American prosecutors are asked to play two roles within the criminal justice system they are supposed to be ministers of justice whose only goals are to ensure fair trials and they are also advocates of the government whose success rates are measured by how many convictions they get because of this second role sometimes prosecutors suppress evidence in order to establish a defendant's guilt and safeguard that conviction over time in prosecution complex Daniel S. Medwed

shows how prosecutors are told to lock up criminals and protect the rights of defendants this double role creates an institutional prosecution complex that animates how district attorneys offices treat potentially innocent defendants at all stages of the process and that can cause prosecutors to aid in the conviction of the innocent ultimately prosecution complex shows how while most prosecutors aim to do justice only some hit that target consistently

The modern public prosecutor is a figure both powerful and enigmatic legal scholars and criminologists often identify three essential components of criminal justice systems police courts and corrections yet increasingly the public prosecutor occupies a distinct role independent from any of these branches acting outside of the court and therefore largely out of the public eye the prosecutor's control over whether and what charges proceed to court can limit judicial discretion on sentencing open pathways to alternative measures and even deny entry into the criminal justice system entirely in this sense the prosecutor serves as a true gatekeeper to the criminal process this book addresses key aspects of the evolving role of domestic and international prosecutors in common law and civil law systems in the twenty first century and the challenges posed by this evolution this collection of chapters from respected scholars takes an international comparative approach and explores how these different legal systems have borrowed theorisations

and articulations of the prosecutorial role from each other in adapting the office to changing conditions and expectations the volume is structured around four main themes relating to the role of the modern prosecutor the nature of the prosecutor's office the role of the prosecutor in investigations prosecutorial discretion and how it is exercised and politicisation and accountability of prosecutors this book is essential for scholars and students in criminal justice pre law legal studies criminology justice studies and political science and is useful as a resource for those interested in legal change around the world

someone once said that a great trial should involve family sex mystery and religion in this case we have the family tragedy rob's affair the mystery of maria's death and only god and rob marshall know the truth convicted in new jersey in 1986 i

beyond exonerating the innocent author on wamu radio convicted yet innocent the legal times review choice outstanding academic title for 2008 dna testing and advances in forensic science have shaken the foundations of the u s criminal justice system one of the most visible results is the exoneration of inmates who were wrongly convicted and incarcerated many of them sentenced to death for crimes they did not commit this has caused a quandary for many states how can claims of innocence be properly investigated and how can innocent inmates be reliably distinguished

from the guilty in answer some states have created innocence commissions to establish policies and provide legal assistance to the improperly imprisoned the innocence commission describes the creation and first years of the innocence commission for virginia icva the second innocence commission in the nation and the first to conduct a systematic inquiry into all cases of wrongful conviction written by jon b gould the chair of the icva who is a professor of justice studies and an attorney the author focuses on twelve wrongful conviction cases to show how and why wrongful convictions occur what steps legal and state advocates took to investigate the convictions how these prisoners were ultimately freed and what lessons can be learned from their experiences gould recounts how a small band of attorneys and other advocates in virginia and around the country have fought wrongful convictions in court advanced the subject of wrongful convictions in the media and sought to remedy the issue of wrongful convictions in the political arena he makes a strong case for the need for innocence commissions in every state showing that not only do innocence commissions help to identify weaknesses in the criminal justice system and offer workable improvements but also protect society by helping to ensure that actual perpetrators are expeditiously identified arrested and brought to trial everyone has an interest in preventing wrongful convictions from police officers and prosecutors who seek the latest and best

investigative techniques to taxpayers who want an efficient criminal justice system to suspects who are erroneously pursued and sometimes convicted free of legal jargon and written for a general audience the innocence commission is instructive informative and highly compelling reading

drawing on insights from literary theory and analytical philosophy this book analyzes the intersection of law and literature from the distinct and unique perspective of fictional discourse pursuing an empirical approach and using examples that range from victorian literature to the current judicial treatment of rap music the volume challenges the prevailing fact fiction dichotomy in legal theory and practice by providing a better understanding of the peculiarities of legal fictionality while also contributing further material to fictional theory s endeavor to find a transdisciplinary valid criterion for a definition of fictional discourse following the basic presumptions of the early law as literature movement past approaches have mainly focused on textuality and narrativity as the common denominators of law and literature and have largely ignored the topic of fictionality this volume provides a much needed analysis of this gap the book will be of interest to scholars of legal theory jurisprudence and legal writing along with literature scholars and students of literature and the humanities

