In the wide realm of digital literature, uncovering Systems Analysis And Design Elias M Awad refuge that delivers on both content and user experience is similar to stumbling upon a secret treasure. Step into english.al-akhbar.com, Uk Grants Judicial Immunity Israel Army Chief Accused War Crimes PDF eBook acquisition haven that invites readers into a realm of literary marvels. In this Uk Grants Judicial Immunity Israel Army Chief Accused War Crimes assessment, we will explore the intricacies of the platform, examining its features, content variety, user interface, and the overall reading experience it pledges.

An aesthetically appealing and user-friendly interface serves as the canvas upon which Uk Grants Judicial Immunity Israel Army Chief Accused War Crimes portrays its literary masterpiece. The website's design is a reflection of the thoughtful curation of content, presenting an experience that is both visually attractive and functionally intuitive. The bursts of color and images coalesce with the intricacy of literary choices, shaping a seamless journey for every visitor.

At english.al-akhbar.com, our objective is simple: to democratize information and cultivate a enthusiasm for literature Uk Grants Judicial Immunity Israel Army Chief Accused War Crimes. We are convinced that every person should have entry to Systems Study And Planning Elias M Awad eBooks, covering diverse genres, topics, and interests. By providing Uk Grants Judicial Immunity Israel Army Chief Accused War Crimes and a wide-ranging collection of PDF eBooks, we endeavor to enable readers to explore, acquire, and plunge themselves in the world of literature.

english.al-akhbar.com is committed to upholding legal and ethical standards in the world of digital literature. We emphasize the distribution of Uk Grants Judicial Immunity Israel Army Chief Accused War Crimes that are either in the public domain, licensed for free distribution, or provided by authors and publishers with the right to share their work. We actively oppose the distribution of copyrighted material without proper authorization.

Community Engagement: We value our community of readers. Engage with us on social media, discuss your favorite reads, and join in a growing community committed about literature.

The download process on Uk Grants Judicial Immunity Israel Army Chief Accused War Crimes is a harmony of efficiency. The user is acknowledged with a simple pathway to their chosen eBook. The burstiness in the download speed guarantees that the literary delight is almost instantaneous. This smooth process matches with the human desire for swift and uncomplicated access to the treasures held within the digital library.

One of the defining features of Systems Analysis And Design Elias M Awad is the organization of genres, creating a symphony of reading choices. As you travel through the Systems Analysis And Design Elias M Awad, you will encounter the intricacy of options — from the systematized complexity of science fiction to the rhythmic simplicity of romance. This assortment ensures that every reader, irrespective of their literary taste, finds Uk Grants Judicial Immunity Israel Army Chief Accused War Crimes within the digital shelves.

We take satisfaction in curating an extensive library of Systems Analysis And Design Elias M Awad PDF eBooks, meticulously chosen to satisfy to a broad audience. Whether you're a fan of classic literature, contemporary fiction, or specialized non-fiction, you'll find something that fascinates your imagination.

Quality: Each eBook in our assortment is meticulously vetted to ensure a high standard of quality. We intend for your reading experience to be satisfying and free of formatting issues.

Hi to english.al-akhbar.com, your destination for a extensive assortment of Uk Grants Judicial Immunity Israel Army Chief Accused War Crimes PDF eBooks. We are enthusiastic about making the world of literature accessible to every individual, and our platform is designed to provide you with a seamless and delightful for title eBook obtaining experience.

At the core of english.al-akhbar.com lies a wide-ranging collection that spans genres, serving the voracious appetite of every reader. From classic novels that have endured the test of time to contemporary page-turners, the library throbs with vitality. The Systems Analysis And Design Elias M Awad of content is apparent, presenting a dynamic array of PDF eBooks that oscillate between profound narratives and quick literary getaways.

Navigating our website is a cinch. We've crafted the user interface with you in mind, making sure that you can easily discover Systems Analysis And Design Elias M Awad and retrieve Systems Analysis And Design Elias M Awad eBooks. Our exploration and categorization features are easy to use, making it straightforward for you to find Systems Analysis And Design Elias M Awad.

Regardless of whether you're a passionate reader, a student seeking study materials, or an individual exploring the realm of eBooks for the very first time, english.al-akhbar.com is available to cater to Systems Analysis And Design Elias M Awad. Accompany us on this reading journey, and allow the pages of our eBooks to take you to fresh realms, concepts, and experiences.

