b the book provides a concise description of the physical processes and mathematical models for explosions and formation of blast waves from explosions the contents focus on quantitatively determining the energy released in the different types of explosions and the destructive blast waves that are generated the contribution of flames detonations and other physical processes to the explosion phenomenon is dealt with in detail gaseous and condensed phase explosions are discussed and the yield of explosions with their tnt equivalence is determined time scales involved in the explosion process and the scaling procedure are ascertained explosions over the ground in water and the interaction of explosions with objects are examined in order to keep the text easily readable the detailed derivation of the mathematical equations is given in the seven appendices at the end of the book case studies of various explosions are investigated and simple problems and their solutions are provided for the different topics to assist the reader in internalizing the explosion process the book is a useful reference for professionals and academics in aeronautics mechanical civil and chemical engineering and for personnel working in explosive manufacture and high energy materials armaments space defense and industrial and fire safety

for decades fred burton a key figure in international counterterrorism and domestic spycraft has secretly been on the front lines in the fight to keep americans safe around the world now in this hard hitting memoir burton emerges from the shadows to reveal who he is what he has accomplished and the threats that lurk unseen except by an experienced world wise few in this globe trotting account of one counterterrorism agent s life and career burton takes us behind the scenes to reveal how the united states tracked libya linked master terrorist abu nidal captured ramzi yusef architect of the 1993 world trade center bombing and pursued the assassins of major figures including yitzhak rabin meir kahane and general muhammad zia ul haq the president of pakistan classic cases that have

sobering new meaning in the treacherous years since 9 11 here too is burton s advice on personal safety for today s most powerful ceos gleaned from his experience at stratfor the private firm barron s calls the shadow cia

the day breaks gloomy outside saint patrick s cathedral where a solitary gunman waits for the services to end inside the majestic church 2 000 worshippers join new york senator frank connolly and his wife caroline being honored for her contributions to the archdiocese when the mass ends connolly goes to confession before leaving the cathedral where he is met and assassinated by james murphy except there is no james murphy his name and identity are false his history beyond the past ten years as a janitor untraceable his motive never discovered tried and convicted murphy refuses to speak until four years later and two days before his scheduled execution murphy gives his last confession to the prison chaplain the confession so startles the priest bound by the church s restrictions on revealing the words of the penitent the sacramental seal he races to saint patrick s to seek the advice of his former pupil dominic cardinal enicerlico a street tough raised in little italy who has risen to one the highest and most powerful positions in the church having extracted the information from the chaplain the cardinal risks excommunication by soliciting the aid of his best friend retired police detective dean napolitano to prevent the execution by discovering why murphy committed murder what dean learns is a secret maintained through coercion bribes and murder committed by people who will stop at nothing to keep murphy s words from being disclosed anyone aware of the secret faces death dominic and dean not only face death but their own demons before the secret can be disclosed

v devetdesetih letih so ameriške politike in obveščevalne analitike pogosto presenetili teroristični napadi ki so povzročili smrt na tisoče ljudi doma in v tujini avtor podrobno analizira tovrstne teroristične incidente v obdobju od 1993 do

2001 leta osvetljuje politične okoliščine in delovanje ustreznih varnostnih ter obveščevalnih služb da bi laže razumeli in ocenili v kolikšni meri sta k temu pripomogla presenečenje in neučinkovita obveščevalna dejavnost ter poiskali odgovore na vprašanja ali je šlo za politično ali obveščevalno napako in posledično neuspešnost kakšna je bila narava grožnje in presenečenja ali je bilo mogoče vse to predvideti in preprečiti pogubne posledice

first published in 1996 the present volume homemaking women writers and the politics and poetics of home enters the critical discourse on gender by way of two of its most pressing issues the politics of women s locations at the end of the twentieth century and the division of experience into public and private that the emergence of systematic feminist thought in the west coincided with the invention of private life should not surprise us feminist thinkers from mary wollstonecrofton were quick to realize that the designation of the public and the private male and female was key to the subordination of women

pity the nation will rank among the classic accounts of war in our time both as a historical document and as an eyewitness testament to human savagery written by one of britain s foremost journalists this remarkable book combines political analysis and war reporting in an unprecedented way this is an epic account of the lebanon conflict by an author who has personally witnessed the carnage of beirut for over a decade

this book is the definitive guide to the topical issue of the relationship between political parties that embrace the democratic process and terrorist groups which eschew the legal and procedural strictures of democracy the fully revised edition continues to provide the most detailed theoretical and empirical analysis of this controversial issue highlighting the fluid nature of boundaries between terrorist

