You can adjust the font size to suit your reading comfort, making it easier for those with visual impairments.

Be aware of the legal considerations when downloading ebooks. Ensure the site has the right to distribute the book and that you're not violating copyright

laws.

These sites also enhance accessibility. Whether you're at home, on the go, or halfway around the world, you can access your favorite titles anytime, anywhere, provided you have an internet connection.

For homeschooling parents, free ebook sites provide a wealth of educational materials for different grade levels and subjects.

Parents and teachers can find a plethora of children's books, from picture books to young adult novels.

As educational resources become more digitized, free ebook sites will play an increasingly vital role in learning.

Moreover, the variety of choices available is astounding. From classic literature to contemporary novels, academic texts to children's books, free ebook sites cover all genres and interests.

BookBoon specializes in free textbooks and business books, making it an excellent resource for students and professionals.

DRM can restrict how you use the ebooks you download, limiting sharing and transferring between devices.

Sites like Project Gutenberg and Open Library offer numerous academic resources, including textbooks and scholarly articles.

Always use antivirus software and keep your devices updated to protect against malware that can be hidden in downloaded files.

In summary, free ebook sites offer an incredible opportunity to access a wide range of books without the financial burden. They are invaluable resources for readers of all ages and interests, providing educational materials, entertainment, and accessibility features. So why not explore these sites and discover the wealth of knowledge they offer?

Free ebook sites are invaluable for educational purposes.

Whether it's a tablet, an e-reader, or a smartphone, choose a device that offers a comfortable reading experience for you.

ManyBooks offers a large selection of free ebooks in various genres. The site is user-friendly and offers books in multiple formats.

Use tools and apps to organize your ebook collection, making it easy to find and access your favorite titles.

Improvements in technology will likely make accessing and reading ebooks even more seamless and enjoyable.

To make the most out of your ebook reading experience, consider these tips.

Many sites offer audiobooks, which are great for those who prefer listening to reading.

Downloading ebooks safely is crucial to avoid pirated content and protect your devices.

Ebook sites often come with features that enhance accessibility.

Text-to-speech features can convert written text into audio, providing an alternative way to enjoy books.

First and foremost, they save you money. Buying books can be expensive, especially if you're an avid reader. Free ebook sites allow you to access a vast array of books without spending a dime.

Open Library aims to have a webpage for every book ever published. It offers millions of free ebooks, making it a fantastic resource for readers.

There are countless free ebook sites, but a few stand out for their quality and range of offerings.

Google Books allows users to search and preview millions of books from libraries and publishers worldwide. While not all books are available for free, many are.

The future looks promising for free ebook sites as technology continues to advance.

From timeless classics to contemporary bestsellers, the fiction section is brimming with options.

Stick to reputable sites to ensure you're not downloading pirated content. Pirated ebooks not only harm authors and publishers but can also pose security risks.

Despite the benefits, free ebook sites come with challenges and limitations.

Many ebook platforms allow you to sync your library across multiple devices, so you can pick up right where you left off, no matter which device you're using.

Efforts to expand internet access globally will help more people benefit from free ebook sites.

The diversity of genres available on free ebook sites ensures there's something for everyone.

Not all books are available for free, and sometimes the quality of the digital copy can be poor.

Accessing and downloading ebooks requires an internet connection, which can be a limitation in areas with poor connectivity.

You can also find books on various skills, from cooking to programming, making these sites great for personal development.

Students can access textbooks on a wide range of subjects, helping reduce the financial burden of education.

Project Gutenberg is a pioneer in offering free ebooks. With over 60,000 titles, this site provides a wealth of classic literature in the public domain.

Non-fiction enthusiasts can find biographies, self-help books, historical texts, and more.

syrian foreign policy always opaque has become an even greater puzzle during the syrian revolt irrespective of the regime s international isolation in the wake of its violent response to domestic protest it has paid lip service to international peace plans while unperturbedly crushing the rebellion the rare televised appearances of president assad have shown a leader detached from reality has he in his own words gone crazy in this book long time syria analyst and former diplomat bente scheller contends that bashar assad s deadly waiting game is following its own logic whatever difficulties the syrian regime has faced its previous experience has been that it can simply sit out the current crisis the difference this time is that syria faces a double crisis internal and external while hafez assad renowned as an astute politician adapted to new challenges his son bashar seems to have no alternative plan of action scheller s timely book analyses syrian foreign policy after the global upheavals of 1989 which was at the time a glorious new beginning for the

