this book analyses how the complementarity regime of the icc s rome statute can be implemented in member states specifically focusing on african states and nigeria complementarity is the principle that outlines the primacy of national courts to prosecute a defendant unless a state is unwilling or genuinely unable to act assuming the crime is of a sufficient gravity for the international criminal court icc it is stipulated in the rome statute without a clear and comprehensive framework for how states can implement it the book proposes such a framework and argues that a mutually inclusive interpretation and application of complementarity would increase domestic prosecutions and reduce self referrals to the icc african states need to have an appropriate legal framework in place implementing legislation and institutional capacity as well as credible judiciaries to investigate and prosecute international crimes the mutually inclusive interpretation of the principle of complementarity would entail the icc providing assistance to states in instituting this framework while being available to fill the gaps until such time as these states meet a defined threshold of institutional preparedness sufficient to acquire domestic prosecution the minimum complementarity threshold includes proscribing the rome statute crimes in domestic criminal law and ensuring the institutional preparedness to conduct complementarity based prosecution of international crimes furthermore it assists the icc in ensuring consistency in its interpretation of complementarity

the idea of transitions in indian history emerged early when the term transition denoted shifts from one period to another the notion of transition itself has moved beyond being primarily economic to include dimensions of society culture and ideology this volume brings together scholarly works that re examine and re define the concept of transition by looking into a range of subjects including religion culture gender caste and community networks maritime and mercantile modes ideas of nationalism and historiographies across geographical and temporal settings with contributions by leading scholars from south asia this book will be useful to scholars and researchers of ancient history modern indian history sociology and social anthropology and south asian studies

aggression in global perspective attempts to present both an elucidating and a utilitarian picture of aggression in global perspective elucidating in that it serves to help deepen the understanding of the meaning and nature of aggression throughout the world utilitarian in that its companion focus on aggression controls and alternatives in global perspective actually functions to aid the constructive prosocial anti aggression efforts which do exist or might exist to more readily and more fully succeed the book begins by drawing upon individual cultural perspectives on aggression aggression control and aggression alternatives to offer a more unified global perspective it compares contrasts distills differences and similarities and suggests specific directions for future research and applied efforts at better understanding of aggression the chapters which follow describe contemporary manifestations of aggression in a large number of nations representing almost the entire world these descriptions are placed in a cultural context providing an understanding of why for the given country or region aggression currently assumes particular forms rates and intensities such contextual information is also utilized in most of the ensuing chapters to aid in understanding how aggression fits in or is conceptualized in each nation s stream of daily living

the enormous sums paid for the release of hostages coupled with law enforcement s inability to stem the tide has made kidnapping for ransom a worldwide plague the increasing rate of reported incidents from every corner of the globe suggests this plague is growing kidnap for ransom resolving the unthinkable removes the veil of mystery and dispels

kidnapping an investigator s guide to profiling is based on a three part analysis of 100 randomly selected kidnapping cases prosecuted in the united states that have survived supreme court appeal the results of the analysis are incorporated into each chapter as part of the exploration of the inductive profile of each kidnapping subtype thereby offering a statistically based tool that can inform investigative strategies and the allocation of limited resources the analysis includes standardized input from four levels of professional law enforcement including a forensic psychologist a crime analyst a detective and a city prosecutor in addition to chapters pertaining to the kidnapping subtypes domestic kidnapping predatory kidnapping adult victim predatory kidnapping child victim profit

kidnapping revenge kidnapping staged kidnapping and political kidnapping an introductory chapter is dedicated to the evolution of u s kidnapping law and intervention strategies including a review of relevant case law megan s law amber alert appendices include a concise summary of all the subtypes and tabletop drills that law enforcement can use to support potential kidnapping victims prepare and better respond to a kidnapping threat the second edition also includes a discussion of the relationship between kidnapping and human trafficking as well as a new appendix focused upon effective interview strategies with the victim witness a statistically based tool that can inform investigative strategies in kidnapping cases an essential resource for any professional who regularly deals with the subject of kidnapping contains appendices that provide a concise summary of the statistical information presented in the text analysis of 100 randomly selected kidnapping cases prosecuted in the united states that have survived supreme court appeal