organisation and legitimate political party drawing on a vast array of data the authors examine a large number of international case studies from italy spain lebanon turkey iran israel palestine peru argentina japan and northern ireland by incorporating substantial new material on eta hizbollah and hamas this book retains its position at the forefront of the worldwide political discussion on terrorism and continues to be essential reading for all students academics and readers with an interest in security studies terrorism and political violence

during the past several years americans have witnessed the frequent occurrence of suicide attacks by radical muslim groups the public has wondered what drives someone to kill himself specifically in order to wreak havoc and destruction while other works address the subject many entirely ignore the ideological religious and cultural appeal of suicide attacks and none can adequately speak to why certain groups choose to use suicide as a weapon while others do not beginning with a careful consideration of the religious and historical reasons and the justifications that perpetrators find therein for suicide operations the authors reveal how radical groups have co opted various aspects of their faith to provide fuel for their current activities established policy makers seem helpless to confront this destructive terrorist activity often implying that countermeasures are ineffective and seeming to say we will just have to wait out the phenomenon even such a well documented policy report as the 9 11 commission s report failed to address the root of suicide attacks only critiquing technical aspects of the u s security system focusing on specific attacks their roots their perpetrators and their outcomes the authors are able to shed light on this resurgence of radical religious forces that encourage the use of such tactics and to propose new initiatives and approaches to handling such attacks before and after they occur

this book addresses the pertinent issues that will need to be considered by those

interested in physical security problems of the future specifically it examines how changes in the accessibility of technology data hardware software are likely to affect both threat and mitigation considerations for chemical biological radiological and explosive cbr scenarios and how social science can inform us of the human aspects of each the trend towards an ever more socio technical society and infrastructures encapsulated by concepts such as smart cities is drawn out as a key motivation for adopting more holistic risk approaches to such security problems than is currently the case

like no book before it preachers of hate uncovers an ancient hatred that threatens the life and livelihood of every american the new anti semitism targets not only jews but americans specifically and the west in general it targets our values our lifestyle and our freedoms it is the single most important issue we face when trying to make sense of the arab world most americans will be stunned to discover the depth and extent of anti semitic hatred in today s middle east and europe and that many muslim leaders are not just encouraging it but spending a great deal of money to spread the lies that spawned the terrorists responsible for the september 11 attack on america in preachers of hate bestselling author kenneth r timmerman who is not jewish contends that besides islam itself the core unifying force in the muslim world is a virulent strain of anti semitism that postulates the existence of a jewish conspiracy to take over the world from the pulpits of fiery muslim clerics to the arab street and to the highest reaches of government and state sponsored media there is a belief that this thousand year old conspiracy has already taken hold in america and is now especially after the war in iraq about to do the same in the middle east and beyond it is seen as no less than muslims historical destiny to prevent such a takeover and to do so by any means possible to misunderstand the ferocity of that belief is to vastly underestimate the resolve of many muslims to repel america israel and all things western timmerman

explores the roots of this hatred examining its history the religious sources upon which it draws and how it is being transmitted to young people growing up in arab societies by their leaders their teachers and their mosques he documents how u s and european union money has been used to finance hatred in palestinian schools he exposes the double talk of arab leaders and their supporters in the west as it so often was throughout history this new strain of jew hatred is really about much more than jews they get attacked first when the enemies of america can t attack americans however what begins with the jews never ends with the jews is there a conspiracy between america and the jews asks timmerman indeed there is a common heritage a dedication to improving the human condition through compassion and tolerance of differences a conspiracy of freedom and that is why they hate us as with the jews throughout history america has been unfairly successful as have the jews americans have profited from the misery and poverty of others if you hate jews you must also hate america such is the simple logic of the anti semite such increasingly is the logic of the middle east it is a message that is reinforced day in and day out by the official government sanctioned arab media from the streets of egypt london lebanon saudi arabia paris and gaza and in the mosques where impassioned clerics quote verbatim texts like the protocols of the elders of zion a pillar of anti semitic hatred that originated in czarist russia as america reasserts her role in the middle east and attempts to bring peace between jews and arabs preachers of hate is an essential book that reframes a very complicated issue as a matter of life and death

born 1935 in wilkes barre pennsylvania i lived with my two brothers al and ron and parents in one half of a duplex house on horton street it was a basic house consisting of living dining room kitchen three bedrooms and one bath the kitchen stove and furnace were both coal fired dad was a plumber who worked for his father owner of martin l kaiser company plumbing and heating grandfather worked

