this is the first book on the u s presidential election system to analyze the basic principles underlying the design of the existing system and those at the heart of competing proposals for improving the system the book discusses how the use of some election rules embedded in the u s constitution and in the presidential succession act may cause skewed or weird election outcomes and election stalemates the book argues that the act may not cover some rare though possible situations which the twentieth amendment authorizes congress to address also the book questions the constitutionality of the national popular vote plan to introduce a direct popular presidential election de facto without amending the constitution and addresses the plan s achilles heel in particular the book shows that the plan may violate the equal protection clause from the fourteenth amendment of the constitution numerical examples are provided to show that the counterintuitive claims of the npv originators and proponents that the plan will encourage presidential candidates to chase every vote in every state do not have any grounds finally the book proposes a plan for improving the election system by combining at the national level the one state one vote principle embedded in the constitution and the one person one vote principle under this plan no state loses its current electoral college benefits while all the states gain more attention of presidential candidates

first published in 2001 routledge is an imprint of taylor francis an informa company

the first national study examining income and racial differences in the vote counting in the 2000 presidential election analyzed results from 40 congressional districts in 20 states twenty of the congressional districts have high poverty rates and a high minority population and 20 of the districts have low poverty rates and a small minority population the report analyzes the percentage of uncounted votes for president in each of the 40 districts and compares the percentages of uncounted votes in the two types of districts the report finds that on average voters in low income high minority congressional districts were over 3 times more likely to have their votes discarded than voters in affluent low minority districts

presidential campaigns and elections provide the drama and substance of america s democratic process as democracy in action they punctuate our nation s history in precise intervals capturing the issues the ideas and the mood of the nation every four years every campaign follows a similar format candidates jockey for selection nominations are made candidates and party leaders hit the trail and voters render their decision on election day yet despite this familiar process every campaign is unique featuring colorful personalities and unexpected events this fully illustrated reference is packed with facts and information on every campaign from the election of 1788 89 through the hotly contested election of 2000 each entry traces in detail the background and results of the election provides biographical information on every presidential and vice presidential candidate and offers state by state tallies of every election the set also features hundreds of rarely seen documents associated with the campaigns

this book offers a timely understanding of the history of the democratic and republican parties and their adaptability endurance and importance in presidential elections taking the reader from the beginnings of parties as caucuses of members of the first congress meeting in 1789 through november 2020 s presidential election it provides a fascinating historical account of the debates events and personalities behind the beginnings of the nation s political parties this includes the importance of national party nominating conventions in the nineteenth century the growing importance of primary elections in nominations beginning in the early twentieth century and the changes of campaigning for presidential candidates as they started to travel across the united states for the first time in the early twentieth century the book tells the story of the beginnings of nationally televised presidential debates and any number of other changes in the era of broadcasting and now digital platforms for presidential elections in the twenty first century it finishes with a look at political dynamics since the november 2020 election and a study of negative partisanship to define how campaigning for the white house works today

emmanuel macron s victory in the 2017 presidential elections represents one of the most important disruptions to french political life since the establishment of the fifth republic this book analyses the political opportunities enabling a neophyte to conquer the elysée and the conditions leading to the unprecedented presidential runoff between this centrist eu enthusiast and pro globalization candidate and the nationalistic populist alternative embodied by marine le pen the book begins by considering trends in party competition and presidentialism in modern france notably presidential primaries and their impact on party competition it then moves to considering the role

traditional explanatory factors in elections namely policies and voter profiles played in the result finally it examines the dynamics of president macron s success in the legislatives and how he dominated the traditional party blocs this book will appeal to students of french politics as well as those interested in electoral behaviour and european political systems