In the grand tapestry of digital literature, english.al-akhbar.com stands as a energetic thread that blends complexity and burstiness into the reading journey. From the subtle dance of genres to the swift strokes of the download process, every aspect resonates with the dynamic nature of human expression. It's not just a Systems Analysis And Design Elias M Awad eBook download website; it's a digital oasis where literature thrives, and readers start on a journey filled with pleasant surprises.

A key aspect that distinguishes english.al-akhbar.com is its dedication to responsible eBook distribution. The platform strictly adheres to copyright laws, guaranteeing that every download Systems Analysis And Design Elias M Awad is a legal and ethical undertaking. This commitment contributes a layer of ethical perplexity, resonating with the conscientious reader who esteems the integrity of literary creation.

Gratitude for opting for english.al-akhbar.com as your trusted origin for PDF eBook downloads. Delighted reading of Systems Analysis And Design Elias M Awad

Variety: We consistently update our library to bring you the newest releases, timeless classics, and hidden gems across genres. There's always an item new to discover.

We understand the excitement of finding something novel. That is the reason we frequently update our library, ensuring you have access to Systems Analysis And Design Elias M Awad, celebrated authors, and hidden literary treasures. On each visit, look forward to fresh opportunities for your perusing Uk Grants Judicial Immunity Israel Army Chief Accused War Crimes.

In the domain of digital literature, burstiness is not just about diversity but also the joy of discovery. Uk Grants Judicial Immunity Israel Army Chief Accused War Crimes excels in this interplay of discoveries. Regular updates ensure that the content landscape is ever-changing, presenting readers to new authors, genres, and perspectives. The unpredictable flow of literary treasures mirrors the burstiness that defines human expression.

english.al-akhbar.com doesn't just offer Systems Analysis And Design Elias M Awad; it cultivates a community of readers. The platform offers space for users to connect, share their literary ventures, and recommend hidden gems. This interactivity injects a burst of social connection to the reading experience, raising it beyond a solitary pursuit.

than an administrative and technical history half the book contains several important reports and policy statements not easily available in english describing military actions undertaken between 1941 and 1967 allon was an important contributor to the development of the israeli defense forces a rather breathtaking sweep in which hardly a word is wasted the american political science review allon seeks to explain in concise format the development of israel s military doctrines of defense the author was former palmach commander one of the architects of the idf and a commander of various military units and on several battlefronts during israel s war of independence middle east journal the development of israel s armed forces and military doctrine in the context of that country s unique strategic needs especially interesting are the criticisms of some of the israeli government s decisions taken just before and during the six day war foreign affairs a n account authoritative in content modest in tone of the growth and character of the israeli army by one of its principal creators and leaders international affairs allon gives a short historical and technical account of the evolution of an israeli fighting capability over the past 70 years the exploits of this army are significant and should be analyzed no less interesting are

the book s descriptions of individual actions by participants in the first and second of israel s wars the value of the book stems partly from a continuity of perspective on israel s strategic problems from 1948 to august 1969 a useful book military affairs

it is virtually impossible to understand israel or the middle east without understanding israel s military history and its security needs there are many books that attempt to provide such a history but ze ev schiff s concise history of the israeli army is unquestionably the most successful he writes with great objectivity and probes issues that most israeli military writers prefer to dodge mr schiff s ability to come to grips with the fact that both israel and the arab states bordering it used tactics the other side regards as terrorism and continue to use them is matched by his skill in summarizing the causes course and outcome of the large scale arab israeli conflicts in 1956 1967 and 1973 and the war of attrition in 1969 70 mr schiff provides an excellent summary of the political and military forces that shaped israel s behavior in each war he neither justifies nor excuses israel s behavior and he does not justify or excuse israel s motives and goals he is content to explain them he also explains the factors that

shaped arab behavior and gives the causes of arab defeats without editorializing mr schiff avoids technical issues tactics and the details of battles he focuses on the main flow of events he provides a short history of the major events shaping israel s military forces and strategy before and during each war his descriptions of military events flow naturally out of his accounts of political motives and strategy his chapter on doctrine ties together the histories of the different conflicts and it should be read by anyone who feels israel somehow has caused most of its wars his chapter on the 1982 war in lebanon is the most incisive reporting yet done on that event a model of how good defense reporting can be when it looks beyond the day to day flow of events and searches out the underlying pattern of military conflict and its causes mr schiff presents the war as one in which mr sharon then israel s minister of defense snatched defeat from the jaws of victory mr schiff s treatment of mr sharon and the p l o s high command is devastating it adds up to one of the best arguments against violence as a solution to the problems of the middle east ever written in short mr schiff has written a history that any historian or political or military analyst must envy the new york times a story concisely and clearly told schiff s ability to deal with israeli

