John Ransome is back in more violent adventures he deals with a professional killer sent by Eduardo Gomez to kill him in revenge for the death of his brothers and is involved in the downfall of a notorious drug lord when valuable paintings are stolen from the home of a steel billionaire Ransome is asked to investigate and he helps an MP to escape the clutches of a blackmailer another story sees Ransome and Alan Eastman face their most important challenge as they look for the assassins of the prime minister John Foster

if you have ever been tempted to believe that president Kennedy was killed by a lone demented gunman named Lee Harvey Oswald then *Assassination Science* is the one book which will convince you beyond any reasonable doubt that there was indeed a conspiracy and a cover up completely lacking the wild speculation that have marred some books on the shooting of JFK. *Assassination Science* sticks to the hard facts interpreted by medical and scientific expertise

Assassination Science documents the events leading up to and following the assassination of the thirty fifth president as revealed by the secret service agents who were present in an account that also draws on letters written by Jackie Kennedy in the immediate aftermath and other previously undisclosed sources

Assassination Science this book records the operations of the Rhodesian Air Force it includes a log of over 1100 airstrikes carried out as well as maps where most of these strikes have been meticulously plotted the maps are in full colour numerous photographs illustrate the text the author has produced a comprehensive account of the Air Force role in the war in Rhodesia Zimbabwe the work includes one of the most detailed summaries of Rhodesian military operations to have been published and in this respect serves as an excellent work or reference to those historians and collectors of militaria it is a book that fills in much detail a comprehensive index is included to the very end the Air Force kept up its valiant task of securing the airspace for the troops the BSAP the farmers and

industry all in all this is a highly readable extremely detailed account of the air force s part in the war against terrorism

enhanced with stunning videos and photographs throughout illustrating the impact of kennedy s presidency and death the true story of the critical events leading up to and following the assassination of president john f kennedy in full for the first time by the secret service agents who were firsthand witnesses to one of america s greatest tragedies and have lived for forty seven years with unresolved guilt and grief drawing on the memories of his fellow agents jerry blaine captures the energetic crowd loving young president who banned agents from his car and often plunged into raucous crowds with little warning here are vivid scenes that could come only from inside the kennedy detail jfk s last words to his tearful son when he left washington for the last time how a sudden change of weather led to the choice of the open air convertible limousine that day mrs kennedy standing blood soaked outside a dallas hospital room the sudden interruption of six year old caroline s long anticipated sleepover with a friend at home the exhausted team of agents immediately reacting to the president s death with a shift to lbj and other key governmental figures the agents dismay at jackie s decision to walk openly from the white house to st matthew s cathedral at the state funeral most of all this is a look into the lives of men who devoted their entire beings to protecting the presidential family the stress of the secrecy they kept the emotional bonds that developed the terrible impact on agents psyches and

families and their astonishment at the country s obsession with far fetched conspiracy theories and finger pointing a book fifty years in coming the kennedy detail is a portrait of incredible camaraderie and incredible heartbreak a true must read story of heroism in its most complex and human form

the solar system most of us grew up with included nine planets with mercury closest to the sun and pluto at the outer edge then in 2005 astronomer mike brown made the discovery of a lifetime a tenth planet eris slightly bigger than pluto but instead of adding one more planet to our solar system brown s find ignited a firestorm of controversy that culminated in the demotion of pluto from real planet to the newly coined category of dwarf planet suddenly brown was receiving hate mail from schoolchildren and being bombarded by tv reporters all because of the discovery he had spent years searching for and a lifetime dreaming about a heartfelt and personal journey filled with both humor and drama how i killed pluto and why it had it coming is the book for anyone young or old who has ever imagined exploring the universe and who among us hasn t

contains a personal narrative of l c baker an investigator and head of the national detective bureau a forerunner of the u s secret service for the united states during the u s civil war

a compelling and shocking account of a brutal campaign of repression in latin america based on interviews and previously

secret documents the miami herald throughout the 1970s six latin american governments led by chile formed a military alliance called operation condor to carry out kidnappings torture and political assassinations across three continents it was an early war on terror initially encouraged by the cia which later backfired on the united states hailed by foreign affairs as remarkable and a major contribution to the historical record the condor years uncovers the unsettling facts about the secret us relationship with the dictators who created this terrorist organization written by award winning journalist john dinges and updated to include later developments in the prosecution of pinochet the book is a chilling yet dispassionately told history of one of latin america s darkest eras dinges himself interrogated in a chilean torture camp interviewed participants on both sides and examined thousands of previously secret documents to take the reader inside this underground world of military operatives and diplomats right wing spies and left wing revolutionaries scrupulous well documented the washington post nobody knows what went wrong inside chile like john dinges seymour hersh