the electoral college that governs america has been with us since 1804 when thomas jefferson s supporters redesigned it for his re election the jeffersonians were motivated by the principle of majority rule gone were the days when a president would be elected by acclamation as george washington had been instead given the emergence of intense two party competition the jeffersonians wanted to make sure that the electoral college awarded the presidency to the candidate of the majority rather than minority party they also envisioned that a candidate would win by amassing a majority of electoral college votes secured from states where the candidate s party was in the majority for most of american history this system has worked as intended producing presidents who won electoral college victories derived from state based majorities in the last quarter century however there have been three significant aberrations from the jeffersonian design 1992 2000 and 2016 in each of these years the electoral college victory depended on states where the winner received only a minority of votes in this authoritative history of the american electoral college system edward foley analyzes the consequences of the unparalleled departure from the jeffersonians original intent and delineates what we can do about it he explains how states by simply changing their electoral college procedures could restore the original jeffersonian commitment to majority rule there are various ways to do this all of which comply with the constitution if only a few states had done so before 2016 the outcome might have been different doing so before future elections can prevent another victory that contrary to the original jeffersonian intent a majority of voters did not want

in recent social research ethnicity has mostly been used as an explanatory variable it was only after it was agreed that ethnicity in itself is subject to change were the questions of how and why it changes possible to answer this multiplicity of ethnic identities requires that we think of each society as one with multiple ethnic dimensions of which any can become activated in the process of political competition and sometimes several of them within a short period of time focusing on malaysia and indonesia this book traces the variations of ethnic identity by looking at electoral strategies in two sub national units it shows that ethnic identities are subject to change induced by calculated moves by political entrepreneurs who use identities as tools to maximize their chances of winning elections or expanding support base and highlights how political institutions play an enormous role in shaping the modes and dynamics of these ethno political manipulations the book suggests that in societies where ethnic identities are activated in politics instead of analysing politics with ethnic distribution as an independent variable ethnic distribution can be taken as the dependent variable with political institutions being the explanatory one it examines the problems of voters behaviour and parties and candidates strategy in a polity that is to a significant extent

driven by ethnic relations pushing the boundaries of qualitative research on southeast asian politics by placing formal institutions at the centre of its analysis this book will be of interest to students and scholars of southeast asian politics race and ethnic studies and international relations

imagine a country where the right to vote is not guaranteed by the constitution where the candidate with the most votes loses and where paperwork requirements and bureaucratic bungling disenfranchise millions you re living in it if the consequences weren t so serious it would be funny an eye opening fact filled companion to the forthcoming pbs documentary starring political satirist and commentator mo rocca electoral dysfunction illuminates a broad array of issues including the founding fathers decision to omit the right to vote from the constitution and the legal system s patchwork response to this omission the battle over voter id voter impersonation and voter fraud the foul ups that plague election day from ballot design to contested recounts the role of partisan officials in running elections and the anti democratic origins and impact of the electoral college the book concludes with a prescription for a healthy voting system by heather smith president of rock the vote published in the run up to the 2012 election electoral dysfunction is for readers across the political spectrum who want their votes to count

this two volume work continues the series of election data handbooks published by oup it presents a first ever compendium of electoral data for all the 62 states in asia australia and oceania from their independence to the present following the overall structure of the series an initial comparative introduction on elections and electoral systems is followed by chapters on each state of the region written by knowledgeable and renowned scholars the contributions examine the evolution of institutional and electoral arrangements and provide systematic surveys of the up to date electoral provisions and their historical development exhaustive statistics on national elections and referendums are given in each chapter together with the other books of this series elections in asia and the pacific is a highly reliable resource for historical and cross national comparisons of elections and electoral systems world wide the second volume of elections in asia and the pacific covers the asia pacific area i e the 30 independent states of east asia including japan south east asia and the south pacific including australia and new zealand

voter perceptions of the personal traits of presidential candidates are widely regarded to be important influences on the vote media pundits frequently explain the outcome of presidential elections in terms of the personal appeal of the candidates despite the emphasis on presidential character traits in the media the scholarly investigation in this area is limited in this book david holian and charles prysby set out to examine the effect that trait perceptions have on the vote how these perceptions are shaped by other attitudes and evaluations and what types of voters are most likely to cast a ballot on the basis of the character traits of the presidential candidates using the american national election studies anes surveys the authors find that traits do have a very substantial effect on the vote that different candidates have advantages on different traits and that the opinions expressed by media pundits about how the candidates are viewed by the voters are often simplistic and sometimes quite mistaken character traits are important to voters but we need a better and more complete understanding of how and why these factors influence voters an essential read which provides a clear and original argument to all those interested in furthering their understanding of the importance of candidate character traits for the quality of american elections and democracy