this volume brings together the world class scholarship of 23 widely acclaimed and

influential contributing authors from north america and europe the latest research is presented in 18 chapters focusing on the frequency causes and consequences of wrongful convictions and other miscarriages of justice and offering recommendations for both legal and public policy reforms that can help reduce the causes of these errors while protecting public safety as well

despite the increasing public and academic interest in exonerations wrongful conviction in sexual assault is the first book to examine the preponderance of sexual assault cases among us wrongful convictions the book presents compelling coverage of high profile wrongful conviction cases and also lesser known cases that reveal disturbing patterns and demand attention

the oxford handbook of psychology and law offers an up to date scholarly and broad overview of psychology law topics david dematteo and kyle c scherr have brought together a diverse group of highly esteemed applied and experimental researchers and scholars to discuss key topics in the field from both national and international perspectives a comprehensive coverage of both applied and experimental topic areas with chapters written by a diverse group of well established psychology law scholars and emerging future leaders this handbook presents emerging cutting edge topics in psychology law that will continue to grow and meaningfully shape future research programs and policy reform

the exoneration of more than two hundred and fifty people who have been wrongfully convicted makes it clear that america's criminal justice system isn't foolproof it's important to understand the causes of wrongful conviction in order to find solutions to this growing problem edited by one of the nation's leading legal scholars and two of her top students this collection of essays examines critical issues including what american justice in the age of innocence looks like how to implement procedural mechanisms to ensure the integrity of the judicial system while safeguarding the public whether or not the legal system is doing a good enough job uncovering wrongful convictions this anthology provides insightful lessons based on cutting edge research and legal analysis wrongful convictions are not a foregone conclusion but the justice system must break free from a pattern of punishing innocent people and go after the true culprits written for judges lawyers and scholars alike american justice in the age of innocence educates the public and helps current prisoners who are innocent contest their wrongful convictions

in this unprecedented view from the trenches prosecutor turned champion for the innocent mark godsey takes us inside the frailties of the human mind as they unfold in real world wrongful convictions drawing upon stories from his own career godsey shares how innate psychological flaws in judges police lawyers and juries coupled with a tough on crime environment can cause investigations to

go awry leading to the convictions of innocent people in blind injustice godsey explores distinct psychological human weaknesses inherent in the criminal justice system confirmation bias memory malleability cognitive dissonance bureaucratic denial dehumanization and others and illustrates each with stories from his time as a hard nosed prosecutor and then as an attorney for the ohio innocence project he also lays bare the criminal justice system's internal political pressures how does the fact that judges sheriffs and prosecutors are elected officials influence how they view cases how can defense attorneys support clients when many are overworked and underpaid and how do juries overcome bias leading them to believe that police and expert witnesses know more than they do about what evidence means this book sheds a harsh light on the unintentional yet routine injustices committed by those charged with upholding justice yet in the end godsey recommends structural procedural and attitudinal changes aimed at restoring justice to the criminal justice system

vivid prose plunges the reader into the politically fraught self contained world of a military base and a chilling true case of triple murder linda landrigan editor of alfred hitchcock mystery magazine carlton butch smith was a troubled teenager who'd been kicked out of school for aggressive behavior his parents lived at marine corps base camp lejeune in jacksonville north carolina and when butch was home with them his life was

fairly normal but that all changed on august 24 1981 when butch s sister aunt and cousin were found slain in his parents house it was a horrifying crime that shook the marine base community not to mention the smith family especially when butch was named the prime suspect in tunnel vision reporter and true crime author n p simpson delves into this young man s harrowing past she also provides a detailed chronicle of the grisly murders and the complex case that followed a case of conflicting confessions a mysterious second suspect who was never found and difficult questions of jurisdiction between military state and federal courts

this book exposes the myriad of victims of wrongful conviction by going beyond the innocent person who has been wrongfully incarcerated to include the numerous indirect victims who suffer collaterally in no way overlooking the egregious effects on the wrongfully convicted this book widens the net to also examine consequences for family friends co workers witnesses the initial victims of the crime and society in general all indirect victims who are often forgotten in treatments of wrongful conviction utilizing interviews of exonerees and indirect victims the authors capture the tangible and intangible costs of victimization across the board the prison experience is examined through the lens of an innocent person and the psychological impact of incarceration for the exoneree is explored special attention is given to the often ignored experience of female