in the ottoman empire many members of the ruling elite were legally slaves of the sultan and therefore could technically be ordered to surrender their labor their property or their lives at any moment nevertheless slavery provided a means of social mobility conferring status and political power within the military the bureaucracy or the domestic household and formed an essential part of patronage networks ehud r toledano s exploration of slavery from the ottoman viewpoint is based on extensive research in british french and turkish archives and offers rich original and important insights into ottoman life and thought in an attempt to humanize the narrative and take it beyond the plane of numbers tables and charts toledano examines the situations of individuals representing the principal realms of ottoman slavery female harem slaves the sultan s military and civilian kuls court and elite eunuchs domestic slaves circassian agricultural slaves slave dealers and slave owners slavery and abolition in the ottoman middle east makes available new and significantly revised studies on nineteenth century middle eastern slavery and suggests general approaches to the study of slavery in different cultures

human trafficking is currently regarded as a contemporary form of slavery however despite many initiatives undertaken over the last two decades to tackle the problem there seems to be a disproportionate emphasis on the social phenomenon trafficking in persons remains a little explored area in scholarship with many inconsistencies and ambiguities yet to be attended to human trafficking is a multifaceted issue that requires a multidisciplinary approach that must be studied and considered thoroughly and with heavy regard to the many layers of the issue the handbook of research on present and future paradigms in human trafficking presents a comprehensible view of what constitutes the underpinning of human trafficking the means of combating it its moral implications and offers possible solutions toward curbing its excesses inconsistencies and ambiguities covering a range of topics such as social change human rights and ethics this major reference work is ideal for researchers scholars practitioners government officials policymakers instructors academicians and students

contrary to popular perception slavery persisted in the north well into the nineteenth century this was especially the case in new jersey the last northern state to pass an abolition statute in 1804 because of the nature of the law which freed children born to enslaved mothers only after they had served their mother s master for more than two decades slavery continued in new jersey through

the civil war passage of the thirteenth amendment in 1865 finally destroyed its last vestiges the ragged road to abolition chronicles the experiences of slaves and free blacks as well as abolitionists and slaveholders during slavery s slow northern death abolition in new jersey during the american revolution was a contested battle in which constant economic devastation and fears of freed blacks overrunning the state government limited their ability to gain freedom new jersey s gradual abolition law kept at least a quarter of the state s black population in some degree of bondage until the 1830s the sustained presence of slavery limited african american community formation and forced jersey blacks to structure their households around multiple gradations of freedom while allowing new jersey slaveholders to participate in the interstate slave trade until the 1850s slavery s persistence dulled white understanding of the meaning of black freedom and helped whites to associate black with slave enabling the further marginalization of new jersey s growing free black population by demonstrating how deeply slavery influenced the political economic and social life of blacks and whites in new jersey this illuminating study shatters the perceived easy dichotomies between north and south or free states and slave states at the onset of the civil war

an amateur sleuth with psychic abilities is drawn into a missing person mystery that puts her and her best friend on the trail of a murderer when harrie mckinsey is dragged to a ham radio course by her best friend ginger vaughn they discover some pretty strange occurrences in the world of amateur radio like the operator who made contact with another enthusiast despite the fact that he was reported dead five years earlier harrie and ginger s hunt for the missing caller turns into a murder investigation and a major confrontation with a mafia don good thing the ladies have the fbi the albuquerque police and a team of private detectives for back up because it looks like another murder is about to take place unless harrie and ginger can crack this case first leave it to the redoubtable harrie her sidekick ginger and a gang of faithful friends to uncover the truth robert d kidera hillerman prize winning author of the gabe mckenna mystery series murder on frequency is the murder mystery equivalent of a new mexico sandstorm fast paced whirling making you question what s right before your eyes and irresistible a great read j michael orenduff author of the award winning pot thief murder mysteries

