Accessing and downloading ebooks requires an internet connection, which can be a limitation in areas with poor connectivity.

DRM can restrict how you use the ebooks you download, limiting sharing and transferring between devices.

Text-to-speech features can convert written text into audio, providing an alternative way to enjoy books.

For homeschooling parents, free ebook sites provide a wealth of educational materials for different grade levels and subjects.

Despite the benefits, free ebook sites come with challenges and limitations.

Many sites offer audiobooks, which are great for those who prefer listening to reading.

Sites like Project Gutenberg and Open Library offer numerous academic resources, including textbooks and scholarly articles.

Downloading ebooks safely is crucial to avoid pirated content and protect your devices.

To make the most out of your ebook reading experience, consider these tips.

You can also find books on various skills, from cooking to programming, making these sites great for personal development.

BookBoon specializes in free textbooks and business books, making it an excellent resource for students and professionals.

Moreover, the variety of choices available is astounding. From classic literature to contemporary novels, academic texts to children's books, free ebook sites cover all genres and interests.

Free ebook sites are invaluable for educational purposes.

Not all books are available for free, and sometimes the quality of the digital copy can be poor.

As educational resources become more digitized, free ebook sites will play an increasingly vital role in learning.

Google Books allows users to search and preview millions of books from libraries and publishers worldwide. While not all books are available for free, many are.

Stick to reputable sites to ensure you're not downloading pirated content. Pirated ebooks not only harm authors and publishers but can also pose security risks.

Always use antivirus software and keep your devices updated to protect against malware that can be hidden in downloaded files.

Efforts to expand internet access globally will help more people benefit from free ebook sites.

Many ebook platforms allow you to sync your library across multiple devices, so you can pick up right where you left off, no matter which

device you're using.

The future looks promising for free ebook sites as technology continues to advance.

ManyBooks offers a large selection of free ebooks in various genres. The site is user-friendly and offers books in multiple formats.

Use tools and apps to organize your ebook collection, making it easy to find and access your favorite titles.

Parents and teachers can find a plethora of children's books, from picture books to young adult novels.

Whether it's a tablet, an e-reader, or a smartphone, choose a device that offers a comfortable reading experience for you.

First and foremost, they save you money. Buying books can be expensive, especially if you're an avid reader. Free ebook sites allow you to access a vast array of books without spending a dime.

In summary, free ebook sites offer an incredible opportunity to access a wide range of books without the financial burden. They are invaluable resources for readers of all ages and interests, providing educational materials, entertainment, and accessibility features. So why not explore these sites and discover the wealth of knowledge they offer?

Improvements in technology will likely make accessing and reading ebooks even more seamless and enjoyable.

These sites also enhance accessibility. Whether you're at home, on the go, or halfway around the world, you can access your favorite titles anytime, anywhere, provided you have an internet connection.

You can adjust the font size to suit your reading comfort, making it easier for those with visual impairments.

From timeless classics to contemporary bestsellers, the fiction section is brimming with options.

There are countless free ebook sites, but a few stand out for their quality and range of offerings.

Non-fiction enthusiasts can find biographies, self-help books, historical texts, and more.

Open Library aims to have a webpage for every book ever published. It offers millions of free ebooks, making it a fantastic resource for readers.

Students can access textbooks on a wide range of subjects, helping reduce the financial burden of education.

Ebook sites often come with features that enhance accessibility.

The diversity of genres available on free ebook sites ensures there's something for everyone.

Project Gutenberg is a pioneer in offering free ebooks. With over 60,000 titles, this site provides a wealth of classic literature in the public domain.

Be aware of the legal considerations when downloading ebooks. Ensure the site has the right to distribute the book and that you're not violating copyright laws.

from a historical and cross cultural perspective it cannot be denied that most democracies failed only western democracies for a short while from the fall of soviet communism to the rise of radical islam believed themselves to be invincible it has therefore become necessary to think about political alternatives once more and to study threats to democracy from within and without as well as common modes of failure of democracy across times and cultures this book marks the start of a daring new debate and re introduces anti democratic thought and practice to the academic discourse and into the syllabus it wishes to offer a serious discussion of anti democratic thought rather than an apology of democracy i am the proponent of a new engagement with anti democratic thought this book outlines a positive agenda for the future erich kofmel editor in a comprehensive overview contributors to this volume discuss theoretical perspectives as well as examples of anti democratic thought from ancient greece to modern day israel and bangladesh a book that grew out of an international workshop on anti democratic thought organized by the sussex centre for the individual and society scis and held at the 2007 annual conference workshops in political theory in manchester england 250 pages

