the united nations whose specialized agencies were the subject of an appendix to the 1958 edition of oppenheim s international law peace has expanded beyond all recognition since its founding in 1945 this volume represents a study that is entirely new but prepared in the way that has become so familiar over succeeding editions of oppenheim an authoritative and comprehensive study of the united nations legal practice this volume covers the formal structures of the un as it has expanded over the years and all that this complex organization does all substantive issues are addressed in separate sections including among others the responsibilities of the un financing immunities human rights preventing armed conflicts and peacekeeping and judicial matters in examining the evolving structures and ever expanding work of the united nations this volume follows the long held tradition of oppenheim by presenting facts uncoloured by personal opinion in a succinct text that also offers in the footnotes a wealth of information and ideas to be explored it is book that while making all necessary reference to the charter the statute of the international court of justice and other legal instruments tells of the realities of

the legal issues as they arise in the day to day practice of the united nations missions to the un ministries of foreign affairs practitioners of international law academics and students will all find this book to be vital in their understanding of the workings of the legal practice of the un research for this publication was made possible by the balzan prize which was awarded to rosalyn higgins in 2007 by the international balzan foundation

in the right to be present at trial in international criminal law caleb h wheeler analyses what it means for the accused to be present during international criminal trials and how that meaning has changed this book also examines the impact that absence from trial can have on the fair trial rights of the accused and whether those rights can be upheld outside of the accused s presence using primary and secondary sources caleb wheeler has identified four different categories of absence and how each affects the right to be present this permits a more nuanced understanding of how the right to be present is understood in international criminal law and how it may develop in the future

in an introduction to the law of international criminal tribunals geert jan alexander knoops offers an overview of the basic topics in international criminal law icl it discusses main characteristics of international criminal tribunals icts as well as definitions of international crimes the book will delve into issues of jurisdiction and complementarity liability principles and specialized defences other topics are due process rights evidence trials in absentia and state cooperation a new chapter is devoted to the geopolitical effects of international criminal prosecutions the second revised edition includes a chapter on the new

crime of aggression and is updated with the most recent developments in icl the book is essential to everyone becoming familiar with the basic topics and challenges within icl

this is the first comprehensive treatment of the reasons why international organizations have engaged in territorial administration the book describes the role of international territorial administration and analyses the various purposes associated with this activity revealing the objectives which territorial administration seeks to achieve

there have been many political dilemmas that impose structural constraints on the effort to legalize judicialize and criminalize normatively deviant behavior in international politics the annual costs of these tribunals has peaked at approximately 400 million of which 140 million is allocated to the icc the latter now having spent 1 billion in its first decade of existence what has been the track record of these international criminal courts with jurisdiction to try heads of states and leading official and military officers has the domestic political will of states increased to prosecute their own leaders following the icc s complimentary jurisdiction how have powerful states supported these courts and how have they undermined them in succeeding in punishing a number of high profile cases the tribunals arguably constitute what habermas called communicative action that expresses the aspirations and nascent norms of international society beyond the confines of a specific of international cooperation these courts are increasingly becoming norm entrepreneurs defining the norms of coexistence among states such that internal atrocities are seen not only as

international crimes but threats to the stability and order of international society these courts are also redefining the attributes of what states must practice to preserve their reputations a breach of which will prove increasingly costly the tribunals are increasingly incentivizing and mobilizing informational networks from ngos igos and states to document and publicize violations of international criminal law thereby increasing exposure risks of perpetration to be sure the patchwork of compliance and norm communication is fraught with double standards hypocrisy selective enforcement and neoimperial delegitimation of the subaltern still what has begun as institutions created in the absence of humanitarian action by the powerful may come to constitute normal state attributes similar to sovereignty whose violation will be seen as not only illegitimate but also meriting humanitarian action to correct and punish such behavior the question remains whether ongoing impunity of both the powerful and the powerless will undermine or limit this potential

this volume examines the prosecution as an institution and a function in a dozen international and hybrid criminal tribunals from nuremberg to the international criminal court it is the result of a sustained collaborative effort among some twenty scholars and former tribunal staffers the starting point is that the prosecution shapes a tribunal s practice and legacy more than any other organ and that a systematic examination of international prosecutors is therefore warranted the chapters are organized chronologically according to the successive phases of the life of the institution and the various stages of the trials the analysis includes each institution s establishment mandate and

jurisdiction as well as the prosecutorial framework and strategy the prosecutor's external relations and the completion of the institution's work the book also considers the prosecutors' independence and impartiality and their accountability for their decisions the volume thus provides a comprehensive picture of the mandate organization and operation of the prosecution in international criminal trials as the first comprehensive study of an international legal actor whose decisions have widespread political repercussions this book will be essential reading for all with an interest in international criminal justice