for his father my great grandfather who emigrated from prussia in 1858 he served in the civil war rising to a rank of sergeant the kaiser copper and tinsmith business began in prussia and can be traced to the late 1700 s

the shocking failure of israel and the west to suppress iran despite thirty years secret struggle while many now fear a looming war with iran few know that this war is already raging and has been doing so for the past three decades starting from the aftermath of the iranian revolution intelligence expert ron bergman details the complex array of political manoeuvring assassination attempts arms trading and suicide bombs that have characterised the secret war between iran and the intelligence services of israel and the united states drawing on interviews with a plethora of intelligence agents from all sides this is a riveting exploration of the growing influence of iran in the middle east and the covert activities of the cia and mossad to tackle iran and its political ambitions

running a marathon isn t something that comes naturally to newsreader niva retimanu but whether you come first or last if you complete 42 2 kilometres you re still a marathon runner in leading from behind niva tells how she went from overweight heavy drinking junk food fan to motivated health conscious marathon runner and how much fun she s had along the way niva might finish last in her races but she has kept up her party attitude sometimes in costume and always trying to cross the finish line in style hootin and hollerin and with a broad grin on her face it hasn t all been a barrel of laughs though take that storm in queenstown the extra kilometres in beirut or the time in new york when she lost the disabled athlete she was meant to be guiding life with niva is never dull as well as telling a host of great stories leading from behind is a call to people of all ages shapes and sizes to get out and do something active if niva can do it so can you

over 2 300 total pages overview tactical combat casualty care tccc was developed to emphasize the need for continued improvement in combat pre hospital care the committee on tactical combat casualty care cotccc was established in 2001 and is part of the defense health board cotccc is a standing multi service committee charged with monitoring medical developments in regards to practice technology pharmacology and doctrine new concepts in hemorrhage control airway management fluid resuscitation analgesia antibiotics and other lifesaving techniques are important steps in providing the best possible care for our marines and sailors in combat the tccc guidelines are published every 4 years in the prehospital trauma life support manual it has been recognized that tccc guidelines and curriculum will need to change more often than the 4 year cycle of the phltl textbook publication the national association of emergency medical technicians naemt will include the updated tccc guidelines and curriculum on its website as they are approved as a way to help get this new information out to the combat medical personnel in the military that need it principles of tactical combat casualty care tccc the principles of tactical combat casualty care are fundamentally different from those of traditional civilian trauma care where most medical providers and medics train these differences are based on both the unique patterns and types of wounds that are suffered in combat and the tactical conditions medical personnel face in combat unique combat wounds and tactical conditions make it difficult to determine which intervention to perform at what time besides addressing a casualty s medical condition responding medical personnel must also address the tactical problems faced while providing care in combat a medically correct intervention at the wrong time may lead to further casualties put another way good medicine may be a bad tactical decision which can get the rescuer and the casualty killed to successfully navigate these issues medical providers must have skills and training oriented to combat trauma care as opposed to civilian trauma care the specifics of casualty care in the tactical setting

will depend on the tactical situation the injuries sustained by the casualty the knowledge and skills of the first responder and the medical equipment at hand in contrast to a hospital emergency department setting where the patient is the mission on the battlefield care of casualties sustained is only part of the mission tccc recognizes this fact and structures its guidelines to accomplish three primary goals 1 treat the casualty 2 prevent additional casualties 3 complete the mission in thinking about the management of combat casualties it is helpful to divide care into three distinct phases each with its own characteristics and limitations

the field medical service technician provides medical and dental services for personnel in field units also provides technical and administrative assistance to support the mission and functions of the navy and marine corps field units maintains organizational level amal s and adal s assists in the procurement and distribution of supplies and equipment for field use and combat areas maintains field treatment facilities renders first aid and emergency medical and dental treatment to unit personnel combatants coordinates and performs medical evacuation procedures ensures observance of field sanitary measures and preventive measures in specialized warfare conducts first aid and health education training programs course description during this 8 week course you will have a mix of classroom and field training emphasis is placed on learning field medicine by using the principles of tactical combat casualty care tccc this includes familiarization with usmc organization and procedures logistics and administrative support in a field environment additionally training will include general military subjects individual and small unit tactics military drills physical training conditioning and weapons familiarization with the opportunity to fire the rifle completion of fmst results in the student receiving navy enlisted classification hm 8404

