in the aftermath of the turmoil that shook north africa in late 2010 and early 2011 commentators and analysts have sought explanations to the factors that triggered the uprisings and to understand why a region seemingly characterized by relative stability for decades would suddenly erupt in convulsions had an underlying dynamism in the region overwhelmed what were ostensibly stable authoritarian regimes what were the connections to events and dynamics beyond the region such as countries in the middle east international commodity markets and environmental factors amongst others why had allies abetted authoritarianism for so long and what were the implications for such alliances north african politics change and continuity brings together experts to explore these questions providing in depth analyses of important developments in the region which build upon and complement the 2008 companion volume north africa politics region and the limits of transformation this 21 chapter volume is a key contribution that responds to the need in the anglo american sphere for sustained critical studies on north africa and examines political economic security social and military aspects of the region focused studies on individual countries allow detailed

discussion of regional factors the book also examines extrinsic trans regional dynamics such as north africa s influential interdependencies with the levant and the gulf europe sahelian and sub saharan africa and north america its innovative approach provides new perspectives on north africa extending its research scope to include egypt and exploring china s evolving role in the region providing an important contribution in the assessment of the ever shifting political and social tectonics within and beyond north africa north african politics is an essential resource for students scholars and policy makers in middle eastern and north african studies and beyond

six years before the egyptian revolution of january 2011 many young egyptians had resorted to blogging as a means of self expression and literary creativity this resulted in the emergence of a new literary genre the autofictional blog such blogs are explored here as forms of digital literature combining literary analysis and interviews with the authors the blogs analysed give readers a glimpse into the daily lives feelings and aspirations of the egyptian youth who have pushed the country towards a cultural and political revolution the narratives are also indicative of significant aesthetic and political developments taking place in arabic literature and culture

the blogging revolution is a colourful and revelatory account of bloggers around the globe who live and write under

repressive regimes many of them risking their lives in doing so antony loewenstein's travels take him to private parties in iran and egypt internet cafes in saudi arabia and damascus to the homes of cuban dissidents and into newspaper offices in beijing where he discovers the ways in which the internet is threatening the rule of governments through first hand investigations he reveals the complicity of western multinationals in the restriction of information in these countries and how bloggers are leading the charge for change the book also reveals some of the key players of the arab spring and how years of organising web dissent and bravery led to momentous changes in us backed dictatorships across the middle east in 2010 and 2011 the blogging revolution is a superb examination of the nature of repression in the twenty first century and the power of brave individuals to overcome it

this book offers an examination of the signature weapon of barack obama's presidency his speeches it provides an in depth analytical look at the words of barack obama through the social and cultural contexts that made the content of his speeches timeless the book draws on the oral tradition of the black church in order to help explain aspects of the president's speaking style and to establish a direct link between the president's words and actions

this book examines the role of artists in egypt during the 2011 revolution when street art from graffiti to political

murals became ubiquitous facets of revolutionary spaces through interviews personal testimonies and accounts of the lived experience of 25 street artists the book explores the meaning of art in revolutionary political contexts specifically by focusing on artistic production during liminal moments as the events of the egyptian revolution unfolded the author privileges the perspective of the actors themselves to examine the ways that artists reacted to events and conceived of their art as means to further the goals of the revolution based on fieldwork conducted in the years since 2011 the book provides a narrative of egyptian artists participation in and representations of the revolution from hopeful beginnings to the subsequent crackdown and election of al sisi

in 2011 egypt witnessed more protests than any other country in the world the beginning of a revolutionary process that would unfold in three waves of revolution followed by two waves of counterrevolution in addition to providing new and unprecedented empirical data the book makes two theoretical contributions first a new framework is presented for analyzing the state apparatus in egypt that is based on four pillars of regime support which can either prop up or press upon whoever is in power the egyptian military the business elite the united states and the multi headed opposition secondly the book brings together the literature on bottom up revolutionary movements and top down

