following the arab uprisings new ways of understanding sectarianism and sect based differences emerged but these perspectives while useful reduced sectarian identities to a consequence of either primordial tensions or instrumentalised identities while more recently third way approaches addressed the problems with these two positions the complexity of

sectarian identities within and across states remains unexplored this book fills the gap in the literature to offer a more nuanced reading of both sectarian identities and also de sectarianization across the middle east to do so the volume provides a comparative account looking at iraq bahrain yemen syria and lebanon it examines the ways in which sect based difference shapes regional politics and vice versa the book also contributes to burgeoning debates on the role of protest movements in sectarianism chapters are split across three main sections the first looks at sects and states the second traces the relationship between sects and regional dynamics and the third examines de sectarianization that is the contestation and destabilization of sectarian identities in socio political life each section provides a more holistic understanding of the role of sectarian identities in the contemporary middle east and shows how sectarian groups operate within and across state borders and why this has serious implications for the ordering of life across the middle east

this volume is a new contribution to the dynamic scholarly discussion of the control and regulation of psychoactive substances in culture and society offering new critical reflections on the reasons prohibitions have historically arisen the book analyses prohibitions as ambivalent and tenuous interactions between the users of psychoactive substances and regulators of their use this original collection of essays engages with contemporary debates concerning addiction intoxication and drug regulation and will be of interest to scholars in the arts humanities and social sciences interested in narratives of prohibition and their social and cultural meanings

the fulton fish market stands out as an iconic new york institution at first a neighborhood retail market for many different kinds of food it became the nation s largest fish and seafood wholesaling center by the late nineteenth century waves of immigrants worked at the fulton fish market and then introduced the rest of the city to their seafood traditions in popular culture the market celebrated by joseph mitchell in the new yorker conjures up images of the bustling east river waterfront late night fishmongering organized crime and a vanished working class new york this book is a lively and comprehensive history of the fulton fish market from its founding in 1822 through its move to the bronx in 2005 jonathan h rees explores the market s workings and significance tracing the transportation retailing and consumption of fish he tells the stories of

the people and institutions that depended on the fulton fish market including fishermen retail stores restaurants and chefs and shows how the market affected what customers in new york and around the country ate rees examines transformations in food provisioning systems through the lens of a vital distribution point arguing that the market s wholesale dealers were innovative businessmen who adapted to technological change in a dynamic industry he also explains how changes in the urban landscape and economy affected the history of the market and the surrounding neighborhood bringing together economic technological urban culinary and environmental history this book demonstrates how the fulton fish market shaped american cuisine commerce and culture

discursive change in hong kong sociopolitical dynamics metaphor and one country two systems is an interdisciplinary study of sociopolitical and discursive change in hong kong a westernized chinese society once under british rule now decolonized but without independence and with a constitution promising universal suffrage sometime in the future starting off with interesting and frequently contradictory debates surrounding the discussions on the handover of hong kong to mainland china jennifer eagleton provides a stimulating politically well informed and comprehensive insider account of many aspects of the press media and official discourse on democracy and political change in hong kong as part of one country two systems the book shows how historical cultural and identity issues have shaped and molded post 1997 political discourse and how the seemingly dramatic changes in the city since 2020 may not have been that surprising for long term observers of hong kong by going beyond consideration of the purely linguistic dimension of the selected texts to encompass the larger historical and socio political context and incorporating textual discursive and metaphoric analysis over time this book provides a detailed examination of hong kong political discourse and its constituent themes