regime she shows how bashar assad by ignoring change both inside syria and in the region has sacrificed his father s focus on national security in favour of a policy of regime survival and offers a candid analysis of the successes and shortcomings of syrian foreign policy in recent years

after 2000 there was a closeness in the relations of syrian and turkey however turkey and syria were in dispute about water hatay and terrorism especially there was an intense tension over terrorism this tension brought the two countries to the brink of a war in 1998 we can say that the relations between syria and turkey normalized after adana agreement in 1998 when bashar al assad came to power in syria and as did akp in turkey the relations improved even further leading to the abolishment of visas in 2009 however with the arab spring the relations turned sour and reached to a point that can t be normalized anymore this book analyses the relations between syria and turkey between 1998 and 2018 content about the author acronyms chapter one introduction chapter two turkey syria relations in the period from the end of the cold war to the 1998 syria crisis chapter three turkey syria relations in the period from the 1998 adana agreement to the election of bashar al asad as president in 2000 chapter four turkey syria relations in the period from 2000 bashar al assad s taking office to the abolition of visas in 2009 chapter five the relations between turkey and syria after arab spring

examining the israeli arab conflict as an intractable conflict israeli peacemaking since 1967 seeks to determine just which factors or combination of factors impacted on israel s position in past peace making efforts possibly accounting for breakthroughs or failures to reach agreement from king hussein s little known overtures immediately after the six day war through president sadat s futile efforts to avoid war in the early 1970s to repeated third party mediated talks with syria factors including deep seated mistrust leadership style and domestic political spoilers contributed to failures even as public opinion and international circumstances may have been favourable how these and other factors intervened changed or were handled allowing for the few breakthroughs with egypt and jordan or the near breakthrough of the annapolis process with the palestinians provides not only an understanding of the past but possible keys for future israeli arab peace efforts employing extensive use of archival material as well as interviews and thorough research of available sources this book provides insight on just which factors or combination of factors account for breakthroughs or failures to reach agreement a framework useful for examining both the israeli arab conflict and intractable conflicts in general

impartial documentation and background information fundamental to the understanding of arab israeli relations key features covers in detail the years since the first arab israeli war and the statehood of israel in 1947 48 to the most recent developments in relations between israel the emerging palestinian political entities and the arab states a chronology provides an at a glance record of events from 1947 until the present day a documents on palestine section gives essential background to the various ongoing areas of dispute profiles of prominent political figures a bibliography section a series of maps illustrating the history of arab israeli conflict and recent peace initiatives and settlement issues

ever since syria won its independence from france in 1946 it has been a crucial player in middle eastern politics over the years relations between the

united states and syria have fluctuated as washington has tried to balance its commitment to israel s security with its support for arab regimes in order to protect vital and strategic interests in the arab world the arab israeli conflict is however no longer the only focal point of the relationship now terrorism has entered the fray on the state department s terrorism list since 1979 syria became even more persona non grata as far as washington was concerned when damascus vocally opposed the u s invasion of iraq in 2003 the american war in iraq occupation and promotion of democracy throughout the middle east pose a strong challenge to the syrian regime the new syrian leadership in power only since 2000 faces immense challenges protecting syria s regional status and surviving internal and external threats against this background syria and the united states have set themselves on a collision course over terrorism arms proliferation lebanon the middle east peace process and iraq syria is nevertheless extremely important to the united states because it can be a force for either stability or instability in an extremely volatile region recent events have put the spotlight on syria s policies and actions after the assassination of a lebanese politician protests in lebanon led to the withdrawal of syrian troops while the withdrawal averted an immediate threat of bloodshed the bush administration accused syria of being a source of instability in the middle east with secretary of state rice charging that syria was still active in lebanon and was supporting foreign terrorists fueling the insurgency in iraq the u s syrian relationship is of critical importance to the united states efforts to promote democracy throughout the middle east at the same time the united states has been pressuring syria to clamp down on terrorism within its own borders rabil provides a history of the modern u s syrian relationship putting the latest events in the context of this contemporary history and placing the relationship in the context of middle eastern politics

