an invaluable feminist resource hip cultural conversation about feminism and example of cutting edge data visualization this beautifully designed new edition of seager s award winning atlas matches the mood of the moment with bold vivid infographics to illustrate the status of women worldwide and the diversity of their experiences a life saver and page turner this will add to everyone s knowledge and power nobody should be without this book gloria steinem joni seager s visually stunning survey of up to the minute global data redefines what is meant by an atlas

comprehensive and accessible her incisive prose combined with the creative use of illustration charts and infographics portray as never before how women are living across continents and cultures the advances that have been made and the distances still to be travelled the result is the most up to date global analysis of key issues facing women today gender equality literacy and information technology feminism the culture of beauty work and the global economy changing households domestic violence lgbtq rights government and power motherhood and more

this book offers an accessible overview of the multiple interdependent issues related to the women peace and security wps global agenda the first introductory overview of the wps agenda as articulated in multiple national and international resolutions statements and initiatives the book provides a link between the general public and security practitioners to an important but still largely unknown set of global objectives regarding gender equality and long term peace and stability within the context of the changing nature of warfare and through consideration of empirical evidence the volume examines the definitions theoretical underpinnings and methodological challenges associated with wps it then discusses with more specificity violence against women women civilians in war the role of women in peacemaking women in the military and in development and women politicians the book concludes with a look to the future and number of action items from the macro to the micro level while challenges and opportunities related to the wps agenda are global us policy action and inaction related to wps and gender equality are provided as examples of what politically needs to be done has been done and obstacles to wps furtherance potentially to be encountered by all countries this book will be of much interest to students of peace studies security studies gender studies and ir

violence against women is a major problem in all countries affecting women in every socio economic group and at every life stage yet when women enjoy good social and economic status they are less vulnerable to violence across all societies this book develops a political economy approach to understanding violence against women from the household to the transnational level accounting for its globally increasing scale and brutality

in bioethics in perspective scott mann demonstrates the importance of issues of corporate power global inequality and sustainability in shaping health outcomes around the world the text develops a comprehensive ethical and practical critique of the neoliberal economic ideas which have guided policy in the english speaking world it explores the consequences of such policies for health and

healthcare around the world in terms of increasing health inequalities serious food and water shortages inadequate health care provision and the marketing of dangerous and unnecessary drugs with clear proposals for political and economic reform to effectively address these problems bioethics in perspective provides an important counterbalance to much conventional commentary on bioethics it takes readers with little or no prior knowledge of ethics economics or medicine quickly and easily into advanced debates and discussions about the causes and consequences of health and illness around the world

8 challenging the state

a vibrant civil society characterized by the independently organized activity of people as citizens undirected by state authority is an essential support for the development of freedom democracy and prosperity thus it has been one important indicator of the success of post communist transitions this volume undertakes a systematic analysis of the development of civil society in post soviet russia an introduction and two historical chapters provide background followed by chapters that analyze the russian context and consider the roles of the media business organized crime the church the village and the putin administration in shaping the terrain of public life eight case studies then illustrate the range and depth of actual citizen organizations in various national and local community settings and a concluding chapter weighs the findings and distills comparisons and conclusions

this volume explores in depth femicide and feminicide bringing together our current knowledge on this phenomenon and its prevention no country is free from femicide feminicide which represents the tip of the iceberg in male violence against women and girls therefore it is crucial and timely to better understand how states and their citizens are experiencing and responding to femicide feminicide globally through the work of internationally recognised feminist and grassroots activists researchers and academics from around the world this handbook offers the first in depth global examination of the growing social movement to address femicide and feminicide it includes the current state of knowledge and the prevalence of femicide feminicide and its characteristics across countries and world regions as well as the social and legal responses to these killings the contributions contained here look at the accomplishments of the past four decades ongoing challenges and current and future priorities to identify where we need to go from here to prevent femicide feminicide specifically and male violence against women and girls overall this

transnational multidisciplinary cross sectoral handbook will contribute to research policy and practice globally at a time when it is needed the most it brings a visible global focus to the growing concern about femicide feminicide underscoring the importance of adopting a human rights framework in working towards its prevention in an increasingly unstable global world for women and girls

women and the lgbt community in russia and turkey face pervasive discrimination only a small percentage dare to challenge their mistreatment in court facing domestic police and judges who often refuse to recognize discrimination a small minority of activists have exhausted their domestic appeals and then turned to their last hope the european court of human rights ecthr the ecthr located in strasbourg france is widely regarded as the most effective international human rights court in existence russian citizens whose rights have been violated at home have brought tens of thousands of cases to the ecthr over the past two decades but only one of these cases resulted in a finding of gender discrimination by the ecthr and that case was brought by a man by comparison the court has found gender discrimination more frequently in decisions on turkish cases courting gender justice explores the obstacles that confront citizens activists and lawyers who try to bring gender discrimination cases to court to shed light on the factors that make rare victories possible in discrimination cases the book draws comparisons among forms of discrimination faced by women and lgbt people in russia and turkey based on interviews with human rights and feminist activists and lawyers in russia and turkey this engaging book grounds the law in the personal experiences of individual people fighting to defend their rights

human insecurity is concerned with our refusal to confront the millions of avoidable deaths of women and children each year those missing millions are rarely the subject of conventional security studies yet such avoidable deaths are a vital part of the notion of security more broadly understood the book argues that such deaths are caused by the man made structures of neoliberalism and andrarchy and argues that the debate on human security can be reinvigorated by looking at the unarmed civilian role in causing the deaths of millions of innocent people from child deaths from preventable disease to honour killings david roberts claims that by facing up to this relationship between social structures and massive avoidable human suffering we can create another system less prone to global violence this book is a powerful intervention in the debate on human security and an urgent call to face up to our responsibilities to the millions killed needlessly

violence is the plague of our civilization its many tentacles domestic violence criminal violence sexual abuse terrorism state violence revolution war and genocide tentacles threaten us the new discipline of traumatology amply describes the consequences of violence but there is as yet no corresponding discipline of violentology to explain why violence occurs in the first place inexorably paul valent was drawn professionally to take the leap from healing the minds of victims to trying to understand the minds of perpetrators valent unpicks the minds of perpetrators in each field of violence he develops a lens for illuminating violence whether individual or international primitive or spiritual we come to understand how aggressions that helped our species to survive now threaten it with extinction valent explains his thesis by recounting many stories one story interwoven throughout is his own a child who survived the holocaust he examines the minds of his perpetrators in his quest to prevent future violence violence for valent is not an isolated feature of the human condition surprisingly close to violence are struggles for love readers also learn about that aspect of humanity

god created man and woman equally it is not that woman is inferior to man man and woman differ in physique woman is delicate man is physically strong and this gave an upper hand to man might is right was always the order of the day it led to the open violence against woman woman could not raise her voice could not protest for the sake of the fear of being thrown out of the house it was the feeling of insecurity that compel woman for subordination man wanted to maintain the status quo and was not willing to change in favor of woman it took ages to convince that to deny woman the rights she deserves is not only the violation of human rights but the main cause of world poverty the u n o and other international agencies have been trying hard to pass on this message to the community at large most of the countries have agreed to commit themselves to this new philosophy but there is a big gap between preaching and practice it is easy to amend the laws but difficult to bring an attitudinal change this is the challenge the world is facing today our efforts should be to bring this change as smoothly as possible woman has to come forward to take up this challenge but she has to be very calculative in her struggle for achieving these objectives without disturbing the peace