the ancient romans asked the question who will watch the watchers in our own age as we face the scourge of global terrorism we must also ask a further question who will turn the tides each of us can play a role in answering both of those questions the manner in which we answer them the forms of our responses the challenge of maintaining our humanity in the face of inhumanity will determine the

quality of our lives and the fate of future generations as well this book is dedicated to believing in a future which we can reach and to reaching a future in which we can believe through the storyline of an everyday american eugene who happened to participate in some extraordinary circumstances culminating in the development of the scope and centurion programs this novel is a must read for all those interested in watching the watchers and turning the tides against the forces of chaos and destruction

twenty five years after ronald reagan became president richard reeves has written a surprising and revealing portrait of one of the most important leaders of the twentieth century as he did in his bestselling books president kennedy profile of power and president nixon alone in the white house reeves has used newly declassified documents and hundreds of interviews to show a president at work day by day sometimes minute by minute president reagan the triumph of imagination is the story of an accomplished politician a bold even reckless leader a gambler a man who imagined an american past and an american future and made them real he is a man of ideas who changed the world for better or worse a man who understands that words are often more important than deeds reeves shows a man who understands how to be president who knows that the job is not to manage the government but to lead the nation in many ways a quarter of a century later he is still leading as his vice president george h w bush said after reagan was shot and hospitalized in 1981 we will act as if he were here he is a heroic figure if not always a hero he did not destroy communism as his champions claim but he knew it would self destruct and hastened the collapse no small thing he believed the soviet union was evil and he had contempt for the established american policies of containment and détente asked about his own cold war strategy he answered we win they lose like one of his heroes franklin d roosevelt he has become larger than life as roosevelt became an icon central to american

liberalism reagan became the nucleus holding together american conservatism he is the only president whose name became a political creed a noun not an adjective reaganism reagan s ideas were so old they seemed new he preached an individualism inspiring and cruel that isolated and shamed the halt and the lame he dumbed down america brilliantly blending fact and fiction transforming political debate into emotion driven entertainment he recklessly mortgaged america with uncontrolled military spending less taxation and more debt in focusing on the key moments of the reagan presidency reeves recounts the amazing resiliency of ronald reagan the real comeback kid here is a seventy year old man coming back from a near fatal gunshot wound from cancer from the worst recession in american history then in personal despair as his administration was shredded by the lying and secrets of hidden wars and double dealing he was able to forge one of history s amazing relationships with the leader of the evil empire that story is told for the first time using the transcripts of the reagan gorbachev meetings the climax of an epic story as if he were here

for three decades phil little has been behind the lines and in front of the curve on the issue of terrorism from lebanese terror camps in the 70s to american airports in the months before september 11th phil has seen and explored the threat of terrorism upclose hostile intent casts phil s expert eye to the global time bomb of terrorist threats

the irish times bestseller a gripping tale of savagery and courage noam chomsky fascinating and captivating irish times a beautiful book full of pain and longing but also joy adventure and excitement janine di giovanni a superb account of the life and work of the best reporter i have ever known patrick cockburn when lara marlowe met robert fisk in 1983 in damascus he was already a famous war correspondent she was a young american reporter who would become a renowned

journalist in her own right for the next twenty years they were lovers husband and wife and friends occasionally angry and estranged from one another but ultimately reconciled they learned from each other and from the people in the ruined world they reported from lebanon torn apart by a vicious civil war as well as israeli and syrian occupations iran where they were the only journalists to interview the middle east s chief hostage taker and dispatcher of suicide bombers the islamist revolt that claimed up to 200 000 lives in algeria the disintegration of former yugoslavia and two us led wars on iraq this is at once a portrait of a remarkable man the story of a middle east broken by its own divisions and outside powers and a moving account of a relationship in dark times

the instant new york times bestseller john brennan is one of the hardest working most patriotic public servants i ve ever seen and our country is better off for it as president he was one of my closest advisors and a great friend and in his memoir undaunted you ll see why i hope you ll read it president barack obama a powerful and revelatory memoir from former cia director john brennan spanning his more than thirty years in government friday january 6 2017 on that day as always john brennan s alarm clock was set to go off at 4 15 a m but nothing else about that day would be routine that day marked his first and only security briefing with president elect donald trump and it was also the day john brennan said his final farewell to owen brennan his father the man who had taught him the lessons of goodness integrity and honor that had shaped the course of an unparalleled career serving his country from within the intelligence community in this brutally honest memoir brennan the son of an irish immigrant who settled in new jersey describes the life that took him from being a young cia recruit enamored with the mystique of spy work secretly defiant enough to drive a motorcycle and sport a diamond earring and invigorated by his travels in the middle east to being the most powerful individual in american intelligence he details his experiences with