publisher s announcement imprint academic and erich kofmel i have been coming under pressure for several months on the matter of imprint academic s publication of this book edited by erich kofmel initially this was from an anonymous group calling themselves for and on behalf of the victims of erich kofmel they wished me to cancel publication of both imprint academic s kofmel volumes on the grounds that money obtained by alleged fraud has been used in their development my response was a i do not deal with anonymous bodies b erich kofmel has not yet been found guilty of fraud c i have a contractual obligation not just to the editor of these volumes but to his contributors that remains essentially my position although the problem of anonymity seems now to have gone i have no wish for the reputation of imprint academic to be damaged by its association with erich kofmel but neither do i intend to put myself in the wrong by breaking a legal publishing agreement on the basis of unproved allegations i should perhaps add that imprint academic s contract with erich kofmel has not to date involved any money changing hands in either direction anthony freeman managing editor imprint academic 17th april 2009

a narrative chronicle of israeli democracy that defines historic phases and follows thematic challenges to democracy including competition between religion and the rule of law the statist society and chaotic minoritocracy modern illiberal populism and the israeli palestinian conflict the comprehensive portrait exposes endemic flaws of democracy in israel but also shows that israel has considerable capacity and responsibility to fulfill the promise of democracy

this book scrutinises how political actors in the israeli parliament the knesset have articulated the security democracy nexus in their discourses security crises expose political leaders to an uncomfortable dilemma guaranteeing the safety of citizens while at the same time preserving democratic principles basic rights and liberties in this respect israel represents an archetypical case defining itself as a democracy the state of israel has been in quasi constant conflict with its neighbouring countries while facing terror attacks repeatedly this situation has resulted in the upholding of the state of emergency since the establishment of the state in 1948 and in the enactment of security measures that are often in conflict with democratic values the tension between security and democracy is not a new question it has been at the centre of political thought from rousseau and locke to lasswell and dahl and stood at the core of political debates after 9 11 and the 2005 terror attacks in london many studies have questioned how political actors manage this tension or how they could properly balance security and democracy yet in spite of the abundant literature on the issue the manner in which political actors conceptualise and frame this tension has been rarely explored even less has been said on the effects of this conceptualisation on the democratic regime drawing on discourse theory and on an innovative narrative analysis the book examines 40 debates held in the knesset on security oriented laws enacted in two different contexts the period of relative calm preceding the first palestinian intifada 1987 and the period following the eruption of the second intifada 2000 more specifically three types of laws

and discussions are examined laws establishing a relation between freedom of expression and security laws linking the category of the enemy to democracy and finally those connecting the right to family unification and residence of palestinians with terrorism through a comparative analysis of the political actors discourses in 1985 and between 2000 and 2011 the study demonstrates that two main narratives have constantly competed on the one hand a marginal narrative anchored in basic rights and on the other a defensive democracy narrative which has become dominant the latter has legitimised the restriction of freedom of expression freedom to participate in elections freedom of movement or the right to citizenship the book shows how the increasing dominance of the defensive democracy narrative has had a fundamental impact in reshaping the polity and the identity of israel s democratic regime the analysis ultimately opens the possibility to rethink the conventional approach of the security democracy dilemma and to reflect on processes in other states such as the united kingdom or the united states during different security crises this book will be of much interest to students of critical security studies israeli politics democracy studies political theory and ir in general

contents

since its founding in 1948 israel has faced many political social and psychological challenges unfamiliar to other nations on the western democratic political model and peculiar to the jewish state this work covers the role of politics in israel since 1948

this book is a collection of the essays on turkey that analyze the international regional and national political developments in the last several years covering a wide variety of issues from the transformation of turkish politics to the changing role of turkey in its region and from the ups and downs in the turkish israeli relations to the looming threat posed by iran s nuclear program to the issue of islamophobia and the rise of xenophobic political ideologies in europe and the us the book in general takes a critical look at the evolving turkish foreign policy towards its immediate neighbors and the international system kalyoncu does intend to take stock of the past five years 2007 2012 in terms of the political and social developments that has made turkey turkish american israeli relations and the middle east what they are today