military matters accurately and analytically is in evidence as usual this is a good introduction to the subject and well written middle east journal if one does not have a basic book on the israeli army this is one of the best military affairs

shield of david tells the history of the jews armed forces from the palestine yishuv s first efforts at self defense in the early 1900s under the ottoman empire and the british mandate during israel s 1948 war of independence the 1956 suz campaign and until the 1967 six day war in recent years most particularly since the six day war of june 1967 people throughout the world have asked themselves how it happened that the israel defence forces won so resounding a victory over the arab armies what suddenly endowed the jewish people traditionally non martial with such impressive military skills what is the secret of the prowess of israeli soldiers airmen and sailors the answer of course is that nothing happens suddenly that the modern story of jewish self defence in the land of israel dates back some eighty years and is the result of the commitment and dedication to national survival of many men and women most of whom seeking no publicity received none this book is my attempt to tell part of that

little known story as simply briefly and clearly as possible yigal allon author s note 1970

surrounded on all borders but its western coastline by hostile and aggressive neighbors the state of israel resembles the walled city of the middle ages but its walls are not stone and mortar they are flesh and blood they are the soldiers both men and women the airmen the intelligence the tankscorpmsen and the paratroops these young people from the old ghettos of europe from the cities of north africa and asia native born sabras are the protecting wall that keeps israel free the walls of israel is jean lartéguy s fascinating 1968 study of the israeli armed forces talking with them living with them joining in their operations he was taken along on a nighttime ambush set up to catch syrian infiltrators lartéguy got to know the israeli soldier as few could from this book wide ranging and filled with lively anecdotes emerges a picture of an army tough and determined yet intelligent and realistic enough to foresee a long and dangerous road ahead before a peace is won

for over sixty years the state of israel has proved adept at practising clandestine diplomacy about which little is known as one might expect these hitherto undisclosed episodes in israel s

diplomatic history are revealed for the first time by the contributors to this volume who explore how relations based upon patronage and personal friendships as well as ties born from kinship and realpolitik both informed the creation of the state and later defined israel s relations with a host of actors both state and non state the authors focus on the extent to which israel s clandestine diplomacies have indeed been regarded as purely functional and subordinate to a realist quest for security amid the perceived hostility of a predominantly muslim arab world or have in fact proved to be manifestations of a wider acceptance political social and cultural of a jewish sovereign state as an intrinsic part of the middle east they also discuss whether clandestine diplomacy has been more effective in securing israeli objectives than reliance upon more formal diplomatic ties constrained by international legal obligations and how this often complex and at times contradictory matrix of clandestine relationships continues to influence perceptions of israel s foreign policy

al zaytouna centre has published the second edition of the process of israeli decision making by karim el gendy the 272 page book is an attempt to understand the israeli decision making

process and to bridge the literature gap by relating domestic factors with decision making and foreign policy el gendy aims to discuss the israeli decision making process from three different viewpoints the decision makers and the formal relationship between them the structural forces and influences inherent in the decision making mechanism and the external factors that influence the decision making process the author explains how elements and forces within the labyrinth of the israeli society exert influence on the decision making mechanism and on how foreign policy and national security decisions are made he expands on a number of external forces or forces external to the decision making process that are powerful enough to influence it el gendy discusses the influence of five forces the military the advisors two religious groups the relationship with the united states and the relationship with the jewish diaspora this book attempts to take holistic approach to the decision making process and avoid focusing its attention solely on decision making in crisis situations

palestine is fast disappearing over many decades israel has developed and refined policies to disperse imprison and impoverish the palestinian people in a relentless effort to destroy them as a

nation it has industrialized palestinian despair through ever more sophisticated systems of curfews checkpoints walls permits and land grabs it has transformed the west bank and gaza into laboratories for testing the infrastructure of confinement creating a lucrative defence industry by pioneering the technologies needed for crowd control surveillance collective punishment and urban warfare in this insightful and authoritative new book leading journalist jonathan cook examines the many different guises in which these experiments on the palestinians are being carried out accessible and comprehensive this is a powerful analysis of one of the most enduring and entrenched conflicts in contemporary world politics

this book is a chapter by chapter analysis and documentation of the power of israel via the israeli jewish or pro zionist lobby on us middle east policy it raises serious questions as to the primary beneficiary of us policy and its destructive results for the united states the extraordinary extent of us political economic military and diplomatic support for the state of israel is explored along with the means whereby such support is generated and consolidated contending that zionist power in america ensured unconditional us backing for israeli colonization of