very different presidents and what it s been like to bear responsibility for some of the nation s most crucial and polarizing national security decisions he pulls back the curtain on the inner workings of the agency describing the selfless patriotic and invisible work of the women and men involved in national security he also examines the insularity arrogance and myopia that have at times undermined its reputation in the eyes of the american people and of members of other branches of government through topics ranging from george w bush s intervention in iraq to his thoughts on the cia s controversial use of enhanced interrogation techniques to his eye opening account of the planning of the raid that resulted in bin laden s death to his realization that russia had interfered with the 2016 election brennan brings the reader behind the scenes of some of the most crucial moments in recent u s history he also candidly discusses the times he has failed to live up to his own high standards and the very public fallouts that have resulted with its behind the scenes look at how major u s national security policies and actions unfolded during his long and distinguished career especially during his eight years in the obama administration john brennan s memoir is a work of history with strong implications for the future of america and our country s relationships with other world powers undaunted my fight against america s enemies at home and abroad offers a rare and insightful look at the often obscured world of national security the intelligence profession and washington s chaotic political environment but more than that it is a portrait of a man striving for integrity for himself for the cia and for his country

preparedness is the best weapon against terrorism understanding assessing and responding to terrorism protecting critical infrastructure and personnel gives a detailed explanation of how to implement preventive and protective measures to ensure the safety of personnel and facilities it includes easily customized templates for the vulnerability analysis security procedures emergency response

procedures and training programs vulnerability assessment methodologies and formulas for prioritizing targets coverage of critical infrastructure sectors hard targets and soft targets such as hotels places of worship and commercial districts countermeasures for terrorist attacks using weapons of mass destruction with coverage of chemical biological radiological nuclear and explosive materials a seven step security vulnerability analysis sva process to identify and categorize critical infrastructure key resources and key assets information on the national incident management system nims that enables all public private and non governmental organizations to work together effectively to prepare for prevent respond to and recover from domestic incidents numerous case studies and examples a practical how to book with step by step processes to help reduce risks from terrorist attacks this is a must have reference for private and public sector risk managers safety engineers security professionals facility managers emergency responders and others charged with protecting facilities and personnel

postcolonial nigeria has been the subject of many literatures that identify and interrogate the many issues and problems that had made it near impossible for nigerians to achieve the anticolonial aspirations that gave birth to independent nigeria the rationale for this volume is to situate the thematic inquiry into the problematic of postcolonial nigerian within the ambit of the humanities and its concerns these thematic issues include identity configurations aesthetics philosophical reflections linguistic dynamics sociological framings and so on the objective of the volume is to enable scholars and students to have new insights and arguments about possibilities that postcoloniality throws up for rethinking the nigerian state and society

in 1982 83 american marines were stationed in beirut with a vaguely defined mission to keep the peace but once the plo was evacuated and a new lebanese

president elected muslim terrorists assassinated president gemayel and relentlessly pressed their guerrilla war forcing the marines to stay in the root and to participate in an increasingly tense and dangerous mission written and now revised by a retired marine corps captain who served in beirut this brutal fast moving novel about the events that led to the massacre of the marines is peopled with muslim terrorists arabs willing to lay down their lives to stop the fighting tough israeli soldiers who deride american peace efforts wise guy journalists and of course the marines outrage is a tribute to those marines who gave their lives in beirut and an expression of outrage at the events that occurred fast paced authentic and at times disturbing it is both an exhilarating testament to the sacrifice of those who served and an angry condemnation of the policies which led to the deaths of so many brave men firsthand knowledge is the strong suit in this fictional treatment of the disastrous involvement of the us marines in beirut misguided american policy decisions leading to the use of marine troops as symbols rather than as soldiers continually placed the men in combat situations yet without the authority to become involved or even properly defend themselves the real strength is the close up view of the murderous effects of a rotten political strategy kirkus reviews retired marine captain dye has written a fictionalized account of the events that led to the deaths of 241 american marines and other servicemen at the hands of a muslim fanatic at beirut airport in 1983 dye s military dialogue will sound authentic to most veteran ears publisher s weekly the marines struggle with increasing frustration against command indifference muslim snipers and willfully blind politicals the best part is the incandescent invective launched by these cheerfully profane soldiers at their enemies allies and one another library journal

on october 12 2000 eleven months before the 9 11 attacks the uss cole docked in the port of aden in yemen for a routine fueling stop at 1118 on a hot sunny morning

