawrence joshua t putnam michael e toner karen e trainer sean trende

an examination of the debates regarding whether judicial review is an effective and appropriate way to regulate counter terrorism measures

no president in living memory has entered office with a greater amount of goodwill and broad bi partisan support than barack obama and few presidents in living memory had arrived in washington proclaiming such dramatically articulated vows to change the tone of politics to usher in an era of post partisanship in an effort to rally the nation behind his plan of enacting an ambitious program of social and economic change he vowed to enact a broad bi partisan agenda for health care reform energy transformation economic revitalization job growth and restoration of america s standing in the world and no president in living memory has more quickly and more completely abandoned his promises he enacted a health care plan that far more resembled plans he had bitterly criticized his opponents for supporting rather than the one his campaign outlined his promised job growth through economic stimulus measures drove up the unemployment rate to double digits leading to millions of job losses his vows to restore fiscal probity resulted in the most ruinous deficits and public debt in u s history he green energy program collapsed into a cesspool of crony political favoritism his vows to restore relations with hostile nations like iran and north korea had only deepened those nations disdain for america despite his harsh criticisms obama adopted nearly every plank in the bush era anti terror policy his promise to restore science to its rightful place resulted in the most rigidly inflexible program of ideological extremism in modern memory even more noteworthy was the fact that the new era of post partisanship he had vowed to

create in washington resulted in the worst political gridlock in living memory this book examines in detail hundreds of campaign promises obama made while running for president contrasting those with the record of failure and broken promises left in his wake it is a story that has received too little attention until now

the congressional record is the official record of the proceedings and debates of the united states congress it is published daily when congress is in session the congressional record began publication in 1873 debates for sessions prior to 1873 are recorded in the debates and proceedings in the congress of the united states 1789 1824 the register of debates in congress 1824 1837 and the congressional globe 1833 1873

why did donald trump follow barack obama into the white house why is america so polarized and how does american exceptionalism explain these social changes in this provocative book mugambi jouet describes why americans are far more divided than other westerners over basic issues including wealth inequality health care climate change evolution gender roles abortion gay rights sex gun control mass incarceration the death penalty torture human rights and war raised in paris by a french mother and kenyan father jouet then lived in the bible belt manhattan and beyond drawing inspiration from alexis de toqueville he wields his multicultural sensibility to parse how the intense polarization of u s conservatives and liberals has become a key dimension of american exceptionalism an idea widely misunderstood as american superiority while exceptionalism once was a source of strength it may now spell decline as unique features of u s history politics law culture religion and race relations foster grave conflicts they also shed light on the intriguing ideological evolution of american conservatism which

long predated trumpism anti intellectualism conspiracy mongering a visceral suspicion of government and christian fundamentalism are far more common in america than the rest of the western world europe canada australia and new zealand exceptional america dissects the american soul in all of its peculiar clashing and striking manifestations

international human rights have been an important matter for study policy and activism since the end of world war ii however as william h meyer observes global governance is not only a relatively new topic for students of interational relations but also a widely used yet often contested concept despite the conflicting and often politicized uses of the term three key dimensions of global governance can be identified the impact of diplomatic international organizations such as the international criminal court the importance of nonstate actors and global civil society and global political trends that can be gleaned from empirical observation and data collection in human rights and global governance meyer defines global governance generally as the management of global issues within a political space that has no single centralized authority employing a combination of historical quantitative normative and policy analyses meyer presents a series of case studies at the intersection of power politics and international justice he examines the global campaign to end impunity for dictators the recognition violation and protection of indigenous rights the creation and expansion of efforts to ensure corporate social responsibility the interactions between labor rights and development in the global south just war theory as it applies to torturing terrorists war crimes in afghanistan and iraq and the drone wars and the global strategic environment that best facilitates the

making of human rights treaties meyer concludes with an evaluation of the successes and failures of two exemplary models for the global governance of human rights as well as recommendations for public policy changes and visions for the future

this unique volume unpacks the concept and practice of naming and shaming by examining how governments ngos and international organisations attempt to change the behaviour of targeted actors through public exposure of violations of normative standards and legal commitments

this moving eye opening memoir of an innocent man detained at guant[?] namo bay for fifteen years tells a story of humanity in the unlikeliest of places and an unprecedented look at life at guant[?] namo at the age of 18 mansoor adayfi left his home in yemen for a cultural mission to afghanistan he never returned kidnapped by warlords and then sold to the us after 9 11 he was disappeared to guant[?] namo bay where he spent the next 15 years as detainee 441 don t forget us here tells two coming of age stories in parallel a makeshift island outpost becoming the world s most notorious prison and an innocent young man emerging from its darkness arriving as a stubborn teenager mansoor survived the camp s infamous interrogation program and became a feared and hardened resistance fighter leading prison riots and hunger strikes with time though he grew into the man prisoners nicknamed smiley troublemaker a student writer and historian with unexpected warmth and empathy he unwinds a narrative of fighting for hope and survival in unimaginable circumstances illuminating the limitlessness of the human spirit and through his own story mansoor also tells guant[?] namo s story offering an unprecedented window into

one of the most secretive places on earth and the people detainees and guards alike who lived there with him twenty years later Guantanamo remains open and at a moment of due reckoning Mansoor Adajfi helps us understand what actually happened there both the horror and the beauty a vital chronicle of an experience we cannot afford to forget