palestine and its massive uprooting of palestinians it views the interests of israel rather than those of big oil as the primary cause of the disastrous us wars against iraq and threats of war against iran and syria it demonstrates and condemns us imitation of israeli practice as it relates to conduct of the war on terrorism and torture it sheds light on the aipac spying scandal and other israeli espionage against america the fraudulent and complicit role of america s academic terrorist experts in furthering criminal government policies and the orchestration of the danish cartoons to foment antipathy between muslims and the west it questions the inability in america to sustain or even formulate a discourse related to the subject of israeli influence on the united states it calls for a review of american mid east policy with a view to reclaiming us independence of action based upon enlightened self interest and progressive principles

bringing together new research by leading scholars this volume rethinks the role played by militaries in politics it introduces new theories of military politics arguing against the inherited theories and practices of civil military relations and presents rich new data on senior officership and on the intersection of military politics and military

operations as the first volume in berghahn books military politics series it provides a blueprint for a new research paradigm dedicated to tracing how militaries shape their political environments focusing particularly on the core democratic questions raised by politically effective and ineffective militaries

in israel palestine reinhart traces the development of the security barrier and israel s new doctrine of disengagement launched in response to a looming palestinian majority population examining the official record of recent diplomacy including united states brokered accords and talks at camp david oslo and taba reinhart explores the fundamental power imbalances between the negotiating parties and identifies israel s strategy of creating facts on the ground to define and complicate the terms of any future settlement in this indispensable primer reinhart s searing insight illuminates the current conflict and suggests a path toward change

based on their gripping stories the author unveils the inner workings of military life exploring the territory surrounding the thin line between brothers in arms and brothers in bed book jacket

this book suggests a general framework

for the analysis of formative factors in military thought and offers an account of the israel defense force s state of intellectualism and modernity this account is followed by an attempt to trace the factors that have shaped israeli military thought the explanations are a mixture of realist and non realist factors which can be found at both the systemic and the state level of analysis at the systemic level realist evaluations focus on factors such as the dominance of the technological dimension and the pervasiveness of asymmetrical low intensity conflict whereas at the state level one can find realist explanations cultural factors and societal influences moral and legal constraints also factor into both the systemic and state levels

military cemeteries are one of the most prominent cultural landscapes of israel their story reflects largely the main social processes that israeli society has been undergoing since the war of independence 1948 until today until the end of the 1970s the military tombstones and their surroundings were uniform and equal according to rules set by the state however since the 1980s families of the fallen soldiers started to add on the tombstone personal expressions as well as personal objects photographs military artifacts etc thus the military tombstone

and the israeli military cemetery became one of the expressions of the dramatic transformation from a society which emphasized the importance of the collective to a society which intensifies the significance of the individual the book is based on many archival documents as well as interviews and photographs all of which shed light on one of the most sensitive issues in israeli society and express its importance as a central component of israeli identity

offers a comprehensive analysis of the trilateral relationship between turkey israel and azerbaijan this book examines the commonalities of state identities that brought the countries together the role of state institutions the security dimension and the influence of globalization

this book offers a comprehensive overview of the impact of strategic culture on israeli military operations against hamas between 1987 and 2014 it has often been argued that israeli policies and military operations against hamas have proven tactically effective but strategically disastrous allowing the islamic resistance movement to grow from a small spin off of the muslim brotherhood into a powerful military and political actor in the palestinian arena this book argues contrary to this opinion that israel was effective in its struggle against

the islamic resistance movement between 1987 and 2014 as the jewish state ultimately managed to deny the majority of hamas strategic aims and to preserve a position of relative strength by relying on a synthesis of primary sources interviews memoirs scholarly and professional military studies and information gathered from the media the study delivers a careful and comprehensive analysis of the conflict it provides an historical outline of the development of the israeli strategic culture and analyzes its impact on the process of military adaptation during the first intifada the oslo peace process the al aqsa intifada and the gaza wars finally the book illuminates how the israeli strategic culture moulded a distinctive way of war that though marked by successes and failures ultimately proved effective against hamas this book will be of much interest to students of strategic studies middle eastern politics counter insurgency counter terrorism and security studies in general

explains the paradox of the israeli security community s enduring opposition to benjamin netanyahu long considered israel s mr security

analyzing two central mega engineering projects in israel the huleh drainage in the 1950s and the trans israel highway in the 2000s led the authors to conclude