the product of painstaking research and countless interviews a high price offers a nuanced definitive historical account of israel s bold but often failed efforts to fight terrorist groups beginning with the violent border disputes that emerged after israel s founding in 1948 daniel byman charts the rise of yasir arafat s fatah and leftist groups such as the popular front for the liberation of palestine organizations that ushered in the era of international terrorism epitomized by the 1972 hostage taking at the munich olympics byman reveals how israel fought these groups and others such as hamas in the decades that follow with particular attention to the grinding and painful struggle during the second intifada israel s debacles in lebanon against groups like the lebanese hizballah are examined in depth as is the country s problematic response to jewish terrorist groups that have struck at arabs and israelis seeking peace in surveying israel s response to terror the author points to the coups of shadowy israeli intelligence services the much emulated use of defensive measures such as sky marshals on airplanes and the role of controversial techniques such as targeted killings and the security barrier that separates israel from palestinian areas equally instructive are the shortcomings that have undermined israel s counterterrorism goals including a disregard for long term planning and a failure to recognize the long term political repercussions of counterterrorism tactics

now in its 50th edition this title continues to provide the most up to date geo political and economic information for this important world area covers the middle east and north africa from algeria to yemen offers quick access to a wide range of data accurately and impartially records the latest political and economic developments provides comprehensive data on all major organizations in the region general survey introductory essays covering topics relating to

this comprehensive new analysis goes far beyond today s headlines and the basic facts and figures on the military forces in the region tracing the origin of the military forces in each middle east country tony cordesman discusses current security developments and provides a qualitative and quantitative analysis of the strength and effectiveness o

historical dictionary of syria fourth edition covers the recent events in syria as well as the history that led up to these events the cross referenced dictionary section has over 500 entries on significant persons places and events political parties and institutions literature music and the arts

from ukraine to afghanistan and beyond occupations and exit dilemmas permeate contemporary geopolitics however the existing literature on territorial conflict rarely scrutinizes a pivotal related question what makes a state withdraw from an occupied territory or entrench itself within it in understanding territorial withdrawal rob geist pinfold addresses this research gap he focuses primarily on israel a unique but important milieu that offers pertinent lessons for other states facing similar policy problems as pinfold demonstrates occupiers choose to either perpetuate or abandon an occupation because of three

factors their relations with the occupied interactions with third parties and the occupier's domestic politics he argues that each withdrawal is the culmination of a gradual process of policy re-assessment critically it is a combination of local violence and international pressure that causes popular and elite opinion within the occupier to endorse an exit rather than perpetuate the status quo to affirm this pattern pinfold constructs a generalizable framework for understanding territorial withdrawal he then applies this framework to multiple case studies which include israel's withdrawal from the sinai peninsula between 1974-1982 its unilateral withdrawal from southern lebanon in 2000 and its unilateral disengagement from the gaza strip in 2005 as well as israel's non-withdrawals from the west bank and golan heights overall understanding territorial withdrawal delineates commonalities that manifested in each exit yet were absent in the cases of occupation without exit a powerful analysis of a central concern for the study of international security territorial conflict and the arab-israel conflict alike this book provides a critical intervention that identifies why occupiers either retain or leave occupied territory

the library owns the volumes of the american jewish yearbook from 1899 current

in 2011 massive protest movements that appeared to come out of nowhere caught the arab world's autocrats by surprise and brought down powerful leaders in tunisia egypt libya and yemen thousands of syrians took to the streets in march 2011 calling for the fall of the regime the popular slogan of arab uprisings but found themselves confronting a determined foe willing to slaughter thousands of citizens and to destroy entire city neighborhoods in order to hold onto power by the middle of 2013 syria was in the midst of a nightmarish civil war marked by more than 80,000 deaths sectarian massacres the flight of one-fourth the country's population from their homes the disintegration of government institutions in much of the country and a rising humanitarian crisis as food medicine and electricity grew short nobody in syria or the outside world appears to be in a position to stop what looked like a fight to the bitter end at whatever cost to the country this third edition of the historical dictionary of syria covers the recent events in syria as well as the history that led up to these events this is done through a chronology an introductory essay and an extensive bibliography the cross-referenced dictionary section has over 500 entries on significant persons places and events political parties and institutions literature music and the arts this book is an excellent resource for students researchers and anyone wanting to know more about syria

syria entered a new phase with the death of its long-serving leader hafiz al asad and the accession of his son bashar in 2000 while the new president has disappointed much of the hopes for political opening which he himself has created syria is clearly undergoing a process of change the author analyses the factors of economic and political change in the country and gives a portrait of its new leadership