on the night of april 14 1865 john wilkes booth assassinated president abraham lincoln in what he envisioned part of a scheme to plunge the federal government into chaos and gain a reprieve for the struggling confederacy the plan failed by april 26 booth was killed resisting capture and eight of the nine conspirators eventually charged in lincoln s murder were in custody their trial would become one of the most famous and

most controversial in u s history new president andrew johnson s executive order on may 1 directed that persons charged with lincoln s murder stand trial before a military tribunal the trial lasted more than fifty days and 366 witnesses gave testimony benn pitman a recognized expert in phonography an early form of shorthand was awarded the government contract to produce a transcription of each day s testimony pitman made these transcripts available to the prosecution and the defense as well as to select members of the press although three versions of the trial testimony were published pitman s edited collection was the most accessible he skillfully winnowed the 4 300 pages of transcription into one volume collated the testimony by defendant indexed the testimony by name and date and added summaries of the testimony in the trial assassination scholars guide readers through all 421 pages of testimony illuminating pitman s record by drawing together the evidence that resulted in the conspirators convictions the trial leaves no doubt as to the events surrounding the assassination of abraham lincoln making this book a fascinating account of the trial as well as an essential resource

this book offers an analysis of every american presidential assassination and various attempted assassinations examining the events surrounding each event and the people involved the assassinations and attempted assassinations of american presidents were pivotal events that reverberated throughout the nation even in cases where the murder was botched the

individuals behind each plot are often fascinating studies in obsession and distorted perception of reality like president james garfield s assassin who spent an extra dollar on the gun he chose for the act simply because it would look better in a museum display after the event for the first time under one cover this text offers a concise study of every presidential assassination attempt and rumor each chapter focuses on a single american assassination providing an analysis of the president the assassin and the events that shaped their arrival at that place in time the chapter then describes the assassination or attempt itself and the long term impacts of the crime accounts of the more contemporary incidents involving presidents john f kennedy richard nixon jimmy carter ronald reagan george h w bush bill clinton and george w bush especially demonstrate the evolution of the monumental task of protecting the u s president in a free and open society

in a democratic society police are expected to be accountable to the people they serve upholding the rights of citizens and following due process in india however political pressure in the competitive electoral arena forces the police to adopt questionable means and dubious strategies as a hierarchical bureaucratic organization disciplined in a military tradition and schooled in colonial traditions of deference to authority figures india s police personnel have effectively alienated the very people they are supposed to serve and protect in response to the overwhelmingly bleak pessimism of researchers and analysts

scrutinizing india s police force the new khaki the evolving nature of policing in india highlights those unobtrusive and indirect paths toward effective transformation in spite of politicians and bureaucrats analyzing the obstacles to reform the book argues forcefully and systematically to present areas of potential innovation and successful case studies focusing on practical and actionable options the book examines how the use of new technology the judiciary and other creative administrative mechanisms can give determined police leaders the methods to change the policing system and its practices it also provides strong evidence for the role of research and scholarship in transforming the police organization offering illustrative examples and creative responses to endemic problems the case studies presented here suggest that even when the powerful sections of society and those who control the police are not ready to bring changes imaginative police leadership can find creative means to transform their organization to serve the people the new khaki the evolving nature of policing in india is a must read for all those who are concerned about policing and interested in its improvement for a better world

conspiracy theories have been a part of the american experience since colonial times there is a rich literature on conspiracies involving among others masons catholics mormons jews financiers communists and internationalists although many conspiracy theories appear irrational an exaggerated fear of a conspiracy sometimes proves to be well founded this anthology

provides students with documents relating to some of the more important and interesting conspiracy theories in american history and politics some based on reality many chiefly on paranoia it provides a fascinating look at a persistent and at times troubling aspect of democratic society

examines the kennedy presidency cold war tensions and jfk s assassination s enduring legacy of intrigue from the glamour of kennedy s presidency to the enigma of lee oswald and the murky world of jack ruby learn their motivations and see the shadows that continue to linger over one of the most significant moments in modern history unraveling the threads of the cold war and the cuban conflict this historical backdrop fuels the paranoid tension leading up to that fateful day in dallas and offers fresh perspectives on a pivotal period in american history explore the kennedy legacy in an era marked by skepticism towards powerful institutions kennedy s legacy compels us to question analyze and seek transparency jfk s assassination emerges as a stark reminder of the consequences of unchecked power

updated for more than 50 years burma has been ruled by a succession of military regimes which rank among the most oppressive dictatorships in the world accused of crimes against humanity they have brutally mistreated their people yet in the last few years the pace of change has been breathtaking much is now hoped for however burma is one of the most ethnically diverse nations in southeast asia there are roughly seven major ethnic groups living along its borders they have a long history of