these large scale projects reflect deep structural changes in the israeli society during the two periods under review the analysis focuses on five domains national ideology the public discourse and the process of decision making attitude toward nature and environment and social justice a strong synergy was found between the culture and the politics of the israeli society at each of the two researched periods and the nature of the initiated mega project

throughout the history of european imperialism the grand narratives of the bible have been used to justify settler colonialism the zionist bible explores the ways in which modern political zionism and israeli militarism have used the bible notably the book of joshua and its description of the entry of the israelites into the promised land as an agent of oppression and to support settler colonialism in palestine the rise of messianic zionism in the late 1960s saw the beginnings of a jewish theology of zealotocracy based on the militant land traditions of the bible and justifying the destruction of the previous inhabitants the zionist bible examines how the birth and growth of the state of israel has been shaped by this zionist reading of the bible how it has refashioned israeli jewish collective memory erased and renamed

palestinian topography and how critical responses to this reading have challenged both jewish and palestinian nationalism

this study examines the attitudes and policies on all sides of the majority minority divide in israel during the state s formative decade and how the social political and strategic decisions made vis à vis the non jewish populations then continue to impact this unique middle eastern state today while land labor and settlement policies or the educational legal or political systems could have been used to explore majority minority relations in israel between 1948 1958 this study does so through the prism of the army in theory the state s most unifying social institution the central questions investigated in this study are how did the leadership of the jewish majority balance its declared commitment to the state s democratic ideals and the principle of equality on the one hand and its commitment to creating a jewish state and ensuring its security on the other was the army charged with instilling zionist patriotism in jewish youth prepared to absorb and integrate arabs who constituted the overwhelming majority of the non jewish minorities would the state s minority groups be viewed as trustworthy and loyal enough to serve in the army furthermore how would

potential arab military service impact the educational mission and particularly the simultaneously transformative and integrative effort the army was charged with carrying out among jews while a specialized work in the fields of israel and middle eastern studies this book should appeal to all students interested in majority minority relations and the state building process in newly emerging democratic societies

under the bleak israeli occupation not many would have imagined that love between the oppressed palestinian women and the carefree israeli settlers could take root but it did amal was tall well proportioned walked like a princess and talked with her eyes one evening she was spellbound watching the sunset when aaron a dashing israeli settler approached her in hollywood stories love blossoms between a man and a woman ever so slowly but in real life love strikes like a mongoose their love affair did not last long because the israelis stoned amal to death almaz amal s sister decided to escape israel s cast iron clutches and with the financial help of her friends studied at the sorbonne in paris because she believed that only the educated are free an aphorism the divine hypatia of alexandria postulated after graduating from the sorbonne she travelled to

adelaide in australia to gain a perspective on the middle eastern muddle from a distance with jason her lover they storm the citadel of the enlightened where jostein gaarder gideon levy alon ben meir noam chomsky judith butler shimon peres yitzhak rabin mahmoud darwish edward said and margot wallström reside to debunk several myths that proclaim the israelis are god s chosen people who maintain the most ethical armed forces in the world and believe that killing palestinians is not really a violation of human rights

an anthology of the most important documents on the domestic and foreign policy of the modern state of israel in relation to the rest of the middle east

this is the first comprehensive examination of the evolution of executive governance in israel the book describes and analyzes the political and bureaucratic structures and processes that led to the predominance of the executive in policymaking and governance it also analyzes recent political and administrative reforms and their consequences on the kneset political parties governing coalitions and non elected public authorities

golda meir a reference guide to her life and works covers all aspects of her life

and work golda meir held some of the most important positions her party and country could offer she was a unique personality an impressive leader a highly complex individual includes a detailed chronology of golda s life family and work the a to z section includes the major events places and people in golda s life the bibliography includes a list of publications concerning her life and work the index thoroughly cross references the chronological and encyclopedic entries