military coups and introduces the concept of a coup from below in contrast to the revolution from above that took place under gamal abdel nasser

this exciting new edition of the successful textbook for students of middle eastern politics provides a highly relevant and comprehensive introduction to the complexities of a region in constant flux combining a thematic framework for examining patterns of politics with individual chapters dedicated to specific countries the book places the very latest developments and long standing issues within an historical context this third edition extends its analysis to post 2015 developments in the region as well as expanding the range of pedagogical features on offer presenting information in an accessible and inclusive format the book offers coverage of the historical influence of colonialism and major world powers on the shaping of the modern middle east a detailed examination of the legacy of islam analysis of the political and social aspects of middle eastern life including alienation between the state and society poverty and social inequality and ideological crisis and renewal case studies on countries in the fertile crescent iraq syria and lebanon and israel palestine the northern belt turkey and iran and those west and east of the red sea egypt and the members of the gulf cooperation council a key introductory text for students of middle eastern politics and history at advanced undergraduate and postgraduate levels this new

edition has been extensively updated to also become a timely and significant reference for policy makers and any motivated reader

chuck todd s gripping fly on the wall account of barack obama s tumultuous struggle to succeed in washington barack obama won the presidency in 2008 partly because he was a washington outsider but if he d come to the white house thinking he could change the political culture he soon discovered just how difficult it was to swim against an upstream of insiders partisans and old guard networks allied to undermine his agenda including members of his own party he would pass some of the most significant legislation in american history but his own weaknesses torpedoed some of his greatest hopes in the stranger chuck todd draws upon his unprecedented inner circle sources to create a gripping account of obama s white house tenure from the early days of drift and helplessness to a final stand against the gop in which an obama at last liberated from his political future finally triumphs

a times higher education book of the year uprisings spread like wildfire across the arab world from 2010 to 2012 fueled by a desire for popular sovereignty in tunisia egypt syria and elsewhere protesters flooded the streets and the media voicing dissent through slogans graffiti puppetry videos and satire that called for the overthrow of dictators and the regimes that sustained them investigating what drives

people to risk everything to express themselves in rebellious art the naked blogger of cairo uncovers the creative insurgency at the heart of the arab uprisings a deep dive into the cultural politics of the arab uprisings kraidy s sharp insights and rich descriptions of a new arab generation s irrepressible creative urges will amply reward the effort reading kraidy s accounts of the politically charted cultural gambits of wired arab youth rekindles some of the seemingly lost spirit of the early days of the arab uprisings and offers hope for the future marc lynch washington post the naked blogger of cairo is a superb and important work not just for scholars but for anyone who cares about the relationships between art the body and revolution hans rollman popmatters

media evolution on the eve of the arab spring brings together some of the most celebrated and respected names in arab media research to reflect on the communication conditions that preceded and made the arab uprisings possible

this book examines the complex and multidimensional relationship between culture and social media and its specific impact on issues of identity and social movements in a globalized world contemporary cyber culture involves communication among people who are culturally nationally and linguistically similar or radically different social media becomes a space for mediated cultural information transfer

which can either facilitate a vibrant public sphere or create cultural and social cleavages contributors of the book come from diverse cultural backgrounds to provide a comprehensive analysis of how these social media exchanges allow members of traditionally oppressed groups find their voices cultivate communities and construct their cultural identities in multiple ways this book will be of great relevance to scholars and students working in the field of media and new media studies intercultural communication especially critical intercultural communication and academics studying social identity and social movements

the renowned blogger and middle east expert juan cole illuminates the role of today s arab youth who they are what they want and how they will affect world politics beginning in january 2011 the revolutionary wave of demonstrations and protests riots and civil wars that comprised what many call the arab spring shook the world these upheavals were spearheaded by youth movements and yet the crucial role they played is relatively unknown middle east expert juan cole is here to share their stories for three decades cole has sought to put the relationship of the west and the muslim world in historical context in the new arabs he outlines the history that led to the dramatic changes in the region and explores how a new generation of men and women are using innovative notions of personal rights to challenge the authoritarianism corruption and stagnation that had afflicted

