although the topic of travel and travel writing by chinese and japanese writers has recently begun to attract more interest among scholars in the west it remains largely virgin terrain with vast tracts awaiting scholarly examination this book offers insights into how east asians traveled in the early modern and modern periods what they looked for what they felt comfortable finding and the ways in which they wrote up their impressions of these experiences from p 4 of cover

the dispossession and forced migration of nearly 50 per cent of syria s population has produced the greatest refugee crisis since world war ii this new book places the current displacement within the context of the widespread migrations that have indelibly marked the region throughout the last 150 years syria itself has harbored millions from its neighboring lands and syrian society has been shaped by these diasporas dawn chatty explores how modern syria came to be a refuge state focusing first on the major forced migrations into syria of circassians armenians kurds palestinians and iraqis drawing heavily on individual narratives and stories of integration adaptation and compromise she shows that a local cosmopolitanism came

to be seen as intrinsic to syrian society she examines the current outflow of people from syria to neighboring states as individuals and families seek survival with dignity arguing that though the future remains uncertain the resilience and strength of syrian society both displaced internally within syria and externally across borders bodes well for successful return and reintegration if there is any hope to be found in the syrian civil war it is in this history

you shall love the stranger as yourself addresses the complex political legal and humanitarian challenges raised by asylum seekers and refugees from a biblical perspective the book explores the themes of humanity and justice through exegesis of relevant passages in the old and new testaments skillfully woven into accounts of contemporary refugee situations applying biblical analysis to one of the most pressing humanitarian concerns of modern times houston creates a timely work that will be of interest to students and scholars of theology religion and human rights

the main goal of this book is to record as much of the palestinian refugees political history as possible the author is becoming increasingly aware of the ebb and flow of general interest in the refugee issue and the strong possibility of subsuming that chapter in the larger palestinian story as the plo itself moved further and further away from the refugee constituency it became necessary to examine and define the impact of the refugee issue on the larger palestinian political picture for indeed as it turned out they were always a tremendous influence on the course of palestinian and arab history although they lost their leadership positions within the plo as the latter became increasingly elitist and bureaucratic the powerless refugees apparently never lost the means to influence the course of palestinian history this book relies heavily on early state department dispatches israeli foreign office correspondence early accounts of the stirrings of a refugee movement in jordan and declarations statements and studies of the badil research centre and some right of return groups also investigated is much of the known literature to emerge from the secretive oslo negotiations and the reverberations produced by their deliberations throughout the palestinian diaspora the resilience of the refugee question should never be questioned or declared until one of two things happened either the obliteration or dispersal of concentrated refugee communities became a reality or the palestinian refugees accepted a resolution of some kind or another

this book aims to portray migratory experiences documented in the form of biographical narratives we are interested in the dynamic aspect of migration which effectively becomes a complex trajectory made up of stages returns and circulations and no longer simply as in the industrial era a bipolar exile there and here in these complex and dynamic movements many trajectories become bifurcations by which we mean shifting fates in these stories we found paths events and bifurcations all combined together in terms of biographical construction based on accumulated experiences these narratives are both very banal and very unusual journeys portraying a new international human globalization they are simultaneously stories of barriers to be crossed in chaotic situations interspersed with peaceful events in quiet contexts these journeys reveal not only the weight of migration policies but also the certification policies implemented and developed by various countries this book presents itineraries social logics of mobility the routes become the analysts if statistics record regularities the personal approach captures specificities that produce meaning and contribute to a reinterpretation of current forms of mobility the superb collection of ethnographies that the reader will find in the pages to follow provide yet further insight into the ways in which movement across state borders represents a creative accomplishment with cases selected from around the world the middle east north africa latin america north america and europe the chapter in this book demonstrate that migration is undertaken not only against states and their bureaucracies but in tension with and possibly in opposition to migrants closest

syrian foreign policy always opaque has become an even greater puzzle during the syrian revolt irrespective of the regime s international isolation in the wake of its violent response to domestic protest it has paid lip service to international peace plans while unperturbedly crushing the rebellion the rare televised appearances of president assad have shown a leader detached from reality has he in his own words gone crazy in this book long time syria analyst and former diplomat bente scheller contends that bashar assad s deadly waiting game is following its own logic whatever difficulties the syrian regime has faced its previous experience has been that it can simply sit out the current crisis the difference this time is that syria faces a double crisis internal and external while hafez assad renowned as an astute politician adapted to new challenges his son bashar seems to have no alternative plan of action scheller s timely book analyses syrian foreign policy after the global upheavals of 1989 which was at the time a glorious new beginning for the regime she shows how bashar assad by ignoring change both inside syria and in the region has sacrificed his father s focus on national security in favour of a policy of regime survival and offers a candid analysis of the successes and shortcomings of syrian foreign policy in recent years