this title sets out and analyses the procedural law applied by the international criminal court systematically analysing the court's organisational structure overall procedural setting and the individual procedural regulations in comparison to that of other international tribunals

principles of international criminal law is one of the most influential textbooks in the field of international criminal justice this fourth edition builds on the highly successful work of the previous editions setting out the general principles governing international crimes as well as the fundamentals of both substantive and procedural international criminal law it provides a detailed understanding of the sources and evolution of international criminal law demonstrating how it has developed and how its application has changed the book assesses in detail the four key international crimes as defined by the statute of the international criminal court genocide crimes against humanity war crimes and the crime of aggression the new edition revises and updates the work with developments in international

criminal justice since 2014 it includes substantial new material on critical perspectives on international criminal justice the fragmentation of international criminal law new war crimes of prohibited means of warfare and the prosecution of crimes committed in Syria and northern Iraq the book retains its highly acclaimed systematic approach and consistent methodology making it essential reading for both students and scholars of international criminal law as well as practitioners and judges working in the field

the rights of victims in criminal justice proceedings for serious human rights violations addresses a question of critical importance to policy makers international lawyers academics and affected societies throughout the world should victims of serious human rights violations be granted under international law the rights of access to and participation in criminal proceedings before international hybrid and domestic tribunals Juan Carlos Ochoa applies a thorough analysis of international and comparative domestic law and practice to this question taking into account a host of international human rights instruments and case law the theory law and practice of international and hybrid criminal tribunals the law and practice in several domestic jurisdictions and many theoretical and empirical studies after first determining the current state of and emerging trends in international law in this area he argues that the lack of recognition of these rights under customary international law is inadequate because access to and participation in criminal proceedings for victims of these infringements are based on several internationally recognised human rights and principles contribute to the expressivist objectives of these

procedures and are consistent with the principles that inform the enforcement of criminal law in democratic states on this basis ochoa convincingly suggests concrete reforms

this book provides a timely and systematic study of reparations in international criminal justice going beyond a theoretical analysis of the system established at the international criminal court icc it originally engages with recent decisions and filings at the icc relating to reparation and how the criminal and reparative dimensions of international criminal justice can be reconciled this book is equally innovative in its extensive treatment of the significant challenges of adjudicating on reparations and proposing recommendations based on concrete experiences with recent and imminent decisions from the icc and developments in national courts and beyond miriam cohen provides a critical analysis of the theory and emerging jurisprudence of reparations for international crimes their impact on victims and stakeholders

the present collection is a selection of the most important instruments it is meant to guide students and practitioners through the labyrinth its focus is on international universal and european instruments

contains the most important documents on international criminal law designed to support both students and practitioners

in the realities of the international criminal justice system rothe meernik and ingadóttir bring together expert scholars from the disciplines of law criminology sociology and political science to critically analyse the current state of and impact of the international

criminal justice system through a systematic evaluation of the existing courts and their effects in the real world on states victims and offenders and their impact on the development of the law related to their jurisdictions both on the international and national level the authors hope that lessons can be drawn for a more promising future delivery of criminal justice by international and domestic judicial bodies

since the adoption of the rome statute of the international criminal court in 1998 international criminal law has rapidly grown in importance this three volume treatise on international criminal law presents a foundational systematic consistent and comprehensive analysis of international criminal law taking into account the scholarly literature not only sources written in english but also in french german italian portuguese and spanish the book draws on the author's extensive academic and practical work in international criminal law this first volume addresses the foundations of international criminal law and the emerging general principles it examines the history of the discipline and the concepts behind it looking at the sources of international criminal law the book then moves to investigate the general structure of crime in international criminal law and to address in detail the role played by the concept of individual criminal responsibility the subjective requirements of criminal responsibility are examined and also those defences that exclude such responsibility the full three volume treatise will address the entirety of international criminal law re stating and re examining the fundamental principles upon which it rests the manner it is enacted and the key issues that are shaping its future it will be essential

reading for practitioners scholars and students of international criminal law alike

international anti terrorism measures existed long before 11 september 2001 but have increased markedly since a myriad of norms in different branches of law are now deployed to confront transnational and domestic terrorism there is also a proliferating body of soft law addressing terrorism stemming from united nations organs specialised international bodies and regional organisations it is timely to draw together these diverse legal developments over time into a single reference work bringing the original documents together provides for ease of reference and enables scholars practitioners and students to more easily compare and contrast various sources the book s coverage is comprehensive thematically organisationally geographically and temporally and open to a balance of sources hard and soft but is judicious in its selection and prioritisation of the most significant and representative documents in a field where there are many repetitive or insubstantial documents importantly the book looks beyond the traditional trans atlantic bias towards european british and american sources in this area to include materials from asia africa latin america and the middle east taken as a whole the book aids in evidencing the emerging field of international anti terrorism law