their societies not all big cohorts of teenagers and twenty somethings necessarily produce movements centered on their identity as youth with a generational set of organizations symbols and demands rooted at least partially in the distinctive problems besetting people of their age the arab millennials did and in a provocative and optimistic argument about the future of the arab world the new arabs shows just how they did it provided by publisher

this e only volume expands and updates the original 4 volume encyclopedia of women in today s world 2011 offering a wide range of new entries and new multimedia content the entries reflect such developments as the arab spring that brought women s issues in the islamic world into sharp relief the domination of female athletes among medal winners at the london 2012 olympics nine more women joining the ranks of democratically elected heads of state and much more the 475 articles in this e only update accompanied by photos and video clips supplement the themes established in the original edition providing a vibrant collection of entries dealing with contemporary women s issues around the world

one arab country after another is signing historic game changing peace trade investment and tourism deals with israel at the same time russia iran and turkey are forming a highly dangerous alliance that could threaten the western powers rosenberg explains the sometimes encouraging

sometimes violent yet rapidly shifting landscape in israel and the arab muslim world he introduce readers to some of the most complex and controversial leaders in the world and explores the future of religion and peace in the middle east adapted from jacket

this is a print on demand edition of a hard to find publication contents 1 turning a page in u s egyptian relations u s closes egyptian nuclear contract 2 historical background egypt during the colonial era the constitutional monarchy and the british nasser and egypt during the cold war egypt israeli peace the camp david agreement and 1979 peace treaty egypt under mubarak 3 regime structure 4 political opposition and civil society 5 current issues in u s egyptian relations egypt s regional role isolating hamas the 2008 09 israel hamas war in gaza smuggling tunnels the release of gilad shalit hezbollah cell in egypt the economy and u s egyptian trade human rights religious freedom and women s rights 6 u s foreign assistance map and table

the yearly volumes of censored in continuous publication since 1976 and since 1995 available through seven stories press is dedicated to the stories that ought to be top features on the nightly news but that are missing because of media bias and self censorship the top stories are listed democratically in order of importance according to students faculty and a national panel of judges each of the top stories is presented at length alongside updates from the

investigative reporters who broke the stories

how did egypt's muslim brotherhood win power so quickly after the dramatic arab spring uprising that ended president hosni mubarak's thirty year reign in february 2011 and why did the brotherhood fall from power even more quickly culminating with the popular rebellion and military coup that toppled egypt's first elected president brotherhood leader mohamed morsi in july 2013 in arab fall eric trager examines the brotherhood's decision making throughout this critical period explaining its reasons for joining the 2011 uprising running for a majority of the seats in the 2011 2012 parliamentary elections and nominating a presidential candidate despite its initial promise not to do so based on extensive research in egypt and interviews with dozens of brotherhood leaders and cadres including morsi trager argues that the very organizational characteristics that helped the brotherhood win power also contributed to its rapid downfall the brotherhood's intensive process for recruiting members and its rigid nationwide command chain meant that it possessed unparalleled mobilizing capabilities for winning the first post mubarak parliamentary and presidential elections yet the brotherhood's hierarchical organizational culture in which dissenters are banished and critics are viewed as enemies of islam bred exclusivism this alienated many egyptians including many within egypt's state institutions the brotherhood's insularity also prevented

its leaders from recognizing how quickly the country was slipping from their grasp leaving hundreds of thousands of muslim brothers entirely unprepared for the brutal crackdown that followed morsi's overthrow trager concludes with an assessment of the current state of egyptian politics and examines the brotherhood's prospects for reemerging

this book analyses egypt's 2011 revolution highlighting the struggle for freedom justice and human dignity in the face of economic and social problems and an on going military regime