thoroughly updated and expanded this new edition of negotiating arab-israeli peace examines the history of recurrent efforts to resolve the arab-israeli conflict and identifies a pattern of negative negotiating behaviors that seem to repeatedly derail efforts to achieve peace in a lively and accessible style laura zitrain eisenberg and neil caplan examine eight case studies of recent arab-israeli diplomatic encounters from the egyptian-israeli peace of 1979 to

the beginning of the obama administration in light of the historical record by measuring contemporary diplomatic episodes against the pattern of counterproductive negotiating habits this book makes possible a coherent comparison of over sixty years of arab israeli negotiations and gives readers a framework with which to assess the relative strengths and weaknesses of peace making attempts past present and future

days of decision spans a century of american foreign policymaking from the spanish american war of 1898 to the attacks of september 11 2001 michael j nojeim and david p kilroy carefully examine twelve foreign policy landmarks each of which played a crucial role in shaping world history and led to profound changes in u s foreign policy devoting one chapter to each turning point they place it in its proper historical context explore its political consequences primarily the debates and divisions that arose among policymakers and discuss the aftermath focusing on its lasting influence on world affairs and the conduct of american diplomacy and foreign affairs this accessible introductory text provides students of foreign policy and international relations a deeper understanding of these disciplines processes and of america s place in the world

tehran s ability to fight by with and through third parties in foreign jurisdictions has become a valuable and effective sovereign capability that gives iran strategic advantage in the region tehran has possessed a form of this capability since the islamic revolution in 1979 but its potency and significance have risen sharply in the past decade to the point where it has brought iran more regional influence and status than either its nuclear or ballistic missile programmes the iiss strategic dossier iran s networks of influence provides an understanding of how iran builds operates and uses this capability based on original field research open source information and interviews with a range of sources the dossier conducts an audit of iran s activities in the principal regional theatres of iraq lebanon syria and yemen and its reach into bahrain saudi arabia and kuwait it includes an examination of tehran s nurturing of groups such as the houthis in yemen the badr organisation in iraq hizbullah in lebanon and shia militias in syria and details related to recruitment weapons supply logistics and command and control systems iran s networks of influence is intended through objective fact based analysis to inform both policymakers and practitioners and to stimulate debate on the wider significance of iran s use of third party partners and the strategic depth they afford tehran the dossier also examines the advantages that iran possesses through its recent experience of conflict and its ability to mobilise and deploy sympathetic shia communities across theatres in a time of rising tension in the region the dossier looks at how iran might further develop the use of its partnership capability and the risks and constraints it might face

hundreds of thousands of sunni muslims displaced or exiled by the conflict in iraq have spread across the middle east unbalancing that sensitive region from amman to beirut and damascus deborah amos follows the impact of one of the great migrations of modern times the history of the middle east tells us that one of the greatest problems of the last forty years has been that of a displaced population angered by their inability to safely return home and

resume ownership of their property as they see it now the pattern has been repeated a new population of exiles as large as the palestinians has been created this particular displacement stirs up the historic conflict between sunni and shia more significant even than the creation of colonial nation states a century ago the alienation of the sunni middle class has the capacity to cause resounding resentments across the region for generations to come

syria has long presented a serious problem for the middle east region and u s policy with its mix of competing religious and ethnic groups radical ideologies and political repression it is a 72 000 square mile time bomb waiting to go off yet surprisingly very little is known about this country and the role it has played in shaping the destiny of the middle east in the truth about syria middle east expert barry rubin looks at the critical issues that have made the country the powderkeg of the middle east and offers an insightful analysis of the effects of recent developments

this book proposes practical and objective solutions to the entrenched water conflicts in the middle east the author reveals and clarifies the complexity of the water conflicts drawing on years of experience facilitating and chairing water negotiations in the region the bottom line is unless the countries involved co operate the consequences will be devastating the lack of plentiful and clean water for the people will not only result in severe human suffering but could also have grave geopolitical consequences the book covers four critical areas the euphrates and tigris rivers where new documentation reveals alarming trends the politically sensitive golan heights with its water disputed by israel and syria the hasbani water dispute between lebanon and israel the longstanding water resource dispute between the israelis and palestinians

divided into three sections the handbook of us middle east relations provides a thorough and up to date overview of contemporary us middle east relations in historical perspective with chapters contributed by leading experts in the field this handbook will be of use to academics students and researchers in