the right to own property is something we generally take for granted for refugees living in camps in some cases for as long as generations the link between citizenship and property ownership becomes strained how do refugees protect these assets and preserve communal ties how do they maintain a sense of identity and belonging within chaotic settings protection amid chaos follows people as they develop binding claims on assets and resources in challenging political and economic spaces focusing on palestinians living in refugee camps in lebanon and jordan it shows how the first to arrive developed flexible though legitimate property rights claims based on legal knowledge retained from their homeland subsequently adapted to the restrictions of refugee life as camps increased in complexity refugees merged their informal institutions with the formal rules of political outsiders devising a broader stronger system for protecting their assets and culture from predation and state incorporation for this book nadya hajj conducted interviews with two hundred refugees she consults memoirs legal documents and findings in the united nations relief works agency archives her work reveals the strategies palestinian refugees have used to navigate their precarious conditions while under continuous assault and situates their struggle within the larger context of communities living in transitional spaces

in the decades after world war ii the united nations established a global refugee regime that became central to the lives of displaced people around the world this regime has exerted particular authority over palestinian refugees who are served by a specialized un body the relief and works agency unrwa formed shortly after the 1948 war unrwa continues to provide quasi state services such as education and health care to palestinian refugee communities in the middle east today this book is a groundbreaking international history of palestinian refugee politics anne irfan traces the history and politics of unrwa s interactions with palestinian communities particularly in the refugee camps where it functioned as a surrogate state she shows how palestinian refugees invoked internationalist norms to demand their political rights while resisting the un s categorization of their plight as an apolitical humanitarian issue refuge and resistance foregrounds how nonelite activism shaped the palestinian campaign for international recognition showing that engagement with world politics was driven as much by the refugee grass roots as by the upper echelons of the palestine liberation organization it demonstrates that refugee groups are important actors in global politics not simply aid recipients recasting modern

palestinian history through the lens of refugee camps and communities refuge and resistance offers vital new perspectives for understanding politics beyond the nation state

more than four million palestinian refugees live in protracted exile across the middle east taking a regional approach to palestinian refugee exile and alienation across the levant this book proposes a new understanding of the spatial and political dimensions of refugee camps across the middle east combining critical scholarship with ethnographic insight the essays uncover host states marginalisation of stateless refugees and shed light on new terminology on refugees migration and diaspora studies the impact on the refugee community is detailed in novel studies of refugee identity memory and practice and new legal approaches to compensation and right of return the book opens a critical debate on key concepts and proposes a new understanding of the spatial and political dimensions of refugee camps better understood as laboratories of palestinian society and state in making this strong collection of original essays is an essential resource for scholars and students in refugee studies forced migration disaster studies legal anthropology urban studies international law and middle east history

the 25th annual world report summarizes human rights conditions in more than ninety countries and territories worldwide reflecting extensive investigative work undertaken in 2014 by human rights watch staff with domestic rights activists in particular on the roles played by key domestic and international figures

what it means to be palestinian is a narrative of narratives a collection of personal stories remembered feelings and reconstructed experiences by different palestinians whose lives were changed and shaped by history their stories are told chronologically through particular phases of the palestinian national struggle providing a composite autobiography of palestine as a landscape and as a people the book begins with the 1936 revolt against british rule in palestine and ends in 1993 with the oslo peace agreement that changed the nature and form of the national struggle it is based on in depth interviews and conversations with palestinians male and female old and young rich and poor religious and secular in jordan lebanon syria israel and the occupied territories presented as remembered personal narratives and as social histories these conversations provide a deep intimate account of what it means to be palestinian in the 21st century

love between ari and laura flourishes in war

the arab uprisings have put lebanon under increased strain while the revolutions in tunisia and egypt caused limited reverberations the war in syria echoed in the fine tuned political and confessional balance of lebanon over one million refugees equal to one quarter of lebanon s population have moved in from syria the country s economy and its already weak public infrastructure have been impacted heavily hizbullah s engagement in syria has posed questions about lebanon s disassociation policy terrorist attacks by isil and the growing risk of radicalization across the confessional spectrum have left the country at unease however lebanon s political elites have vowed to shield the country from regional turbulences lebanon recently saw a series of demonstrations because of the inability of the government to manage the garbage crisis but it has been far from witnessing a large scale citizen uprising similar to the 2005 cedar revolution or the revolts next door this book provides a comprehensive overview of the current situation in lebanon and a detailed assessment of the difficulties which the country is currently facing