this book carries out a comparative study of the us response to popular uprisings in the middle east as an evaluation of president barack obama's foreign policy commitments in 2009 obama publicly pledged a new beginning in us muslim relations causing eager expectation of a clear shift in us foreign policy after the election of the 44th president of the united states however the achievement of such a shift was made particularly difficult by the existence of multiple and sometimes conflicting us interests in the region which influenced the obama administration's response to the popular uprisings in five muslim majority countries egypt bahrain yemen libya and syria after providing a detailed analysis of the traditional features of both us foreign policy rhetoric and practice this book turns its focus to the obama administration's response to the 2011 arab awakening to determine whether obama's foreign policy has indeed

brought about a new beginning in us muslim relations

popular conservative blogger pamel geller and new york times bestselling author robert spencer sound a wake up call for americans to stop the obama administration from limiting our hard won freedoms silencing our democratic voices and irreparably harming america for generations to come america is being tested in a way that she has never been tested before since taking the oath of office in january 2009 president barack obama has cheered our enemies and demoralized our allies he is hard at work remaking america by destroying the free market system and nationalizing major segments of our economy demonizing dissent and restricting freedom of speech turning against our longtime friends and above all subjecting us to the determinations of foreign authorities in this timely and urgent battle cry pamel geller founder of the widely popular website atlasshrugs.com and new york times bestselling author robert spencer team up to expose the obama administration's destructive agenda largely ignored by the mainstream media and rally americans to protect the sovereignty of a country that is under siege by the highest levels of its own government as americans see their paychecks shrinking every day obama ignores our forefathers founding principle individual rights instead he seeks to level the playing field to transform both the global and national landscape in favor of our enemies even if it means cutting america off at the

knees he envisions himself as more than just a president of the united states but as a shaper of the new world order an internationalist energetically laying the groundwork for global government the president of the world a vital guide to helping conservatives prepare for the tough battles ahead the post american presidency critically examines the obama administration's ominous and revealing moves against our basic freedoms particularly as he seizes control of the three engines of the american economy health care energy and education the shining city on a hill has gone dark but america is not dead the time is now to stand up and fight

social media applications can be weaponized with very little skill social media warfare has become a burden that nation states government agencies and corporations need to face to address the social media warfare threat in a reasonable manner that reduces uncertainty requires dedication and attention over a very long term to stay secure they need to develop the capability to defend against social media warfare attacks addressing unconventional warfare strategies and tactics takes time and experience plus planning and dedication this book will help managers develop a sound understanding of how social media warfare can impact their nation or their organization

this volume analyzes the political economic and strategic dimensions of the recent upheavals in the middle east known as the arab spring mass demonstrations in many arab states

challenged the political status quo and the existing political and cultural system in the region while it is too early to offer a definitive analysis of the impact of the widespread discontent in the arab world the trajectory of the events indicates regime change in several states containment of political unrest in most states increase in islamic tendencies centrifugal tendencies in a number of political units and deterioration of economic conditions this volume presents an initial assessment by a selected group of israeli scholars of the implications of the arab spring the chapters focus on important issues such as democratization the role of economic factors in political change and explanations for variations in regime stability in the middle east taking an international relations perspective the book not only examines the evolving regional balance but also explores the link between external and internal politics and the implications of terrorism for regional security the chapters also address the implications of the arab spring for israel and its chances of existing peacefully in the region this volume will be of much interest to students of middle east politics international security foreign policy and international relations

the most up to date coverage and analysis of the presidency never losing sight of the foundations of the political office the politics of the presidency maintains a balance between historical context and contemporary scholarship on the

executive branch providing a solid foundation for any presidency course in the highly anticipated tenth edition of this bestseller pika maltese and rudalevige thoroughly analyze the change and continuity in the presidency during president trump s first term his relations with congress and the judiciary the outcomes of the 2018 midterm election and the competitive setting for the 2020 presidential race