international relations policy analysts media professionals and government officials part i factors affecting us relations contains essays including globalization energy security wars and revolution peace processes us foreign aid policy to the middle east and us relations with islamic groups in the middle east part ii perceptions of us relations contains essays on how us policies are viewed including the view from the arab street the view from palestine the view from pakistan and the view from kurdistan part iii us relations at the country level comprise essays detailing relations between the usa and countries and areas in the middle east and north africa including saudi arabia egypt israel tunisia lebanon iran iraq libya algeria and bahrain a comprehensive index completes the volume

established in 1977 the middle east contemporary survey is designed to be a reference examining in detail the rapidly changing middle eastern scene in all its complexity subjects include inter arab relations islamic affairs economic developments and middle eastern relations with major powers

this book examines the politics of water scarcity in the middle east s jordan river basin syria lebanon jordan israel and the palestinian authority between 1920 and 2006 jeffrey k sosland demonstrates that while water scarcity might generate political tension it does not by itself precipitate war nor is it likely to do so at the same time efforts to promote water cooperation such as those initiated by the united states have an identifiable political benefit by creating rules building confidence and reducing tensions among adversaries sosland concludes that while this alone might not resolve the overall conflict it does create positive long term value in achieving peace

routledge library editions syria brings together as one set or individual volumes a series of previously out of print classics from a variety of academic imprints with a variety of titles covering syria s politics history and culture this set provides in one place a wealth of important reference sources from a wide range of authors expert in the field

syria has often lacked sympathetic observers this book tries to interpret the country and its people in terms of how they see their own history and of what they are trying to achieve more than a political or diplomatic history it discusses the economy society education and culture to help the reader understand and explain modern syria a description of the country deals with the physical and other factors which have influenced syria s development an historical survey concentrates mainly on the period after the second world war and explains why a knowledge of syrian history is important and why syrians look at their history in the way they do the achievements problems and failures of president asad are fully discussed further chapters explain the ideological factors which have been of vital importance in syrian politics the development of education the economy and society the author looks at examples of contemporary syrian literature and the way in which writers view the problems of their society and culture this is a clear succinct and readable account of modern syria which will be essential for all those studying the middle east the developing world or international relations

provides fascinating insights into how mossad leaders such as yaacov nimrodi meit amit and reuven shiloah conducted secret diplomatic missions to turkey syria jordan iran and elsewhere from before the founding of israel to the present

having observed earlier periods of determined persistent creative and wise american diplomacy on the arab israeli conflict we are left to ponder whether that kind of american leadership and diplomatic wisdom can be recaptured we also are left to wonder whether the supportive domestic environment in which previous administrations operated will recur or whether congressional and public support for israel has limited administration options and thus changed the very nature of the american role in the peace process our overall conclusions in this volume represent a mix of process politics and substantive lessons learned offered in the hope that a better understanding of the past can inform future policy from the peace puzzle each phase of arab israeli peacemaking has been inordinately difficult in its own right and every critical juncture and decision point in the long process has been shaped by u s politics and the u s leaders of the moment the peace puzzle tracks the american determination to articulate policy develop strategy and tactics and see through negotiations to agreements on an issue that has been of singular importance to u s interests for more than forty years in 2006 the authors of the peace puzzle formed the study group on arab israeli peacemaking a project supported by the united states institute of peace to develop a set of best practices for american diplomacy the study group conducted in depth interviews with more than 120 policymakers diplomats academics and civil society figures and developed performance assessments of the various u s administrations of the post cold war period this book an objective account of the role of the united states in attempting to achieve a lasting arab israeli peace is informed by the authors access to key individuals and official archives

the iiss strategic dossier turbulence in the eastern mediterranean geopolitical security and energy dynamics surveys the geopolitical landscape defence dynamics and energy prospects of the region that spans cyprus egypt greece israel and the occupied palestinian territories lebanon libya syria and turkiye it assesses the security outlook for the region considering potential flashpoints for intra and inter state conflict and evaluating whether newly developed defence ties could evolve into formal alliances energy discoveries made in the region in recent years have spurred states ambitions to become energy hubs the dossier evaluates whether such aspirations could lay the foundations for deeper regional cooperation or conversely increase the risk of confrontation the dossier includes both thematic and country specific chapters in addition to the countries in the area of study it explores the involvement of seven external powers china the european union france the gulf cooperation council states nato russia and the united states and assesses where the opportunities and risks for these actors lie this volume will be essential for policymakers and business leaders seeking a better understanding of the factors shaping the geopolitics of the eastern mediterranean region