Applying the lessons of presidential history this anthology of case studies written by leading political scientists historians and subject matter experts delves into the many facets of the presidency and promotes a greater understanding of the presidency for policymakers academics students and general readers alike Abraham Lincoln once said fellow citizens we cannot escape history one hundred and fifty years later this statement remains true the lessons of history are increasingly important at a time of political deadlock and growing skepticism of leadership among the American public an established classic in its field triumphs and tragedies of the modern presidency underscores the importance of looking back to set an intelligent course for the future and promotes a better understanding of the U.S. presidency this updated and revised second edition offers rare insights on presidential leadership since 2001 and adds considerable new information related to inter-term transitions the case studies in this single volume work cover an unparalleled scope of modern presidential history and related topics beginning with the presidency of Franklin Roosevelt and continuing to the presidency of Barack Obama examples of the events and subject matter of the case studies include the interstate transport system the building of the social safety net the civil rights movement the space program environmental protection education reform the IT revolution energy policy the budget economic policy foreign policy national security defense policy and

presidential scandals each case study highlights a historical lesson and is authored by a different political scientist historian or subject matter expert offering readers a multidisciplinary examination of the presidency

My Superman David who always wanted to be a prolific and successful writer later found himself taking a step further to live in a hidden world where villains live and dwell he was committing crimes and was held behind bars he saw that the more friends he was having the farther he was walking from his dream despite that addiction to crime which almost stole his life away he still would not relinquish his dream of becoming something he feels inclined to be that he so believed is what he will be judged with by God when he dies he said he could see that crime can also be a product of the law and as a lack of social benefit a young African born into a vicious cycle of poverty in one of the most corrupt countries in the world and because of the political situation of his country which was on the brink of a civil war the lack of enough financial support from his impoverished family for him to run his education so as for him to be able to secure himself from danger by having a profession to work and live peacefully in his country he then decided to set on a formidable journey of life departed thence and traveled to Europe by land passing through the Sahara Desert which he described as the Hell on Earth to Morocco and later to Spain reaching Spain he proceeded farther on his adventurous journey that altered his life and dream only to make him discover the tragedies that later befell him and made him to send his ghost to live in the land where he was incarcerated by unending miseries seeing his life in peril and his dreams turning into nightmares in accordance with fact he became less preoccupied with his own problems as he looked to the three major problems

engulfing the world which are hunger wars and terrorism he found politics more fascinating and when he tried to ascertain the facts about it he grasped that it was greed power and lust that were written in their agendas and it was disturbing his faith and beliefs in humanity he thought he could see how men chose to forbid love and peace to embrace enmities and conflicts he said he could see that if men cannot make a sacrifice to love their neighbors they will find themselves paying prices for destroying each other

We are living through the endtimes of the civilizing mission the ineffectual international criminal court and its disastrous first prosecutor Luis Moreno Ocampo along with the failure in Syria of the responsibility to protect are the latest pieces of evidence not of transient misfortunes but of fatal structural defects in international humanism whether it is the increase in deadly attacks on aid workers the torture and disappearing of al Qaeda suspects by American officials the flouting of international law by states such as Sri Lanka and Sudan or the shambles of the Khmer Rouge Tribunal in Phnom Penh the prospect of one world under secular human rights law is receding what seemed like a dawn is in fact a sunset the foundations of universal liberal norms and global governance are crumbling from the endtimes of human rights in a book that is at once passionate and provocative Stephen Hopgood argues against the conventional wisdom that the idea of universal human rights has become not only ill adapted to current realities but also overambitious and unresponsive a shift in the global balance of power away from the United States further undermines the foundations on which the global human rights regime is based American decline exposes the contradictions hypocrisies and weaknesses behind the attempt to enforce this regime around the world and opens the way for resurgent

religious and sovereign actors to challenge human rights historically hopgood writes universal humanist norms inspired a sense of secular religiosity among the new middle classes of a rapidly modernizing europe human rights were the product of a particular worldview western european and christian and specific historical moments humanitarianism in the nineteenth century the aftermath of the holocaust they were an antidote to a troubling contradiction the coexistence of

a belief in progress with horrifying violence and growing inequality the obsolescence of that founding purpose in the modern globalized world has hopgood asserts transformed the institutions created to perform it such as the international committee of the red cross and recently the international criminal court into self perpetuating structures of intermittent power and authority that mask their lack of democratic legitimacy and systematic ineffectiveness at their best they provide

relief in extraordinary situations of great distress otherwise they are serving up a mixture of false hope and unaccountability sustained by human rights as a global brand the endtimes of human rights is sure to be controversial hopgood makes a plea for a new understanding of where hope lies for human rights a plea that mourns the promise but rejects the reality of universalism in favor of a less predictable encounter with the diverse realities of today's multipolar world
