this volume presents a compilation of cross disciplinary essays written by representatives of non governmental and inter governmental organisations practising lawyers academics researchers and a psychiatrist which reflect the heightened concern among european refugee and human rights organisations about the increasing practice of detaining asylum seekers topics explored include recent trends in western central and eastern europe detention practice in the us canada and australia unhcr s approach to detention of refugees and asylum seekers and the mental health implications of detention from a psycho medical viewpoint in addition the relevant european and un legal instruments are analysed and examples are given from the case law the book is supplemented by detailed appendices setting out the texts of relevant international legal provisions together with a number of other reference documents including unhcr s 1995 guidelines on detention and ecre s 1996 and 1997 papers on detention and alternatives to detention in addition to providing both a description of current practice and a theoretical legal analysis of this type of administrative detention this volume is intended to serve as a practical tool and source of reference for individuals and organisations engaged in defending the rights of asylum seekers today

during the war of independence around 10 000 irishwomen were actively involved in the

fight for irish freedom so why with the outbreak of civil war and in the years following this conflict did the role of women in irish politics steadily decline until by the early 1940s only a handful of women were involved dissidents explores the reasons for this decline from the divisions caused by the signing of the anglo irish treaty which led to a fatal splintering of the women s republican organisation cumann na mban through the effects of internment during the civil war on female prisoners and the relegation of the majority of women in irish politics to the margins ann matthews reveals the story of republican women in the years following irish independence she also asks whether they were responsible for their own demise in the political arena leaving future generations of irish women without a foundation on which to build

discourse and discrimination is a study of how racism antisemitism and ethnicism are reflected in discourse the authors first survey five established discourse analysis approaches before providing their own model and three case studies drawing on a wide range of sources they question why racism and anti semitism are still virulent worldwide

honorable mention latin american studies association haiti dominican republic section isis duarte book prize immigrants make up the largest proportion of federal prisoners in the united states incarcerated in a vast network of more than two hundred detention facilities this book investigates when detention became a centerpiece of u s immigration policy revealing why the practice was reinstated in 1981 after being halted for several decades and how the system expanded to become the world s largest immigration detention regime from the krome detention center in miami to guantanamo bay cuba and to jails and prisons across the country haitians have been at the center of the story of immigration detention when an influx of haitian migrants and asylum seekers came to the u s in the 1970s the government responded with exclusionary policies and detention setting a precedent for future waves of immigrants carl lindskoog details the discrimination haitian refugees faced and how their resistance to this treatment in the form of legal action and activism prompted the government to reinforce its detention program and create an even larger system of facilities drawing on extensive archival research including government documents advocacy group archives and periodicals lindskoog provides the first in depth history of haitians and immigration detention in the united states lindskoog asserts that systems designed for haitian refugees laid the groundwork for the way immigrants to america are treated today detain and punish provides essential historical context for the challenges faced by today s immigrant groups which are some of the most critical issues of our time

this lively and invigorating book explores the complex relationship between globalization and citizenship from cairo to beijing campaigns for civil rights and democracy around the world are intensifying and speeding up in the digital media age and public recognition of

global interdependence continues to rise at the same time many national governments are tightening border controls and further limiting access to citizenship in a climate of high public anxiety and economic uncertainty although globalization continues to open up many new opportunities for citizens to enter the international arena and make their voices heard as schattle shows the institution of national citizenship remains highly resilient

in 2004 russia experienced its most appalling act of terrorism in history the 53 hour seizure of school no 1 in beslan north ossetia approximately 1 200 children parents and teachers were taken hostage and over 330 were killed hundreds more seriously wounded and all severely traumatized in after violence debra javeline analyzes the aftermath of this large scale violence with evidence from almost all direct victims despite widespread predictions of retaliatory ethnic violence the massacre instead triggered unprecedented peaceful political activism after violence provides insights into this unexpected but favorable outcome