this insightful study of israel s founding period from 1948 to 1967 provides a lucid account of the political and historical conditions of the time the state building process and the role of david ben gurion and other politicians in moving from consensus politics to a majoritarian like democracy medding s analysis is further enriched by his comparisons of the development of israeli democracy with that of other countries

since independence israel has lived with a paradox needing and seeking legitimacy and empathy from the world community whilst also discounting the world this volume reflects upon israel s troubled attempts to balance its desire to be different from a world that it needs and of which it also wants to be a legitimate member

this electronic version has been made available under a creative commons by nc nd open access license this book looks at the theoretical issue of how a democracy can defend itself from those wishing to subvert or destroy it without being required to take measures that would impinge upon the basic principles of the democratic idea it links social and institutional perspectives to the study and includes a case study of the israeli response to jewish extremism and violence which tests the theoretical framework outlined in the first chapter there is an extensive diachronic scrutiny of the state s response to extremist political parties violent organizations and the infrastructure of extremism and intolerance within israeli society the book emphasises the dynamics of the response and the factors that encourage or discourage the shift from less democratic and more democratic models of response

in this volume leading american health economists provide a critical assessment of the current state of knowledge of insurance market reform that is accessible to both policy makers and researchers

market globalization technology climate change and postcolonial political forces are together forging a new more modern world however caught up in the mix are some powerful religious narratives that are galvanizing peoples and reimagining and sometimes stifling the political and social order some are repressive fundamentalist imaginations such as the so called islamic caliphate others could be described as post religious such as the evolution of universal human rights out of the european christian tradition but the question of the compatibility of

these religious worldviews particularly those that have emerged out of the abrahamic faith traditions is perhaps the most pressing issue in global stability today what scope for dialogue is there between the jewish muslim and christian ways of imagining the future how can we engage with these multiple imaginations to create a shared and peaceful global society religious imaginations is an interdisciplinary volume of both new and well known scholars exploring how religious narratives interact with the contemporary geopolitical climate

the dramatic global regional and domestic changes that occurred after the unpredicted collapse of the soviet union have created a need to examine a host of theoretical and practical issues particularly in regard to security and foreign relations the u s israeli special relationships is no exception this seemed and is still viewed as one of the most solid and stable bilateral relationships yet the new international and domestic reality in both the u s and israel warrants a thorough re examination the essays in this collection deal with among other things the general global setting and its implications for this relationship with hard strategic factors and less tangible aspects such as american images of israel the attitudes of other american religious denominations and the situation of the american jewish community

in recent years the discussion about israel was dominated by post zionist post israeli opinions important voices that represent large sectors of israeli society were not heard to somewhat change this situation some of the best scholars in their respective fields participate in this ultimate

collection of essays about israeli society its politics and schisms the book aims to tackle timely concerns like israel s fight against terror its relationships with the palestinians the mutual relationships between the civic society and the army the status of women in society and separation between state and religion particular attention is given to probing the state of human rights minority rights and health rights the volume also discusses the tensions between liberalism and socialism between state and religion and between immigration groups most notably resulting from the immigration from the former soviet union

western civilization is facing a critical moment foreign enemies sensing its weakness are circling internally the west is being consumed by division decadence and demoralization the october 7 attack on israel presented it with a choice between civilization and barbarism a challenge the west has failed but this damaged society is far from lost if it takes advice from an unexpected source western culture is based upon christianity whose own foundations in turn lie in judaism the unique survival of the jewish people offers both the west and its struggling christian church as well as secular people who shun religion priceless lessons in resilience that they must learn if their culture is to survive

in israel s higher law steven v mazie draws on the voices of israeli citizens to shed new light on the relationship between liberal democracy and religion by analyzing israelis perspectives on a number of divisive issues including jewish state symbols marriage law public sabbath observance and funding for religious education mazie

identifies a rift between israeli and american understandings of separation of religion and state and a gulf between jewish and arab citizens visions for israel s religion state arrangement mazie s compelling study offers more valuable insight into these dilemmas than any publication to date and proposes new guidelines for resolving them israel s higher law is the definitive work on the tensions between religion and democracy in israel it is a must read for anyone interested in politics and jewish studies