2012 marks the 63rd anniversary of the nakba the most traumatic catastrophe that ever befell palestinians this book explores new ways of remembering and commemorating the nakba in the context of palestinian oral history it explores social history from below subaltern narratives of memory and the formation of collective identity masalha argues that to write more truthfully about the nakba is not just to practise a professional historiography but an ethical imperative the struggles of ordinary refugees to recover and publicly assert the truth about the nakba is a vital way of protecting their rights and keeping the hope for peace with justice alive this book is essential for understanding the place of the palestine nakba at the heart of the israel palestine conflict and the vital role of memory in narratives of truth

and reconciliation

the fourth geneva convention signed on 12th august 1949 defines necessary humanitarian protections for civilians during armed conflict and occupation one hundred and ninety six countries are signatories to the geneva conventions and this particular facet has laid the foundations for all subsequent humanitarian global law how did the world against seemingly insurmountable odds draft and legislate this landmark in humanitarian international law the fourth geneva convention for civilians draws on archival research across seven countries to bring together the cold war interventions founding motives and global idealisms that shaped its conception gilad ben nun draws on the three key principles that the convention brought about to consider the recent events where its application has either been successfully applied or circumvented from the 2009 gaza war the war crimes tribunal in the former yugoslavia and nicaragua vs the united states to the contemporary conflict in syria weaving historical archival research a grounding in the concepts of international law and insightful analysis of recent events this book will appeal to a broad range of students academics and legal practitioners

the arab israeli conflict 1956 1975 contains a collection of articles that examine select issues between the end of the suz campaign in november 1956 and the sinai ii or interim agreement signed by israel and egypt in september 1975 the book provides a comprehensive overview of the struggle between the three superpowers the uk the united states and the soviet union and the effects this had on the region it also explores the circumstances that led to the six day war in june 1967 such as the use of air power and the israeli retaliatory raids two chapters look at the two leaders during the war egyptian president gamal abdel nasser leader of the arab world a charismatic and dominant persona and israeli prime minister levi eshkol considered weak and inconspicuous three chapters focus on the period between the two wars june 1967 and october 1973 and one explores the aftermath emphasis is placed on israeli policy between 1967 and 1973 which primarily focused on the use of military power and foreign policy inaction it is argued that it was this policy that hindered all progress in the peace process and ultimately led among other factors to the yom kippur war the final chapter is on kissinger and the road to the sinai ii agreement it discusses the huge shift in american policy from avoiding a significant role in the

prevention of an imminent war during may and june of 1967 to deep involvement in every detail of the dispute during and following the yom kippur war providing an in depth examination of this important period of the arab israeli conflict this book will appeal to students and scholars of middle eastern history and politics conflict studies and international relations

on the new york times best seller list for 12 weeks august 12 october 28 1990 this is a comprehensive history of israel s security establishment the authors celebrate successes like eichmann s capture but far more interestingly they do not shy away from examining the security services failures the book is riveting because israel s early intelligence feats still resonate in today s world the book makes valuable reading for anyone interested in israel s world wide plans to deal with matters affecting its security wall street journal the authors obviously found enough talkative sources to provide them with the remarkable case histories they describe here even though some of the israeli operatives sound boastful the book is not propaganda or disinformation while it is filled with many examples of how mossad pulled off major coups the authors are at pains to point out that the israelis sometimes goofed the authors

flesh out stories that once made headlines with fresh material not all the israeli intelligence triumphs involved violence the israelis managed to outrun the cia and all of western europe s spy agencies in getting their hands on a copy of nikita s khrushchev s secret speech in 1956 to a special communist party congress in moscow that exposed the horrors of the stalin era the story of the 1960 capture in buenos aires of adolf eichmann the nazi war criminal by mossad and shin bet israel s internal security agency is lovingly re created a high point of israeli intelligence came in 1967 during the six day war when foreknowledge of enemy positions and abilities paved the way for a rapid victory the astonishing rescue in 1976 by army commandos of hijacked passengers from entebbe airport in distant uganda gained added respect for israel in the western world against the triumphs the authors balance these failures mossad s misjudgments in lebanon shin bet s killings of arab terrorists in captivity and the involvement of israel in the disarray of irangate in addition double agents were used in britain and caught there an american jonathan pollard was encouraged to spy and sell military secrets to israel and faulty intelligence resulted in misleading the government over the future of the occupied territories just as a palestinian uprising was

beginning a highly revealing book new york times everything you wanted to know about israel s spies and secret services but were afraid to discover this comprehensive history and analysis of the israeli intelligence community offers many original insights into the secret psyche of the jewish state the book presents new information on some of israel s greatest intelligence coups and failures kirkus basing their work on interviews with former operatives and on declassified documents cbs news correspondent raviv and israeli journalist melman here produced a revealing critical history of the rise and decline of israel s vaunted security and intelligence arm publishers weekly a detailed history of israel s intelligence agencies washington post every spy a prince is by far the best book ever published on israel s intelligence community filled with new and fascinating information skillfully and intelligently written and above all bold and judicious in its assessments of the triumphs and failures of one of the most remarkable espionage organizations in the world san francisco chronicle a highly readable well organized portrait of the main israeli intelligence services every spy a prince is a valuable balanced addition to the mushrooming literature about the world s second oldest profession newsday