first published over forty years ago and now updated to cover the celtic tiger economic boom of the 2000s and subsequent worldwide recession this new edition of a perennial bestseller interprets irish history as a whole designed and written to be popular and authoritative critical and balanced it has been a core text in both irish and american universities for decades it has also proven to be an extremely popular book for casual readers with an interest in history and irish affairs considered the definitive history among the irish themselves it is an essential text for anyone interested in the history of ireland

very topical with recent collapse of peace process challenges the reasoning behind ira s campaign instead of just history first study of its kind hb edition received good reviews based on extensive research of republican material that has been published not on hearsay

first published in 1987 this book presents a series of case studies that illustrate the structures of national and international news in the press it first summarizes our discourse analytical theory of the processes and structures of news reports as it has been developed in the last five years

china s student movement of 1989 ushered in an era of harsh political repression crushing the hopes of those who desired a more democratic future communist party elites sealed the fate of the movement but did ill considered choices by student leaders contribute to its tragic outcome to answer this question teresa wright centers on a critical source of information that has been largely overlooked by the dozens of works that have

appeared in the past decade on the democracy movement the students themselves drawing on interviews and little known first hand accounts wright offers the most complete and representative compilation of thoughts and opinions of the leaders of this student action she compares this closely studied movement with one that has received less attention taiwan s month of march movement of 1990 introducing for the first time in english a narrative of taiwan s largest student demonstration to date despite their different outcomes the taiwan action ended peacefully and resulted in the government addressing student demands both movements similarly maintained a strict separation between student and non student participants and were unstable and conflict ridden this comparison allows for a thorough assessment of the origins and impact of student behavior in 1989 and provides intriguing new insights into the growing literature on political protest in non democratic regimes

auschwitz belsen dachau these names still evoke the horrors of nazi germany around the world this 2001 book takes one of these sites dachau and traces its history from the beginning of the twentieth century through its twelve years as nazi germany s premier concentration camp to the camp s postwar uses as prison residential neighborhood and finally museum and memorial site with superbly chosen examples and an eye for telling detail legacies of dachau documents how nazi perpetrators were quietly rehabilitated to become powerful elites while survivors of the concentration camps were once again marginalized criminalized and silenced combining meticulous archival research with an encyclopedic knowledge of the extensive literatures on germany the holocaust and historical memory marcuse unravels the intriguing relationship between historical events individual memory and political culture to offer a unified interpretation of their interaction from the nazi era to the twenty first century

the tiananmen protests and beijing massacre of 1989 were a major turning point in recent chinese history in this new analysis of 1989 jeremy brown tells the vivid stories of participants and victims exploring the nationwide scope of the democracy movement and the brutal crackdown that crushed it at each critical juncture in the spring of 1989 demonstrators and decision makers agonized over difficult choices and saw how events could have unfolded differently the alternative paths that participants imagined confirm that bloodshed was neither inevitable nor necessary using a wide range of previously untapped sources and examining how ordinary citizens throughout china experienced the crackdown after the massacre this ambitious social history sheds fresh light on events that continue to reverberate in china to this day

state weakness is seen to be a widespread problem throughout central asia and other parts of post socialist space and more broadly in areas of the developing world challenging the widespread assumption that these weak states inevitably slide toward

failure paradox of power takes careful stock of the varied experiences of eurasian states to reveal a wide array of surprising outcomes the case studies show how states teeter but do not collapse provide public goods against all odds interact with societies in creative ways utilize coercion effectively against internal opponents and establish practices that are far more durable than the language of weakness would allow while deepening our understanding of the phenomenon in eurasia in particular the essays also contribute to more general theories of state weakness

in 1966 a group of ucla law school professors sparked the era of affirmative action by creating one of the earliest and most expansive race conscious admissions programs in higher education the legal education opportunity program leap served to integrate the legal profession by admitting large cohorts of minority students under non traditional standards and sending them into the world as emissaries of integration upon graduation together these students bent the arc of educational equality and the leap served as a model for similar programs around the country drawing upon rich historical archives and interviews with dozens of students and professors who helped integrate ucla this book argues that such programs should be reinstated and with haste because affirmative action worked