in recent years a number of criminal tribunals have been established to investigate prosecute and try individuals accused of serious violations of international humanitarian law and international human rights law these tribunals have been described as hybrid

or internationalised tribunals as their structure and applicable law consist of both international and national elements six such tribunals are currently in operation the special court for sierra leone the extraordinary chambers in the courts of cambodia the international judges and prosecutors programme in kosovo the war crimes chamber for bosnia and herzegovina the iraqi high tribunal and the special tribunal for lebanon the special panels for serious crimes in east timor suspended operation in may 2005 although there continues to be some international involvement in investigation and prosecution of serious crimes suggestions have also been made that this model of tribunal would be appropriate for the prosecution of atrocities committed in among others burundi the sudan the democratic republic of congo kenya and liberia as well as for a wider range of international crimes most recently piracy the key aims of this book are to place the model of hybrid and internationalised tribunals in the context of other mechanisms to try international crimes to examine the increasing demand for the establishment of hybrid and internationalised judicial institutions and the factors driving such demand to define the category of hybrid and internationalised tribunals by examining the key features of the existing and proposed hybrid or internationalised tribunals as well as the features of those institutions with international elements that are generally excluded from this category to determine the legal and jurisdictional bases of existing hybrid and internationalised tribunals to analyse how the legal and jurisdictional basis of a tribunal affects other issues such as the applicable law the application of amnesties and immunities and the relationship of the tribunal with

the host state third states national courts and other international criminal tribunals the book concentrates on the definitional legal and jurisdictional aspects of hybrid and internationalised criminal tribunals as this has been the subject of some confusion in arguments before the tribunals and in the judgments of the tribunals in its concluding section the book examines the future role of internationalised and hybrid criminal tribunals particularly in light of the establishment of the icc and the potential use of such tribunals in other contexts it also assesses how hybrid and internationalised tribunals fit into a multi layered framework of international criminal law and transitional justice

the netherlands yearbook of international law was first published in 1970 it has two main aims it offers a forum for the publication of scholarly articles of a more general nature in the area of public international law including the law of the european union in addition it aims to respond to the demand for information on state practice in the field of international law each yearbook therefore includes an overview of state practice of the netherlands

bruno tesch was tried and executed for his company s zyklon b gas used in nazi germany s extermination camps this book examines this trial and the more than 300 other economic actors who faced prosecution for the holocaust s crimes against humanity it further tracks and analyses similar transitional justice mechanisms for holding economic actors accountable for human rights violations in dictatorships and armed conflict international foreign and domestic trials and truth commissions from the 1970s

to the present in every region of the world this book probes what these accountability efforts are why they take place and when where and how they unfold analysis of the authors original database leads them to conclude that corporate accountability from below is underway particularly in latin america a kind of archimedes lever places the right tools in weak local actors hands to lift weighty international human rights claims overcoming the near absence of international pressure and the powerful veto power of business

recent events such as iran s green revolution and the arab uprisings have exploded notions that human rights are irrelevant to middle eastern and north african politics increasingly seen as a global concern human rights are at the fulcrum of the region s on the ground politics transnational intellectual debates and global political intersections the routledge handbook on human rights and the middle east and north africa emphasises the need to consider human rights in all their dimensions rather than solely focusing on the political dimension in order to understand the structural reasons behind the persistence of human rights violations explores the various frameworks in which to consider human rights conceptual political and transnational international discusses issue areas subject to particularly intense debate gender religion sexuality transitions and accountability contains contributions from perspectives that span from global theory to grassroots reflections emphasising the need for academic work on human rights to seriously engage with the thoughts and practices of those working on the ground a multidisciplinary approach from scholars with a wide range of expertise allows the book to capture the

complex dynamics by which human rights have had or could have an impact on middle eastern and north african politics this book will therefore be a key resource for students and scholars of middle eastern and north african politics and society as well as anyone with a concern for human rights across the globe

this book investigates whether corporate criminal liability should be incorporated within the scope of international criminal law the work provides unique insight into the evolution of the debate on the international criminal liability of corporations to facilitate future discussion on the possibility of including corporations within the scope of international criminal law it combines a detailed examination of nuremberg and rome with the examination of previously overlooked initiatives such as the draft code of offences against peace and security of mankind and the 1951 and 1953 committees on international criminal jurisdiction this analysis is also complemented by a review of significant post 1998 international and domestic developments around corporate criminal liability in addition it offers suggestions for the development of an amendment to hold corporations accountable under the statute of the international criminal court this book contributes to the existing literature on the topic of corporate liability which attracts significant attention from scholars in the fields of law business and political science it will be useful to professionals in the academic and diplomatic fields researchers legal advisors and business leaders it will also be of interest to anyone who wants to understand the debate on holding businesses accountable under international criminal law

presents theories practices and critiques alongside each other to engage students scholars and professionals from multiple fields this title is also available as open access on cambridge core