declared a terrorist menace yet voted into government in a free election hamas then used its gaza power base to launch cross border attacks that scorched israel and transformed the dynamics of the israeli palestinian conflict how did a small palestinian offshoot of the muslim brotherhood grow to challenge long established rivals such as the plo who supports hamas and what is its agenda how powerful has it become and how strong will it remain with decades of combined experience researching and reporting from the occupied west bank and gaza jerusalem and around the middle east beverly milton edwards and stephen farrell gained unrivalled access to hamas drawing on years of frontline reporting and interviews with members of the group s founding generation and their successors who now lead it they trace hamas path to the shocking attacks of 07 october 2023 and their devastating aftermath its critics believe hamas must be ousted to reach a solution to the middle east conflict hamas s supporters believe it is the solution nobody now believes it can be ignored based on their landmark 2010 study which has been thoroughly revised and updated this book brings the story of hamas up to the present and will be essential reading for anyone who wants to understand the middle east today

this is a book about palestine today it is neither apologetic nor romanticized but a powerful and brilliantly realized scream of a book scorching and tender from a journalist whose anger and empathy burn through every word over the past three years ben ehrenreich has shared the laughter fury and sorrow of people in cities and villages across the west bank young and old people men and women he has witnessed the extremes to which they are pushed the daily deprivation and oppression that they face the strategies they construct to survive it stoicism resignation rebellion humour and a stubborn defiant joy in the way to the spring he describes the cruel mechanics of the israeli occupation and the endless absurdities and tragedies it engenders the complex and humiliating machinery of the checkpoints walls courts and prisons the steady strangling loss of lands that have been passed down for generations the constant ebb and flow of deadly violence blending political and historical context with the personal stories of the people ehrenreich meets the way to the spring is a testimony a provocation and a vital document written with grace and power it breathes fresh life and urgency to a place and a conflict that too easily disappears in the shouting this is a necessary book an unflinching act of witnessing

this annual referential report has become an essential classic in the academic realm of palestinian studies it includes the latest and most recent statistical and analytic data on the various developments related to the palestinian issue al zaytouna centre for studies and consultations issued its palestinian strategic report 2010 11 psr 2010 11 which addresses the developments of the palestinian issue in 2010 11 the psr is considered one of the most important scientific studies published annually by al zaytouna centre the report is rich with information analyses tables and charts besides strategic visions and future outlooks it is published for the sixth year in a row and it has become one of the major sources for experts and those interested in the palestinian issue it provides a comprehensive coverage of the developments of the palestinian issue that happened over a year while abiding by strict scientific and professional standards the report is 444 medium sized pages it is co authored by 15 researchers specialized in the palestinian issue reviewed by four consultants and edited by dr mohsen m saleh the psr 2010 11 stresses that the uprisings witnessed in the arab world since early 2011 especially in egypt will have a direct impact on the palestinian issue the impact will most likely be positive if the uprisings achieved their

goals and yielded political regimes which express the real will of the arab peoples however the report notes that the internal affairs would most probably be the primary concern during the coming period regarding the inter palestinian reconciliation psr 2010 11 asserts that the reconciliation agreement signed in cairo last may still needs more serious steps to end the division and achieve real reconciliation on the ground it needs to resolve many obstacles through cooperation between the different parties away from external interventions and pressures on the israeli level the report mentions that 2010 has continuously witnessed the inclination of the israeli society towards the extreme right it further notes the absence of any breakthroughs in 2011 especially in the light of israel s rejection for the negotiations with president mahmud abbas the agreement signed with hamas and the pa s attempts to obtain international recognition of the palestinian state in september 2011 hindered such negotiations on the international level the psr says that the international diplomatic efforts towards the palestinian issue have failed again in 2010 they could not achieve any significant progress regarding the peace settlement track or the siege imposed on the gaza strip moreover psr 2010 11

includes a large number of figures and statistics on israeli violations on different levels during 2010 98 palestinians were killed in the west bank and gaza strip including jerusalem by israeli forces and settlers while 967 palestinians and international solidarity activists were wounded on the other hand israel s internal security service mentioned that during 2010 9 israelis were killed and 28 were wounded in operations carried out by the palestinians concerning settlement building the report shows that despite the 10 month israeli moratorium on settlement building israel established 1819 buildings apartments in 133 settlements all over the west bank including jerusalem in addition to 1433 mobile homes caravans psr 2010 11 also discusses the increased israeli attacks on the islamic and christian holy sites in jerusalem and historic palestine during 2010 it further shows that the developments during that year revealed that the judaization of jerusalem has become the primary battle for israel due to the obsession with the jewishness of the state dominating the israeli mind concerning demographic indicators psr 2010 11 mentions that at the end of 2010 the number of palestinians around the world was around 11 14 million people more than half of them i e 5 75 million 51 6 live in diaspora while the rest i e 5