the 8 400 ton destroyer was rocked by an enormous explosion the ship's commander kirk lippold felt the ship violently thrust up and to the right as everything not bolted down seemed to float in midair tiles tumbled from the ceiling and the ship was plunged into darkness beginning to sink in a matter of moments lippold knew that the cole had been attacked what he didn't know was how much the world was changing around him the bombing of the cole was al qaeda's first direct assault against the united states and expanded their brazen and deadly string of terrorist attacks throughout the middle east in this gripping first person narrative lippold reveals the details of this harrowing experience leading his crew of valiant sailors through the attack and its aftermath seventeen sailors died in the explosion and thirty seven were wounded but thanks to the valor of the crew in the perilous days that followed the ship was saved yet even with al qaeda's intentions made clear in an unmistakable act of war the united states government delayed retaliating bureaucrats and politicians sought to shift and pin blame as they ignored the danger signaled by the attack shirking responsibility until the event was ultimately overshadowed by 9 11 front burner captures a critical moment in america's battle against al qaeda telling a vital story that has until now been lost in the fog of the war on terror

a cia station chief later jordan's lawyer in washington reveals the secret history of a lost peace jack o'connell possessed an uncanny ability to be at the center of things on his arrival in jordan in 1958 he unraveled a coup aimed at the young king hussein who would become america's most reliable middle east ally over time their bond of trust and friendship deepened his narrative contains secrets that will revise our understanding of the middle east in 1967 o'connell tipped off hussein that israel would invade egypt the next morning later as hussein's washington counselor o'connell learned of henry kissinger's surprising role in the yom kippur war the book's leitmotif is betrayal hussein the middle east's only bona fide

peacemaker wanted simply the return of the west bank seized in the six day war despite american promises the clear directive of un resolution 242 and the years of secret negotiations with israel that never happened hussein's dying wish was that o'connell tell the unknown story in this book

from a former wall street journal foreign correspondent an exuberant memoir of life love and transformation on the frontlines of conflicts around the world growing up in 1970s detroit lynda schuster felt certain life was happening elsewhere and as soon as she graduated from high school she set out to find it dirty wars and polished silver is schuster's story of her life abroad as a foreign correspondent in war torn countries and later as the wife of a u s ambassador it chronicles her time working on a kibbutz in israel reporting on uprisings in central america and a financial crisis in mexico dodging rocket fire in lebanon and grieving the loss of her first husband a fellow reporter who was killed only ten months after their wedding but even after her second marriage to a u s diplomat all the black tie parties and personal staff and genteel ambassatrix school grooming in the world could not protect her from the violence of war equal parts gripping and charming dirty wars and polished silver is a story about one woman's quest for self discovery only to find herself unexpectedly more or less back where she started wiser saner more resolved and with all her limbs intact

this book discusses the increasing tendency in certain government quarters to incorporate struggles by peoples for their self determination into the wider anti terrorist agenda of the post 9 11 era this tendency distorts the laws of armed conflict and of peace alike as inter state anti terrorist co operation becomes more extensive the transaction costs of international peace and security between states increase modes of domestic state governance are left increasingly to the vagaries of inter state non interference in the domestic affairs of each other the war on

terror and an increasingly strict domestic state law and order approach to silence political opponents increases the dangers for civilians eliminates rights and generates suspect communities at the same time public institutions and private corporations are harnessed into the mechanics of a broad project of prevention and control distinctively the book considers the impact of the recent war on terror on the politics of the self determination of peoples it draws together issues related to governmental forceful action an increasing intolerance towards non state violent acts the content of international and regional codifications expansions in state discretion the encroachment of surveillance powers and the interaction and overlap between intelligence and law enforcement agencies self determination in the post 9 11 era will be of interest to students and scholars of public international law criminology comparative criminal justice terrorism and national security politics international relations human rights governance and public policy

bantam 1992 the aegean ex agent michael vance pilots the odyssey ii a handmade replica a russian gunship with arab terrorists takes a tiny island where a u s corporation has a laser space facility the renegades convert the launch vehicle into a ballistic missile that can deliver their stolen nuclear warhead to any city in the u s can vance stop them idea points aerospace ulysses

marcinko former navy seal and author of the nationally bestselling rogue warrior novel now offers a book which shows how anyone can apply the leadership skills he has honed to the challenges of business

corbett technical editor of fire engineering magazine has assembled more than 40 accomplished fire service professionals to compile one of the most authoritative comprehensive and up to date basics book for firefighter i and ii classes