the 16th book in the elections in israel series this book covers an extraordinary political event of having four national elections in two years which were much but not all about one person king bibi analyzing israel s national elections from 2019 to 2021 this book argues the four elections became to a large extent a referendum on benjamin netanyahu the incumbent prime minister and head of the likud party facing investigations a hearing and indictment on charges of bribery fraud and breach of trust thus the first part of the book is dedicated to political personalization and to netanyahu himself the second part of the volume covers the traditional actors in parliamentary elections voters parties and the mass media the book relies on empirical analysis including extensive use of the israel national election studies data on theoretical rigor and on the contextualization of the elections from comparative and long term perspectives the book should interest students and researchers of israeli politics and society electoral studies and the crisis of democracy more generally many chapters will be of interest to political science communications

and sociology students and scholars who study themes that are prominent on the academic and public agenda including political personalization and personalized politics populism party decline and democratic backsliding chapter 8 of this book is freely available as a downloadable open access pdf at taylorfrancis com under a creative commons attribution non commercial no derivatives cc by nc nd 4 0 license

there is growing interest in israel s political system from all parts of the world this handbook provides a unique comprehensive presentation of political life in israel from the formative pre state period to the present the themes covered include political heritage and the unresolved issues that have been left to fester the institutional framework the knesset government judiciary presidency the state comptroller and commissions of inquiry citizens political participation elections political parties civil society and the media the four issues that have bedevilled israeli democracy since its establishment security state and religion the status of israel s arab citizens and economic inequities with concomitant social gaps and the contours of the political culture and its impact on israel s democracy the authors skilfully integrate detailed basic data with an analysis of structures and processes making the handbook accessible to both experts and those with a general interest in israel

explores how north american jews have envisioned israel from the late 19th century to the present

for most of the twentieth century considered opinion in the united states regarding palestine has

avored the inherent right of jews to exist in the holy land that palestinians as a native population could claim the same right has been largely ignored kathleen christison s controversial new book shows how the endurance of such assumptions along with america s singular focus on israel and general ignorance of the palestinian point of view has impeded a resolution to the arab israeli conflict christison begins with the derogatory images of arabs purveyed by western travelers to the middle east in the nineteenth century including mark twain who wrote that palestine s inhabitants were abject beggars by nature instinct and education she demonstrates other elements that have influenced u s policymakers american religious attitudes toward the holy land that legitimize the jewish presence sympathy for jews derived from the holocaust a sense of cultural identity wherein israelis are like us and arabs distant aliens she makes a forceful case that decades of negative portrayals of palestinians have distorted u s policy making it virtually impossible to promote resolutions based on equality and reciprocity between palestinians and israelis christison also challenges prevalent media images and emphasizes the importance of terminology two examples are the designation of who is a terrorist and the imposition of place names which can pass judgment on ownership christison s thoughtful book raises a final disturbing question if a broader frame of reference on the palestinian israeli conflict had been employed allowing a less warped public discourse might not years of warfare have been avoided and steps toward peace achieved much earlier for most of the twentieth century considered opinion in the united

states regarding palestine has favored the inherent right of jews to exist in the holy land that palestinians as a native population could claim the same right has been largely ignored

this is an unusual and extremely timely collective effort it appears at a moment inwhich israelis not only must confront their arab neighbors but must deal with one another as jews possessing radically different views on the present and future of the jewish tradition with this seventh volume of the series the israeli sociological society has turned its attention to religion an area that for many years has been of high importance but low profile in israeli affairs and in the wider middle eastern context chapters and contributors include jewish civilization approaches to problems of israeli society by shmuel n eisenstadt life tradition and book tradition in the development of ultraorthodox judaism by menachem friedman religious kibbutzim judaism and modernization by aryei fishman the religion of elderly oriental jewish women by susan sered and hanukkah and the myth of the maccabees in ideology and in society by eliezer don yehiya the increasing presence of religious activism in contemporary israel side by side with subtle changes in the religion of israeli sephardim makes the topic of religion essential for an understanding of israelâ and much of the middle east generally israeli judaism is a significant work and will be of interest to theologians philosophers sociologists anthropologists and political theorists

first published in 1997 the essays in this volume are revisions in some cases substantial to the 1995

sherman lectures which the author delivered at soas the school of oriental and african studies of the university of london