the muslim brotherhood is the most significant and enduring sunni islamist organization of the contemporary era its roots lie in the middle east but it has grown into both a local and global movement with its well placed branches reacting effectively to take the opportunities for power and electoral competition offered by the arab spring regarded by some as a force of moderation among islamists and by others as a façade hiding a terrorist fundamentalist threat the potential influence of the muslim brotherhood on middle eastern politics remains ambiguous the muslim brotherhood the arab spring and its future face provides an essential insight into the organisation with chapters devoted to specific cases where the brotherhood has important impacts on society the state and politics key themes associated with the brotherhood such as democracy equality pan islamism radicalism reform the palestine issue and gender are assessed to reveal an evolutionary trend within the movement since its founding in egypt in 1928 to its manifestation as the largest sunni islamist movement in the

middle east in the 21st century the book addresses the possible future of the muslim brotherhood whether it can surprise sceptics and effectively accommodate democracy and secular trends and how its ascension to power through the ballot box might influence western policy debates on their engagement with this manifestation of political islam drawing on a wide range of sources this book presents a comprehensive study of a newly resurgent movement and is a valuable resource for students scholars and policy makers focused on middle eastern politics

why did islamists respond so differently to the arab spring what do these different responses tell us about islamists ideological commitment and resilience or the contexts within which they were functioning this book is based on fieldwork on islamists in eight middle eastern countries egypt tunisia libya morocco yemen jordan kuwait and syria the contributors trace the transformation of the islamists ideology behaviour and strategy since the beginning of the arab spring the aim of the book is to show that islamists necessarily have an interactive and dialectical relationship with the environments in which they find themselves and that their behaviour and political calculations are based on a wide range of local regional and global factors they take into account the impact of the different contexts the groups found themselves in from authoritarian to open and reformist and contexts of armed conflict and civil war an

interdisciplinary project the book captures the ongoing transformation of islamist parties to explain the reasons why some movements could adapt and make shifts in their discourse and strategy maintaining organizational coherence and unity while others fell short and suffered major splits and schisms the robust theoretical findings update existing literature on islamism and advance the state of the field

never losing sight of the historical foundations of the office of president of the united states the authors maintain a delicate balance as they examine the presidency through a modern lens

this engaging and authoritative four volume resource offers fascinating portrayals of the 44 men who have achieved the ultimate seat of power in the united states the presidency from george washington to barack obama chronology of the u s presidency portrays each of the nation s chief executives in richly observed detail chapter by chapter we meet the real flesh and blood men occupying the one office elected by the entire country the office that most profoundly affects the workings of the government u s relations with other countries and the everyday lives of all american citizens spanning four volumes this work covers each president s early life and rise to power the pivotal events during his presidency and when applicable his post presidential life in addition the book includes sections on the first ladies and presidential families plus primary source documents

speeches memos messages to congress and entertaining factoids for example once bitter rivals john adams and thomas jefferson died hours apart on the 50th anniversary of the declaration of independence they helped create together more than just names and dates history chronology of the u s presidency helps readers understand the ways each of these intriguing men changed the country and how he in turn was impacted by his time in power

accounts of the arab spring often focus on the role of youth coalitions the use of social media and the tactics of the tahrir square occupation this authoritative and original book argues that collective action by organised workers played a fundamental role in the egyptian revolution which erupted after years of strikes and social protests drawing on the authors decade long experience of reporting on and researching the egyptian labour movement the book provides the first in depth account of the emergence of independent trade unions and workers militancy during mubarak s last years in power and their destabilising impact on the post revolutionary regimes

global issues is a pedagogically rich text that offers a unique way of looking at contemporary issues such as food security and global conflict from a cross cultural and multidisciplinary perspective by exploring each issue in depth students gain an applied understanding of more abstract concepts like conflict globalization culture imperialism human rights and

gender while the cross cultural approach encourages students to view the world from outside the western box designed for introductory level students in global and international studies human geography anthropology sociology and development studies this highly accessible text offers instructors and students a unique way of matching the concepts they learn in the classroom with important issues in the world in which they live and work