exonerees and to the impact of race as a compounding factor in a vast number of miscarriages of justice the book concludes with an overview of the victimization experiences that follow exonerees upon release unique to this book is its interdisciplinary approach to the troubling subject of wrongful conviction combining perspectives from a number of fields including criminal justice criminology victimology psychology sociology social justice history political science and law undergraduate and graduate students in these disciplines will find this book helpful in their respective areas of study and professionals in the legal system will benefit from appreciation of the far reaching costs of wrongful convictions

this book brings together an international group of experts to present cutting edge psychological research on crime policing and courts with contributors from the uk germany italy norway cyprus israel canada and the usa this volume explores some of the most interesting and contemporary areas of criminological and legal psychology the psychology of crime policing and courts is divided into three parts part i explores crime and anti social behaviour including the concentration of offending within families juvenile delinquency adolescent bullying cyberbullying violence risk assessment and psychopathy part ii examines policing and the detection of deception with chapters on interrogational practices police interviews of children and modern detection methods part iii

focuses on courts and sentencing with chapters exploring wrongful convictions the role of juries extra legal factors in sentencing decisions and an examination of sentencing itself representing the forefront of research in developmental criminology and criminological and legal psychology this book is a comprehensive resource for undergraduate and postgraduate students studying psychology and criminology with particular value for those studying forensic psychology this book is also a valuable resource for psychologists lawyers social scientists and law enforcement personnel

read him his rights we all recognize this line from cop dramas but what happens afterward in this book richard leo sheds light on a little known corner of our criminal justice system the police interrogation incriminating statements are necessary to solve crimes but suspects almost never have reason to provide them therefore as leo shows crime units have developed sophisticated interrogation methods that rely on persuasion manipulation and deception to move a subject from denial to admission serving to shore up the case against him ostensibly aimed at uncovering truth the structure of interrogation requires that officers act as an arm of the prosecution skillful and fair interrogation allows authorities to capture criminals and deter future crime but leo draws on extensive research to argue that confessions are inherently suspect and that coercive interrogation has led to false confession and wrongful conviction he looks

at police evidence in the court the nature and disappearance of the brutal third degree the reforms of the mid twentieth century and how police can persuade suspects to waive their miranda rights an important study of the criminal justice system police interrogation and american justice raises unsettling questions how should police be permitted to interrogate when society needs both crime control and due process how can order be maintained yet justice served

the american prosecutor plays a powerful role in the judicial system wielding the authority to accept or decline a case choose which crimes to allege and decide the number of counts to charge these choices among others are often made with little supervision or institutional oversight this prosecutorial discretion has prompted scholars to look to the role of prosecutors in europe for insight on how to reform the american system of justice in the prosecutor in transnational perspective erik luna and marianne wade through the works of their contributors coupled with their own analysis demonstrate that valuable lessons can be learned from a transnational examination of prosecutorial authority they examine both parallels and distinctions in the processes available to and decisions made by prosecutors in the united states and europe ultimately they demonstrate how the enhanced role of the prosecutor represents a crossroads for criminal justice with weighty legal and socio economic consequences

how states are making their legal systems more equitable seen through the story of a black man falsely imprisoned for thirty years for murder in 1987 ben spencer a twenty two year old black man from dallas was convicted of murdering white businessman jeffrey young a crime he didn t commit from the day of his arrest spencer insisted that it was an awful mistake the texas legal system didn t see it that way it allowed shoddy police work paid witnesses and prosecutorial misconduct to convict spencer of murder and it ignored later efforts to correct this error the state s bureaucratic intransigence caused spencer to spend more than half his life in prison eventually independent investigators new witness testimony the foreman of the jury that convicted him and a new dallas da convinced a texas judge that spencer had nothing to do with the killing and in 2021 he was released from prison as spencer s fight to clear himself demonstrates our legal systems are broken expedience is more important than the truth that is starting to change as states across the country implement new efforts to reduce wrongful convictions and one of the states leading the way is texas award winning journalist barbara bradley hagerty has spent years digging into this issue and she has immersed herself in spencer s case she has combed police files and court records interviewed dozens of witnesses and had extensive conversations with spencer and in bringing ben home she threads together two narratives how an innocent black man got