this book brings together an interdisciplinary group of palestinian israeli american british and irish scholars who theorise the question of palestine critically committed to supporting the palestinian quest for self determination they present new theoretical ways of thinking about palestine these include the palestinization of ethnic and racial conflicts the theorization of palestine as camp ghetto and prison the tourist activist gaze the role of gendered resistance the centrality of the memory of the 1948 nakba catastrophe to the contemporary understanding of the conflict and the historic roots of the contemporary discourse on palestine the book offers a novel examination of how the palestinian experience of being governed under what giorgio agamben names a state of exception may be theorised as paradigmatic for new forms of global governance an indispensable read for any serious scholar

classical liberal democratic theory has provided crucial ideas for a still dominant and hegemonic discourse that rests on ideological conceptions of freedom equality peacefulness inclusive democratic participation and tolerance while this may have held some truth for citizens in western liberal capitalist societies such liberal ideals have never been realized in colonial postcolonial and settler colonial contexts liberal democracies are not simply forms of rule in domestic national contexts but also geo political actors as such they have been the drivers of processes of global oppression colonizing and occupying countries and people appropriating indigenous

land annihilating people with eliminatory politics right up to genocides there can be no doubt that the west with its civilizational judeo christian idea and divine mission to subdue the world has destroyed other civilizations countries trading systems and traditional ways of life and is responsible for the death of hundreds of millions of human beings in the course of colonizing the world from its empires of trade through colonialism to settler colonialism and today s politics of regime change the book discusses the settler colonial regime that israel has established in palestine while still claiming to be a democracy it discusses the failures of liberal democracy to overcome the structural and racist inequalities in post apartheid south africa and it presents hopeful outlooks on new ideas and forms of democracy in social movements in the mena region

for many years before and after the establishment of the state of israel the belief that israel is a western state remained unchallenged this belief was founded on the predominantly western composition of the pre statehood jewish community known as the yishuv the relatively homogenous membership of israeli jewish society as it then existed was soon altered with the arrival of hundreds of thousands of jewish immigrants from middle eastern countries during the early years of statehood seeking to retain the western character of the jewish state the israeli government initiated a massive acculturation project aimed at westernizing the newcomers more recently scholars and intellectuals began to question the validity and logic of that campaign with the emergence of new forms of identity or identities two central questions emerged to what

extent can we accept the ways in which people define themselves and on a more fundamental level what weight should we give to the ways in which people define themselves this book suggests ways of tackling these questions and provides varying perspectives on identity put forward by scholars interested in the changing nature of israeli identity their observations and conclusions are not exclusive but inclusive suggesting that there cannot be one single israeli identity but several tackling the issue of identity this multidisciplinary approach is an important contribution to existing literature and will be invaluable for scholars and students interested in cultural studies israel and the wider middle east

this handbook provides an essential overview of the contemporary dynamics of the mediterranean region conceptualising the mediterranean as both a socio cultural area and a geopolitical entity it considers the basin both as a whole and as a set of interacting subregions established scholars offer new perspectives and approaches from international history postcolonial studies migration studies geography private international law and public international law environmental and tourism studies to reappraise the long term trends and ruptures that shape security interdependence and cooperation these contributions explain the mediterranean's long established role as a crossroads and demonstrate the political economic ecological and cultural meanings of security the book shows how interdependence in economic environmental cultural and human sectors continues to bind the mediterranean together as migration flows across the sea environmental change requires common action legal

systems coexist and multifaceted identities growing cultural awareness and human rights remain on the political agenda this volume will be an invaluable resource for graduate students researchers and professionals seeking a comprehensive multidisciplinary approach to the historical political geographic and socio cultural complexities challenges and potential of the area

the handbook of israel major debates serves as an academic compendium for people interested in major discussions and controversies over israel it provides innovative updated and informative knowledge on a range of acute debates among other topics the handbook discusses post zionism militarism democracy and religion in equality colonialism today's criticism of israel israel diaspora relations and peace programs outstanding scholars face each other with unadulterated divergent analyses these historical political and sociological texts from israel and elsewhere make up a major reference book within academia and outside academia about seventy contributions grouped in thirteen thematic sections present controversial and provocative approaches reflecting from different angles on the present day challenges of the state of israel other major works by the editors eliezer ben rafael is israel one religion nationalism and ethnicity confounded brill 2005 ethnicity religion and class in israel cambridge university press paperback 2007 julius h schoeps begegnungen menschen die meinen lebensweg kreuzten suhrkamp 2016 pioneers of zionism hess pinsker rülf messianism settlement policy and the israeli palestinian conflict de gruyter 2013 yitshak sternberg world religions and