a close reading of wikipedia s article on the egyptian revolution reveals the complexity inherent in establishing the facts of events as they occur and are relayed to audiences near and far wikipedia bills itself as an encyclopedia built on neutrality authority and crowd sourced consensus platforms like google and digital assistants like siri distribute wikipedia s facts widely further burnishing its veneer of impartiality but as heather ford demonstrates in writing the revolution the facts that appear on wikipedia are often the result of protracted power struggles over how data are created and used how history is written and by whom and the very definition of facts in a digital age in writing the revolution ford looks critically at how the wikipedia article about the 2011 egyptian revolution evolved over the course of a decade both shaping and being shaped by the revolution as it happened when data are published in real time they are subject to an intense battle over their meaning across multiple fronts ford answers key questions about how

wikipedia's so-called consensus is arrived at who has the power to write dominant histories and which knowledges are actively rejected how these battles play out across the chains of circulation in which data travel and whether history is now written by algorithms

this book investigates the interplay between media politics religion and culture in shaping arabs quest for more stable and democratic governance models in the aftermath of the arab spring uprisings it focuses on online mediated public debates specifically user comments on online arab news sites and their potential to re-engage citizens in politics contributors systematically explore and critique these online communities and spaces in the context of the arab uprisings with case studies largely centered on egypt covering micro bloggers islamic discourse online libyan nationalism on facebook and a computational assessment of online engagement among other topics

this book sheds light on the growing phenomenon of cyberactivism in the arab world with a special focus on the egyptian political blogosphere and its role in paving the way to democratization and socio-political change in egypt which culminated in egypt's historical popular revolution

this fully updated new edition of the law of international watercourses examines the rules of international law governing the use of international rivers lakes and

groundwater shared by two or more countries

democracy prevention explains how america's alliance with egypt has impeded democratic change and reinforced authoritarianism over time

political communication began with the earliest studies of democratic discourse by aristotle and plato however modern political communication relies on an interdisciplinary base which draws on concepts from communication political science journalism sociology psychology history rhetoric and others this two-volume resource considers political communication from a broad interdisciplinary perspective encompassing the many different roles that communication plays in political processes in the united states and around the world the encyclopedia of political communication discusses the major theoretical approaches to the field including direct and limited effects theories agenda setting theories sociological theories framing and priming theories and other past and present conceptualizations with nearly 600 entries this resource pays considerable attention to important political messages such as political speeches televised political advertising political posters and print advertising televised political debates and internet sites the audiences for political communications are also central necessitating concentration on citizen reactions to political messages how the general public and voters in democratic systems respond to political messages and the effects of all

types of media and message types key features encompasses several channels of political communication including interpersonal and public communication radio television newspapers and the world wide provides news media coverage and journalistic analysis of politics political issues political figures and political institutions concentrates on the field of political communication since the middle of the 20th century emphasizes political communication from the point of view of the united states but there is substantial and important research and scholarship on political communication in international contexts considers the role of communication in governing incorporating communication activities that influence the operation of executive legislative and judicial bodies political parties interest groups political action committees and other participants in political processes key themes biographies books films journals television democracy democratization education and nonprofit organizations elections government operations and institutions legal and regulatory media events media outlets and programs role of media in political systems news media coverage of politics political affairs theoretical approaches types of political media political attitudes political campaigns political events political groups and organizations political issues political journalism theoretical concepts women in politics the encyclopedia of political communication is designed for libraries undergraduates and members of the public with an interest in political affairs media and political

professionals as well as government officials lobbyists and participants in independent political organizations will find these volumes useful in developing a better understanding of how the media and communication function in political settings catdir loc gov catdir enhancements fy0828 2007026514 d html