caught up in and couldn t escape a legal system that refused to admit its mistakes and what texas and other states are doing to address wrongful convictions to make the legal process more equitable for everyone by turns fascinating and enraging personal and provocative bringing ben home is the powerful story of one innocent man who refused to admit that he was guilty of murder and how his plight became part of a paradigm shift in how the legal system thinks about innocence as it institutes new methods to overturn wrongful convictions to better protect people like ben spencer

canada s leading authority kirk makin journalist and author explains canada s national tragedy of wrongful convictions how anyone could be caught up in them and what we can do to safeguard justice canada has a serious problem a significant but unknown number of people have been convicted for crimes they didn t commit there are famous cases of wrongful convictions such as david milgaard and donald marshall jr where the system convicted the wrong person for murder but there are lesser known cases people who feel they have no option but to plead guilty and people convicted of crimes that were imagined by experts or the police that never in fact happened kent roach cofounder of the canadian registry of wrongful convictions award winning author and law professor has dedicated his illustrious career to documenting flaws in our justice system his work reveals that the burden of wrongful

convictions falls disproportionately on the disadvantaged including indigenous and racialized people those with cognitive issues single mothers and the poor this original and eye opening book makes a compelling case for change that governments have so far lacked the courage to implement Canadians would benefit from better legislative regulation of police and forensic experts and the creation of a permanent and independent federal commission investigate wrongful convictions and their multiple causes but do we have the political will Roach's research and the real life but hard to believe cases outlined here point to systemic failings in our legal system many of the wrongfully convicted are still waiting for the promise of justice it is an issue that affects all Canadians

stubbornness has landed private eye V.I. Warshawski in big trouble at her Chicago office with her grand old Loop building set to be razed she's become a hold out tenant amid frayed wiring and scary empty corridors then she finds a homeless woman with three kids in the basement and before she can rescue them they disappear worst of all she's been implicated in a murder after the body of Deirdre Messenger a prominent lawyer's wife turns up sprawled across her desk V.I. who had volunteered with Deirdre at a women's shelter suspects her death is linked to a case of upper class domestic abuse so slickly concealed that the police refuse to believe it increasingly at odds with the cops V.I. is blindly plunging ahead after the truth and her

path may lead to corruption at the highest levels or deep into the abandoned tunnels beneath Chicago's streets where secrets are hiding in the dark like a child's or V.I.'s worst nightmare

adopting a comparative approach the metamorphosis of criminal justice looks at the ways that criminal justice trends in Britain and in France as well as those rooted in European human rights instruments have influenced the core roles of criminal justice actors and the everyday functioning of the criminal process in courts and police stations it analyzes adversarial and inquisitorial traditions their representation in contemporary criminal justice in Britain and in France and how the increased politicization of criminal justice has eroded fundamental rights in the name of efficiency and security

just as the Black Lives Matter movement and recent protests have shown the leadership of women of color in organizing against the prison state this book will show the leadership of women which is too often ignored in the Innocence Movement Aya Gruber professor of law University of Colorado Law School author of *The Feminist War on Crime* through the lens of her work with the Innocence Movement and

her client Leigh Stubbs a woman denied a fair trial in 2000 largely due to her sexual orientation Innocence litigator activist and founder of the West Virginia Innocence Project Valena Beety examines the failures in America's criminal legal system and the reforms necessary to eliminate wrongful convictions particularly with regards to women the queer community and people of color when Valena Beety first became a federal prosecutor her goal was to protect victims especially women from cycles of violence what she discovered was that not only did prosecutions often fail to help victims they frequently relied on false information forensic fraud and police and prosecutor misconduct seeking change Beety began working in the Innocence Movement helping to free factually innocent people through DNA testing and criminal justice reform *Manifesting Justice* focuses on the shocking story of Beety's client Leigh Stubbs a young queer woman in Mississippi convicted of a horrific crime she did not commit because of her sexual orientation Beety weaves Stubbs's harrowing narrative through the broader story of a broken criminal justice system where defendants including disproportionate numbers of women of color and queer individuals are convicted due to racism prejudice coerced confessions and false identifications drawing on interviews with both Innocence advocates and wrongfully convicted women along with Beety's own experiences as an expert litigator and a queer woman *Manifesting Justice* provides a unique outsider insider perspective