the 2022 israeli elections stand out as a turning point in the country's political history following a period of unprecedented political instability the right wing government formed following the elections benjamin netanyahu's sixth government was the most radical in israel's history this book examines the 2022 israeli elections through various theoretical perspectives and diverse research designs and data sources the first part scrutinizes various aspects of israeli democracy related to the elections these include ideological and affective polarization cleavages voter turnout involvement of citizens and civil organizations in election campaigns and the nature of the government that was established following the elections the second part of the book presents studies of parties that participated in the elections those that declined labor those that ascended religious zionism and otzma yehudit and those that ascertained their power united torah judaism and shas a valuable addition to the elections in israel series the book written by leading scholars of israeli politics and society touches on key themes including political personalization polarization populism the radical right party decline and adaptation and democratic backsliding the book will be of particular interest to students and researchers of israeli politics and society especially relating to the events of 2023 and the war in gaza as well as to

social scientists interested in these political phenomena and their effects on democratic countries worldwide

in this book hedi viterbo radically challenges our picture of law human rights and childhood both in and beyond the israel palestine context he reveals how israel rather than disregarding international law and children's rights has used them to hone and legitimize its violence against palestinians he exposes the human rights community's complicity in this situation due to its problematic assumptions about childhood its uncritical embrace of international law and its recurring emulation of israel's security discourse he examines how and to what effect both the state and its critics manufacture shape and weaponize the categories child and adult bridging disciplinary divides viterbo analyzes hundreds of previously unexamined sources many of which are not publicly available bold sophisticated and informative problematizing law rights and childhood in israel palestine provides unique insights into the ever tightening relationship between law children's rights and state violence at both the local and global levels

this issue of the ccar journal is dedicated to honoring the seventy fifth anniversary of israel articles discuss what it means to be jewish in the jewish state the presence of the reform movement in israel and the relationship that exists between diaspora jews and zionism among other topics book reviews and poems are also included

a provocative argument for a new way of seeing israel zionism and the two state solution haifa republic a democratic future for israel is an urgent wake up call

the philosopher omri boehm argues that it is long past time to recognize that there will not be a two state solution to the conflict between israel and the palestinian people after fifty years israel s occupation of the west bank constitutes annexation in all but name even as the legitimate claims of the arab population soon to be a national majority remain unaddressed meanwhile daily life goes on under conditions rightly likened to apartheid for liberals in israel and america to continue to place their hopes in a two state solution is a form of willful and culpable blindness especially now that israeli leaders across the political spectrum have begun to speak of ethnic cleansing a catastrophe is in the making but haifa republic also offers grounds for hope catastrophe can be averted boehm contends by reconfiguring israel as a single binational state in which palestinians and jews both possess human rights and equal citizenship the original zionists theodor herzl ze ev jabotinsky and early in his career david ben gurion all advocated such a federation and as prime minister menachem begin successfully submitted a kindred plan to the knesset a binational federation offers a last chance for the two peoples who call palestine home to live in peace and mutual respect and to have a truly democratic future in common

this collection of essays evaluates agamben s work from a postcolonial perspective svirsky and bignall assemble leading figures to explore the rich philosophical linkages and the political concerns shared by agamben and postcolonial theory

how israeli universities collaborate in israeli state violence against palestinians

israeli universities have long enjoyed a reputation as liberal bastions of freedom and democracy drawing on extensive research and making hebrew sources accessible to the international community maya wind shatters this myth and documents how israeli universities are directly complicit in the violation of palestinian rights as this book shows israeli universities serve as pillars of israel s system of oppression against palestinians academic disciplines degree programs campus infrastructure and research laboratories all service israeli occupation and apartheid while universities violate the rights of palestinians to education stifle critical scholarship and violently repress student dissent towers of ivory and steel is a powerful expose of israeli academia s ongoing and active complicity in israel s settler colonial project

in this ground breaking two volume set world leading experts produce a rich authoritative depiction of the world s press its freedom and its limits we want press freedom but we also want freedom from the press a powerful press may expose corrupt government or aid it it may champion citizens or unfairly attack them a vulnerable press may lack supporters and succumb to conformity it may resist and overcome tyranny according to common belief press freedom involves social responsibilities to equip public debate and render government transparent is this attitude valid given that the press is usually a private commercial actor globally the health authority and viability of the press varies dramatically these patterns do not conform to traditional divisions between north and south east and west instead they are much more complex how do we measure

