this book proposes a significant reassessment of the history of iraq documenting democratic experiences from ancient mesopotamia through to the us occupation such an analysis takes to task claims that the west has a uniquely democratic history and a responsibility to spread democracy across the world it also reveals that iraq has a democratic history all of its own from ancient middle eastern assemblies and classical islamic theology and philosophy through to the myriad political parties newspapers and protest movements of more recent times this book argues that the democratic history of iraq could serve as a powerful political and discursive tool where the iraqi people may come to feel a sense of ownership over democracy and take pride in endorsing it this could go a long way towards mitigating the current conflicts across the nation and in stabilizing and legitimating its

troubled democracy taking an interdisciplinary approach and referring to some of the most influential critical theorists to question ideological assumptions about democracy and its history this book is useful to those interested in political and legal history human rights and democracy

the first book to examine the critical area of land law from a feminist perspective it provides an original and critical analysis of the gendered intersection between law and land ranging land use and ownership in england and wales to botswana papua new guinea and the muslim world the authors draw upon the diverse disciplinary fields of law anthropology and geography to open up perspectives that go beyond the usually narrow topography and cartography of land law addressing an unorthodox variety of sites where questions of women s access and rights to land are raised this book includes chapters on shopping malls

ancient monuments nature reserves housing estates the family home an interdisciplinary and enlivening account of feminist perspectives on land law it is an excellent addition to the bookshelves of students and researchers in legal studies gender studies social anthropology and social geography

president george w bush maintained in his address of 20 september 2001 that the successful prosecution of the war against terrorism will require the judicious use of every resource at our command every means of diplomacy every tool of intelligence every instrument of law enforcement every financial influence and every necessary weapon of war unlike the cold war the war on terrorism is neither a battle against some ideology nor bounded by physical boundaries or conventional political units such as nation states the war on terrorism is the internationalisation or rather globalisation of previous wars terror is not a nation and the enemies in

such wars are not nations any regime such as libya simply by repudiating terrorism can become an ally of the anti terror coalition regimes that continue to practice terrorism against domestic opponents qualify to participate in the wider war if they conform to certain norms in external affairs the 28 articles reprinted here consider aspects of that most amorphous of animals the war on terrorism they do not set out to provide all of the answers nor do they radiate a unified vision of what constitutes the war on terrorism the pieces begin from a range of political and intellectual outlooks taken as a group however the difficulties of determining the limits and nature of the war on terrorism receive important attention the authors address several major themes within the war on terrorism what falls within its perimeters its shifting manifestations implications responses and future directions

this handbook divided into four

volumes presents the first english translations of newspaper articles about the sikhs published in the weekly press reports for punjab between 1864 and 1924 covering press material from over 300 newspapers the book provides insights into the broader landscape of print media in indian languages and how discussions on the sikhs in the press evolved in response to changing imperial policies and politics in a growing field of research on print cultures and publics in colonial india the book offers unique source material for a nuanced and localized understanding of the history of the sikhs in punjab invaluable to both scholars and students of history punjabi society religion and politics this is volume 2 of a 4 volume set

the essays in this edited volume seek to understand the regional and international ramifications of the wave of protest demonstrations that swept across west asia and north africa in the early 2010s both on the

ground and online dissatisfaction with political repression and corruption economic difficulties and inequities and a desire for freedom and democracy all played a role in the arab spring uprisings it deposed long standing dictatorships ushering in a period of insecurity and instability that would have long term consequences for the region s political economy and international relations although the protests have ended the legacy of that turbulent era will live on most notably in the acceleration of regional change and transformation print edition not for sale in south asia india sri lanka nepal bangladesh pakistan and bhutan

this book provides a detailed analysis of islamic juristic writings on the topic of rape and argues that classical islamic jurisprudence contained nuanced substantially divergent doctrines of sexual violation as a punishable crime the work centers on legal discourses of the first six centuries of islam the period during

which these discourses reached their classical forms and chronicles the juristic conflict over whether or not to provide monetary compensation to victims along with tracing the emergence and development of this conflict over time hina azam explains evidentiary ramifications of each of the two competing positions which are examined through debates between the Ḥanafī and mālikī schools of law this study examines several critical themes in islamic law such as the relationship between sexuality and property the tension between divine rights and personal rights in sex crimes and justifications of victim s rights afforded by the two competing doctrines

islamic substantive law otherwise called branches of the law *furu al fiqh* covers the textual provisions and jurisprudential rulings relating to specific transactions under islamic law it is to islamic substantive law that the rules of islamic legal theory are applied the relationship between

islamic legal theory and islamic substantive law is metaphorically described by islamic jurists as a process of cultivation *istithmar* whereby the qualified jurist *mujtahid* as the cultivator uses relevant rules of legal theory to harvest the substantive law on specific issues in form of fruits *tamarat* from the sources the articles in this volume engage critically with selected substantive issues in islamic law including family law law of inheritance law of financial transactions criminal law judicial procedure and international law *al siyar* these areas of substantive law have been selected due to their contemporary relevance and application in different parts of the muslim world today the volume features an introductory overview of the subject as well as a comprehensive bibliography to aid further research

contempt of court because of its controversial nature has created contradictory opinions among the jurists as well as scholars the contempt jurisprudence with the common law origin has been transmitted into the indian jurisprudence by the courts of record through several charters our constitution has acknowledged and accepted this jurisdiction by conferring the status of court of record to the supreme court and high courts a country embedded in the concept of rule of law should give due respect to the law and the organ which applies the law and administers justice this organ which possesses neither the muscle power nor the money power has to extract due obedience to its orders only through this jurisdiction but difficulty arises when this jurisdiction clashes with the invaluable rights of citizens as well as those of the press as enshrined in the constitution it becomes all the more

difficult when it interferes with the functioning of administrative authorities corporations and the like it poses different questions what constitutes a contempt of court when and how this jurisdiction has to be exercised in what way is the judiciary one of the organs of the state justified in controlling other organs of the state and also rights of citizens in the name of contempt jurisdiction no indepth study has been undertaken so far to ascertain the answer to the above questions the author has made sincere and humble attempt to cull out answers to the above questions in the light of judicial interpretations the concept of criminal contempt which includes prejudicing fair trial or interfering with the administration of justice or scandalising the court is analysed in relation to the rights of individuals and those of the press the concept of civil contempt which includes disobedience to the orders of the court or breach of an undertaking is analysed in relation to the administrative authorities and

corporations individuals and subordinate judiciary the existing political and social scenario requires a comprehensive understanding of this branch of law to eliminate its possible misinterpretation it is hoped that the observations and suggestions made by the author will be of immense help and of use for students lawyers law teachers and administrators

this volume exposes some of the various issues raised in relation to muslim communities in europe by putting the intellectual and legal traditions into dialogue it brings together a number of scholars of shari a and islamic law with counterparts from the parallel european disciplines of hermeneutics philosophy and jurisprudence to explore how the processes of theological legal thinking have been expressed and are being expressed in a more or less common intellectual framework it provides a valuable reference for all those interested in exploring how muslims