since the death of chairman mao in 1976 china has embarked upon the four modernizations reform programme that has transformed the social economic and political landscape of the world s most populous nation higher education has been ascribed a key supporting role and has itself undergone major reforms this book looks beyond the articulated goals and accomplishments of the modernization of higher education in china it delves into the grass roots reality and identifies the true achievements the unintended outcomes and the major obstacles that still have to be overcome incorporating twenty chapters from the new generation of scholars from inside and outside china higher education in post mao china presents in depth analyses of the impact of educational reforms on tertiary educators the curriculum the economic structure women and students values and aspirations in conveying the chinese experience of higher education reform over the past two decades this book makes a major contribution to contemporary sinology and comparative education

this is the first book to provide a comprehensive historical geographical lens to the development and evolution of correctional institutions as a specific subset of carceral geographies this book analyzes and critiques global practices of incarceration regimes of punishment and their corresponding spaces of corrections from the eighteenth to twenty first centuries it examines individuals experiences within various regulatory regimes and spaces of punishment and offers an interpretation of spaces of incarceration as cultural historical artifacts the book also analyzes the spatial distributional geographies of

incarceration particularly with respect to their historical impact on community political economic development and local geographies contributions within this book examine a range of prison sites and the practices that take place within them to help us understand how regimes of punishment are experienced and are constructed in different kinds of ways across space and time for very different ends the overall aim of this book is to help understand the legacies of carceral geographies in the present the resonances across space and time tell a profound story of social and spatial legacies and as such offer important insights into the prison crisis we see in many parts of the world today

ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and un agencies and this update will aim to include coverage of current events issues crises and controversies from the course of the last two years

the political handbook of the world provides timely thorough and accurate political information with more in depth coverage of current political controversies than any other reference guide the updated 2018 2019 edition will continue to be the most authoritative source for finding complete facts and analysis on each country s governmental and political makeup compiling in one place more than 200 entries on countries and territories throughout the world this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system it also provides names of key ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and un agencies this comprehensive update will include coverage of current events issues crises and controversies from the course of the last two years including elections across europe referendum in ireland rohingya genocide in myanmar the venezuelan dictatorship the renaming of swaziland to eswatini qatar diplomacy changes historic meeting between the united states and north korea establishment of a new governing coalition in liberia

in the spring of 1989 over 100 000 students in beijing initiated the largest student revolt in human history television screens across the world filled with searing images from tiananmen square of protesters thronging the streets massive hunger strikes tanks set ablaze and survivors tending to the dead and wounded after a swift and brutal government crackdown dingxin zhao s award winning the power of tiananmen is the definitive treatment of these historic events along with grassroots tales and interviews with the young men and women who launched the demonstrations zhao carries out a penetrating analysis of the many parallel changes in china s state society relations during the 1980s such changes prepared an alienated academy gave rise to ecology based student mobilization restricted government policy choices and shaped student emotions and public opinion all of which zhao argues account for the tragic events in tiananmen

book is on historical facts it starts from first war of india s independence 1857 to the last war of india s independence 1946

released to the public for the first time writings by the incomparable barton biggs long considered one of the best brains on wall street barton biggs acquired the stature of a legend within his lifetime among his many coups he accurately called the rise and fall of the dot com market and was an energetic promoter of emerging markets including china well before american businesses began flocking there and he made vast fortunes for his