successful press regulation what concessions can the state and or society demand of the press what constitutes the irreducible core of press freedom the contributions in volume 1 look at key jurisdictions in europe whereas volume 2 goes beyond europe to analyse the situation in key jurisdictions in asia africa the americas and oceania each volume can be used independently or as part of the complete set this work will be incredibly valuable to policy makers and academics who seek to capture the global picture for the purposes of effecting change

first published in 1993 israel and zion in american judaism the zionist fulfillment is a collection of 24 essays exploring the concept of who or what is israel following the establishment of the jewish state in 1948 and the subsequent crisis of self definition in american jewry

the israel yearbook on human rights an annual published under the auspices of the faculty of law of tel aviv university since 1971 is devoted to publishing studies by distinguished scholars in israel and other countries on human rights in peace and war with particular emphasis on problems relevant to the state of israel and the jewish people the yearbook also incorporates documentary materials relating to israel and the administered areas which are not otherwise available in english including summaries of judicial decisions compilations of legislative enactments and military proclamations the articles section of volume 33 contains articles on legal aspects of emergency regimes

australia and the state of israel have maintained a cordial if at times ambiguous relationship the

two countries are geographically isolated strategic economic and cultural interests lie increasingly with asia for one and with the us and the eu for the other but for all that divides the two states there is also much they share australia played an important role in the jewish state's establishment in 1948 and is home to the most zionist centered jewish diaspora globally jewishness for most australian jews has been shaped and defined by engagement with and support for israel at the heart of this engagement is a small but thriving israeli community within the larger multicultural australia australia and israel a diasporic cultural and political relationship draws attention to the important historical and contemporary nexus between this diaspora and its imagined homeland the collection also considers the ways in which these two states mobilise national myths and share environmental challenges in recent time relations between the two states have been tested by the illegal use of australian passports in 2010 the mysterious death of dual national ben zygier and growing disquiet within the ranks of the australian labor party and the australian greens over israel's handling of the israel palestinian conflict one prominent world wide issue is the palestinian bds boycotts divestments and sanctions movement which has attracted sympathy and support that has brought about substantive differences of opinion regarding its legitimacy within the jewish australian community these issues demonstrate the multifaceted and complex picture of two very different nations that nevertheless share an abiding connection

the aim of the volume is to offer interdisciplinary insights unknown to many into the interior of the

religious cultural and political laboratory that is israel europe can learn a lot from israel the handling of religious diversity within the country the meaning of the hebrew language the integration of more than a million jewish immigrants the development of a dynamic economy a flourishing education and science system a rich culture in the field of literature and above all film and last but not least the lively constant and conflictual struggle for democracy additionally the question of israel related anti semitism is debated from the perspective of jewish studies social sciences and catholic theology

the israeli peace movement has been in decline since the 2000s in particular the liberal zionist groups who call for peace for the sake of the security and continuity of israel have become paralysed and almost voiceless since the second intifada however despite the stagnation around the israeli palestinian peace process this book argues that other important groups have emerged that present new ways to challenge the status quo these are radical groups that act in solidarity with the palestinians and human rights organisations and whose aim is to reveal the realities of the occupation and hold the government to account leonie fleishmann argues that these groups have been and remain the agenda setters pushing the more moderate groups to mobilise more quickly and encouraging them to take up more confrontational ideas

using social movements theory and based on 50 interviews and participant observation this book sheds light on contemporary israeli peace activism

the 2013 elections took place less than two years after the overwhelming wave of social protests of summer 2011 at first the election campaign did not raise much public interest but the emergence of new players and young political forces energized the political race polls conducted throughout the campaign greatly deviated from the final results which eventually enabled prime minister benjamin netanyahu to form a cabinet again despite a loss of 11 seats for his list this book describes and analyses a variety of political and sociological developments in israel both before and after the elections these include the nature of the campaign the developments in the national camp among religious zionists the ultra orthodox parties and the russian vote furthermore it assesses the impact of media including new media the variety of subjects makes the book suitable for undergraduate and graduate students in middle eastern israeli and jewish studies as well as political science and liberal arts in general israel at the polls has been updated and published regularly for thirty five years providing readers with up to date analysis and continuity of scholarship this book offers a long term assessment of israeli politics this book was published as a special issue of israel affairs