conflict with the government and have been cruelly treated by the current regime their future affects the country as a whole as benedict rogers explains drawing heavily on his many fact finding visits both inside burma and along its frontiers he gives a unique appraisal of the current ethnic situation and its implications for the nation as a whole wide ranging expertly researched and full of brand new accounts of the courage and determination of the burmese people burma a nation at the crossroads explains the country s conflicted history as well as its contemporary struggle for justice burma stands poised for freedom or for further repression no one can be sure this fascinating and accessible book describes what is really happening inside this beautiful secretive and potentially prosperous country

what did lee harvey oswald do in the 48 hours after he shot president john f kennedy this riveting companion to the upcoming history channel documentary follows oswald in the immediate aftermath of the assassination searching for the answers to the questions that have troubled america for a half century did he actually pull the trigger was he alone and if so why steven m gillon scholar in residence at the history channel explores the possibility that cuban intelligence officials may have encouraged oswald to commit the crime and promised to help him escape gillon recreates in painstaking detail the long interrogation sessions and reveals that many of the police officers who witnessed the sessions were convinced that oswald had received special training he was simply too good at

deflecting questions too smart too confident with new information from recently declassified documents and revealing photos and documents these pages offer a refreshingly new and complicated portrait of the man who assassinated president john f kennedy

if you want to understand nigeria s history in one succinct go this is a very good choice noo saro wiwa known as the african giant nigeria s story is complex and often contradictory how despite the ravages of colonialism civil war ongoing economic disappointment and most recently the boko haram insurgency has the country managed to stay together for a hundred years why despite an abundance of oil mineral and agricultural wealth have so many of its people remained in poverty these are the key questions explored by richard bourne in this remarkable and wide ranging account of nigeria s history from its creation in 1914 to the historic 2015 elections and beyond featuring a wealth of original research and interviews this is an essential insight into the shaping of a country where despite the seemingly dashed optimism that was raised at independence there still remains hope the nigeria project may still succeed

this volume presents an authoritative and accessible examination and critique of un peacekeeping operations

this book seeks to answer three vital questions about the worldwide response to hitler s final solution when did information

about the genocide first become known to jews and non jews through what channels was this information transmitted what was the reaction of those who received word of the slaughter walter laqueur s quest focuses on the period between june 1941 when germany invaded the soviet union and december 1942 by which time the united nations had confirmed the news about the mass killings in a common declaration by the end of 1942 chelmno belzec auschwitz maidanek sobibor and treblinka were fully operational and two and a half million jews had already been killed according to laqueur word started to spread soon after extermination began but there is no easy straightforward answer to the wider question of why there was a failure to read and correctly interpret the signs in 1941 why so many individuals and governments actually chose to deny the reality of genocide when faced with incontrovertible evidence a probing and disturbing work the terrible secret explores one of the most perplexing aspects of the holocaust a political and psychological riddle of general significance to the understanding of the history of our times

reprint of the original first published in 1874

the real story of the exodus colin humphreys a world renowned cambridge university scientist reveals for the first time the concrete scientific truth behind the exodus miracles the burning bush caused by a volcanic vent that opened up under the bush crossing the red sea the water was pushed back by a very strong

wind blowing all night this is a known physical phenomenon called wind setdown the details given in the bible mean we can pinpoint where the red sea crossing occurred drowning pharaoh s army when the very strong wind suddenly stopped blowing the water rushed back in the form of a rapidly returning bore wave sweeping pharaoh s army into the sea mount sinai the real mount sinai is in present day saudi arabia not the sinai desert as is generally assumed

adversary

this definitive account of martin luther king jr s assassination
collects an impressive array of testimony and evidence to offer a
new perspective on the conspiracy that changed the course of
american history kirkus we recommend this important book to
everyone who seeks the truth about dr king s assassination
coretta scott king on april 4 1968 martin luther king was in
memphis to support a workers strike as night fell army snipers
took up position military officers surveilled the scene from a
nearby roof and their accomplice restaurant owner loyd jowers
was ready to remove the murder weapon when the dust had
settled king had been shot and a cleanup operation was in
motion james earl ray was framed the crime scene was destroyed
and witnesses were killed it would take william f pepper attorney
and friend of king thirty years to get to the bottom of a
conspiracy that changed the course of american history in 1999
the king family represented by the author brought a civil action

lawsuit against loyd jowers and other co conspirators seventy
witnesses set out the details of a plot that involved j edgar
hoover and the fbi richard helms and the cia the us military the
memphis police and organized crime the jury took an hour to find
for the king family now fifty years after mlk s execution an act of
state demonstrates the bloody depths to which the us
government will descend to repress a movement for change