39 million 48 4 live in historic palestine the latter are distributed by 1 28 million people in the territories occupied in 1948 and 4 11 million in the 67 territories the report mentions that if the current growth rates of the palestinians and the jews persist the number of palestinians and jews will become on par by 2017 where each will reach around 6 53 million thus in 2020 around 49 2 of the population will be jews as their number will reach 6 87 million compared to 7 09 million palestinians regarding the economic indicators in the west bank and the gaza strip the report shows that events during 2010 has not affected the direct dependence of the palestinian economy on the israeli economy in addition the isolation of the palestinian economy from the outside world continued due to the israeli control of all international exits and palestinian border crossings besides the palestinian foreign trade psr 2010 11 also refers to the enormous difference between the palestinian economy in the west bank and the gaza strip on one hand and the israeli economy on the other thus it shows for example that in 2010 the palestinian gdp per capita was 1500 around 1925 in the west bank and 877 in the strip compared to 28 500 in israel in addition the gdp amounted to 5 73 billion for the palestinians compared to 217 13 billion for the israelis

final judgement day is a different book because if you read this book carefully you will acquire a wisdom born of experience this book makes you happier and makes you think about how you live your life in the modern day this book will remind you of your life from childhood to the present this book will bring the good human in you alive this book makes the essence of teaching the happy life of humans clear and is an essential read for anyone seeking success his life

survival the iiss s bimonthly journal challenges conventional wisdom and brings fresh often controversial perspectives on strategic issues of the moment in this issue anatol lieven argues that realist support for prudence and restraint in foreign policy does not equate to chauvinism isolationism and opposition to international cooperation toby dodge assesses that the united states attempt to comprehensively transform afghanistan was based on its erroneous presumption that the liberal peacebuilding model was universally applicable audrey kurth cronin contends that the logic of fighting terrorists far from the us homeland no longer holds as the us faces resource constraints and rising domestic terrorism jens ringsmose and sten rynnning analyse the potential priorities and scope of nato s next strategic concept and how

it can bridge the alliance's political military divide and eight more thought provoking pieces as well as our regular book reviews and noteworthy column editor dr dana allin managing editor jonathan stevenson associate editor carolyn west assistant editor jessica watson

brilliant lewis has given us a spectacular account of two great men who faced up to uncertainty and the limits of human reason william easterly wall street journal forty years ago israeli psychologists daniel kahneman and amos tversky wrote a series of breathtakingly original papers that invented the field of behavioral economics one of the greatest partnerships in the history of science kahneman and tversky's extraordinary friendship incited a revolution in big data studies advanced evidence based medicine led to a new approach to government regulation and made much of

michael lewis's own work possible in the undoing project lewis shows how their nobel prize winning theory of the mind altered our perception of reality

on july 8 2014 israel launched air strikes and a ground invasion of gaza that lasted 51 days leaving over 2 000 people dead the vast majority of whom were gazan civilians during the assault at least 10 000 homes were destroyed and according to the united nations nearly 300 000 palestinians were displaced max blumenthal was on the ground during what he argues was an entirely avoidable catastrophe in this explosive work of reportage blumenthal reveals the harrowing conditions and cynical deceptions that led to the ruinous war here for the first time blumenthal unearths and presents shocking evidence of atrocities he gathered in the rubble of gaza

this rich and magisterial work traces

palestine's millennia old heritage uncovering cultures and societies of astounding depth and complexity that stretch back to the very beginnings of recorded history starting with the earliest references in egyptian and assyrian texts nur masalha explores how palestine and its palestinian identity have evolved over thousands of years from the bronze age to the present day drawing on a rich body of sources and the latest archaeological evidence masalha shows how palestine's multicultural past has been distorted and mythologised by biblical lore and the israel palestinian conflict in the process masalha reveals that the concept of palestine contrary to accepted belief is not a modern invention or one constructed in opposition to israel but rooted firmly in ancient past palestine represents the authoritative account of the country's history