clients in the process but as this fascinating book confirms it wasn't Biggs's genius as a market analyst and hedge fund manager alone that made him special the product of a keen and broad ranging intellect in full command of his subjects and the English language the letters compiled in this volume leave no doubt that Barton Biggs was one of the most interesting observers of Wall Street the financial world and the human comedy ever to set pen to paper released from Morgan Stanley's archives and made public for the first time the letters compiled in this volume add new luster to Biggs's reputation as a first class finance author address the most essential aspects of high frequency trading from formulation of ideas to performance evaluation shares Biggs's fascinating insights and uncannily accurate predictions about an array of economic and financial topics liberally peppered with historical references and wry humor organized thematically the letters showcase Barton Biggs's observations on finance economics and the stock market from 1980 to 2003

a report of the CSIS Lavrentis Lavrentiadis Chair in Southeast European Studies

research on social movements has historically focused on the traditional weapons of the working class especially labour strikes and street demonstrations but everyday actions such as eating or singing which can also be turned into a means of protest have yet to be fully explored an interdisciplinary and comparative history of these modes of action bodies in protest reveals how hunger strikes and music ranging from gospel songs to rock anthems can efficiently convey political messages and mobilize the masses common to both approaches the contributions show is a direct appeal to the emotions and a reliance on the physical concrete language of the human body

the political handbook of the world provides timely thorough and accurate political information with more in depth coverage of current political controversies than any other reference guide the updated 2015 edition will continue to be the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup compiling in one place more than 200 entries on countries and territories throughout the world this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system it also provides names of key ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and UN agencies and this annual update includes coverage of current events issues crises and controversies from the course of this year

published since 1928 the political handbook of the world provides timely thorough and accurate political information with more in depth coverage of current political controversies and political parties than any other reference guide the updated 2016 2017

edition continues this legacy as the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup. Political science and international relations scholars have revised this edition and made understanding complex foreign affairs and political situations easy and accessible with more than 200 entries on countries and territories throughout the world housed in one place. These volumes are renowned for their extensive coverage of all major and minor political parties and groups in each political system. They also provide names of key ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and United Nations agencies. This comprehensive update will include coverage of current events, issues, crises, and controversies from the course of the last two years, including the closely watched U.S. presidential election, the effect of the Brexit referendum and installment of a new British prime minister, the extensive investigation and subsequent impeachment of Brazil's president, the far-reaching impact of the Panama Papers scandal, changes in U.S.-Cuba diplomatic relations and the reopening of their embassies, the unconstitutional declaration of Gambia as an Islamic state, sentiments about the migrant and refugee crisis across Europe and the influence on policy. Also the new for further reference feature included for every country entry directs readers to additional resources to continue their research.

Turn of Notable Events by Jagannath Mohapatra is a comprehensive collection of topical issues covering social, political, economic, and technical matters of both national and global significance. Through meticulous research, Mohapatra delves into the fundamental dimensions of each event, providing readers with a clear and insightful understanding. This book serves as an exceptional guide to comprehending notable events, offering in-depth analysis and perspectives that are both informative and thought-provoking. Ideal for anyone seeking to grasp the complexities of current affairs, this work stands out as a valuable resource for understanding the world's significant occurrences.

Here at last we have in Professor Phillips' book an indispensable road map to guide us in our understanding of Christianity in postwar Japan. His research is impressive, prodigious, and carefully conceived. His findings are illuminating, disturbing, and hopeful. I predict that this book will remain definitive in its field for many years to come. Robert Lee San Francisco Theological Seminary, author of *Stranger in the Land: The Church in Japan*, a helpful survey and source book for the understanding of the historical development of Christianity in Japan since 1945. Masao Takenaka, Doshisha University, Kyoto, Japan. This is an illuminating and scholarly study of the churches in Japan since 1945, churches of special interest because they have faced momentous changes and in some cases have been in continuous ferment. This book has significance also because it is about churches in which there has been intensive theological and social activity as they have gained more and more independence of the West. They have become a relatively new and very distinctive

arena of christian life john c bennett former president union theological seminary new york james m phillips served for seventeen years as a church fraternal worker in japan teaching church history at tokyo union theological seminary he also served as visiting professor of church history at san francisco theological seminary and the graduate theological union