building on the intellectual and political momentum that established the critical ethnic studies association this reader inaugurates a radical response to the appropriations of liberal multiculturalism while building on the possibilities

enlivened by the historical work of ethnic studies it does not attempt to circumscribe the boundaries of critical ethnic studies rather it offers a space to promote open dialogue discussion and debate regarding the field's expansive politically complex and intellectually rich concerns covering a wide range of topics from multiculturalism the neoliberal university and the exploitation of bodies to empire the militarized security state and decolonialism these twenty five essays call attention to the urgency of articulating a critical ethnic studies for the twenty first century

abu sharif was one of the world's most notorious and dangerous terrorists in the 60's and 70's acting as minister of propaganda for the popular front for the liberation of palestine pflp and as a recruiter for terrorists like carlos the jackal in 1972 a bomb was placed in a book and sent to him leaving him half blind deaf in one ear and almost fingerless finally abandoning the use of violence as a means to achieve his palestinian nationalist aspirations he aligned himself with yasser arafat eventually becoming one of his closest advisors in this book abu sharif often alongside arafat takes us behind the scenes of all the major events in the middle east during the last 30 years from the secret caves in the west bank where arafat hid on his way to jerusalem in 1967 to the peace negotiations in oslo in 1993 arafat and the dream of palestine combines a deeply personal account informed by abu sharif's close relationship with arafat with a gripping profoundly human history of palestine

in 2011 hundreds of thousands of syrians marched peacefully to demand democratic reforms within months repression forced them to take arms and set up their own institutions two years later the inclusive nature of the opposition had collapsed and the pkk and radical jihadist groups rose to prominence in just a few years syria turned into a full scale civil war involving major regional and world powers how has the war affected syrian society how does the fragmentation of syria transform social and sectarian hierarchies how does the war economy work in a country divided between the regime the insurgency the pkk and the islamic state written by authors who have previously worked on the iraqi afghan kurd libyan and congolese armed conflicts it includes extensive interviews and direct observations a unique book which combines rare field experience of the syrian conflict with new theoretical insights on the dynamics of civil wars

the modern refugee era began with the end of world war ii an extensive literature has been created on the issue of refugees and other forcibly displaced persons during this period while much of this has focused on refugee flight and post flight forced to flee uniquely looks at the pre flight environment and the factors contributing to human rights violations therein it is due to these abuses that many people flee their homelands author peter w van arsdale presents first hand fieldwork conducted over a 30 year span in six refugee homelands ranging from sudan to bosnia this expert research bridges the emergent refugee and human rights regimes while addressing theories of obligation justice and structural inequality van arsdale also deftly tackles the difficult ideas of compassion suffering and evil and introduces the concept of pragmatic humanitarianism forced to flee is a comprehensive study that should be of great interest to scholars and practitioners of anthropology sociology social work political science and environmental studies

focusing on the complicity of israeli universities in maintaining the occupation of palestine and on the repression of academic and political freedom for palestinians against apartheid powerfully explains why scholars and students throughout the world should refuse to do business with israeli institutions this rich collection of essays is a handbook for scholars and activists

the syrian war the 21st century's most protracted and second deadliest conflict has

driven 5.6 million refugees and 6.6 million internally displaced into flight as the civil war draws to a close an autopsy of this historic and unprecedented refugee episode becomes feasible why did the war generate so many refugees how did so many of them get to Europe who are these people and why did they leave from whom were they fleeing and why did European policymakers alleviate or aggravate the refugee crisis the Syrian refugee crisis argues that Syrian forced migration has been deeply misunderstood against conventional wisdom it suggests that refugees engaged smugglers not just as traffickers or criminal exploiters but as natural allies and means to affirm asylum rights that the politicization of refugees according to major actors foreign policy priorities obfuscated the role of US and European foreign policy in generating massive displacement and that restrictionist border policies on the Balkan route were inhumane incoherent and counterproductive relying on extensive rare fieldwork data from five countries comprising the Balkan route Jordan Turkey Greece Serbia and Germany this book sheds light on the understudied counterintuitive and often misunderstood dynamics of forced migration refugee agency border restrictionism anti-smuggling policy and migrant decision making in the 21st century