kidnap for ransom is a lucrative but tricky business millions of people live travel and work in areas with significant kidnap risks yet kidnaps of foreign workers local vips and tourists are surprisingly rare and the vast majority of abductions are peacefully resolved often for remarkably low ransoms in fact the market for hostages is so well ordered that the crime is insurable this is a puzzle ransoming a hostage is the world s most precarious trade what would be the right price for your loved one and can you avoid putting others at risk by paying it what prevents criminals from maltreating hostages how do you safely pay a ransom and why would kidnappers release a potential future witness after receiving their money kidnap inside the ransom business uncovers how a group of insurers at lloyd s of london have solved these thorny problems for their customers based on interviews with industry insiders from both sides as well as hostage stakeholders it uncovers an intricate and powerful private governance system ordering transactions between the legal and the criminal economies

willis should be commended for penetrating a complex and socially guarded ritual resource to glean the hidden histories manifested therein african studies review in west africa especially among

yoruba people masquerades have the power to kill enemies appoint kings and grant fertility john thabiti willis takes a close look at masquerade traditions in the yoruba town of otta exploring transformations in performers performances and the institutional structures in which masquerade was used to reveal ongoing changes in notions of gender kinship and ethnic identity as willis focuses on performers and spectators he reveals a history of masquerade that is rich and complex his research offers a more nuanced understanding of performance practices in africa and their role in forging alliances consolidating state power incorporating immigrants executing criminals and projecting individual and group power on both sides of the afro atlantic world willis cites oral traditions archival sources and publications to draw attention to the link between economic development and spectacular and historically influential masquerade performances babatunde lawal author of the gelede spectacle important in its emphasis on the history of an art form and its specific cultural context of interest to academic audiences as well as general readers henry drewal editor of sacred waters willis s work should be a must read for students and established scholars alike africa

a tough welshman he was softened by the affections of a breathtakingly beautiful woman she was a modern day cleopatra madly in love with her own mark antony for quarter of a century elizabeth taylor and richard burton were the king and queen of hollywood yet their two marriages to each other represented much more than outlandish romance together elizabeth and richard were a fascinating embodiment of the mores and transgressions of their time and even luminaries like jacqueline kennedy looked to them as a barometer of the culture the enduring glamour grandeur drama and bravado embodied in the couple gave rise to the type of rabid gossip and wide eyed adoration that are the staples of today's media using brand new research and interviews Ð including unique access to taylor herself the burton family and taylor's extensive personal correspondence Ð this ultimate celebrity biography is the gripping real life story of a fairy tale couple whose lives were even grander and more outrageous than the epic films they made

a look at the history of child kidnappings and abductions in the united states the motives of the perpetrators the activities of the media and the results in the law and in public opinions

this ground breaking text is the first to provide a detailed overview of investigative psychology from the earliest work through to recent studies including descriptions of previously unpublished internal reports crucially it provides a framework for students to explore this exciting terrain combining narrative theory and an action systems framework it includes empirically tested models for offender profiling and guidance for investigations as well as an agenda for research in investigative psychology investigative psychology features the full range of crimes from fraud to terrorism including burglary serial killing arson rape and organised crime important methodologies including multi dimensional scaling and the radex approach as well as social network analysis geographical offender profiling supported by detailed analysis of the underlying psychological processes that make this such a valuable investigative decision support tool the full range of investigative activities including effective information collection detecting deception and the development of decision support systems in effect this text introduces an exciting new paradigm for a wide range of psychological contributions to all forms of investigation within and outside of law enforcement each chapter has actual cases and quotations from offenders and ends with questions for discussion

and research making this a valuable text for undergraduate and postgraduate courses in applied and forensic psychology criminology socio legal studies and related disciplines