winner of the national book critics circle award the los angeles
times book prize the mark lynton history prize the american
history book prize book four of robert a caro s monumental the
years of lyndon johnson displays all the narrative energy and
illuminating insight that led the times of london to acclaim it as
one of the truly great political biographies of the modern age a
masterpiece the passage of power follows lyndon johnson
through both the most frustrating and the most triumphant
periods of his career 1958 to1964 it is a time that would see him
trade the extraordinary power he had created for himself as
senate majority leader for what became the wretched
powerlessness of a vice president in an administration that
disdained and distrusted him yet it was as well the time in which
the presidency the goal he had always pursued would be thrust
upon him in the moment it took an assassin s bullet to reach its
mark by 1958 as johnson began to maneuver for the presidency
he was known as one of the most brilliant politicians of his time
the greatest senate leader in our history but the 1960 nomination
would go to the young senator from massachusetts john f

kennedy caro gives us an unparalleled account of the machinations behind both the nomination and kennedy's decision to offer johnson the vice presidency revealing the extent of robert kennedy's efforts to force johnson off the ticket with the consummate skill of a master storyteller he exposes the savage animosity between johnson and kennedy's younger brother portraying one of america's great political feuds yet robert kennedy's overt contempt for johnson was only part of the burden of humiliation and isolation he bore as vice president with a singular understanding of johnson's heart and mind caro describes what it was like for this mighty politician to find himself altogether powerless in a world in which power is the crucial commodity for the first time in caro's breathtakingly vivid narrative we see the kennedy assassination through lyndon johnson's eyes we watch johnson step into the presidency inheriting a staff fiercely loyal to his slain predecessor a congress determined to retain its power over the executive branch and a nation in shock and mourning we see how within weeks grasping the reins of the presidency with supreme mastery he propels through congress essential legislation that at the time of kennedy's death seemed hopelessly logjammed and seizes on a dormant kennedy program to create the revolutionary war on poverty caro makes clear how the political genius with which johnson had ruled the senate now enabled him to make the presidency wholly his own this was without doubt johnson's finest hour before his aspirations and accomplishments were overshadowed and eroded by the trap of vietnam in its

exploration of this pivotal period in johnson's life and in the life of the nation the passage of power is not only the story of how he surmounted unprecedented obstacles in order to fulfill the highest purpose of the presidency but is as well a revelation of both the pragmatic potential in the presidency and what can be accomplished when the chief executive has the vision and determination to move beyond the pragmatic and initiate programs designed to transform a nation it is an epic story told with a depth of detail possible only through the peerless research that forms the foundation of robert caro's work confirming nicholas von hoffman's verdict that caro has changed the art of political biography

sabr 50 at 50 celebrates and highlights the society for american baseball research's wide ranging contributions to baseball history established in 1971 in cooperstown new york sabr has sought to foster and disseminate the research of baseball with groundbreaking work from statisticians historians and independent researchers and has published dozens of articles with far reaching and long lasting impact on the game among its current membership are many major and minor league baseball officials broadcasters and writers as well as numerous former players the diversity of sabr members interests is reflected in this fiftieth anniversary volume from baseball and the arts to statistical analysis to the deadball era to women in baseball sabr 50 at 50 includes the most important and influential research published by members across a multitude of topics including the

sabermetric work of dick cramer pete palmer and bill james along with jerry malloy on the negro leagues keith olbermann on why the shortstop position is number 6 john thorn and jules tygiel on the untold story behind jackie robinson s signing with the dodgers and gai berlage on the colorado silver bullets women s team in the 1990s to provide history and context each notable research article is accompanied by a short introduction as sabr celebrates fifty years this collection gathers the organization s most notable research and baseball history for the serious baseball reader

one of the great myths of the twentieth century is that after the second world war britain simply relinquished its power and america quickly embraced its worldwide political and military commitments instead the two allies improvised an uneasy shifting partnership for twelve long years while most of western europe lay in turmoil and russia grew more aggressive but in 1957 washington issued a declaration of independence from british authority it was then that everything changed and america

assumed leadership of the new world order just taking shape derek lee baert spins a riveting global narrative of britain as the original superpower and shows why the americans kept believing it to be indispensable it s the story of secret ties diplomatic quarrels and military interventions that casts political giants churchill truman eisenhower and johnson in a new light in a volatile world of decolonisation a uniting europe and the sues crisis shrewd men in london were leveraging the empire s long established resources and influence to maintain their grip on power the enduring notion of a special relationship rising tensions with russia and china and the sources of much of the world s turmoil can t be understood without knowing what really occurred

trial of david e herold george a atzerodt lewis payne michael o laughlin edward spangler samuel arnold mary e surratt and samuel a mudd before a military commission at washington d c

of the many medical specializations to transform themselves during the rise of national socialism anatomy has received relatively little attention from historians while politics and racial laws drove many anatomists from the profession most who remained joined the nazi party and some helped to develop the scientific basis for its racialist dogma as historian and anatomist sabine hildebrandt reveals however their complicity with the nazi state went beyond the merely ideological they progressed through gradual stages of ethical transgression turning

increasingly to victims of the regime for body procurement as the traditional model of working with bodies of the deceased gave way in some cases to a new paradigm of experimentation with the future dead