beety expands our notion of justice to include not just people who are factually innocent but those who are over charged pressured into bad plea deals and over sentenced the result is a riveting and timely book that not only advocates for reforming the conviction process it will transform our very ideas of crime and punishment what innocence is and who should be free with a foreword by koa beck author of white feminism a shocking study of how the criminal justice system discriminates an invigorating and eye opening call to action publishers weekly a thought provoking book about the american justice system beety an innocence litigator and former federal prosecutor concludes her important book by proclaiming let s manifest justice now booklist

a groundbreaking book revealing the systemic everyday problems in our courts that must be addressed if justice is truly to be served doris kearns goodwin attorney and journalist amy bach spent eight years investigating the widespread courtroom failures that each day upend lives across america what she found was an assembly line approach to justice a system that rewards mediocre advocacy bypasses due process and shortchanges both defendants and victims to keep the court calendar moving here is the public defender who pleads most of his clients guilty with scant knowledge about their circumstances the judge who sets outrageous bail for negligible crimes the prosecutor who habitually declines to pursue significant cases the court that works together to achieve a wrongful conviction going beyond the usual explanations of bad apples and meager funding ordinary injustice reveals a clubby legal culture of compromise and shows the tragic consequences that result when communities mistake the rules that lawyers play by for the rule of law it is time bach argues to institute a new method of checks and balances that will make injustice visible the first and necessary step to reform

the chief mandate of the criminal justice system is not to prosecute the guilty but to safeguard the innocent from wrongful

convictions with this startling assertion legal scholar george thomas launches his critique of the u s system and its emphasis on procedure at the expense of true justice thomas traces the history of jury trials an important component of the u s justice system since the american founding in the mid twentieth century when it became evident that racism and other forms of discrimination were corrupting the system the warren court established procedure as the most important element of criminal justice as a result police prosecutors and judges have become more concerned about following rules than about ensuring that the defendant is indeed guilty as charged recent cases of prisoners convicted of crimes they didn t commit demonstrate that such procedural justice cannot substitute for substantive justice american justices thomas concludes should take a lesson from the french who have instituted among other measures the creation of an independent court to review claims of innocence based on new evidence similar reforms in the united states would better enable the criminal justice system to fulfill its moral and legal obligation to prevent wrongful convictions thomas draws on his extensive knowledge of the field to elaborate his elegant and important thesis that the american system of justice has lost sight of what ought to be its central purpose protection of the innocent susan bandes distinguished research professor of law depaul university college of law thomas explores how america s adversary system evolved into one

obsessed with procedure for its own sake or in the cause of restraining government power giving short shrift to getting only the right guy his stunning thought provoking and unexpected recommendations should be of interest to every citizen who cares about justice andrew e taslitz professor of law howard university school of law an unflinching insightful and powerful critique of american criminal justice and its deficiencies george thomas demonstrates once again why he is one of the nation s leading criminal procedure scholars his knowledge of criminal law history and comparative criminal law is most impressive yale kamisar distinguished professor of law university of san diego and clarence darrow distinguished university professor emeritus of law university of michigan

against the backdrop of his most haunting high profile murder and child abuse cases a veteran prosecutor goes beyond an insider s reflection to shine a light on the humanlike qualities personified in the u s criminal justice system and what this means for our future the humanity of justice is a procedural true crime book told through the eyes and heart of a veteran criminal prosecutor who cares about the people he meets and their life altering circumstances burke e strunsky a senior deputy district attorney in southern california takes the reader inside the courtroom for some of the most haunting criminal cases in the state as well as the nation including a highly respected church leader who brutally

new york times bestseller a renowned journalist and legal commentator exposes the unchecked power of the prosecutor as a driving force in america s mass incarceration crisis and charts a way out an important thoughtful and thorough examination of criminal justice in america that speaks directly

to how we reduce mass incarceration bryan stevenson author of just mercy this harrowing often enraging book is a hopeful one as well profiling innovative new approaches and the frontline advocates who champion them matthew desmond author of evicted finalist for the los angeles times book prize shortlisted for the j anthony lukas book prize named one of the best books of the year by npr the new york public library library journal publishers weekly kirkus reviews the american criminal justice system is supposed to be a contest between two equal adversaries the prosecution and the defense with judges ensuring a fair fight that image of the law does not match the reality in the courtroom however much of the time it is prosecutors more than judges who control the outcome of a case from choosing the charge to setting bail to determining the plea bargain they often decide who goes free and who goes to prison even who lives and who dies in charged emily bazelon reveals how this kind of unchecked power is the underreported cause of enormous injustice and the missing piece in the mass incarceration puzzle charged follows the story of two young people caught up in the criminal justice system kevin a twenty year old in brooklyn who picked up his friend s gun as the cops burst in and was charged with a serious violent felony and noura a teenage girl in memphis indicted for the murder of her mother bazelon tracks both cases from arrest and charging to trial and sentencing and with her trademark blend of deeply reported