the russian invasion of crimea in 2014 subsequent war in eastern ukraine and economic sanctions imposed by the west transformed european politics these events marked a dramatic shift away from the optimism of the post cold war era the conflict did not escalate to the levels originally feared but nor was either side able to bring it to a definitive conclusion ukraine suffered a loss of territory but was not forced into changing its policies away from the westward course adopted as a result of the euromaidan uprising of february 2014 president putin was left supporting a separatist enclave as russia s economy suffered significant damage in ukraine and the art of strategy lawrence freedman author of the landmark strategy a history provides an account of the origins and course of the russia ukraine conflict through the lens of strategy freedman describes the development of president putin s anxieties that former soviet countries were being drawn towards the european union the effective pressure he put on president yanokvyh of ukraine during 2013 to turn away from the eu and the resulting euromaidan revolution which led to yanukovych fleeing he

explores the reluctance of putin to use russian forces to do more that consolidate the insurgency in eastern ukraine the failure of the minsk peace process and the limits of the international response putin s strategic making is kept in view at all times including his use of information warfare and attempts to influence the american election in contrast to those who see the russian leader as a master operator who catches out the west with bold moves freedman sees him as impulsive and so forced to improvise when his gambles fail freedman s application of his strategic perspective to this supremely important conflict challenges our understanding of some of its key features and the idea that vladimir putin is unmatched as a strategic mastermind

in revolution squared atef shahat said examines the 2011 egyptian revolution to trace the expansive range of liberatory possibilities and containment at the heart of every revolution drawing on historical analysis and his own participation in the revolution said outlines the importance of tahrir square and other physical spaces as well as the role of social media and digital spaces he develops the notion of lived contingency the ways revolutionary actors practice and experience the revolution in terms of the actions they do or do not take to show how egyptians made sense of what was possible during the revolution said charts the lived contingencies of egyptian revolutionaries from the decade prior to the revolution s outbreak to its peak and the so

called transition to democracy to the 2013 military coup into the present contrary to retrospective accounts and counterrevolutionary thought said argues that the egyptian revolution was not doomed to defeat rather he demonstrates that egyptians did not fully grasp their immense clout and that limited reformist demands reduced the revolution s potential for transformation

the third wave of democracy that reached african shores at the end of the cold war brought with it a dramatic decline from 1990 onwards in dictatorships military regimes one party governments and presidents for life multiparty democracy was at the core of the constitutional revolutions that swept through most of africa in those watershed years however that wave is either losing momentum or receding or being reversed in its entirety this volume examines democracy and elections in africa a focus motivated by two concerns first after 30 years it is important to take stock of the state of constitutional democracy on the continent the democratic gains of the 1990s and 2000s seem to be falling by the wayside with the evidence mounting that regimes are concealing authoritarianism under the veneer of elections doing so in an international context where populist regimes are on the rise and free and fair multiparty elections are consequently no longer a given it is becoming a battle to protect and retain constitutional democracy the second reason for this volume s focus on democracy and elections is

that multiparty democracy is essential for the proper functioning of the state in addressing the major problems facing africa internal conflict inequality and lack of development and poor governance and corruption the focus of this volume is thus on how competitive politics or multiparty democracy can be realized and how through competition such politics could lead to better policy and practice outcomes

this book offers a ten year perspective on ongoing and evolving practices of digital activism across the middle east and north africa drawing on interviews and ethnographic evidence collected between 2012 and 2022 it examines the shifting narrative around digital activism in the region from

the wake of the 2011 uprisings to the 2019 series of protests coined the second wave of the arab spring it considers how media activists navigate the transition from the emergent to the mainstream in a climate of contentious politics following the civil mobilisations of the pro revolutionary youths in tunisia egypt and lebanon it outlines the particularities of these three different political contexts and media environments featuring case studies of the tunisian blogosphere online campaigning in the egyptian elections and interviews with social media activists in light of this empirical evidence the book offers a critique of the increasing prevalence of a security perspective through which online activism has been viewed and its deleterious effect on digital political engagement in the region