1 1 opening remarks and objectives crimes against international law are committed by men not by abstract entities and only by punishing individuals who commit such crimes can the provisions of international law 2 be enforced this is perhaps the most renowned citation from the judgment of the international military tribunal at nuremberg imt in the six decades which have passed since the imt judgment was handed down the recognition of the concept of individual criminal responsibility for core international crimes has been significantly reinforced and developed particularly since the establishment of the international criminal tribunal for the former yugoslavia icty and the international criminal tribunal for rwanda ictr in the 1990 s and most recently the international criminal court icc the media has of course played a crucial role in increasing awareness of this concept especially amongst the general populace indeed the concept has arguably a much higher profile today than ever before in its history however the concept of individual criminal responsibility for core international crimes is neither as straightforward nor as single faceted as might appear on first glance while the general principle behind the concept does not generate too many difficulties it is in its practical application that the more challenging aspects of the concept are brought to the fore each of these challenging aspects can also be described as a pertinent issue of the concept of individual criminal responsibility for core international crimes

the impact of international organizations on international law addresses how international organizations particularly those within the un system have changed the forms contents and effects of international law professor jose alvarez considers the impact on sovereigns and actions taken by the contemporary security council the un general assembly and un specialized agencies such as the world health organization he considers the diverse functions performed by adjudicators from judges of the international criminal court to arbitrators within the international investment regime this text raises fundamental questions concerning the future of international law given the challenges international organizations pose to legal positivism to traditional conceptions of sovereignty and to the rule of law itself a masterfully crafted piece of scholarship that engages with the very *raison d'être* of international organizations written by one of the leading authorities in the field this book provides an insightful perspicacious and to the point analysis of the impact of international organizations in today's international legal order while also shedding light on their weaknesses a must read for all those whose work touches upon the law of international organization laurence boisson de chazournes university of geneva the role of public international law rooted largely in decisions of or relating to international institutions has been steadily quietly re shaping international economic relations and other links between states and regions for decades there is no greater authority on international organizations within the american law community than professor josé alvarez this volume illuminates these trends as well as their limitations and vulnerabilities it delivers a first rate

incisive primer on the field david malone under secretary general of the united nations rector of the un university

longlisted for the crime writers association 2024 alcs gold dagger for non fiction highly commended for best new author at the 2024 true crime awards judges citation a cleverly constructed account of three different characters representing different aspects of the ruthless and fierce drugs trade never a dull moment a real page turner this book is gripping and immerses you in the very real world of the characters read this powerful book by miles johnson right now it will make you realise that what we call terrorism is actually drug trafficking what we call politics is organised crime and what we call peace is just a truce between mafias roberto saviano author of gomorrah mcmafia for the new age catherine belton author of putin's people how the kgb took back russia and then took on the west compelling visceral and highly readable oliver bullough bestselling author of moneyland as breathless complex and on the edge suspenseful as the finest thriller fiction but it's all real which makes it truly extraordinary lee child this astonishing and cinematic rollercoaster of a debut will bring miles johnson's talent into the brilliant light delivered with trademark verve and precision it achieves that rare and precious thing that is the goal of all great reporting it reveals the world to itself alex perry author of the good mothers miles has used his extensive italian contacts to get a fully fleshed out story in the mafia section likewise with the hezbollah characters he has interviewed over 100 people for the book including many hours with jack kelly the dea investigator and hero of

the book which gives us an intimate look at a man dedicated to catching bad guys at the expense of his personal life dan mccrum author of money men a compulsive true crime thriller about modern day international drugs trafficking terrorism and the mafia following an investigation driven by one dea agent jack kelly three very different men battle to control their destinies as they hurtle through the hall of mirrors of the global shadow economy salvatore pititto is an ambitious mafia capo working on a vast cocaine shipment who becomes unexpectedly pulled into an arms smuggling conspiracy jack kelly a veteran us drug enforcement administration agent tasked with following a trail of dirty money across continents from a top secret investigative unit based in virginia mustafa badreddine is a ghost like master terrorist wanted by governments across the world who has been secretly dispatched to syria for his final mission each man born in radically different circumstances in the 1960s is in his own way grappling with the powerful and unstoppable forces that shape the world around us forces which topple governments send refugees fleeing across borders and put guns in the hands of mercenaries and militias each has devoted his whole life to an institution the dea the mafia and the lebanese militant group hezbollah and each will eventually be destroyed or betrayed by the thing they believe in the most set during 2015 and 2016 as the global order began to implode under the pressures of the syrian civil war and the european refugee crisis chasing shadows looks back over the historical conflicts events and personal histories that have shaped the lives of these three men it s a book that shows the betrayals the disillusionment and the violence as jack