narrative legal analysis and investigative journalism illustrates just how criminal prosecutions can go wrong and more important why they don't have to. Bazelon also details the second chances they prosecutors can extend if they choose to. Kevin and Noura and so many others she follows a wave of reform-minded judges who have been elected in some of our biggest cities as well as in rural areas in every region of the country put in office to do nothing less than reinvent how their job is done. If they succeed they can point the country toward a different and profoundly better future.

Final Judgments: The Death Penalty in American Law and Culture explores the significance and meaning of finality in capital cases. Questions addressed in this book include how are concerns about finality reflected in the motivations and behavior of participants in the death penalty system? How does an awareness of finality shape the experience of the death penalty for those condemned to die as well as for capital punishment's public audience? What is the meaning of time in capital cases? What are the relative weights according to finality versus the need for error correction in legal and political debates? And how does the meaning of finality differ in capital and non-capital cases? Each chapter examines the idea of finality as a legal, political, and cultural fact. Final Judgments deploys various theories and perspectives to explore the death penalty's finality.

Honouring Social Justice brings together a diverse group of leading legal scholars, criminologists, and sociologists to study numerous contemporary social justice issues. In doing so, the contributors to this collection present a thorough and multifaceted portrait of recent successes and challenges of the criminal justice systems in Canada and elsewhere, examining a broad range of vital contemporary social, judicial, and political issues. The essays in this volume pursue topics such as the targeting of marginalized groups, wrongful convictions, gender-based bias in law, government accountability, and inequalities in the application of the law to ethnic and socio-economic groups. These essays provide an illuminating introduction to the background of important social causes and describe dedicated examples of how to effectively champion calls for social justice. Written to honour the life and work of the late Dianne Martin, a renowned scholar, lawyer, and social activist, Honouring Social Justice is an engaging and inspired series of accounts on how to improve society by leading experts from across the country.

Practicing Forensic Criminology draws on examples from actual court cases and expert witness reports and testimony to demonstrate the merits and uses of substantive criminological knowledge in the applied setting of civil law and the courts. Throughout the book, the authors provide a highly readable, informative discussion of how forensic criminologists can apply their research and

teaching skills to assist judges and juries in rendering legal decisions engaging and lively the chapters include excerpts from forensic criminological investigations in depth discussions of the methodological and analytical bases of these investigations and important lessons learned from real litigation cases case examples are drawn from the forensic realms of premises liability administrative negligence workplace violence wrongful conviction litigation and litigation involving police departments and corrections facilities well referenced and thoroughly researched practicing forensic criminology serves as an introduction to the vast and heterogeneous field of forensic social science that is rapidly changing and expanding this unique and original book guides readers through the research work of expert witnesses working as consultants researchers and crime analysts and investigators offering expert criminological insights into litigation cases the chapters reveal how forensic social science research can be an effective mechanism for reaching beyond the academy to influence public policy reform and legal proceedings practicing forensic criminology will appeal to a diverse audience including social scientists criminal justice students and researchers expert witnesses attorneys judges and students of

judicial proceedings seeking to understand the value and impact of criminology in the civil court system introduces readers to the impact of evidence based criminological theory and forensic social science investigations in the legal system demonstrates the usefulness of forensic criminology as a research tool revealing novel relational dynamics among crime events and the larger socio spatial context advances the development of a translational criminology i e the translation of knowledge from criminological theory and research to forensic practice as an expedient to forming robust interactive relationships among criminological social scientists and policy makers

this handbook explores every aspect of the prosecutor s multiple roles relating them to commonly encountered real world situations and giving pragmatic guidance for dealing with those situations it investigates the history theory and philosophy of prosecution and provides the student with a conceptual framework for employing sound techniques of ethical prosecutorial advocacy by looking at each stage of the criminal prosecution from the unique vantage point of the prosecutor it enables students to receive maximum benefit from the clinical setting and prepares them for the efficient discharge of their duties as entry level prosecutors
